

Satyam computers Placement Paper

Joint campus placement drive held at C.E.C Landran near Chandigarh, Punjab around January 2008.

Well I would give you a complete round up of my experience at the placement drive conducted by satyam computers.

To begin with ?

Eligibility criteria :

10th min 60%

12th min 60%

B. Tech ? 60%

2 back logs allowed

And relaxation of 5 % in any one of the above.

Now moving forward with the written exam?

Now it constitutes of 15 questions that you have to do in 30 minutes.

They are primarily from like everybody say from R.S. Aggarwal quantitative aptitude.

Most of them are easy and can be done without any serious preparation but the ones like calendar, clock etc require sum practice.

If you feel that you have less time to do it then just go through the formulae before each chapter and go through the unsolved examples there are more than sufficient!

One or two questions may come from qualitative aptitude but nothing to panic they are logical and with just careful observation can be done easily and fast too.

Remember there is a good chance that they keep an upper cutoff so kindly stick around 9-10 out of 15 . There is one fourth negative marking also. Don't try to cheat and get very hi scores as upper cut off may lead to rejection.

Anyways it was the first company i went for. Now you got to have a resume and whatever you have written in the resume must be correct. The point I want to convey is that you should be able to justify your resume and should answer any question asked based on your resume.

Now the one question that is most expected one is?.introduce yourself so be ready with the impressive intro as it is said the first impression is the last.

Now the interviewer may be an HR or HR+tech or tech, now what comes your way is totally luck!
Mine was an hr+tech.

Now the interview scene was like this?

Me: may I come in sir?

Sir: come in..

Me good evening sir (closing the door gently as the previous candidate was sent out and was not interviewed as he shut the door hard)

Sir: sit down

Me: thank you sir

Sir: arun pandit from kullu wahan to bahit thandi hogi (sir was south Indian)

Me: yes sir

Sir: ok introduce yourself.. (Going through a form cum resume they asked to fill initially)

Me: sir my name is arun pandit. Arun means sun.

Sir: yes I know

Me: my father named me arun coz he appreciated a politician named Arun Nehru who was along the scenes in 1985.

Sir : ok

Me : (then I told about schooling from Delhi till 8th and there after till 12th in sainik school sujanpur tihra etc?)

Sir: your hobbies..

Me: sir repairing and troubleshooting computer and reading latest tech news and computer technologies, software's etc..

Sir: continue..

Me: reading books?

Sir which kind of books?

Me: sir motivational?, scientific thrillers..

Sir: tell me any motivational book you have read?

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Me: sir I have read you can win and living with honor my shiv khera, alchemist by paul Coelho, monk who sold his Ferrari by robin Sharma, power thoughts by Robert Schuller, and my favorite being courage and confidence by ?

Sir: ok ok that's gud what abt scientific thrillers..

Me sir I have read all novels by Dan brown .. da Vinci code, angels and daemons ,digital fortress and deception point..

Sir: continue..

Me: sir I write poems?

Sir : what kind of poems?

Me : sir motivational..

Sir: why?

Me: sir many a times in my life i was down and broken and I just felt like giving up and accepting defeat but on one such day one of my friend sent an sms to me reading? I was crying of having no shoes until I saw a man without feet? take this world as a challenge prove ur mettle .these world really lifted me up? fail.. fall.. cry ..die .. but don't give up.but still in some situation it didn't help then I realized that just not giving up is not enough . one has to strike back with the double the intensity. As even a mountain stands among harsh climatic conditions, rain storm etc it never gives up but it is still standing at the very same place where it was yesterday so one has to strike back with the double the intensity in order to win and progress.

Sir : that's good?(now time for technical)

Sir : which is your favorite subject

Me: sir networking

Sir : what have you done in networking in practical..

Me : sir I am the head of computer lab maintenance and computer awareness club of college and I have implemented LAN, wireless LAN, .

I have implemented domain, active directory, exchange server, dns, dhcp,iis and windows server 2003 nad have undertook training for Microsoft certification of mcp, mcsa and mcse.

Sir : that's v good.

Ok tell me technical specifications of LAN , wan

Visit www.123eng.com for latest Jobs

Me: replied correctly?

If your college has another branch how would you interconnect them and why?

me : we can go for wi fi if distance is less... or if the distance is more we can go for wi max the new technology.

Sir : what about wan..

Me: sir it would incur long lengths of cable and subsequently repeaters etc wi max would be a good alternative

Sir : don?t mix technology with whts gud..

Me: (realizing that he was in favors of wan) yes sir wi max is a new technology and therefore it would be costly to upgrade present hardware to suit wi max and practically it would be best to use wan but instead of normal cables we can go for optical fiber which has less errors, high speed and less repeaters required

Sir: you may go now

Me good day sir

This was my interview. Others were also asked state capitals, information about there home state, basics of subjects in b tech course like operating systems,c,c++,database, working of lcd etc

Basically just go through all the main and important topics from them. The questions are mostly normal if you have done a quick recap of earlier semester subjects.

Be prepared of the project or training undergone in 6 weeks.

Basically be confident. Don?t bluff. If you don?t know or remember something then just say that u don?t know or cannot recollect now!

I was select and I hope all of you also get selected. Work on ur personality and concepts as marks are just for eligibility the main thing is your knowledge and what you have learned. Remember success can be delayed but never denied to a hardworking person. Never give up!

Impossible is nothing!

Go get your dreams?

SATYAM PAPER ON 1st FEBRUARY AT NAGPUR 2008

Hi friends!! Just have a smiling face, full confidence, sanguine attitude and success will be surely yours. This year Satyam had conducted only written test and interview. There was no G.D.

Written Test

Q.1). It was related to finding the average weight of the students. In the question, there was given average weight of the students in three different classes:

Section P-around 48 kg.

Q-around 45 kg.

R-around 50 kg.

Other than this, the total no. of students in section Q was also mentioned. It was around $Q = ((25 * R) / 100) + R$ as far as I remember. And question was to find the average weight of all the students. I don't have exact answer 'coz I didn't attempt it.

Q.2). It was purely a mathematical problem. The equation that I got after solving the given situation had two unknowns. Hence, it appeared to be somewhat twisted. But those two variables were also interrelated. It was somewhat like

$$S = (2Ax) + x^2 - (B/4)$$

Where $S = 2x$. & A, B were constants. It was extremely simple.

Q.3). Again an easy one. Some age problem or it was something like that. But it was purely mathematical & again very very easy. An equation had to be formed & the answer was there.

Q.4). It was some passage. So I didn't solve it because it appeared to be too time consuming.

Q.5). Again a lengthy one. But it was not a passage. It was like that some rules & regulations of U.S. Anti Terror team were mentioned and the question also mentioned about an organization which was trying to fight the terrorists. Based on the passage given were four different points (sentences) for choice and we were supposed to choose that option which would most correctly prove the argument.

Q.6). A program (more precisely an algo) was given in the following manner:-

10 R=2.

20 R=R+2.

30 K=K+R.

40 J=K+2.

50 If(J > something)

don't remember further, but no initial value of none of the variables was mentioned there. & we were supposed to choose, among the options, the WRONG output. I wonder how can there be one wrong output & three different correct outputs. But still that was what the problem was & I didn't attempt it.

Now I don't remember the further questions because I must have solved & attempted them. I was unable to recollect questions from 7 to 11, but most of them, I remember, were purely mathematical

where you have to analyse the given situation, from an equation, solve that equation & get the answer.

Q.12). Problem was basically on either Work & energy or on Time Distance.

Q.13). Based on a pie chart. Though it appeared complicated but in fact it was very very easy. Every answer is always given there in the pie chart itself. The only thing is how do you apply brain & find the answer.

The pie chart showed the percentage distribution of some commodities, & we were supposed to find the dimensions of a new pie chart for another given percentage distribution of commodities.

So the question was inference based & not purely fact based. But then the inference that you draw depends totally upon the facts given in the pie chart, dear guys !!

Q.14). Some three different graphs mentioning about population were given & this time the question was not inference based but purely fact based.

Q.15). It was extremely simple. It was an upstream downstream problem that we people used to solve in linear equations in about 7th standard.

So friends that was all about the apti. I got through the apti & my interview was on the next day 2nd of Feb.

My interview experience was just fantastic. From the time I entered the interview room to the time I exited I maintained total eye contact, had full confidence and presented my best self forward with an impressive +ve attitude.

A total of 200 students were finally selected from a total of 1200 that appeared for the drive & I got through the entire process 2 out of 1 of them.

When I entered the interview room the interviewer sir seemed to be extremely busy mending up some old records of the previous candidates. I took permission & entered the room. Still sir wasn't looking at me but I maintained full eye contact. I said "Warm Good evening to u Sir !!") it was around 7:15 p.m. Still sir was very busy. With his eyes into the documents he said "Good evening"

"May I please have a seat sir?" Sir said, "yes yes please sit down". Still not looking at me. But by this time, he was reading my previously submitted resume of mine.

Finally, sir looked up to me & after reading "Computer Engg(my branch)" from my resume he asked me about my knowledge in the field of animation because that happens to be the latest trend in Computers.

I said “I hav heard that C++ knowledge is very important for for animation, though I don’t have ne bookish knowledge about animation.

Sir said “Do u mean it can’t be done using C language?”. So I xplained all d defferences between C & C++ starting with “C is the subset of C++

”Which languages have u learnt uptill now ?”

“C & C++ but C++ we r learning now in this semester.”

”Just C & C++?”

“Yes Sir” I said.

Then sir paused & I felt as if a gap is getting created. So I added “Sir we have done Data Structures & Computer Graphics also but that was also done C language only”.

”Can u write a C code for opening a file in output mode?”. Very confidently I said “Yes Sir”

Sir immediately gave me a blank paper & asked me to write the code saying “OK Do it” Without any pause I wrote the C statement & said “This is the required C code sir

Sir glared at the C code that I had written & after a while he said, “Ok Ankur Ok Thank u.”

“Thank u sir Nice meeting u sir” I said & walked out of the interview room with full confidence.

So, friends did u get the mistake here ?

The most noticeable thing here is that there is no mode as output mode in C language. There r only 3 modes-Read, Write & Append. So even m amazed as to how cum I got thru the interview. So I conclude that though the questions were technical the interview was an HR interview. & seeing my confidence, my attitude, he selected me.

Da’s y I said in d beginning itself- Just Be confident, maintain eye contact, have a +ve attitude, show ur interest in the company & success is surly urs. Wish U all the very very Best of LUCK !

SATYAM PAPER ON 1st MARCH AT ALLAHABAD 2008

By the grace of god & blessings of my parents I have qualified satyam written & interview. My name is Sachin mittal student of ECE branch studying in United College Of Engg. & Research,

ALLAHABAD. There was a pool campus of satyam in AAI university, ALLAHABAD on 18th of January. But interviews on 1st march.

Around 280 students were selected in written from 1200 & in 280, 120 students get selected in interviews except my college. B'coz the no. of students from alone my college was 112 in 280. So, they have taken interview of other colleges on 19th of jan. & our interviews held on 1st march.

WRITTEN EXAM:-

First of all I want to say that I am not the topper of my class, I am an avg. student so don't think that only toppers can do it. There was 15 ques. & 30 mins paper in which there was questions from:-

1. Profit & loss
2. Percentage
3. Men & work problems
4. Data sufficiency
5. Venn diagrams
6. Ages
7. Compound interest

Questions were not much tough but what matters is your speed. So practice ques thoroughly. If you are doing 7-10 ques then you can think that you are safe. Keep in mind that there is lower & upper both cut off.

INTERVIEW :-

After written exam pre placement talk held.

Before interview there was essay writing also. My topic was "LEADERS ARE BORN OR MADE". Some other topics were it industry in india, Metro trains, Impact of lagaan movie, Impact of chak de movie, Budget 08. Essay writing was not an eliminating round.

I was bit nervous for interview. But I must say that my interviewer was very cool & understanding. Firstly he asked me tell me about yourself. Then greatest achievement in my academic field, then questions from my field i.e. What is feedback?, Example of feedback, Where it is used. Then on stability of systems. Then questions from C such as What is malloc & calloc function?, What are structures. Then he came on HR interview. He asked tell me about your father, mother & siblings. Then questions from my essay. At last he asked told me what you have observed in me in the whole interview. Then thank you.

My interview was of around 15-20 mins. 38 students get selected among 105 students in interview.

In my opinion the most important thing in your interview is just enter with a smile, have smiling face in whole interview, don't be tensed, be confident & have good communication skills and that's it & you are through as I am.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Pray to god & every thing will be all right,& you will be a satyamite. So see you in satyam..

SATYAM PAPER ON 1st MARCH 2008

By the grace of god & blessings of my parents I have qualified satyam written & interview. My name is Sachin mittal student of ECE branch studying in United College Of Engg. & Research,ALLAHABAD. SATYAM PAPER ON 2nd NOVEMBER 2007

Hi buddies.....Here m goin 2 write abt my xperience n satyam's campusing.. this is d second time when i hv attended satyams campusing....this tim hv cracked..for tht first f all i want thank all d fresherworld guys who hv posted there xperience here....thnxx....
Actually this tim they gave us a dream slot...so all the job holders 4m our coleg wr sittin n it..

There was 3 rounds...

Round 1>>Aptitude Test....[15 marks]

as allways there was lower cut off...it may b off 7....i hv scored 7.5 there(i think so)...each wrong sum carries -0.25...so b careful...but i ws nt sure tht wheather thr ws upper cut off or not... 3-4 questions were 4m logical reasoning...those wr a bit time consuming..n also d sums wr a bit long.. how i did ws jst i hd strtd 4m d middl...coz there was some easy sums...buddies u wl get few common questions everytime...like pyramid probs,,1 from calender,,1 from time n work...1 from chart...so 4-5 questions wl b common 2 u....dont worry abt d sums 4m the chart...in our paper tht sum did n required ne calculation.. also 1 sum 4m pictorial puzzls...very very easy..jst practice RS AGARWAL nicely...n if u r a cat aspirant then satyams paper wl b gelid 4 u...but here time plays an important role.. coz wthn 30 mins u hv 2 finish ur exam...

Round 2>>HR round...

here i got a trickey start...actually i ws not at ll prepared 4 their interview...i was havin long hair...d 1 st question tht my interviewer ws asked is R U A ROCKSTAR ???Somehow i hv managed it...though frankly speakin my first impression was not good...n in this round my interviewer asked me abt why do u want 2 leave ur comp n join satyam?? hv u visited d satyams site??? wht ws n satyams homepage...asked abt family background also...n there wl b an essay writing...

my topic was "20-20 cricket is goin 2 giv a death knell to 50 overs cricket"...

some other topics was... how do u compare an IT professional and an ant ???

elephant is an IT professional... wl u recruit bill gates in ur company?? all work no play make a jack boy dull... leadership skills...

cleared my hr at 10:00 p.m.

Round 3>> Technical round...

as i m 4m electronics my interviewer asked me abt satellite

communication,,semiconductor,,transistors,,lil bit abt micropros..as my pocket subject ws microp.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

actually my technical interview was 2 easy if i compare myself wid my frnds 4m cse department..as i was only asked 2 giv some basic ideas f those...but cse ppl got d questions 4m java.. n mostly dbms... tht round was really nic 4 me...i didn tht tht at tech round i dont hav 2 face wid d questions 4m cse field.. result ws declared after 12'0 clock at nite...my name was not there..i was shocked..no f selected candidates were 13...i didn thought lik tht...also i didn thought a lot f drama is waitin 4 me...after near abt 30 mins they called me n told me tht i was selected but during typing d name f d selected candidates they had missed my name...it was also shokin...frst i tht is tht HR person is jokin wid me??? when he told u r also selected....

i was overwhelmed wid joy n some strange feelin at tht time....i hv no words2 describe tht.... but lastly one think tht i lik 2 say is tht i became so proud as i m a satyamite now..n we "THINK LIKE A CEO".....
best f luck....hope 2 see u n satyam soon....

Bye,
Somok Sarkar.

SATYAM PAPER ON 3rd FEBRUARY AT HYDERABAD 2008

Hello friends recently i've attended SATYAM drive n got placed in it. AM still in my third yr n am very happy that i've got selected in satyam held at C.V.S.R coll of engg.at Gatkesar as u all know abt the test pattern which is like this

1st round written consisting of 15 ques in 30 min

1)radha can do a piece of work in 10 days 2) sita can do the same work in 15 days.In how many days do they complete the same work if they both work together

- a.only stnt 1 is enough
- b.only stnt 2 is enough
- c.both 1 n 2 are required but only one cannot be used
- d.neither are required

find the next number in the series 19 48 30 96 -----

- a.144
- b.192
- c.160
- d.none of these

10 let s=0

20 let i=1

30 let j=1

goto:40 i=i+1

50 s=s*j

60 i=i*j

70 if j

80 print s

Visit www.123eng.com for latest Jobs

what is the value of s?

- a.0
- b.1
- c.5
- d.none of these

a problem given on simple interest which can be solved easily
a problem on aeroplane travelling with 50kmph n speed of still air is 30 kmph.....problem on work n time like 3 taps can fill a tank in 50 min.....

a person observes that there are no page numbers in a book while he was reading .then he starts numbering the pages.overall he finds that there are 61 3's in the book.so how many pages are there in the book?

- a.350
- b.190
-
-

problem on areas around 5 problems on verbal he gave few passages n asked questions on that sorry i could not remember all the ques.

i think we have completed the exam by 12 noon and the results were announced at 7:30 in the evening.from 2000+ candidates only 279 got qualified in written.

next day we had technical and hr interview.

I went for interview around 5 in the evening my HR was a lady. she asked me to tell abt my self next she asked few questions on DBMS

i answered almost all the ques

next she asked me to tell about all the subjects i had till date

then she started asking questions on computer networks,software engg,operating systems.

i answered almost all n frankly admitted the one which i dont know

it was abt 25 min the interview went for me and finally the results were announced at 10:00 in the night.out of 279 candidates they selected 98 and i was one among them.

i was very pleased to hear that i was selected.

so friends what i suggest is dont get tensed or nervous be cool and answer the questions with confidence. last but not the least dont forget to smile(that shows that ur cool)

SATYAM PAPER ON 5th JANUARY 2008

Hi friends!!!!

Satyam came to our campus on 5th and 6th of jan,2008.

The criteria was 60% aggregate till 2nd year, no 2 years gap. 1 year gap was allowed. Live and dead backs upto 2 were allowed.

They first conducted a written test

.It consisted of aptitude and verbal,non-verbal reasoning questions. Some of the questions were a bit tough. Over all, u really need 2 work hard 2 go through it. I was fortunate to qualify it.

We were asked to fill a form(it was more of a resume). We were also asked to write an essay on any topic in the form. The same day my interview was conducted. There were two people taking the interview, one was asking the HR questions and the other was asking the technical questions.

When my turn came, the HR went out for some work.

I was asked to introduce myself(apart from my technical skills). Then I was asked to give an example where I showed positive attitude in my life.

Then I was asked what was my technical skill. I said Java. I was asked can a class inherit multiple interfaces. The answer was yes.I explained the concept of multiple inheritance in java.

Then I was asked....If a class B inherits multiple interfaces and there is a class F that inherits this class B. Then will class F inherit all the interfaces inherited by class B? The answer was yes (Multilevel Inheritance). I was then asked to leave. They didnt see the file or CV. Some were even questioned on their essay. Many were asked C questions irrespective of their branches.

Next day, results were declared and By God's grace...I was selected..

You basically need to be very confident in what you say.They see your communication skills and your confidence.

Speak with confidence what you say.....They see our boldness and your presence of mind.

SATYAM PAPER ON 6th FEBRUARY AT CHITTOOR 2008

Hi friends..... I attended satyam campus interview held at svcet,chittoor.

No.of students attended : 1378 .

No.of students got through written : 228

No.of students selected for satyam : 64

The recruitment process are of 2 stages

- 1.written
- 2.interview

In written test the questions are 15 and duration is 30 min. the aptitude questions are easier than logical reasoning.

Topics

- 1.probability
- 2.time & work
- 3.ratios
- 4.Series

5. simple interest & compound interest
6. areas
7. blood relations
8. paragraph conclusions

There is negative marking in written test. It doesn't have sectional cutoff but it has both lower cutoff and higher cutoff, so we should concentrate on these cutoffs. In my view the best cutoff is 4-8. It may vary with different papers.

Written:

1. Aptitude
2. Logical and reasoning

Aptitude:

- I. a box contains 6 black balls and 4 red balls
 - II. There are 4 pink balls out of 10 balls
1. Statement (I) alone is correct and statement (II) is not sufficient
 2. Statement (II) alone is correct and statement (I) is not sufficient
 3. Both are correct
 4. Both are insufficient
 5. None of these

2. 22, ?, 27, 190, 32, 260 find the missing number.

3. this question is paragraph conclusion (I don't remember)

4. in certain code language $a=0$, $\beta=1$ and the decimal numbers written in format like $aa\beta=1$, $a\beta a=2$, $a\beta\beta=3$, $\beta a a=4$, Find the product of $\beta\beta\beta$ and $\beta a\beta$? 5. this question is logical question.

6. A complete a work in 8 hrs. B complete the work in H hrs. if A and B complete the work in 3 hrs. find H?

7. A and B completed the race in time 4:5 ratio. If A takes 20 min more than B then find time Taken by B to complete the race?

8. There are two boxes containing 4 black and 6 red balls, 5 black balls and 3 red balls respectively. What is probability of getting 1 black ball?

9. what is the smallest side of the triangle if the perimeter of triangle is 54. if the sides are 2:3:4 ratio.

10. This question is on blood relations.

I don't remember the remaining questions.

Interview:

The interview is general HR interview they don't asked about any technical questions. The HR interview is easy.

SATYAM PAPER ON 6th FEBRUARY AT JAIPUR 2008

hi friends BY GOD'S GRACE NOW I'M SATYAMITE.MY PACKAGE IS 3 LACS/P.A I m student of MITS(DEEMED UNIVERSITY)LAKSHMANGARH.Satyam invited our college for off campus placement at GIT, JAIPUR.

This experience im gonna narrate to u is very simple and can easily be achieved by god's grace, parent's blessings and a little of dilligent(hardwork+SMARTWORK).

STAGE1:APTITUDE(largest eliminator round) as stated earlier it is the largest eliminator round out of 2700 students they selected around 353 for further interviews.

APTITUDE TEST PATTERN.

IT CONSIST OF 15 QUESTION to be completed in half hour with 1/4th negative marking.ques were very lengthy to read so first select smaller ques and solve them.

q1: on age(simple prb)

q2: on compound interest(simple)

q3: logical reasoning(lengthy but simple)

q4: data interpretation(lengthy and tough)

q5: (blood relation(simple)

q6: english

q7: probability(q: there r 6 horizontally parallel lines ,7 vertically parallel lines, how many parallelogram)

q8: p&C(sum of no. formed by digits 1,3,5,7,9 without repeating digit)

other q i do not remember bt one was a puzzle, one was a program prob.

REMEMBER: I ATTEMPT 8 QUES AND WAS VERY SURE OF THEM. SO DO ATTEMPT 7 AND 8 AND BE CONFIDENT OF THEM AS THERE IS 1/4th NEGATIVE MARKING AND TIME IS 1/2 Hr. cutoff was around 6.

STAGE2: INTERVIEW ROUND

if u hv completed first round this is easy. first u'll be asked to fill a form that is like resume. an essay is also to be written. my topic was "is china a threat to india in I.T"

THEN THERE WERE 7 PANELS FOR INTERVIEW

SOME WERE COMPLETE H.R , SOME COMPLETELY TECHNICAL , SOME WERE MIX.

now thats ur luck which panel u get

but every panel is lookin for following things:

COMMUNICATION SKILLS

LOGICAL ABILITY

CONFIDENCE

mine was completely hr. he asked very simple questions. prepare ur project well. just show urself and look fresh and energetic. show ur interest in company and believe me GOD will do rest. frm our coll 107 cleared the apti and 86 were finally selected so interviews are nt so big eliminator.

best of luck and for ne further queries u can contact me at rastogi.vini@gmail.com

SATYAM PAPER ON 7th FEBRUARY AT HYDERABAD 2008

hi friends...this is nishant...i am pursuing 3rd year btech in ece stream from st.marys college of engineering,hyderabad.we had off-campus by satyam on 7-2-2008 at Malla reddy college of engineering..this pool drive was really big that 21 colleges had participated and 3000-4000 students wrote the written exam.only 300 of them cleared the written exam.116 of them had cleared the h.r and finally got the job.and i am the one of them.i would like to share my experiences with you,as i was very much benefited by the previous experiences of the candidates.

DAY 1: written paper:

friends there were 10 questions from reasoning and 5 from aptitude. the paper was not so tough..but it was really time consuming.so please try to scan the paper first and try to complete the aptitude questions in starting 5 minutes.then rest of the time you complete the reasoning part.

15 questions,30 min and +1 for correct answer and -1/4 for wrong answer.

- 1) a question like this he gave $a=0$ and $b=1$ and asked us to find the value for the number 5 ans. (bab) convert 5 to binary...(101)
- 2) missing number series..damn tough...(dont attempt,its simply waste of time)
- 3) from time and work....a and b can do a piece of work in 20 days. b and c can do it in 12 days. c and a can do it in 10 days. then how much time will a alone would take to do the work..(direct from r.s.agarwal without changing the numbers)
- 4)from reasoning..a bit difficult
- 5)again reasoning..the question was very big
- 6)a rectangle problem from areas...
- 7)logical deduction
- 8)he gave ten statements and we have to deduce the 11 statement by using this 10 statements
- 9) a problem on Compound interest(direct from r.s.agarwal without even changing the numbers)
- 10)a passage was given a logical inferecnce should be made.(very big..but easy one)
- 11)a problem on permutations....(damn easy)
- 12)a problem from data interpretation..it was on line graphs...very big..not easy to deduct the solution
- 13)a problem from profit and loss(direct from r.s.agarwal...he didnt even changed the numbers) even the other two were from reasoning...

finally friends...it totally depends upon ur time mangagement..it doesnot depend how many questions you have answered,it depends how many questions you have answered correctly.so even if u know 5 out of 15 perfectly,then just answer 5 questions.for a matter of fact..i answered 8 of them and i was confident on 5 questions and the remaining 3 answers which i wrote were from reasoning..so i donno how many were correct.but i luckily cleared written test

DAY 2:MORNING:

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

they gave the resume form and asked us to fill the details correctly(mandatory) even a small approximation in ur percentages or malpractice in writing ur backlogs wasnt allowed.then they gave an essay and asked us to write on it in less than 300 words.and time limit was only 10 min.

AFTERNOON: H.R ROUND:(for me it was 40 min... he asked questions from all my 3 years of ece)

me: may i comin sir

H.R: comin....pls take ur seat

H.R: TELL ME ABOUT URSELF?

ME:said(please prepare for this before itself properly because he will be testing ur communication skills)

H.R:interrupted me while i was saying my strengths..but i was able to bounce back

H.R: read my essay completely and started asking questions on that

me: answered

H.R: he was not satisfied by my answer

me: i convinced him with my answer by giving an example

H.R:asked about family background

me:said

H.R: started technical(for me this consumed around 25 min)

me: answered all the questions with practical examples

H.R: he saw my extra-curricular activities and started questioning on them

me: answered very well.

H.R: do u have any questions?

me:asked one question and he answered that and he was very impressed by my answer..

H.R: anymore questions?

me: asked one more and he answered that

H.R: gave a cool hand shake

me: said thank u and left the room

so friends be perfect in ur core subjects please be perfect atleast in 3 or 4 subjects along with C.for me they didnt ask anything on C but all my friends got difficult questions on c.

SATYAM PAPER ON 7th FEBRUARY 2008

Hi friends, this is Sivarama Krishna(MCA) from Mahaveer Institute of Science & Technology. Recently i was selected for Satyam Computer Services. conducted in Mallareddy Engineering College. Iam interested in sharing my experience with u all. We where called for written test on feb7 2008. Total of 1900 members wrote the aptitude test.

Aptitude test was for 15marks & 30 minutes duration. topics covered in the test r

Reasoning(6 marks)

Permutations(1 mark)

Data sufficiency(1 mark)

Arithmetic(7 marks).

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Reasoning questions were too lengthy to solve. So, they selected 301 students for the next round & round was on the next.

This round was combination of HR & Technical round.

Before attending the interview they conducted essay writing and my topic is: WHY DO U WANT TO JOIN IN SATYAM.

HR & INTERVIEW:

I entered the room with a permission. May I come in Sir, Yes come in. I wished the interviewer Good afternoon. Questions asked by interviewer are:

1. About ur self.
2. Told me to tell what I wrote in Essay Writing .
3. Asked questions on C language
 1. what is a pointer and why it is used.
 2. commands in C
4. Questions on C++
 1. All OOPs concepts.
5. Next, List out all ur subjects in 4 semesters.
 1. List all subjects in Accountancy.
 2. What is Software Engineering and why it is used.
 3. Explain Human Computer Interaction (this is a subject in our 4th sem)
6. Draw a flow chart for displaying Largest of 3 numbers.

Friends this my experience. But don't think every student will be asked only tech questions in interviewer. For many students including our 3 friends were asked about

1. on Politics
2. Questions on Operational Research and Management Information systems.
3. on inter Physics, Mathematics.
4. On DBMS.

So, friends be prepared for any general topic

SATYAM PAPER ON 7th MARCH 2008

Hey Friends... Satyam came 2 CIT on 7th March and my collg IIIT and CIT participated in the campus. It started with a ppt and then the aptitude round... the apti round consisted of 15 ques in 30 min... there were around 200 students appearing 4 apti... trust me it is the biggest hurdle..

ques were not easy at all... it was pretty high standard... u have to be thorough with R.S Agarwal both for quants and LR... but yes u should also be COOL headed and think INTELLIGENTLY b4 sitting 4 papers... coz dey jst check 4 ur intelligence...

ques were 4m topics such as

- 1) there were 4 ques on puzzle test... it was easy but time consuming

Visit www.123eng.com for latest Jobs

- 2) simple interest (easy one)
- 3) prob on trains
- 4) series (one 4m no. series and one non verbal)...both were not very easy...
- 5) conclusion from paragraph (easy one....was on petrol pollution)
- 6) instalments
- 7) surface areas
- 8) probability
- 9) flowchart

if a monkey climbs 3 steps and comes down 2 steps in an hour....den how much time will it take 4 him to climb 20 steps?

- a) 10hr
- b) 12hr
- c) 18hr
- d) 20hr

answr-c (18hr)

a certain article cost something and a second article cost 20% less than the 1st article. if a person gain $(25/2)\%$ on the 1st article and loses 10% on the second article, den find the overall gain or loss on the whole transaction?

- a) $25/2\%$ gain
- b) $25/2\%$ loss
- c) no loss or gain
- d) 10% loss
- e) none

answr-e (none)

be careful b4 chosing ur option...they have negative markings also (1/4th)...Time Management is very very important & results were announced 4 the round and out of 200 students 48 were selected...much to my surprize i was one of dem..

den there was an essay writing round..this is not an elimination round...they r just checkin ur grammer, ur basic knowledge of english and how much u r aware of the outside world...ques in the round are asked 4m ur essay...so write neatly in good handwriting and make sure there are no grammatical or spelling mistakes in ur essay..

topics were

- a) role of women in modern india
- b) love vs arranged marriage (my topic)
- c) advantage of smoking
- d) should cricket be lessened in order to promote other sports

we were given 5 min to write on it...it was fun

then i was called 4 the hr round....the hr was a man 4m army who recently joined satyam...he was very sweet and friendly...so i was not nervous..he asked me ques only 4m my essay as i had

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

written for love marriage....he tried to move me away 4m my point but i did not...he gave me all good arguments for arrange marriage..dont ever be harsh with ur words...put ur points in GENTLE words..i was very polite and calm even though he tried to make me angry...

dat impressed him(i guess)...jst be CALM nd plz BE URSELF...nd never try to bluff...be HONEST and CONFIDENT.. out of 48 students 29 cleared the hr round nd by god's grace i was of of dem.... den was my technical round... it was a cakewalk 4 me....the technical person was very very cool and calm he just asked my intro,and some ques on my project...my tech intrnw lasted for only 5 min...

i think a PROJECT in ur cv is alwz a ADDED ADVANTAGE..it changes d focus of d interviewer...bt make sure dat u knw every small details of ur project...bt don worry if u dont have one..jst prepare well d subjects u r writing in ur cv.. d results were declared at 9.30p.m and out of 29 students,19 were selected finally... by god's grace, i am a SATYAMITE now...so study hard and pray harder....its d game of luck...

SATYAM PAPER ON 8th OCTOBER 2007

Hi friend.. i am Y.Srikant , 7th semester Mechanical Engineering from M.P. Christian College Of Engineering & Technology, BHILAI. We had pool campus for Satyam on 8th October 2007 . First of all I want to thank my PARENTS, MY CLOSE FRIEND S & OUR RESPECTED MADAM for guiding and encouraging me to achieve this success. I also want to thank Freshersworld.com because it helped me a lot to prepare for the campus recruitments. Now i am happy to say that I am placed in my dream company SATYAM & feel proud to be a SATYAMITE...

Coming to my selection process, On 7th October we have written test. Totally around 536 peoples participated out of which 213 cleared the written test. Next two days we have (Tech. + Hr.) interview. Finally 137 students were selected.

The pattern of their recruitment is:

1. Written Test
2. Tech & HR.

1. Written test: 15-questions. (30 min)

1-mark for RIGHT answer, 1/4 minus for every WRONG answer.

Remember negative marking will be there, don't try to guess the answers. First choose the questions which are easy and not lengthy. Many questions were very easy but only thing is that they will try to confuse you .

Ø Some of the questions were from "Quantitative Aptitude" by " R.S AGGARWAL" .

Ø Always refer to all the previous papers that were given in freshersworld.com before appearing for any campus recruitment.

It had 15 problems of 1 mark each . A 0.25 negative marking was there for every wrong answer. Total time given was 30 minutes. So, time management is imp.

Visit www.123eng.com for latest Jobs

Lower cut-off=7

So, better it wud be if u attempt 9 or 10 correct n sure shot answers bcoz u have 2 do the risk management. i attempted 11 questions, out of which i am sure of 10 questions to be right.

I exactly don't remember the questions but Some of the questions and topics of the questions which were asked 2 us are :-

- 1) TIME & DISTANCE
- 2) PASSAGE
- 3) 3,6,9,9,_,27,11,22,33 ANS :- 18
- 4) LOGICAL TRIANGLE
- 5) ODD ONE'S OUT
- 6) SEQUENTIAL DIAGRAM
- 7) TIME & WORK

			?			
		126	161			
		63	71	79		
	25	29	33	37		
	8	10	12	14	16	
1	2	3	4	5	6	

- a) 220
- b) 226
- c) 227
- d) 300
- e) None of above ANS :- 300

8) $T=T+2$;

$T1=T+2$;

$T2=T2+10$;

$T3=T2*4$;

$T5=T3+6$;

$T6=T5*5$;

$T7=T5/T6$;

If $T7 < 6$

Then go to T1

$T=T+2$

What is the final output?

- a) 4
- b) 6
- c) 7
- d) 32
- e) None of above ANS :- (e)

9) CLOCKS & CALENDERS

10) RATIO&PROPORTION

2. Tech & HR. INTERVIEW :-

On the interview day i was asked to fill up the form mentioning the field in which I would like to work { i.e. either in ENGINEERING SOLUTIONS or SOFTWARE FIELD }. As friends, I belong to mech. Branch. I had chosen the engg. Sol.

So, if u r good in communication skills and in your core subject then nothing to worry..... My interview was very cool with only HR questions. Main thing they are looking for Confidence, Communication Skills. I will say my Interview exp:

ME: May i come in sir

INT: Yes come in

ME: Good morning sir.

INT: Good morning srikant, take your seat.

ME: Thank you sir.

INT: Srikant tell me about your self..

ME: I am ... (explained him about my schooling, family background, hobbies, strengths, weakness, n my past paper presentations)

INT: why satyam should hire u ?

ME: Sir, i have the leadership quality. I can persuade people to see my point of view, and get the work done. I have the ability to motivate people and can emerge as a good team player by my smart skills.

INT: So, srikant u had presented National level paper on “NANOROBOTS”. Write on this paper that how will you apply NANOROBOTS in satyam..(he had given me a A4 size paper)

ME: I had written all the important points in a quick time.

INT: Good, you can go now. See you at satyam .

ME: Thank you sir. Its my pleasure to meet a person like you.

The results were declared on the same day and I was happy 2 see my name in the list.

some human resource interview tips :-

- 1) Be prepared and look professional
- 2) Be polite & positive .
- 3) Have a firm handshake.
- 4) Be sincere and direct.
- 5) Introduce yourself in a courteous manner.
- 6) Read company materials while you wait.
- 7) You have to prepare for questions and listen carefully to the interviewer.
- 8) Ask about the next step in the process.
- 9) Thank the interviewer.
- 10) Maintain eye-contact and have a smile in your face.

So, Friends.. come on. Be a part of “SATYAM”, Which is one of the top software company of India . I am proud to be a SATYAMITE. Best of luck...

Satyam Papers on 9th February at kochi

Hi friends..... I attended satyam campus interview held by SHREDS organisation kerala
No.of students attended : 45000
No.of students got through written : 800
No.of students selected for satyam : 417

The recruitment process are of 2 stages

- 1.written
- 2.interview

In written test the questions are 15 and duration is 30 min. the aptitude questions are easier than logical reasoning.

Topics

- 1.probability(1ques)
- 2.time & work (2 ques)
- 3.c programming (1 ques)
- 4.Series(1 ques)
- 5.simple interest & compound interest(1 ques)
- 6.profit & loss(1ques)
- 7.percentage (1ques)
- 8.paragraph conclusions(3 ques)
- 9 Data sufficiency (1quees)
- 10 logical reasoning (3 ques)

There is 1/4th negative marking in written test. It doesn't have sectional cutoff but it have both lower cutoff. And higher cutoff, so we should concentrate on these cutoff. In my point of view the best cutoff is 6-10. it may varies with different papers.

the questions was entirely different 4m the earlier year which had been posted here ,so make sure that u r well prepared

we got shocked after looking the paper but any how we got through

Written:

1. Aptitude
2. Logical and reasoning

ques:1 a retailer increases the marked price by 25% nd giving discount of 12% so how much profit he ll get

- a..12% b.20% c.10% d. 30% e.none of these

Ques:2 there are 12 marbles ,11 marbles are having the same weight 1 marbles is less or high .in how many weighing u ll find out the result

- a: 3 b: 4 c: 6 d: 7

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

ques:3 A can do a work alone in 8 days ,nd can do together wd B in 6 days so how many days b can do the same work

ques:4 if rs 2000 amounts is given,find the compound intrest ,if the rate is 10% nd duration 2yr 8month

ques:5 T=2

again: T1=T1*1000

T2=T+2

T3=T2*4

T4=T3+7

T5=T4*2

print T1+T2+T3+T4+Tt5

if T<3

goto again

Ques:6 series 110, 120 243 255 ?

Ques:7 time nd workk simple 1

rest ques was 4m the passage nd logical reasonig

ques: 12 murderer is worst thancrime ,crime is worst than theif nd ans was give quite confuisng

INTERVIEW:

My interview was of only 6 minutes

1: introduce urself

and he stop me when i told my native and afr some time he told me to start 4m the point wer u stop

i 4get eventhough i started confidently with few points

2:Tell me about LVDT displacemnt sensor

it was my mini project i ans it in simple manner

3: He asked strength and weakness

after that he told well kush w8 4 the result it ll b published soon

Finally i got through its all about luck...

Thanks ...

SATYAM PAPER ON 9th JUNE AT COIMBATORE

Hi all,

I am Nithya.A from SNS COLLEGE OF TECHNOLOGY-Coimbatore (2008 batch)became SATYAMATE as i got selected in Satyam after a much struggle. This is my 3rd company. I have

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

not even cleared the written test in wipro and infosys. Friends my only advice to you is don't lose hope. Try and do hard work till you succeed

First of all I would like to thank the owners of this wonderful group FreshersWorld and all the members who have been providing valuable information about companies from time to time. I would like to thank god and my parents and my dear most brother karthik.A (HCL-HARIDWAR), Teachers, Relatives and Friends for this smallest achievement.

SATYAM Recruitment pattern:

1. Written exam
2. Group discussion
3. HR and Technical interview

Eligibility criteria:

X: 65% (aggregate)
XLL: 65%(aggregate)
BE: 68% (aggregate)

Well coming to the point I would like to tell you about the pattern. Actually it is a 30 min test and there are 15 questions. The most important thing is time management. Questions are very easy.

I did not remember the questions

1: Aptitude test:
CLOCKS

TRAINS

TIME AND WORK

SI AND CI

PYRAMID PROBLEM

NO SERIES, ODD MAN OUT

PROBLEM BASED ON CRICKET

Visit www.123eng.com for latest Jobs

PROFIT AND LOSS

2: Group discussion

MY topic was “WESTERN CULTURE IS NECESSARY OR NOT?”

I neither initiated nor summed up the session .But in the middle I make many valuable points. My +se points: I did not watch the SATYAM person, I have spoken thrice. When some of my team members were struggling during the discussing I have managed their inconvenience by agreed their points and started adding my points on it. Some topics can be spoken for or against; in such cases it is better to start with the description about the topic.

Don't interrupt or argue with your team. We were 10 members before entering into GD we all decided not to quarrel with others and allow all of them to talk in 10min. I'm the lucky person because the person who judged our GD session is the one who interviewed me. He is MR.R.K. SWAMY working in SATYAM Chennai branch at present he got 6 years of experience. Since I have done my GD well it paved the way for my selection.

Some other topics for my friends are,

Marriages are made in heaven.

Is China better than India in software
Education in India ?

Are women a better managers?

Media

To initiate a GD

- i. Quotes
- ii. Definition
- iii. Facts, Short story
- iv. figures and statistics

Summarizing a discussion:

1. Avoid stating only your viewpoint.
2. Avoid raising new points.
3. Keep it brief and concise.
4. It must incorporate all the important points that came out during the GD.
5. If the examiner asks you to summarize a GD, it means the GD has come to an end.
6. Do not add anything once the GD has been summarized.

Sub-skills:

- Clarity of thought
- Conflict handling
- Listening
- Knowledge about the subject and individual point of view
- Openness and flexibility
- decision making

Correct way to proceed

- Speak pleasantly and politely to the group.
- Respect the contribution of every speaker.
- Think about your contribution before you speak. How best can you answer the question/ contribute to the topic?
- Be aware of your body language when you are speaking.

Group discussion consists of:

1. Communication Skills
2. Knowledge and ideas regarding a given subject
3. Capability to co-ordinate and lead
4. Exchange of thoughts
5. Addressing the group as a whole
6. Thorough preparations

3: HR and Technical interview

I have already collected some information's about SATYAM and also listened the PPT session well, which helped me to know more about satyam

The time was 3.00PM (9.6.07)

I entered into the room

Interviewer: Sit down

Me: thank you sir

Interviewer: Asked my name and hall ticket no(without seeing)

Interviewer: Tell about yourself

Me: Briefly explained about a minute and I'm a district level volleyball player I have mentioned at that time

Interviewer: You are lean then how can you make the game

Me: It is not the matter the appearance it is the matter of the skills in playing

Interviewer: then

Me: (I did not done any project so far)I have explained about my in plant training at ROOTS INDUATRIES LIMITED – Coimbatore

Interviewer: What are all the products produced over there

Me: Answered

Interviewer: About your family

Me: Said about father, mother, brother and their occupation

Interviewer: Asked about my brother

Me: Working in HCL

Interviewer: Then why you need SATYAM

Me: HCL is the dream company for my brother and for me it is satyam

Interviewer: (He expected only this answer from me)

Interviewer: Why SATYAM

Me: Answered

Interviewer: Lean well all the best

Me: stud up, came two steps back and told that “thank you for spending the time with me and I'm waiting for your positive reply” Once again I thanked him and left “He was very cool and friendly”

Actually it was an on campus to our college. On 8.6.07 the have decided of completing the first two rounds, but due to their delay in flight they announced the results on 9.6.07 this helped us to prepare much better

NO OF PERSONS ATTENDED TEST: 450(approx)

NO OF PERSONS SELECTED: 42

SATYAM PAPER ON 10th MARCH AT KOLKATA

Hi, SATYAM came for the 1st time in our collage this year. We were about 160 eligible candidates (criteria may be 60% + in 10,12 & DOB>86), out of which 58 cleared Aptitude, finally 25 of us got selected as 'Satyamite'..

It had 4 rounds Aptitude ,essay writing, HR & technical.

As Satyam 's Aptitude as -1/4 -ve marking , so be a bit careful . Although it looks different from others , all can be easily worked out just keep ur cool.

Just go through these topics like Probability, Time & work, Pyramids, SI/CI, Profit & loss, law of allegations,

Paragraph conclusions, Data sufficiency, Logical reasoning, Blood relations. Ages..puzzles, charts , etc.

It probably had upper cut off of 11. I am not quiet sure about it.

Essay :- Sort listed students from apti round were to write an esaay of approx. 300 words on given topics. We had topics like " Its time to bury our Hockey", "Rapists should be hanged", "Adv. of smoking ",

My advice is write correct, clear english & try to fill up the paper . Always include starting & concluding sentence (very imp.) & try to write either for or against , on one side. keep clean, good handwriting.

HR :- It was another cool round. They asked about relocation , my life so far, didnt asked anything from essay. He asked me what will i do if I have 2 jobs . I just said first U offer me this job & then I will have a 14 months time to decide. Keep a smiling face. My HR was of some 3-4 min. or so. Just before Technical round, my HR interviewer offered me some sweet Ha Ha Ha.

Technical :- It was another funny round. First they asked me to wait for a min. May be having something. This time they didnt offered anything. then they asked me what i dont know. Simply said I dont know just went on to say almost everything in B.tech course. .

Then they gave me a choice - What should they ask me or they will asked everything in physics upto Class 12. just adjust them diplomatically. then they asked about lever, pulley, their types , examples just like SRK's 'panchwi class tak' show.

then something about OS, Unix like diff. between Unix & linux, which OS U use, why. what is shell. about progs done in lab.

Dont try to fool them . One of my interviewer was a ex-student from WBUT. So they always know the course.

Prototype of printf ? how to compile C progs in Linux., bytecode, What is OOPs, JVM .

Finally they gave me a C code to solve :-

```
if ( ..... exp ...)  
printf ("World")  
else  
printf ("Hello")
```

To get output as "HelloWorld" ... what is exp ? ans - printf("Hello"). It was really cool round .
Dont panic even if U dont know anything.

In the evening final selected candidates were announced. Gave a small lecture again

Finally I am a Satyam-ite. Hope to see U in about 14 months time. & Best of Luck.

SATYAM PAPER ON 10th OCTOBER 2007

Hi guys

Im SAURABH TRIPATHI of raipur institute of technology raipur,currently im in viith sem comp.science.

I attended d satyam campus on 10th of dis month nd finally got thru.

first i wud like 2 tell all of u dat even if u have not been selected till now den dont loose ur heart.

guys,it was my 10th campus in which i got success.

d companies which i attende earlier were.

- 1.INFOSYS
- 2.L@T(CORE)
- 3.SYNTEL
- 4.YES AHEAD
- 5.L@T INFOTECH
- 6.SYNERGY INFOSYSTEMS
- 7.TORRY HARRIS
- 8.MPHASIS
- 9.SAPIENT
- 10.IT WAS SATYAM IN WHICH I GOT SUCCESS.

so my friends dont loose heart just stay tuned,b cool,control ur temperament and emotions n u will get success.It was a pool campus.around 600 appeared for d test den 213 made it for d second round nd finally 137 got selected finally.

PROCEDURE:

we had 2 phases.

1. aptitude test: 15 ques in 30 mins. 1 mark for each right and 0.25 -ve for wrong answer.

2. Tech+Hr.

we didnt had gd but they can take also if students r more.

aptitude test was very simple wid 2 -4 ques tricky one.

since der is a -ve marking so be carefull 2 attempt d ques. just do 7-10 ques correctly n u will b in.

IMPORTANT TOPICS:

just do r.s agrawal both verbal n non verbal

1. average

2. time and speed

3. prblm on trains

4. percentage

5. conclusion 2 short paragraphs (do it frm r.s agrawal non verbal)

6. pyramid series

7. number series.

8. clocks and calendars

9. data sufficiency.

10. puzzles

11. blood relationship.

do dese topics thoroughly.

INTERVIEW:

der were 2 panels one was asking both hr+tech n was only hr. if u r going 2 opt for d satyam engg. services den u must hav strong technical.

i was asked only hr ques, like.

1. where u will c urself after 5 yrs

2. tell me abt urself.

3. ques of relocation.

4. strength n weakness etc.

TIPS 4R D INTERVIEW:

1. enter d room wid a smiling face.

2. shake hands wid confidence.

3. do not bluff.

4. be confident.

5. answer d ques as aoon it is asked dont b silent.

6. spk watever u want wid confidence. but also b very cautious while u r speaking so. if u will not keep dese things in mind den u r going 2 b trapped easily. this was all my experince. so all d veru best 2 all of u.....

dont ever loose ur heart becoz no body knows dat wen ur day is.

ok guys meet u at SATYAM.

SATYAM PAPER ON 16th FEBRUARY AT BIJAPUR

Hi friends, I'm Bharath N, 6th sem, CSE, RYMEC, Bellary, Karnataka.. I attended satyam campus interview held by BLDE association, Bijapur. 1st of all i wud like to thank my parents, teachers, my mentors, fresher's world.com for everything they hav given me & its them who r responsible for My Success..I am a Satyamite now..

The Numbers:

No.of students attended : 416

No.of students got through written : 135

No.of students selected for satyam : 92

The recruitment process is of 2 stages:

- 1.written
- 2.interview

In written test the questions are 15 and duration is 30 min. the aptitude questions are easier than logical reasoning.

Topics to be learnt:

1. Probability
2. Time & work
3. Pyramids
4. Simple interest & compound interest
5. Profit & loss
6. Paragraph conclusions
7. Data sufficiency
9. Logical reasoning
10. Blood relations.
11. Ages.

NOTE: There is 1/4th negative marking in written test. It doesn't have sectional cutoff but it has both lower cutoff & higher cutoff, for us it was around 7(lower). The questions were entirely different 4m those earlier papers posted here ,so make sure that u r well prepared. The questions were very lengthy. Time management is very important!!!! I was able to attempt hardly 8 qns. But however I got through.

TECH/HR interview:

It was nearly 6pm in the evening when my turn came!!! It was very exhausting to wait for such a long time. I entered the room, praying to all kinds of Gods I knew.

HR: What is your name?

Me: Bharath, sir.

Hr: So, where do we start? Bharath.

Me: (confidently) Where ever you like! Sir(with a big smile).

Hr: So tell me wat Technical courses you did during these years?

Me: I told him C & C++. Hr: C? interesting, then write a program for calculating the Compound interest.(He gave the reqd data).

Me: Surely sir.(I rememberd only the formula which I had studied the day before, Luckily) I wrote the pgm and showed to him.

Hr: Oh, you done with it? Let me see.(I showed the paper)

Me: Explained the logic & most importantly I WAS VERY CONFIDENT!!

Hr: Your interview is over, you can go!!

Me: (Shocked) Sir, I have some questions for you..

Hr: No, I'll clarify later, you please leave.

I thanked him and left, in confusion and uncertainty. I told all my friends that I am gone. So, the results were to be announced in short time, finally the Satyam associate came over to the dias of the hall, it was 8 pm already. She started announcing the results according to the college. MY NAME WAS ANNOUNCED FIRST FROM OUR COLLEGE. FINALLY I WAS SELECTED, I REALISED LATER THAT IT WAS MY CONFIDENCE THAT GOT ME THROUGH .. FINALLY I'M A SATYAMITE!!!. HAPPINESS ALL OVER.. SO THE KEY IS CONFIDENCE, accordin to me. Be confident and win the race..

SATYAM PAPER ON 18th FEBRUARY 2008

At first i would like to thank my parents,my friends,my teachers,and offcourse freshersworld.com for their support and contribution.i'm still in my 3rd yr 6th sem.(dept :CSE col:HETC).....and Now I'm a PROUD "SATYAMITE" too.....Satyam came to our college on February 18 '2007. it was a two days process.2 colleges have appeared for the campus..now i'm giving the details of whole process..

The whole thing was divided into 4 processes.

- 1.Aptitude
- 2.Essay
3. HR
- 4.Technical

No.of candidates appeared :300

No.of candidates cleared aptitude:90

No.of candidates cleared HR:33

No.of candidate selected after technical:26

1.Aptitude

this time it was a bit tough..not like any other satyam papers.we were shocked after seeing the paper.

No.of questions:15

Time Limit:30 min

Cutoff::i don't know exactly about the cutoff but it was around 6-7.

i was able to answer just 7 problems.but i was confident about them.i'll refer you R.S Agarwal Both quanty and verbal non verbal.

questions were from:

- 1.blood relation
- 2.program
- 3.series
- 4.puzzles
- 5.permutation combination
- 6.bar graphs
- 7.ages
- 8.Ci and Si
- 9.profit and loss
- 10.time and work
- 11.partnership
- 12.paragraph conclusion..etc

result was declared around 3:30Pm 3:30PM-5PM

2.Essay:

after clearing the apti the selected candidates took part in the ppt.after the ppt was over we were divided into several groups.and then they ask us to fill a form and write an essay.don't worry it's not an elimination round.but prepare well because it can help you in HR. in our college most of the candidates were rejected in HR just because of the essay.

My topic in the essay was:"should beauty contest be banned in India " and the time limit was 5 min.

aome other topics were:

- 1.Singur
- 2.every cloud has a siver line behind
- 3.coeducation-curse or boon
- 4.beauty contest degrades womenhood
- 5.women imansepation
- 6.love marriage vs arrange marriage
- 7.premarital sex
- 8.smoking.....etc

and please do double check your spelling..otherwise you can face a big problem in HR. then they divided us into 2 groups and divided the interview schedule.for 1st group they have their HR and Technical on the same day and the 2nd group have their on 19th.

i was in the second group.

19th February'2008

3.HR:

my turn came around 9:45am.and my HR was a cool person.

me:"May i come in sir"

Hr:"yes please"

me:"Good mornig sir"

Hr:"Good mornig have a sit maam"

me:"thank u sir"

Hr:"do you think every man and woman have certain short comings.answer it with justification"(note:he didn't ask me to introduce myself)

me:answered in a logical way and with a positive attitude. He was very much impressed.he then started checking my cv and the essay i have written yesterday.he was impressed.he complemented me for my essay.

Hr:"what was ur JEE rank?"

me:answered.

Hr:"why your marks in HS is just 75.5%"(as in all other exams i scored above 85%)

me:answered.

Hr:"I think you are improving day by day.that's impressive. you are through to technical "

me:"Thank u sir"

Hr:"Best of Luck"

it was just about 6-7 minutes in HR.

4.Technical:

it was about 30 minutes,,but you know wht it was just a great round for me.i enjoyed each and every moment in these round. the man who was taking my technical was very polite and cool

Hr:"introduce urself"

me:i was prepared for it.....answered with confidence.

Hr:"tell me about ur project"(i've done a project on website designing..(practical implementation))

me:answered

then he asked me about the technologies we have used in the project..about wht were the problems we faced that time.

then he asked me to write a program on PHP(used for dynamic web designing)

it was a good program ...i wrote it.he was impressed and appreciated my approach.

then asked me about php,mysql,how the connectivity done,difference

between .com,.co.in,.org,.net etc, answered each with confidence,

then asked me from DBMS.relation and all those things.. and i answered each ... then he asked

me:where do u see yourself after 3 yrs.he was impressed by the answer and then check my cv and

then asked me about my bloodgrp(as i left that part blank in my cv)and then he wished me luck and told me to wait for the result..

my suggestion: if you have done some project then prepare it very well they will ask you from project.and if you can answer you are through..and they will ask you only from your cv.nothing more than that.and don't worry about technical round they just check ur basic knowledge.

in HR my friends were asked about:

1.politics

2.puzzles

3.current affairs etc

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

they can also ask you from your essay.

the result was announced around 3:15PM

and my name was on the list.and at that moment i was the HAPPIEST PERSON in the world.they just check 4 things in your interview:

- 1.Communication Skill
- 2.Confidence
- 3.Presence of Mind
- 4.Positive attitude

so don't worry .just brush them up.and always try to think positive.

good luck..see u al at SATYAM-what business demands...

SATYAM PAPER ON 18th FEBRUARY 2008

Hi friends, I'm Debapriya Bhattacharyya, CSE, Hooghly Engineering and Technology College, pipulpati,hooghly. I attended satyam campus interview held by our colledge(pool). 1st of all i wud like to thank my parents,teachers, my mentors, fresher's world.com for everything they hav given me & its them who r responsible for My Success..I am a Satyamite now..

The Numbers:

- No.of students attended : 400
- No.of students got through written : 90
- No.of students selected for satyam : 16

The recruitment process is of 4 stages:

- 1.written
- 2.essay writing
- 3.HR
- 4.TECHNICAL

In written test the questions are 15 and duration is 30 min. the aptitude questions are easier than logical reasoning.

Topics to be learnt:

1. Probability
- 2.Time & work
3. Pyramids
4. Simple interest & compound interest
5. Profit & loss
6. Paragraph conclusions
7. Data sufficiency
9. Logical reasoning
10. Blood relations.

Visit www.123eng.com for latest Jobs

- 11. Ages.
- 12. puzzles

NOTE: There is 1/4th negative marking in written test. It doesn't have sectional cutoff but it has both lower cutoff & higher cutoff, for us it was around 7(lower). The questions were entirely different 4m those earlier papers posted here ,so make sure that u r well prepared. The questions were very lengthy. Time management is very important!!!! I was able to attempt hardly 87qns. But however I got through.then there was the round of essay writing.my topic was'beauty contest degrade women'.we were asked to write 300-350 words in 5 min.there were several other topics loks 'advantages of smoking' and etc.frnds be prepared with all current affairs.

TECH/HR interview

HR AND TECHNICAL WERE SEPERATE ROUNDS.FIRST HR WAS HELD.AFTER GETTING THROUGH HR U CAN APPEAR FOR TECHNICAL.THEY ONLY SEE UR ENGLISH,POWER OF REASONING AND BODY LANGUAGE.

HR: What is your name?

Hr: So, where do we start? Me: (confidently) Where ever you like! Sir(with a big smile).

Me: I told him C & C++. Hr: C? interesting, then write a program for calculating the Compound interest.(He gave the reqd data).

Me: Surely sir.(I rememberd only the formula which I had studied the day before, Luckily) I wrote the pgm and showed to him.

Hr: Oh, you done with it? Let me see.(I showed the paper)

Me: Explained the logic & most importantly I WAS VERY CONFIDENT!!

Hr: Your interview is over, you can go!!

Me: (Shocked) Sir, I have some questions for you..

Hr: No, I'll clarify later, you please leave.

there were many other questions I DONT REMEMBER.

I thanked him and left, in confusion and uncertainty. I told all my friends that I am gone.So, the results were to be announced... MY NAME WAS ANNOUNCED. FINALLY I WAS SELECTED, I REALISED LATER THAT IT WAS MY CONFIDENCE THAT GOT ME THROUGH .. FINALLY I'M A SATYAMITE!!!. HAPPINESS ALL OVER.. SO THE KEY IS CONFIDENCE, accordin to me. Be confident and win the race..

ATYAM PAPER ON 18th JANUARY 2008

Hello friends, myself sriram pursuing my b_tech from CMR institute of technology in ece branch. I am delighted to share my experience. We had satyam campus recruitment at vardhaman coll of engg on 17th. This was my first attempt to any interview. I was calm and confident. About 1500 student were going to take the aptitude test. My first huddle was to clear the aptitude test.

Aptitude test:

It consisted of 15 questions (+1 for correct answer & - .25 for wrong) they are as follows:

- 1) Logical question about the arrangement of cards.
- 2) Blood Relation.
- 3) Pyramids.
- 4) C program o/p.
- 5) Age (father & son).
- 6) Logical application question.
- 7) Speed & Distance.
- 8) Probability.
- 9) Passage (3).
- 10) Time & work
- 11) Compound interest.
- 12) Analytical question.

If one is perfect with RS AGGARWAL he can easily get through aptitude. One thing my friend don't attempt more than 10 questions. I don't know exactly but satyam has an upper cutoff also. So try to keep it between 7-10.

Essay writing:

About 350 students cleared the aptitude. We had a pre placement talk. After that we were asked to fill up our 'resume' & asked to write an essay. The topic given to me was

'Role of media in our society', I wrote both the positive and negative effect of media.

Interview:

Interview was on 18th. Students were divided into two batch. I was in the morning session. My turn came at 10:30 . I kept myself as cool as possible. I kept on telling myself to give the best shot what ever the outcome may be. I was called in

Me : Shall i come in sir (with a gentle smile).

Hr : Come in, plz take ur seat.

Me : Thank you sir.

Hr : Tell me about yourself?

Me : I told the answer in a very polite manner. With my tone high such that It should be as clear as possible.

Hr : Tell about ur essay which u wrote yesterday.

Me : Explained the whole thing . About positive & negative effect of media.

Hr : U have written that 'fashion tv' & wrestling are negative .Is it not needed?

Me : (calmly) It is needed but, at the same time it is making our younger generation more Enthusiastic and they are diverting from studies.

Hr : Is it not thought at home, not to indulge in such activities.

Me : (I was mentally struck, but got a point). Yes sir I completely agree with u. But I Would like to tell u an example of 'Sakthiman'. A 12 year old child knows if see touch fire would burn. Then also see burnt herself as see thought her heros would come and save her.

Hr : (partially satisfied) Tell me ur areas of interest?

Me : I am good in digital communication & STLD.

Hr : Tell me any three topics in DC & explain?

Me : I explained completely with good eng & my tone high & was fully confident

Hr : Asked questions on what I had told

Me : Answered all questions.

Hr : Any questions for me?

Me : As a SATYAM aspirant what all additional skills I have to learn before joining ur Org?

Hr : All additional skills will be trained by the institution u will be joinig.(explained for about 2-3 min).

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Me : (I became a good listner. Showing full interest on what he is talking about) Thank

You sir for interviewing me. Have a nice day.

(gentle smile ,shake hands & then left).

The results were declared at night 10:30 . I was selected and I am a SATYAMITE now.

All the best my dear friend & wish u too, 2 get through satyam. Hope u might be benefited from my experience.

SATYAM PAPER ON 18th JANUARY 2008

Hi, guys hope u must b desperate to get into diss coolest company of indian it world written test wsn't of same as it use to b diss tym they didn't gave their pet ques as

PYRAMID PROBLEM
CLOCK
PROFIT LOSS

but reasoning ws prominent part of apptitude paper so do reasoning well from R.S.Agarwal only 7 out of 15 quat question ws there in appti so just go through R.S.Agarwal Quantative for it(examples only r enough) they r pretty easy if u had pass ur 1st & 2nd year math paper(B.Tech)

Second round ws technical interview

there was no gd or eassy writing but wit form they ask us to write the eassy on"COMPARE IT BOOM OF INDIA AND CHINA" but it is not a ELIMINATION round so relax it is just to check that u know ur awareness and plz do double check ur spelling in two three students he point out and its too awful that time only few questions ask from some students none from me in techni they ask about ur interesting subjects u mentioned lyk i did only C so he ask me few things such as pointers call by reference and other lite stuff all generalone

In HR interview

they ask about ur family backgrond BEWARE:plz those guys whose father run business of there own never mention it u wud definatly got rejected then he ask me " wud u lyk to ask me sumthing" I ask "Sir during ppt u showed us one slide on Corporate Social Responsibility that u run a service lyk 911 in us as EMRI can u tell me sumthing about it" he told me i listen it carefully then i ask few question from him on that to show that i m taking interest and a GOOD LISTENER too then he say but its not lyk that in US too wat dey show in movies r different but i object and make up a story and say " sir my cousion in us his son once burn few agarbatties near window and smoke went out and fire brigade soon cum in few secs" he said really i reply yes sir he got impress and i got selected now i m satyamite

they only want to check CONFIDENCE AND COMM. SKILLS

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

SO BRUSH THEM UP ,show u r desperate to b the part of their company and dress well ,take all ur doc, photostate wit u and b confident and u will b a SATYAMITE as i m....

SATYAM PAPER ON 18th JANUARY 2008

Hi friends!!!!!!Satyam visited on ITM GWALIOR on 18th Jan 08 there elegibility criteria was 60% above in 10, +2, and in BE.

An important point to be noted

One new thing happened this time No Gd was conducted. We had an aptitude test and the candidates who qualified the test were required to fill a resume then there we were asked to write an essay for about 300 words. Remember it would be gr8 if u choose the essay from current affairs

Written paper included following topics with 15 questions in 30 minutes and negative marking.

- 1)Calendar problem
- 2)probability
- 3)mixtures
- 4)ci and si
- 5)conditional
- 6)missing no.
- 7)area

Topics for Essey

- 1) India relation with china
- 2) Cricket racism
- 3) Nuclear deal
- 4) Globalization etc..

On very next day we had pre placement talk and then our technical and HR round. It was gr8 and all questions asked were so simple u just have to be confident with good communication skill. I cleared through it just bcoz I was confident.

BE CALM

BE COOL

BE CONFIDENT

And u will be there at SATYAM. c u all there good luck!!!!!!!!!!

SATYAM PAPER ON 18th JANUARY 2008

Hey guys...

I am really thankful to freshersworld for my success in Satyam. Satyam came to L.N.C.T., Indore on this 18th Jan. It was a three day process

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

On first day we had a written apti test. It was as usual 30 min test with 15 questions. It was a zero day campus. Around 1380 students had appeared for written exam. Paper was a bit tough. Some ques were from races, age problems, pyramids, L.R. etc. Overall you just hav to complete
R.S.Agarwal.

Out of 1380 only 387 were selected for next round i.e. for interview. There was no G.D. round. Initially we had given a application cum resume form on which we had to write our all details and then on its last page we had to write an essay on any topic of our choice. I wrote on "IT industry in India". Then interview started. It was really very long process. My number was going to come late night on 19th but then they told us to leave and come on next day.

We again went there on 12 noon and my number around 3 p.m. Technical were going on very tough but h.r. was very easy.

My only technical was done and no h.r. Later on only technical was done of all students left. This is how my interview was done.

ME: may i come in sir?

HE: yes, please come in.

ME: gud afternoon sir.

HE: gud afternoon, pls sit down

ME: thank you sir

he then asked me to solve some questions of written aptitude test to check whether had done it by myself or not.

HE: ok abhinav, tell me something about urself.

i answered.

HE: wats ur fav subject

ME: Operating systems and data structures

HE: tell me wat is memory allocation

i answered.he then asked me to write two diff prog in c++ and a sql and relational query.

i answered it.

he then asked me about the project which i will make in next sem.

I told him about it.

he then asked me that if i hav any questions for him. i asked two questions. he then told me that ok. interview is done.

Interview can easily be cracked in satyam. if any hav any xperience like project or any paper presentation or any participation in technical event then ur chance are gud in getting selected. Then on 9 p.m. results were announced and total 137 candidates were selected and i was fortunately one of them.

it was my first campus and i was really happy to crack it.

thnx to all

SATYAM PAPER ON 18th JANUARY 2008

Visit www.123eng.com for latest Jobs

hi friends one of the greatest battle is over. i am very happy to tell you that i emerged victorious in this battle. i am a student from C.M.R institute of technology, medchal currently pursuing ece 3 year 2 semester.

we were informed that we had the interview for satyam in vardhman college just 3 days before. immediately i just browsed through the chapters like: time and distance, permutations and combinations, probability, pyramids, series, calender, simple interest, compound interest, work, speed, boat and train problems etc. friends remember " it is the perfection in your concept that matters but not how many chapters you have studied. i could not get time to prepare for the technical round or other technical subjects.

i went to the exam very confidently. when the paper was given most of friends just started doing no sooner did they receive the paper. i was very cool and confident and so i spent my first 5 minutes in sitting calmly and watching others. then i slowly took the paper and read all the questions 15 questions and i was able to answer about 3 questions in the first glance itself. then slowly i started doing slightly tough problems which i thought i would do with some thought. i solved each problem atleast twice before marking as i knew there was negative marking and also lower cut off and upper cut off. so i marked only 8 questions which i am still 100% sure.

friends mark only if you are 100% sure. try to see that you do not change your answer. most of my friends marked around 10-15 questions and could not clear written. so please ensure that you answer 7-10 questions perfectly then you are definitely through with written.

next day it was technical+ hr.
my turn came around 5.00 pm
me: may i come in sir? (smile)
interviewer: yes (very serious)

he was scanning through my resume form we filled the previous day. we were asked to even write an essay. my topic was " role of media in the society" i wrote only the positive points in the essay. my first question was: " tell me about yourself"

i replied it very confidently with eye to eye contact and a gentle smile on my lips with a clear voice and proper hand movements. then he asked " what is your opinion about the essay role of media in the society" i said " sir i have mentioned only the positive points in my essay. i told him all the positive points. we can also look at it in the negative sense and gave him few more points." he was very much impressed by my multi-dimension approach. i answered this question alone for 5 minutes.

next he asked me what were my 3-2 subjects and i answered him confidently. again he asked me my 3-1 subjects. i told him all and specifically told him that communication were my favourite as ece student. especially digital communication.

then he asked " what is digital communication?"
i answered him every minute point in digital communication the entire subject with diagrams in 5 minutes.

he was impressed!he smiled and said good!
ok thank you nitish you can go with a smile on his face.
i thanked him and came out of the room very confidently.
i knew i was selected.
the results were declared around 10.30 pm that day and i became a SATYAMITE.

wish u all the best friends.

SATYAM PAPER ON 18th MAY

Hi friends, This is mohan Krishna tanguturi BTECH (III CSE) Around 380 students attended there. Firstly I will start my experience with the pattern of Satyam.

As all Satyam aspirants know that there will be three rounds which consists of

1. WRITTEN TEST (APPTITUDE)
2. GD
3. INTERVIEW

We had our written test at around 11.00am and there are 15 questions to be answered in 30 minutes these questions are quite easy and can be solved by every one,U can get through the written if ur strong at basics formulae but the important thing is time management bcz the questions are too long .

(NOTE: Satyam had both lower and upper cut-off.so be careful and don't try to answer all the questions in the paper and there will be -ve mark($1/4$) for every wrong answer, so avoid guessing which may reduce ur score)

I am presenting u sm of the questions which I remembered; all these Q's are not exactly same.

A question from ages like relation btwn present father's age & son's age were given and was asked to find the fathers age after some years .exactly I haven't remember the numerals so I am not presenting them.

On series completion like ac, be, cg, dc,? Ans:e(none of these)

Be careful sm questions have ans as none of these.

15 men work for 8 hours a day and it take 9 days for them to complete a work, then how many men had to work for completing the same work ,who work for 7 hours a day and for 12 days?

Date sufficiency problem:

Polygon abcd is a rectangle?

1. Line ab is not parallel to line cd
2. Diagonal ac is shorter than the other diagonal bd

Ans: either of these pts is sufficient to say that the given polygon is not a rectangle

Direction sense problem:

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

After walking 6km, I turned right and covered a distance of 2km, then turned left and covered a distance of 10km. In the end, I was moving towards the north. From which direction did I start my journey? Ans:south.

Problems from puzzle test and a diagram problem which can be solved by using basic formulae (total angle in a ||eg is 360 and angle on a st line is 180).
etc etcproblems were given all of them relay on basics .

The results were announced at around 2.00 pm in which 93 students were got thro' it and on the next day we had our G.D followed by INTERVIEW.

GROUP DISCUSSION:

On the second day of the interview around 150 students joined us, who had there written test at MITS (madanapalli).All of us together divided into various groups (10 each) by the satyam officials and we had our G.D.

Our topic is SOLUTION TO TERRIOSIM IN INDIA , we had a nice discussion for abt 8 minutes and all of our group members are cooperative ,so 9 members from our group were selected in G.D and get thro' third round. If u r caught in an aggressive group then motivate them 2 hv a polite discussion that will help u a lot.

After G.D all of us had a nice presentation on satyam, in which they explained abt the philosophy of satyam and the working environment of satyam, I am very impressed with there services and there philosophy.

- Imp points to be noted during ppt was their philosophy, they are
- BELIEF IN PEOPLE (associates)
- ENTERPRENIEUR SHIP
- CUSTOMER ORIENTATION
- PURSUIT OF EXCELLENCE

The whole ppt will stress on one pt i.e. "THINK LIKE A C.E.O" i.e., every satyamite will have to consider himself as a C.E.O. how nice of it considering himself as a C.E.O. and "EVERY SATYAMITE IS A LEADER"

These pts are important bcz u will have to fill a form be4 INTERVIEW in which there will be Q's like "WHY SATYAM" so be prepared for it.

After ppt results were announced, and the selected candidates were asked to fill a form bcz in satyam they won't consider our C.V .while filling be individual don't take answers form Ur friends it is also important .some of the questions in the form to be filled by us are

Why satyam? what thing aspire u to join in satyam?

Why satyam want to hire u?

Where u will be the next 5 years?

These are the questions to be filled along with ur details.

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

INTERVIEW:

There were 6 panels for interview all these panels are asking hr questions

But unfortunately the panel in which I entered is concentrating mainly on technical, so be prepared for facing technical Q's also in ur respective subjects. There were asking basics

I am presenting some of my interview questions, most of them are basics in dbms and sm are from my core subjects.

Firstly he invited me with a smile, and then he asked "TELL ME ABT UR SELF" Then he asked technical questions, which are very basics for a C.S.E student, and

Here are sm questions which I remember,

What is meant by tuple?

Relational integrity

Full form of RDMS

What d u mean by it?

What is meant by pl/sql?

Diff btn compiler & interpreter?

What d u mean by NORMALIZATION?

etc etc

So frns be through with ur preparation bth in tech & normal hr questions be confident in ur answers. Here I would like to hv a quotation which can be adopted for bth G.D & INTERVIEW i.e., "A BATTLE WELL BEGUN IS A BATTLE HALF WON"

So try to have a nice start then the day will be urs

SATYAM PAPER ON 21st SEPTEMBER 2007

Hi,

dis iz VINOD MEHRA (09996175020).First n foremost I want 2 give my heartiest THANKS 2 my spiritual Guru den my peer group (happy bansal,parveen jndal,viney saini,bhupi,.....) N den fresher world .com. I feel proud while I saying me a satyamite bcoz it is my dream company. I hav been sat 4 many companies earlier like TCS,TECH MEHINRA,ACCENTURE,MPHASIS, N I wasn't able 2 clear d written exam in dat all. But I never loss hope in myself bcoz my dream company SATYAM iz wating 2 visit. N ultimately I m proud 2 be a SATYAMITE...

PROCEDURE 4 SATYAM:

Reacently satyam visited B.S.A.I.T.M. Faridabad 4 joint campus. My college name D.C.R.U.S.T. Murthal was also called 4 joint campus. My branch iz E.C.E dere was 2 rounds only i.e written +essay n PIR (personal interview round).

WRITTEN TEST:

It consist of 15 Q with 1 marks each n dere iz negative marking of weightage 1/4.

Visit www.123eng.com for latest Jobs

Dere iz a provision of upper cutoff also. In my case , d lower cutoff was 8 n upper was 11. but u neednt 2 be get panic if u can do 12 or more correct Q's. out of 3000 students only 810 clered written test.

Q1: wat iz d right o/p?

A1 int R=1

A2 K=3

A3 R=R*K*R

A4 PRINT"R"

A5 if(R,=3)

A6 GOTO a3

A7 printf(R8K8K)

A8 Halt

Q2: ODD man out

975

867

329

498

none of these

Q3: A CAN DO A PIECE OF WORK IN 18 days . B can do dat work in 30 days. Den in how many days dat they will do d twice of dat work together?

44 ½

22 ½

48 ½

54 ½

none of these

Q4: NEXT FIG ?

(very easy)

Q5: dere was some statements n after reading dat u hav 2 give d most suitable assumption (took some time).

Q6: IF 4 NOV 971 FALLS ON FRIDAY DEN WAT IZ 4 NOV 1869?

Friday

Tuesday

Wednesday

Saturday

None of these

Q7: ON PROFIT LOSS (refer r s aggarwal ..Q WAS BIT confusing)

Q8: A PASSAGE OF 4 LINES , AFTER RAEDING u hav 2 find the most suitable conclusion.

Q9 : A SUM OF 12000 BCOM 18000 BY SIMPLE INTEREST IN 2 YEARS. DEN AT WAT RATE D 5200, AMOUNT 2 20,800 IN 2 YEARS?

- 50
- 100
- 200
- 300
- NONE OF THESE

Q10: graph Q
(very easy)

- Q11: ?
- 92 92
 - 42 38 42
 - 18 14 14 18
 - 6 4 2 4 6

Q12: IT Was same as Q8 .it was either by mistake or by default.

Q13 -- cant remember

Q14 -- " "

Q15 -- " "

SOLUTONS

1. 3,27,243.
2. 329 (SUM OF DIGITS)
3. 22 ½ days
4. ..
5. ..
6. Wednesday (follow 8th or 9th mathematics 4 better understanding)
7. ..
8. ..
- 9.
- 10...
- 11.198 (6+4=10+8=18,18+14=32+10=42,42+38=80+12=92,92+92=184+14=198).

ONLY 810 CANDIDATE WERE SELECTED 4 PIR (PERSONAL INTERVIEW ROUND)
(B CONFIDENT + WITH SMILE + B LOUD N BRIEF IN ANS')

INT: SO, u r Mr. vinod mehra?

ME: yes sir, (with smile)

INT: wat dis name stands 4?

ME: pleasure , happiness (with smile).

INT: why u^rs parents named it 2 u ?

ME: bcoz they like dis name.

INT: wat iz u^r project?

ME: tell.....

INT: do u know communication system?

ME: I don't know sir

INT: do u know computer network?

ME: I dnt know sir.

INT: do u know protocol?

ME: sorry sir.

INT: In which subject u r comfatable with?

ME: I m comfatable with C language & microprocessor. I very good at software programming
N cracking logical problems.

INT: solve a software problem (inter change 2 nos without using 3rd variable)

ME: done.

INT: where do u rate u^r self in logical thinking?

ME: I rate myself at d top.

INT: solve a logical problem (pyramid Q)

ME: DONE. }

INT: wat question u would ask 2 me if u would be taking my interview ?

ME: sir, I would only ask, wat u can do 4 satyam?

INT: now, u tell me . wat u can do 4 satyam?

ME: sir, I would b 100% dedicated towards my job n give u d ultimate satisfacton in my work.

INT: famly baground?

ME: tell.

INT: WERE DO U see u^rself after 5 years?

ME: sir, I would b either a team leader or a project manager.

INT: Wow!

ME: smile.

For More Placement Papers visit www.123eng.com

INT: OK! MR. VINOD MEHRA . nice talking 2 u. See u at satyam.

ME: thank u, hav a great day sir.

N finally 352 candidate were selected.....

N THANK GOD I got.....

SATYAM PAPER ON 23rd FEBRUARY 2008

Hi friends, this is Aniket Bhattacharya, 6th sem EE from BITM Santiniketan. I attended the Satyam campus drive held on 23-Feb-2008 & was among 32 selected students. I would really want to thank to all my Friends for helping me in my preparations & my parents. This was a exclusive campus drive for our college.

Rounds:

1. Aptitude Test(includes puzzles, quanti, Reasoning)
2. Essay writing(this was along with the procedure of filling of form)
3. Personal interview(includes HR, Technical)

STATS:

Total students attended : 186

Total students got selected in aptitude test : 123

Atlast Total student got selected : 32

Aptitude test paper

As you would know there is both LOWER & UPPER cut-off. This time lower cut-off was 6 & upper cut-off was 11.

Apti mainly included the chapters : Raio & Proportion, Time & Distance, Problems on Boats, Series, Pipes & Cistern, Bar graph, Simple interest (from quantitative) Age problem, Blood relation, Data sufficiency, Puzzle No English.

You can say that each question was from each different chapter! Give stress on Quantitive (R.S Aggarwal is sufficient)

Sample questions:

1. Follow the conservations-"Sister, you have as many brother as many sisters". "Brother, you have twice no. of sister as many you have brother". How many children are there in the family.
2. A question on ratio & propotion where a two ratio of metals was given, you have to find another ratio.Blaaa Blaaa.....

Essay

We had to write an essay, which was within the procedure of filling the form. We were said to fill the form & write the essay in 10 min. different topics were given like- SEZ, Reservation in Private sector. Brain drain, Mercy killing, Indian democracy, is China a threat to india etc.

Essay round was not a elimintion round for us but it was for few previous colleges. But they do ask about the things you write in essay in Personal Interview.

Visit www.123eng.com for latest Jobs

Personal Interview

There were 3 panels, where two delegates gave stress on technical & one on HR.

My interview:

Hello Aniket, how r u?

Tell me something about you & your family background.

What all programming languages do u know?

Write the logic of Matrix multiplication.

Write the logic of the program" finding out no. of vowels in a string given by user".

Difference between main memory & secondary memory.

Difference between call by value & call by reference.

Difference between compiler & interpreter.....

etc.....

Result was declared on next day, afternoon, and it became my most rememberable day of my life!!!!!!!!!!!!!!

For the people who r going to give Satyam , please prepare your Technical skills, they largely search for technical strong people.

SATYAM ON 26th MARCH 2008

Hi friends this is srikanth from PBR VITS, kavali. SATYAM has recently conducted an interview in our college on 26th march,2008. The Procedure is as follows:

No. of students attended : 984

No. of students short listed after Written :184

some of the questions that was asked in the written exam are:

1)10 Let R=3

20 Let R=R*3

30 Let J=R*3

40 Let K=J*3

50 print K-J-R

if R<120 return to 20

else

exit.the above question was asked in last 4 interviews of SATYAM.this model is same but not exactly.

ans:529

2.) There are 10000 families, having 4 children for each family. what is the probability that there will be 2 daughters for each house.

a)625

b)529

e)none of these

3) If 27th December 1928 is Monday then what is the day of 27th December 2004?

ans: I think it was Thursday.

4) P, K, B, ?, K, B, R, K, B

ans: Q

5) A alone takes 80 days to complete a job. A works for 8 days and the remaining work was completed by B in 42 days. How long it will take if A and B work together?

ans: 30 days.

6) This question was asked on figure series. That is they have given 4 figures and they asked the next figure of the series. It is very easy.

7) One question on bar graphs.

8) One question was in the form as listed below but it is not the exact one: there was a series given like 12, 23, 34, 56, 178, 342

step 1) 24, 47, 57, 234, 435

step 2)

step 3)

like this they have given 5 steps and they have given a new series for which we have to find the relation between the given series and step 5.

ans: It was a little bit tough, but most of the times its answer is none of these.

9) A problem on ratio & proportion

10) They have given a small paragraph and they may ask for conclusion or inference or poet's intention etc., other five questions I didn't remember. I think cut-off was in between 4.5 - 8. Make sure that you will score 6 in the written exam. Remember there was also negative marking of 1/4th mark for a wrong one.

essay writing:

this is to test your written and verbal skills. though it was not the elimination round, take care of it. you may be asked one or two questions of your topic in H.R. interview. topics they asked in our college are:

1) Role Model.

2) My Memorable Moment.

don't forget to give a conclusion for your essay at the end. and the last one was H.R. for non-technical students be sure of the basics of electronics and C, Java.

for technical students be sure with two or three programming languages and one or two core subjects. be thorough with the contents of your syllabus book.

I was failed to crack SATYAM, I hope my experience will give lot of support for others to crack SATYAM.

ALL THE BEST to you guys.

Be Sure and Be confident

SATYAM PAPER ON 26th NOVEMBER 2007

Hi to all freshers out there. i'm Prateek Dave,ECE final year student of Jodhpur Institute Of Engineering And Technology. I'm sharing wid u d experience of satyam campus recruitment process. This particular campus drive was specially 4 d the placed students only. They called it satyam's dream slot. Around 326 students appeared in the process,266 cleared d written and finally 75 students were selected. Fortunately, i was one of them.

The whole process consisted of two rounds. First of all a written test and then a HR cum TECH. interview.

1.WRITTEN TEST

Following the pattern of the last few months, the paper consisted of 15 questions. the questions included were from the following topics:

- 1.area
- 2.odd one out
- 3.puzzle
- 4.calender
- 5.conclusion
- 6.pyramid series
- 7.simple and compound interest
8. time and work
- 9.probability
- 10.sequential diagram
- 11.programming.

Rest i dnt remember. As u can see the paper covered many topics frm R.S. Agarwal verbal as well as quant.

2.INTERVIEW

Soon after the declaration of the results of the written test,different groups of the students were formed and they were asked to fill up a form which included an essay. The different topics given in essay were:

- 1.IT industry in India
- 2.orkut:curse or boon
3. Indian economy
4. Concepts of IT and me, etc.

Soon after the filling of the forms, interviews began

My interview was very short,hardly 5 minutes. The HR asked me jst three questions. They were:

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

1. Tell me something about yourself.
2. Why do you want to leave your company and join Satyam? (the toughest question for me)
3. Concept of CDMA and diff. between CDMA and GSM.

The interview went quite well and in the evening of 27th, results were declared. Now I was a Satyamite.

A small piece of advice for all the persons appearing in the campus drives in the IT companies. **JST SHARPEN UP UR COMMUNICATION SKILLS.** Even after doing each and every thing right, the only difference that could lie between a placed and unplaced student is communication skill.

So **BEST OF LUCK TO ALL.** and a gr8 thanx to the freshersworld.com.

SATYAM PAPER ON 27th JANUARY AT NOIDA

Hi, I am Deepank Yadav from Galgotia College of Engineering and Technology Greater Noida. Satyam came in our college for recruitment. Satyam was my second company. It came on 27 Jan.

- 1) Written test
- 2) Technical interview
- 3) HR

Written was easy simple questions of Quant, Verbal Reasoning just do RS AGGARWAL properly, I will tell you the topics:

- 1) Profit Loss
- 2) Boat Questions
- 3) Probability
- 4) Simple and Compound Interest
- 5) Time and Work
- 6) Data Interpretation
- 7) Question of Pyramid
- 8) Series Question
- 9) Conclusion from Passage
- 10) Blood Relation
- 11) Puzzles

You will get 30 minutes for 15 questions remember there is negative marking as well as lower and upper cutoff I will suggest you that you just do 11 questions properly than you can clear written easily, I did 12 questions in written 300 sit out of them 167 cleared the written.

After written they asked to write an essay on 1 topic, they give us that topic but don't worry it is not the elimination round. They just see whether you can write properly or not.

After that our interview started first technical interview, it was the elimination round answer properly even if you don't know the answer, don't worry but don't lose the confidence. HE asked me about

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

USB and digital systems ,he was frank wid me,i cleared that round ,but many of them were rejected in that round. Than HR round he just ask me to explain myself and my ambition i answered properly.

finally 53 were selected . and i was one of them.

BEST OF LUCK..... See u at Satyam.....

SATYAM PAPER ON 28th JANUARY AT HARYANA

Hello guys Satyam came to our college on 28th Jan, and out of 160 students that sat for the exam only 28 got finally selected

The PATTERN

It was as usual a half an hour exam, with all numerical aptitude questions.

And the difficulty level was normal

I don't remember any of the questions, but I will advice you to brush up Ur math's skills Study from RS aggarwal

INTERVIEW

There were two Rounds first the technical round then the HR round Very different from the SATYAM PATTERN as they always have a GD first TECH

MY FAVOURITE SUBJECT

I replied web designing

Frnz if u don't have good command over c and c++ doesn't mean u will not be selected, tell them what you know, I was asked questions about HTML LIKE the diff between html and dhtml

How do you do multimedia

VERY IMPORTANT WE WERE ASKED TO WRITE AN ESSAY IMMEDIATELEY AFTER THE RESULTS OF THE APTITUDE

MY TOPIC WAS, EFFECT OFMONTY SINGH AHLUWALIA, NARYANA MURTI, P.CHIDAMBARAM AND ADITYA BIRLA GROOUP ON THE IT INDUSTRY

Visit www.123eng.com for latest Jobs

REMEMBER UR ESSAY IS VERY IMPORTANT,

Next q was

On operating systems which is the latest operating system

Me: answered

What is the difference between algorithm and program?

And finally some quesns on my essay

HR INTERVIEW

I WAS THE FIRST GIRL TO BE SELECTED FROM MY COLLEGE AND I WAS LUCKY
THE HR HIMSELF TOLD ME THAT

I ENTERED HE SAID plz sit and was wrriting a mail

He asked what is your aim in life

I replied

He said effect of dollar rate coming down on the IT industry

Replied (but was not confident)

What does your father do?

Who was MOTHER TERESA? WHICH CHARITY WAS SHE ASSOCIATED WITH?

I BECAME VERY EASY WITH THE hr HE ADVICED ME POLITELY THAT ONE SHOULD
NEVER BECOME EASY WITH THE HR if they DO SO THEY DO IT TO TRICK YOU,

I appologised but he was already impressed by me

I WAS ALREADY SELECTED .

I SAID THANK YOU SIR HE DID THE SAME

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

FINALLY OUT OF 160 ONLY 28 WERE SELECTED There is only luck and gods blessings that matter plz do pray god he is the almighty

Lord shiva will help you all m very happy .best of luck

SATYAM PAPER ON 28th NOVEMBER 2007 AT ALLAHABAD

Hi to all,with GOD's grace & blessings of my parents & friends,I've made it again.Its a pool campus at AAIDU Alld.of "SATYAM COMP. Pvt.Ltd."under the "DREAM SLOT"recruitment process.In this,only those are eligible who 've been already placed somewhr.

It was a 2 phase process(generally Satyam comprises 3phases(2nd-GD))

- 1)Written
- 2)Interview.

In Written:

It consist of 15 Ques. & 30 min. Ques.are basicly of Aptitude & Reasoning.

In Apti.-

Age problem,proportion prob.like 4men do a piece of work in 8 days 2 left after 3days then in how many days de'll compl. Train prob. Clock prob like angle bet.hr.& min hand at 1:40 pm, Area prob.

In Reasoning(Tough):

2 Data sufficiency prob.a paragh.was given followed by 4 conclusions choose the approp.one. Data interpretation prob. PIE chart given-analyse & give ans. Series problem:series was a combin. of two different series at alternate position.A Pyramid prob.(toughest one)find the top most term. $\$ \rightarrow 1, @ \rightarrow 0, * \rightarrow 2, / \rightarrow$ multiply Show 128 in terms of $\$*/@$.Fig. prob. analyse the pattern to find the next fig. Cut-off was 4 out of 15 only 50% manage to qulify,HR was expecting that 80-90% should qualify.

Tips:Attemp 7 or 8 or 9 but must be true.Dont make guesses(-ve marking) Believe in urself & ur ans.

Interview:

There was 3 panels 1)HR 2)Tech-HR 3)Tech. I was in a grop. for 2nd panel.The HR personel(frm IIM,B)told us that the 2nd panel interviewer is a Vice President of our company.So afraid.His flight was delayed so arrived at 5:30pm(in hurry then).He was very cool & understanding that we r freshers....

His 1st ques to all-- Introduce urself--Name,fname ,m'name,pursuing,what whr with agg. 12th % yr 10 th yr board then hobbies(not sleeping but sensible) then f'occupation, mother's,if housewife- tell housemaker.If interviewer is HR then tell about bro & sis also

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

2nd ques. abt PROJECT try to tell each & everything why taken, implications etc. if u stuck sumwhr take ur time, if nervous ask even for water. Dont try to make him fool. Show ur dedication & determination to grab the job. & most imp "EYE CONTACT" that shows ur confidence & truthfulness. Sit straight & little bent towards him ie. u r attentive to listen him & with open palms ie. u r not hiding anything..

Finally only 30/180 r selected in which 10% r frm ur coll. So "KEEP WALKING" & All The Very Best, May LORD KRISHNA will help you.
Luv to see u at SATYAM.....(Believe that u r the next Satyamite)

SATYAM PAPER ON 28th OCTOBER 2007

Hello every one . i m Debashis mohanta (final yr MCA student of RCM COLLEGE ,BBSR ,orissa 2008 batch). i m very thankful to freshersworld.com that we r getting very useful information about various companies test patterns. i attended the satyam dream campus held on 28th october 2007 in CITE bhubaneswar. dream campus means candidates having another offer letter previously were only eligible for this campus drive. SATYAM has increased pkg from 2.5 to 3.0 lakhs CTC (bond of 2 years and bank bond of 2 lakhs)

total attended-94
written qualified-12
finally selected-5

FRIENDS THIS WAS MY 21ST COMPANY.

i had cleared almost written exams of other companies including infy, satyam, birlasoft, mphasis, mastek, but was unfortunate all those times but this time the day was mine and i m finally selected to the satyam family.....

there were only 2 rounds.

1st round was written test.

2nd round was essay writing+ technical interview+hr interview

WRITTEN:- for written pls refer the previous pattern and chapters mentioned in freshersworld.com (15 questions 30 minutes ,for right answer +1, for wrong -1/4, no higher cutoff was there.)

INTERVIEW:- for this u hav to prepare essays like (essay is to be with in 300 words and 5 minutes)

- (1) who is going to be ur best friend and why & who is going to be ur worst enemy and why?
- (2) what do u learn form the weather which is helpful for ur professional career.?
- (3) what do u learn from a ant as an it professional.?

then they asked hr questions + some technical questions from any language they may opt as per their choice..... questions were from my project

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

about sql server and oracle they were asking tricky questions from database so u prepare accordingly.....both the hr were very friendly.....so u needn't to be worried. finally the result was declared and i was among the fives who were selected.

WISHING U BEST OF LUCK AND HOPE TO SEE U SOON AT SATYAM.....

SATYAM PAPER ON 29th FEBRUARY 2008

HI, I'M SOUMI DE FROM MALLABHUM INSTITUTE OF TECHNOLOGY.I HAVE GOT SELECTED AFTER TWO MORE CAMPUSSING FROM TCS AND INFOSYS..

IT'S EASY TO CRACK N SATYAM IF U PREPARE URSELF IN RYGT WAY. IT WAS A POOLED ON 29TH FEB ON UIT,BURDWAN,AMONG 3 COLLEGES.

THERE WERE 4 ROUND:-

- 1.APPTITUDE TEST
- 2.ESSAY WRITTING(NOT ELIMINATION ROUND)
- 3.HR
- 4TECHNICAL ROUND

1.APPTITUDE TEST:-

SORRY I CANN'T REMEMBER ALL THE QUESTIONS.BUT SOME ARE LIKE THIS:-

A.QUESTION ON PYRAMID SERIES(LITTLEBIT TOUGH)

B.QUESTIONS ON AGES

C.BAR GRAPH

D.IF @=0,*=1

@*=1

*@=2

DEN FIND D VALUE OF @@@*.(SIMPLY USE BINARY CONCEPT)

E.THE RATIO OF A,B,C WILL B 1:3:5.

DEN WHAT IS D WRIGHT ANS?

PARENTS,MY BF,MY HOBBIES,MY (+)PT AND(-) PT.BE PREPARE IN C,DATA STRUCTURE,JAVA,OS(OPERATING SYSTEM)AND PRESENT TECHNOLOGY(THEY WILL SEE UR UPTO DATE KNOWLEDGE)OUT OF 72 ONLY 29 WERE SELECTED FOR BOTH.LASTLY 23 WERE SELECTED BY THEM.DON'T GET AFFRAID.BE CALM AND COOL.ALWAYS GO WITH A PLEASANT SMILE.WISH HIM JUST AFTER ENTERING THE ROOM.DON'T TRY TO PRETEND,REMEMBER THEY CAN READ U.IF U DON'T KNOW ANY ANS JUST TELL HIM.TRY TO ASK QUESTIONS OF THATCOMPANY(BUT DON'T ASK THE SALARY PACKAGE).BEFORE GOING TO CAMPUSSING JUST PREPARE THE BASIC QUESTIONS

WHY SATYAM?

DESCRIBE URSELF EXCEPT CV

WHO IS THE CHAIRMAN,BOARD OF DIRECTORS?

WORLD RANKING.PRESENT SHARE.(U CAN COLLECT IT FROM NET)

LAST BUT NOT THE LEAST DON'T GET DISAPPOINTED IF U'R NOT SELECTED,TAKE PREPARATION 4 THE NEXT.

SATYAM PAPER ON 29th FEBRUARY 2008

Hi friends, I am D.Venkata Suresh from Narayana Engg College Nellore AP.I was Selected to Satyam in my first ever Interview.I would like to share my interview experience.

There are only two phases in Satyam Selection Procedure

- 1.Written test
- 2.Tech+HR interview

There will be an essay writing also after written test which is not an elimination round. For us Written test was conducted at Audhisankara College Gudur on 28th Jan 2008. Totally 909 students attended out of which 526 students were selected for personal interview .We are asked to fill up the Resume and we are also asked to write an essay on the given topic and my topic is "If iam the C.M of a State".But our interview was not conducted immediately.Interview was on 28 & 29th Feb at Priyadarshini college of engineering Nellore.

Written test pattern is paper contains 15 questions to be answered in 30 mins.Out of 15, Seven from Aptitude, Seven from Reasoning and one from technical.Regarding technical they will give an algorithm with loop and asks you to find out the output which is not printed in that loop or that question may be from english(Synonyms,Antonyms...).I cant remember the written test questions but i can give you the topics

- 1.Percentages
- 2.Time and Work
- 3.Boats & Streams

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

- 4.Odd man out & series
 - 5.Problems on Trains
 - 6.Two from Data Interpretation(Pie chart,Bar graphs)
 - 7.Three questions on puzzles
 - 8.one question on Technical
- I forget other questions.

My interview was conducted on 28th feb 2008 at 3:30pm .It was both technical and HR round. I entered the room and wished him with a smile.He asked me to sitdown

HR: Tell me about Yourself

ME: Said confidently and in the middle i said Satyam is my dream company.
(He interrupted)

HR: Why Satyam?

ME: I said many reasons for around 2 mins

HR: Asked about my family

ME: Said

HR: you are a CSE student, do you know any programming languages?

ME: I said ,i know C,C++,JAVA

HR: He asked some questions from Java like primitive datatypes in java,OOPS concepts,Method Overriding,Syntax of Switch-Case,How you pass objects to functions in Java.All questions are from basics of java and other languages(mostly java)

Then he asked me to leave.I said him,"Sir, i have one question to ask you" .He said to ask the question.My question is "Satyam is going to sponsoring the next FIFA world championship.Cricket is the most craziest game in INDIA then why Satyam is going for football". He then said that Satyam is a MNC and explain the difference between the cricket playing nations and football playing nations for around two mins.Then i again wished him and left the room.

Interviews was continued the next day(29th Feb) also and the results were announced at 3:30 pm on 29th feb 2008.

Totally 122 students were selected and iam one of them.Out of 122 students 61 are from our College i.e.,Narayana Engineering College Nellore. I hope this may help you in facing your interview

SATYAM PAPER ON 29th FEBRUARY AT WEST BENGAL

Hi friends, This is Arnab Roy from BUIE, Bankura. I am a student of EIE ,3rd year. We were informed that there will be a campus selection at UIT, Burdwan on 29th feb,2008. Before going into the interview i had prepared for the aptitude test from R.S.Aggarwal and also had scanned thru some puzzles from Shakuntala devi and George. J. Summers. and i would also like to thank freshersworld for uploading candidates experiences which had helped me a lot.

On 29th, the selection process started with the apti test. there were 15 q's and we were given 30 mins. there were questions from ages, probability, ghraphical interpretation, profit n loss,

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

pyramids and puzzles. Since there were upper n lower cut off marks so i was very careful about ticking the right option. and i would advise all of u to be 100% confident before marking ur answer. however the results were announced at around 2 o'clock and i had cleared the apti test.

Before going for the interview rounds we had to fill up a resume form where we had to fill our respective details. then we were given different topics to write an essay and mine was "Is IPL league making a mockery of cricket". this wasnt an elimination round but it was to test our english power. then we had the interview rounds.

First was the HR round. The interviewer was a very friendly person. He had asked me about what i had for my lunch. He even inquired whether i m feeling well or not. then he scanned thru my essay and asked few q's related to it. i answered them very confidently. he looked impressed and then he asked me to move to the techical panel.

In the TECHNICAL round the following q's were asked....Introduce urself.

What all subjects u r having in ur current 6th semester.

few q's from networking were asked... like LAN, WAN, MAN and their areas of use.

a puzzle was asked that "if the drying time for one of the cloth is 30secs then how much will be taken for 10 clothes to dry, all being hanged at a time".

then i was asked whether i had studied any other language other than C.

the interviewer then asked me about instrumentation and its implementation.

I answered all the q's confidently with eye to eye contact

After all these q's the interviewer seemed to be impressed with my ans and then he started asking me casual q's like which city i would like to be placed, whether my family would have any problem if i stay far from them and if other companies like TCS ,IBM offers me 25% more salary than Satyam what will i do.

At last i was asked whether i have any q's, and i asked 2 q's-- what type of work i will have to do for Satyam after i join and whom will i have to report for my day to day responsibilities.

I got my answers and i thanked the interviewer. he in return thanked me and shaken hands with me. and i left the room...

Reullts were announced the very next day at around 2 p.m. and eventually i discovered that now I AM A SATYAMITE.....

Wish u all the very best and see u all at Satyam..

Satyam PAPER 1 -- GENERAL APTITUDE

Directions: Each question given below consists of a word, followed by four words or phrases. Choose the lettered word or phrase that is most nearly opposite in meaning to the word in the question.

ANTONYMS

1. Disregarded

- (a) heed
- (b) hopeful
- (c) evade
- (d) dense

Ans. (a)

2. Obviate

- (a) becloud
- (b) necessitate
- (c) rationalize
- (d) execute

Ans. (b)

3. Superficial

- (a) profound
- (b) exaggerated
- (c) subjective
- (d) spirited

Ans. (a)

4. Abide

- (a) retract an offer
- (b) refuse to endure
- (c) shield from harm
- (d) exonerate

Ans. (b)

6. A Brown female could have had

- I. a grandfather born Red
- II. a grandmother born Red
- III. two grandfathers born Brown

- (a) I only
- (b) II only
- (c) I and II only
- (d) II and III only
- (e) I,II and III

Ans. (c)

7. A male born into the Brown group may have

- (a) an uncle in either group
- (b) a Brown daughter
- (c) a Brown son
- (d) a son-in-law born into the Red group
- (e) a daughter-in-law in the Red group

Ans. (a)

8. Which of the following is not permitted under the rules stated?

- (a) A Brown male marrying his father's sister
- (b) A Red female marrying her mother's brother
- (c) A man born Red, who is now a widower, marrying his brother's widow
- (d) A widower marrying his wife's sister
- (e) A widow marrying her divorced daughter's ex-husband

Ans. (b)

9. If widowers and divorced males retained the group they had upon marrying, which of the following would have been permissible? (Assume no previous marriages occurred)

- (a) A woman marrying her dead sister's husband
- (b) A woman marrying her divorced daughter's ex-husband.
- (c) A widower marrying his brother's daughter
- (d) A woman marrying her mother's brother, who is a widower
- (e) A divorced male marrying his ex-wife's divorced sister

Ans. (d)

Questions 10-13

Tom wishes to enroll in Latin AA, Sanskrit A, Armenian Literature 221, and Celtic Literature 701.

Latin AA meets five days a week, either from 9 to 11 A.M or from 2 to 4 P.M.

Sanskrit A meets either Tuesday and Thursday from 12 noon to 3 P.M., or Monday, Wednesday,

and Friday

from 10 A.M to 12 noon.

Armenian Literature 221 meets either Monday, Wednesday, and Friday from 12:30 to 2 P.M., or Tuesday and Thursday

from 10:30 A.M to 12:30 P.M

Celtic Literature 701 meets by arrangement with the instructor, the only requirement being that it meet for one four-hour session or two two-hour sessions per week, between 9A.M and 4 P.M from Monday to Friday, beginning on the hour.

10. Which combination is impossible for Tom?

(a) Latin in the morning, Sanskrit on Tuesday and Thursday, and Armenian Literature on Monday, Wednesday, Friday

(b) Latin in the afternoon and Sanskrit and Armenian Literature on Monday, Wednesday, and Friday.

(c) Latin in the afternoon, Sanskrit on Monday, Wednesday, and Friday, and Armenian Literature on Tuesday and Thursday

(d) Latin in the morning and Sanskrit and Armenian Literature on Monday, Wednesday, and Friday

(e) Latin in the afternoon, Armenian Literature on Monday, Wednesday and Friday, and Celtic Literature on Tuesday

Ans. (d)

11. Which of the following gives the greatest number of alternatives for scheduling Celtic Literature, assuming that all other courses

(a) Latin in the afternoon and Armenian Literature Monday, Wednesday and Friday

(b) Sanskrit on Tuesday and Thursday and Armenian Literature on Monday, Wednesday and Friday

(c) Latin in the afternoon and Armenian Literature Tuesday and Thursday

(d) Latin in the morning and Sanskrit on Tuesday and Thursday

(e) Sanskrit on Monday, Wednesday, and Friday. and Armenian Literature on Tuesday and Thursday

Ans. (a)

12. If the Celtic instructor insists on holding at least one session on Friday, in which of the following can Tom enroll?

(I) Armenian Literature on Monday, Wednesday, and Friday

(II) Sanskrit on Monday, Wednesday, and Friday

(a) I only

(b) II only

(c) both I and II

- (d) I or II but not both
- (e) neither I nor II

Ans. (d)

13. Which of the following additional courses, meeting as indicated, can Tom take?

- (a) Maths--Monday, Wednesday, and Friday from 10A.M to 12 noon
- (b) French--Monday, Wednesday, and Friday from 11A.M to 12:30 P.M
- (c) English--Tuesday and Thursday from 2 to 4 P.M
- (d) Japanese--Tuesday and Thursday from 1 to 3 P.M
- (e) Old Norse-Icelandic--Monday only from 12 to 3 P.M

Ans. (b)

Questions 14-18

- (1) Ashland is north of East Liverpool and west of Coshocton
- (2) Bowling Green is north of Ashland and west of Fredericktown
- (3) Dover is south and east of Ashland
- (4) East Liverpool is north of Fredricktown and east of Dover
- (5) Fredricktown is north of Dover and west of Ashland
- (6) Coshocton is south of Fredricktown and west of Dover

14. Which of the towns mentioned is furthest to the northwest ?

- (a) Ashland
- (b) Bowling Green
- (c) Coshocton
- (d) East Liverpool
- (e) Fredericktown

Ans. (b)

15. Which of the following must be both north and east of Fredricktown?

- (I) Ashland
- (II) Coshocton
- (III) East Liverpool

- (a) I only
- (b) II only
- (c) III only
- (d) I and II
- (e) I and III

Ans. (e)

16. Which of the following towns must be situated both south and west of at least one other town?

- (a) Ashland only
- (b) Ashland and Fredricktown
- (c) Dover and Fredricktown
- (d) Dover, Coshocton and Fredricktown
- (e) Dover, Coshocton and East Liverpool

Ans. (d)

17. Which of the following statements, if true, would make the information in the numbered statements more specific?

- (a) Coshocton is north of Dover
- (b) East Liverpool is north of Dover
- (c) Ashland is east of Bowling Green
- (d) Coshocton is east of Fredericktown
- (e) Bowling Green is north of Fredericktown

Ans. (a)

18. Which of the numbered statements gives information that can be deduced from one or more of the other statement?

- (a) (1)
- (b) (2)
- (c) (3)
- (d) (4)
- (e) (6)

Ans. (c)

Questions 19-22

Spelunkers International offers exploring tours in eight caves: Abbott, Benny, Caesar, Dangerfield, Ewell, Fields, Guinness, and Hope

- (1) Class 1 spelunkers may not attempt cave Ewell, Fields or Hope
- (2) Class 2 spelunkers may not attempt Hope
- (3) Class 3 spelunkers may attempt any cave

- (4) Cave Caesar may be attempted only by spelunkers who have previously explored cave Benny
- (5) Cave Fields may be attempted only by spelunkers who have previously explored cave Ewell
- (6) Only two of caves Benny, Caesar, Ewell, Fields, and Hope may be attempted by any explorer in a single tour

19. A class 2 spelunker who has previously explored cave Ewell may be restricted in choosing a tour by which rule(s)?

- (I) Rule(4)
- (II) Rule(5)
- (III) Rule(6)

- (a) I only
- (b) II only
- (c) I and III only
- (d) II and III only
- (e) I, II and III

Ans. (c)

20. In how many different ways may a class 1 spelunker who has never explored any of the eightcaves before set up a tour of three caves, if she wishes to explore caves Abbott and Caesar?

- (a) 2
- (b) 3
- (c) 4
- (d) 5
- (e) 6

Ans. (b)

21. What is the maximum number of caves that a class 3 spelunker who has previously explored only cave Benny may include in a single tour?

- (a) 4
- (b) 5
- (c) 6
- (d) 7
- (e) 8

Ans. (b)

22. If $x + y = 3$ and $y/x = 2$ then $y = ?$

- (a) 0

- (b) $1/2$
- (c) 1
- (d) $3/2$
- (e) 2

Ans. (e)

23. How many squares with sides $1/2$ inch long are needed to cover a rectangle that is 4 ft long and 6 ft wide

- (a) 24
- (b) 96
- (c) 3456
- (d) 13824
- (e) 14266

24. If $a=2/3b$, $b=2/3c$, and $c=2/3d$ what part of d is b/

- (a) $8/27$
- (b) $4/9$
- (c) $2/3$
- (d) 75%
- (e) $4/3$

Ans. (b)

25. Successive discounts of 20% and 15% are equal to a single discount of

- (a) 30%
- (b) 32%
- (c) 34%
- (d) 35%
- (e) 36

Ans. (b)

26. The petrol tank of an automobile can hold g liters.If a liters was removed when the tank was full, what part of the full tank was removed?

- (a) $g-a$
- (b) g/a
- (c) a/g
- (d) $(g-a)/a$
- (e) $(g-a)/g$

Ans. (c)

27.If $x/y=4$ and y is not '0' what % of x is $2x-y$

- (a)150%
- (b)175%
- (c)200%
- (d)250%

Ans. (b)

28.If $2x-y=4$ then $6x-3y=?$

- (a)15
- (b)12
- (c)18
- (d)10

Ans. (b)

29.If $x=y=2z$ and $xyz=256$ then what is the value of x ?

- (a)12
- (b)8
- (c)16
- (d)6

Ans. (b)

30. $(1/10)^{18} - (1/10)^{20} = ?$

- (a) $99/10^{20}$
- (b) $99/10$
- (c) 0.9
- (d) none of these

Ans. (a)

31. Pipe A can fill in 20 minutes and Pipe B in 30 mins and Pipe C can empty the same in 40 mins.If all of them work together, find the time taken to fill the tank

- (a) $17 \frac{1}{7}$ mins
- (b) 20 mins
- (c) 8 mins
- (d) none of these

Ans. (a)

32. Thirty men take 20 days to complete a job working 9 hours a day. How many hours a day should 40 men work to complete the job?

- (a) 8 hrs
- (b) 7 1/2 hrs
- (c) 7 hrs
- (d) 9 hrs

Ans. (b)

33. Find the smallest number in a GP whose sum is 38 and product 1728

- (a) 12
- (b) 20
- (c) 8
- (d) none of these

Ans. (c)

34. A boat travels 20 kms upstream in 6 hrs and 18 kms downstream in 4 hrs. Find the speed of the boat in still water and the speed of the water current?

- (a) 1/2 kmph
- (b) 7/12 kmph
- (c) 5 kmph
- (d) none of these

Ans. (b)

35. A goat is tied to one corner of a square plot of side 12m by a rope 7m long. Find the area it can graze?

- (a) 38.5 sq.m
- (b) 155 sq.m
- (c) 144 sq.m
- (d) 19.25 sq.m

Ans. (a)

SOME QUESTIONS WHEREIN TWO STATEMENTS ARE GIVEN ARE ALSO THERE
WHERE YOU HAVE TO TELL WHICH STATEMENT IS CORRECT
SOME QUESTIONS ALSO APPEARED FROM THE BARRON'S GMAT GUIDE.
PAGE NO. 439 PASSAGE AND QUESTIONS 1 TO 9
PAGE NO. 440-441

PAGE 442 PASSAGE 2

ALSO REFER TO BARRON'S GRE BOOK FOR ADDITIONAL ANALYTICAL QUESTIONS.

PAPER 2--GENERAL AWARENESS

1. Who is the father of computers
2. Expand HTML,DMA,FAT,LAN,WAN,FDDetc
3. Which was intel's first microprocessor
4. Convert 1024 (in decimal) to octa and hexadecimal form
5. First microprocessor was
 - (a) 8085
 - (b) 8088
 - (c) 8086
 - (d) 80487
6. Give the name of a processor produced by mortorola?
7. What is the full form of WindowsNT ?
8. What is the difference between 8087 and 8086

BESIDES THIS QUESTIONS WERE ALSO BASED ON IBM PC CLONES, BASIC QUESTIONS ON GUI

SIMPLE PROGRAMS LIKE FINDING FACTORIALS, LARGEST OF THREE NUMBERS ETC. HAVE ALSO BEEN ASKED IN THE PAST.

Satyam Aptitude test IIIT Noida.

30 min. 15 ques.

1/4 negative marking.

1. From a total of 10 bulbs 6 bulbs are working. One has to choose 3 bulbs out of them. what is the probability that all the 3 bulbs will be glowing.
 - a) 1/6 b) 1/29 c) 1/29 d) 30/29 e) None of these.
2. A sum at a given rate of intrest becomes 1200 in 4 yrs. 2000 in 5 yrs. what was that sum.
 - a) 2000 b) 1500 c)2500 d) 1800 e) None of the above.

Ans... e) None of the above. (sum800)

3. Three teams J,K,L . some conditions like J is in the left of K , L is in the middle of K and L and so on.

4. Students fail in at least $2n-p$ subjects. n is the number of subjects.
 p is an integer. If total number of failures is 63. what is the number of students.

5. if STRONG is written as ----- . Then ENERGY will be written as -----.

6. G,R,S are three towns. If G is North west of S. R is east of S. which city is north most.

7. Side of cube add to 4 feet. what is the volume of cube.
i) 64 inch^3 ii) 128 inch^3 iii) 512 inch^3 iv) None

Ans i) 64 inch^3 .

8. Logical reasoning ...If battery is down Razor will not work.

9. If tomato price is hiked by 65%. Apple price by 10%. Tomato is now dearer than apple. Some conclusions.....

10. In a chessboard of 64 squares. Pearls are to be decorated such that each corner has 1 pearl.
And each side has three pearls. How many pearls will be required.

11. A number plate has 3 digits. If first digit is always 1. And rest two digits are in ascending order. Total number of differnt numbers that can be given the number plate.

12. Data interpretation. 3 pie charts and a histogram were given. What is the average ?

13. Number generator... If a given sequence was given to the number generator ,it processes the sequence as....

step 1: Multiply each number by 2.

- step 2: sort the numbers in ascending order.
- step 3: increase 1st, 3rd and 6th number by 6.
- step 4: again sort.
- step 5: add 1 to 1st, 2 to 2nd , 3 to 3rd , 5 to 4th, 7 to 5th, 11 to 6th .

(Pattern was not given only output sequence was given, you have to identify this pattern.)

If given sequence is input of the number generator. What will be it's state in step 4.

14. Odd one out. Very simple, 4 were geometric figures and last one was a zig-zag.

15. Average of 8 scores is 85. After removing the "maximum" score and next to maximum which is "maximum-2".The average comes out to be 83.What is the maximum.

GD topics .

10 min. 10 members each Group.

1. Higher education in India or abroad.
2. Mercy Killing.
3. Positive impact of Western culture on India.
4. Younger man should marry a elder woman or not. (absolutely not...).
5. Love marriage or Arrange marriage.
6. Banning new year party safe or not.
7. Dress code in colleges.
8. Copying the west.
9. Working woman Vs House wife.
10. Should mobile phones be banned or not ?
11. Current education system.
12. Should follow western culture or not.
13. Effect of Extra marital affairs on marriage life.

SATYAM-Placement Paper-15 July 2006-Delhi

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Totally 15 aptitude questions. 30 minutes given.

I dont Remember questions but i can tell u wht kinda questions came so that u can practise it from R.S Aggarwal.

There was questions on clock, calender, series, cards, age, 5 LR questions, and other are easy ones

The cut off was 4.5 marks there is a +1 for correct answer and -1/4for wrong answer. If u know answer then only u shd mark else not...

After that they took a GD

The GD group is chosen by random.. So u'll find ur self among strangers as they divided students of same branch in different grps. Actually there are groups of 8 people each. And most of them were not speaking much. they gave 1 min to think on the topic.

My topic was Pepsi and coke should be banned in India or Not? Be Confident and try to make some valid pts in the GD so that u come in Notice of the moderator. Dont speak much as one of my freind was not selected as he was speakin too much

Other topics :

1. Agni
2. Strike of Doctors

They Selected only 21 students from GD

Then ther was a Tech + HR Interview both Combined...

It was quite easy for me...They asked abt family background, ur weaknesses.. They may ask u to prove ur weakness so be prepared for it.

Then they asked C++ and DS as i was from IT Field interview was quite easy.. so dont take tension of that

try to give answer for every question.. if u want to say NO then say it properly that u dont know the answer. Just be confident and make proper eye contact with the interviewer and also Smile in the interview so that they think u dont have any problem.

SATYAM-Placement Paper-03 July 2006-Visakhapatnam

Totally 15 aptitude questions. 30 minutes given.

1. time and distance

A car traveling with speed of 80 kmph travels for 10 hours what will be the gain in speed if it had to travel thru the same distance in 8 hrs.

Ans:20

Visit www.123eng.com for latest Jobs

2. Number series ??,55,66,48,61,74,60,75,90,

Ans:44

For every set of three numbers there is increase of 11,13,15 respectively

3. some algorithm is given u need to execute it, its some what like

$R=2$

$R=R*R$

$J=R*R+R$

$K=-----$

Something of that sort

4. calendar problem if today is 14 July 2004 is Sunday, what is 17 September 1871

5. Reasoning (relation between statements)

6. Reasoning (relation between statements)

7. compound interest. If the difference in compound interest and simple interest for 3 years at rate of 20 % per annum is 48 then what is the principle amount

8. pyramid problem.

9. 11 players of cricket team. captains age was 28, wicketkeepers age was 25. if their ages are removed then the average age of the remaining players is 1 less than the average age of team what is the average age of the team

10. there are 12 trains from patna and Delhi how many ways can a man travel by not traveling in same train more than once

ans:132

11. Figure problem. Three figures given. Find the fourth one

12. one data interpretation question was given hard one

13. one logical reasoning question

14. one logical deduction question

that's all I remember total of 307 members attended and 220 got thru written exam the cut off was 4 marks there is a +1 for correct answer and -1/4 for wrong answer.

Avoid guessing try to answer around 8-9 questions perfectly and I am sure u will get thru. Don't put wrong answers

GD

The GD group is chosen by random.. So u'll find ur self among strangers. I'll advise u to familiarise urselves in the 10-15 minutes u get before u enter the room. Actually there are groups of 10 people each. And most of them were not speaking much. Ours was more calm and peaceful group. All of us were for the topic and 4 of us got thru. Don't worry cause 3/4 of those who didn't..were too shy to speak..So almost all who spoke freely & made valid points got thru. Our topic was does private colleges give better education than govt colleges ? some other topics were, mobile ph. ban on colleges, dresscode at job, reverse brain drain etc. but ur not given choices..the moderator gives u one.

they selected 94 out of 220 for technicals. I cleared this one also.

Technical

It was quite hard. They had only few ppl to choose and had whole day left so each persons interview lasted for 40 mins. If ur from mechanical background be prepared to answer question s on C language. And some hr questions like whts use of mechanical engineers for us..etc

Out of 94 only 55 got thru

SATYAM-Placement Paper-July 2006

(1)Written Test:- As all of u know SATYAM's pattern consists of 15 ques where u will be scoring 1 mark for correct answer and 25% deduction for every wrong answer.

Note:-I wud like to say u that attempt only the ques u know pretty well. PLZ make sure that guessing or answering all the ques u may be disqualified. B4 going to take the test make sure u r thorow with all the previous papers bcoz then u can get 4 to 5 repeted. Also attending 6 to 7 ques is more than enough.

(2)Group Discussion:- This is what all call as the toughest part of SATYAM's recruitment process. But never feel so bcoz if u can contribute some 2 to 3 points its enough.

Note:- For to be sucessful in GD u shud follow certain rules such as

- 1.Body posture.
- 2.Eye contact
- 3.Never and ever look at the observer this will make a negative impact abt u in the observers mind.
- 4.Stick to the way u started the topic and go only in 1 way. Never talk on both sides of the topic.
- 5.Never question any in person r never say like u r wrong and never talk to in person talk to the whole group.
- 6.Initialisation is a plus point but it doent mean that if u initialise u will be selected. Make the topic 4rm u if u r well versed r talk at no 3 r 4 positions. There is no difference in any of the

positions actually.

7. Dont over act by saying too many time like lets give us a chance to our frnds.

8.Its always better to be frank like if u r not well versed with the topic u can start as --- well frnds i am not that knowledgeable at this present topic but from our discussion i understand that -----.
Its just ur wish r u can make on ur own.

I started ay no 5 position and the topic given to our group was Impact of films on youth. One person took the initialisation but he was not able to make the sentence complete and from there started the topic diversion and every thing went wrong and at last i thot that if our discussion goes in such a way then there is a chance that the whole group can be disqualified so that i dragged the discussion on the topic.

(3)INTERVIEW:- In SATYAM both the tech & HR interview are combined so that if u r good at HR ques then u can get into. The HR asked me the 1st ques that How is our recruitment process n i thot the he asked how r u n i said 5n thank u sir. Then he was surprised by the answer i left. He stressed its 2 hard day na? Then i understood and 4rm then onwards it was just a formal interview both the HR's were very cool it was just like talking with my frnds n i didnt felt as i was in the Final round. There only they asked r u ready to make a bond n i said if u ask for 3 years also i am ready. They will ask finally r u having any ques Never say that u r not having any. Bcoz this will make u a very bad impression on u.

SATYAM-Placement Paper-23 June 2006-Mumbai

I am very glad to say I have been placed in Satyam. I am uploading the paper of Satyam, on-campus recruitment held on 23rd June 2006, for both 2006 and 2007 batch.

1. Which day was 29th May 1883?

A.)Monday (always one qs on calendar is present)

2. A man takes 2600 Rs (not exact fig) on simple interest, and immediately lends it out at compound interest at 10% p.a for 2 yrs. What was his profit?

(Always 1 qs on compound interest)

3. 6 offices have 2 be allotted to six people: Salma, Clara, John, Jack, Tim, and Paul.the offices are side by side.Salma is given office with largest window. Clara can't stand people who smoke and speak. (Conditions not exact but similar)

1. Jack, Jack, Tim smoke.

2. John and Tim like to talk often.

3. Clara is given room no.5

Which room is Tim allotted?

Options: 3, 2, 1, can't say. (Ans room no: 3, not sure...)

4.

I.)OA= 5 cm, TA=6 cm

II) $\angle TAB = 30^\circ$ degrees.

Which of the conditions is enough to find AB?

Options: I only, II only, both I and II, Neither.

5. Complete the following:

?

40 44

14 17 18

2 5 5 6

Ans: $95 (2+5=7+7=14, 5+5=10+7=17..$

$14+17=31+9=40, 17+18=35+9=44$

$40+44=84+11=95)$

6. Given the following sequence, what is the output of 73 44 65 25 62

Step I: 96, 85, 42, 55, 20

Step II: 192, 170, 84, 110, 40 ($96 \times 2, 85 \times 2, 42 \times 2..$

Step III: 40, 84, 110, 170, 192 (arrange above step in ascending order)

Step IV: 42, 84, 112, 170, 194 (to alternate nos add 2: $40+2, 110+2..$

Step V: 207, 181, 119, 89, 45 ($42+3=45$, Check the pattern)

$84+5=89, 112+7=119, 170+11=181, 194+13=207$, then arrange in descending order)

Thus follow above pattern for input: 73, 44, 65, 25, 62

7. A covers $1\frac{1}{4}$ times the distance as B. If A gives B a lead of 200m, how far is the winning post so that both reach at the same time? (Refer R S Aggrwal, Races and games of skill)

Ans: 40 m.

8. Alloy of iron & zinc 5:6, alloy of zinc and copper 7:8, if both mixed, zinc in new alloy?

9. What is the next figure?

Ans:

10.1 question on probability

11. One passage given. you are asked to choose the option which summarizes it best.

12. Another passage and some questions based on it are asked

For preparing refer R S Aggrwal quantitative and also if possible try to refer R S Aggrwal Verbal and Non-verbal

24 JUNE, GD AND INTERVIEW HELD

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Each grp had 10 ppl.my topic was "should cricket be made the national game?"

NOTE: plz go in formal attire - girls salmar kameez +dupatta or trousers/shirt, (jeans, casual tops strict taboo..)

Try 2 initiate, raise valid points, it will be mayhem but try to be heard and be confident.

Interview:

First it began with tell me abt urself, where do u stay, what r Ur hobbies.. ur project Etc?

Which is Ur fav subject? I said C++

1. What is object and class?
2. What is diff btwn overloading and overriding?
3. Syntax of inheritance from a class, give real life example of inheritance?
4. What is data abstraction?

Some other qstns

5. What is outer join, left outer join, how 2 find avg salary of employees given 2 tables?
6. Types of sorting techniques, how to delete a child node in binary tree (only algo)
7. Fibonacci series prog

For Extrx/Extc ppl separate panel is present which asks qstns pertaining to tat subject, but they may also ask basic c/c++'

Wish Everyone all the best!

SATYAM-Placement Paper-June 2006-Ahmedabad

I was selected in Satyam recently in the last off campus held in Ahmedabad.
And want to share my experiance wid u.

See frankly speeking it's not so tough to select in Satyam,

1st Round: Apptitude Test, only 15 question in 30 min.
just go through old papers of Satyam,then u can dafenately crack it.

2nd Round: GD

they are eliminating most of the guys from GD

So try to initiate in GD.

And ya most important thing , remember that u r doing discussion not debate.

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

i have just initiated abt my topic then i didn't speak even a bit. i wasn't participate in debate. then they told me to conclude finally.

My topic was: Is there logical to give voting rights to illiterate people?

And i was at nagative side.

Other Topics:

Sachin tendulkar's career is on the verge of ending?

And other topic regarding Ganguly.

3rd Round: PI+HR

If u cleared GD, then 80% u will be selected.

they asked me only one tech. Question And else part is HR

tech. que. : What is light weight and heavy weight compo. in Java?

SATYAM-Placement Paper-May 2005-Coimbatore

Totally 15 aptitude questions. 30 minutes given.

1. time and distance (2 bullets fired in 38 minutes gap. It was traveling in 330 m/s. vyoms.com
A man traveling in a car heard the sound in 36 minutes delay. What is the speed of the car?
2. letter encoding (ex: XYZ -> ABC then PQR -> ? , like this(but easy))
3. Given some number as input and they given 5 set of output strings. For a new set of input strings we have to find the output.
4. clock problem
5. Reasoning (relation between statements)
6. Reasoning (relation between statements)
7. compound interest.
8. pyramid problem.
9. finding the average salary
10. Encoding binary system.
11. Figure problem. Three figures given. Find the fourth one.

Remaining I am not remembering.

Visit www.123eng.com for latest Jobs

GD topics were

Are women better managers than men?
Reservation in education?
Physical education must included in the curriculum ?
Connecting the rivers in India?

SATYAM-Placement Paper-25 April 2006-Kolkata

I attended Satyam campus at techno india college, kolkata on apr 25,26 2006.

The process has four stages :

- 1] Aptitude test - 15 questions,30 mins
- 2] GD - 12/14 member groups
- 3] Technical Interview &
- 4] HR

Aptitude [5 options for each question]

1] In a certain savings scheme,in the fst 2 yrs the rate of interest is 4%, in the next 4yrs it's 6% & every yr thereafter is 8%.Wht was the total money saved if at the end of 9 yrs total interest is 11200.

2] A problem on number pyramid which was not easy.

3] Complete the series 100,41.25,100, ?,100,73.75. [Ans 57.50]

4] A Train crosses A man standing on a platform which is 240 mtrs long in 13 secs & the platform itself in 25 secs.wht was the speed of the train? [Ans 72 kph]

5] A problem on bar charts..u'll find on RS Agarwal book.

6] logical reasoning question also frm RS Agarwal..Women of wyomong were given voting rights by legislature..why do u think that they were given the rights.

7] A mental ability question..in certain language if % represents 0 & # represents 1 & also the value increses 1 for every right shift [i dont remember the exact language] then how do u represent $[5(5^{(5-4)})/5]^{3}$?

two other questions of logical deduction type [tougher]...takes a lot of time..I wouldn't advice to attempt those.

that's all I remember about apti.remember there is 1/4 negative foreach wrong so play safe. I think the cut off was 5..out of 1450+ aspirants they selected 532 for GD. I also made thru.

GD

The GD group is chosen by random..so u'll find ur self among strangers. I'll advise u to familiarise urselves in the 10-15 minuites u get before u enter the room. We made a gentlemans agreement tht everyone will get opprtunity..cause we knew that entire groups were getting

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

rejected because of heated arguments. The result was good..6 among 14 of us got thru from tht group including myself. Don't worry cause 3/4 of those who didn't..were too shy to speak..so almost all who spoke freely & made valid points got thru.

our topic was Should there be reservation in the private sector ?

some other topics were nepal crisis,bush visit,narmada andolan,sholud GD topics be chosen by candidates?,mobile ph. ban on colleges,dresscode at job,reverse brain drain etc.

but ur not given choices..the moderator gives u one.

they selected 219 out of 532 for technicals. I cleared this one also.

Technical

For all u MCA students beware..they can & will ask u frm any where in the course. they give u a form to fill up,but dont ask specify fav subjects. The man I had, started by asking me to tell about myself, my hobbies.

Then he went to software engg. - waterfall model, prototyping, the difference between them,CMM,six sigma.

DBMS - what is RDBMS,diff between dbms & rdbms,exmple of rdbms, normalisation.

data structures - sorting techniques,linked lists.

networking - he asked me about it & I said I knew the basics but it would be a little difficult to go beyond..so he did't ask any.

unix - I said the same thing.

In between he asked me why do u want to join satyam. He also asked as to what type of project I would like to do & why.

C & C++: wht is the difference between the two. What happens after C++ code is compiled, its extention, format. Question on files,streams.

just be confident & don't try to hide when u don't know.

HR

It wasn't tough..general chat u & urself, hobbies they even asked about Rang de basanti..they are very friendly.

They finally selected 133 candidates.I didn't figure in the final list...but may be the next time will be mine.

prepare well & u surely can crack it.

(Submitted by:Basu)

SATYAM-Placement Paper-10 Mar 2006-Hyderabad

I attended for satyam off campus on 10 Th march 2006.

Venue: Wesely PG College. Hyderabad.

Total attended: nearly 8000

Visit www.123eng.com for latest Jobs

Finally Selected: 290

Exam is 15 Questions and 30 minutes duration.

My paper was good. Most of the questions from R.S Agarwal

In my paper 5 to 6 questions on reasoning and remaining Quantitative Aptitude.

1. From time and work like 3 men work equals to 8 women work. And a work is completed in 14 days by 5 men and 8 women .Then how many women are required to complete the same work in 10 days.(numbers are not same)

2. A question like 2 puffs is equal to 4 breads and 3 breads are equal to 6 cakes. Then 8 puffs equal to how many cakes.

3. A question from simple interest. A person took 1, 00,000 amt and interest rate is 10% for 5 years. And he paid the amount in installments in first year 10,000 and in second year 20,000 in 3 rd year 30,000 ,in 4 th year 40,000.Then what is amount he have to pay in 5 th year(ans :50,000)

4.Another question from time and work X can do 1/3 rd of work in 10 days and Y can do half of work in 12 days and Z can do the work in 15 days. If X,Y,Z work together for 3 days after that X,Y leaves then how many days it takes for Z to complete the work.

5. One question from Partner ship I don't remember the question.

Remaining questions I don't remember. And I did exactly 9 questions I think those 9 are correct. There is 0.25 -Ve marking for wrong answer try to avoid guessing. Finally from written 1800 was short listed for GD.

In GD group consists of 10 members. My topic is "CELL PHONES USAGE IN EDUCATIONAL INSTITUTIONS". In our group 5 guys and 5 girls. 2 people conducted our GD. At beginning they said the rules don't see ours, try to interact with ur team.

First they asked how many of u participated in GD.And then they give chance to select the topic and each member proposed one topic. Finally they give the above topic. First one guy initiated and then I took the chance and rise almost all important points. In our team only one guy talked -ve to the topic. In our team 4 members cleared the GD.

And other teams GD topics are:

1. Public Sectors Vs Private Sectors
2. About Bush visiting India etc

Coming to interview:

In my panel 2 members are 1 Technical person and 1 HR.

First they introduced and then HR asked tell me about urself other than in the resume.

Then Tech person asked about Project and he asked about platform of my project etc.Then he asked interesting area then I said DBMS then he poured a lot of questions in between HR asked What do u know about satyam, and Why Satyam.are u willing to work in Bhuvaneshwar.If ur parents doesn't agree to move from Hyderabad then what will u do. So be confident .They just looking confidence and basic knowledge in subjects. So finally I get through Satyam and my

reporting date is 24 Th march.

SATYAM-Placement Paper-4 March 2006-Delhi

There are 15 questions and 30 minutes
the figures are not exact i am giving u the bst as far as its possible
like there are three sets i have got second one

Q1:the average weight of four sections A B C D are 43,46,76,87,the average weight of A+B+C+D is 57,average weight of A+B is 43,Average weight of C+D is 67,find out the ratio of students of section A and D?

Q2:There is a question on age?

Q3: The the ratio of the salary of ramesh and gautam one year ago is 7:9, the ratio of their income one year ago to this year are 4:5 and 3:4. The sum of income of both at present is 14000. find out the income of gautam?

Q4:if today 21st may 2004 is a saturday then what day is on 21 may 1994?

Q5:IF one person travel at a speed of 3m/sec then how much he travels in one hour 40 minutes?

Q 6:There is one ques like we have to add if $e=0$, some values are given from which we have to find out the value for O

GOGLE
+YAHOO

76547 ?

Q7:There is a question based on figure ?this is common to all sets

Q8:There is a question on some input given to a machine which performs acc to a pattern described?

Q9:the probability of students appeared for CAT is $\frac{4}{5}$ and for MAT is $\frac{2}{5}$. then find out the prob. that student appeared for at least one test

this what i remember i hope this will help you people

I have cleared the written but failed in GD .The topic of my gd was Brain Drain
There was two HR person Very friendly in nature one Female n one Male.

i was fourth to start n time is around 6 minutes. Well There is always next time. Hope 4 de bst.

ALL THE BEST

SATYAM-Placement Paper-4 March 2006-Pune

I attained the test of satyam on 4-5th march in pune
There were near about 3500 students for the aptitude
From that they select 950 for gd
295 were selected from gd for pi
And finally from pi they select 141 candidates.

Q's of apti was like(I don't remember word to word but I will tell overview)

1. one date&day was given and asked for what might be the day on specific date
2. a simple program to trace the output
3. sachin+sehwag=.9 now if n=3 g=? Simple
4. a,b,c are workers and a&b can do a job in 4days $a+b=4$
 $b+c=7$
 $a+c=5$
now q was who can do that job alone in minimum days?
5. one was from English quite big passage and ask something from that
6. same English something but it was logical
7. rest of all were easy so that I crack it

Then in next round for gd there were group of 10 and give a topic and ask whether everybody is comfortable with it or not if yes continue else another topic

My topic was "string operation"

From my team they select 5 peoples for the interview

Before interview they ask us to fill a form,. Containing personal info, education back, project u have done,carrer objective,why satyam,addition information abt u etc.

Next in technical interview they ask mostly from projects and some what from c
Like file pointer, seek function,
Ipc,thread,process,stack,queue, etc.

Next it was hr round (most of the student's technical and hr interview was taken collectively by the same persone and time was also very less)

In hr they ask abt current company,why satyam,family background..

And finally they declare result where they select 141 candidates

SATYAM PAPER & INTERVIEW - 23 JUN 2006 - MUMBAI

Hi friends

I am very glad to say I have been placed in Satyam. I am uploading the paper of Satyam, on-campus recruitment held on 23rd June 2006, for both 2006 and 2007 batch.

1. Which day was 29th May 1983?

A.)Monday (always one qs on calendar is present)

2. A man takes 2600 Rs (not exact fig) on simple interest, and immediately lends it out at compound interest at 10% p.a for 2 yrs. What was his profit?

(Always 1 qs on compound interest)

3. 6 offices have 2 be allotted to six people: Salma, Clara, John, Jack, Tim, and Paul.the offices are side by side.Salma is given office with largest window. Clara can't stand people who smoke and speak. (Conditions not exact but similar)

1. Jack, Jack, Tim smoke.

2. John and Tim like to talk often.

3. Clara is given room no.5

Which room is Tim allotted?

Options: 3, 2, 1, can't say. (Ans room no: 3, not sure...)

4.

I.)OA= 5 cm, TA=6 cm

II) TAB=30 degrees.

Which of the conditions is enough 2 find AB?

Options: I only, I only, both I and II, Neither.

5. Complete foll:

?

40 44

14 17 18

2 5 5 6

Ans: 95 ($2+5=7+7=14$, $5+5=10+7=17$..

$14+17=31+9=40$, $17+18=35+9=44$

$40+44=84+11=95$)

6. Given foll sequence, what is o/p of 73 44 65 25 62

Step I: 96, 85, 42, 55, 20

Step II: 192, 170, 84, 110, 40(96×2 , 85×2 , 42×2 ..

Step III: 40, 84, 110, 170, 192 (arrange above step in asc order)

Step IV: 42, 84, 112, 170, 194 (to alternate nos add 2: $40+2$, $110+2$..

Step V: 207, 181, 119, 89, 45($42+3=45$, Che tanaS

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

$84+5=89, 112+7=119, 170+11=181, 194+13=207$, then arrange in desc order)

Thus follow above pattern for i/p: 73, 44, 65, 25, 62

7. A covers $1\frac{1}{4}$ times dist as B. If A gives b a lead of 200ms, how far is winning post so both reach at same time?(Refer R s Aggrwal, Races and games of skill)

Ans: 40 m.

8. Alloy of iron & zinc 5:6, alloy of zinc and copper 7:8, if both mixed, zinc in new alloy?

9. What is next fig?

Ans:

10.1 qstn on probab

11. One passage given.ur asked 2 choose option which summarizes it best.

12. Another pssg and some question based on it is asked

For preparing refer Rs Aggrwal quantitative and also if possible try 2 refer Rs Aggrwal Verbal and Non-verbal

24 JUNE, GD AND INTERVIEW HELD

Each grp had 10 ppl.my topic was "should cricket be made the national game?"

NOTE: plz go in formal attire - girls salmar kameez +dupatta or trousers/shirt, (jeans, casual tops strict taboo..)

Try 2 initiate, raise valid points, it will be mayhem but try to be heard and be confident.

Interview:

First it began with tell me abt urself, where do u stay, what r Ur hobbies.. ur project Etc?

Which is Ur fav subject? I said C++

1. What is object and class?
2. What is diff btwn overloading and overriding?
3. Syntax of inheritance from a class, give real life example of inheritance?
4. What is data abstraction?

Some other qstns

5. What is outer join, left outer join, how 2 find avg salary of employees given 2 tables?
6. Types of sorting techniques, how to delete a child node in binary tree (only algo)

Visit www.123eng.com for latest Jobs

7. Fibonacci series prog

For Extrx/Extc ppl separate panel is present which asks qstns pertaining to tat subject, but they may also ask basic c/c++'

Wish Everyone all the best!

(Paper Submitted By : Deepti Das)

SATYAM-Placement Paper-Mar 2006-Nandyal

I attended the satyam off campus at RGM Nandyal it was very easy. In first round the questions were very easy1)There was a graph given and asked to get the production of how many time the production of 1996 from 2000 something like that?Ans)1.52)There was a given numbers and asked to fit a number3)IT was given abt analytical question4)a problem on vaerage5)a problem on Compound interest6)a problem on SI7)a problem on trains9)a question on a given sequence10)a data interpretaion11)a problem on picking up next picture12)a problem on anlaytical question13)also analticalIgot through the written and in gd they asked me abt separate telangana i failed there

SATYAM-Placement Paper-Mar 2006

Here is the pattern.

1st aptitude : very simple.RS AGGARWAL will do.
topics r time&dist,time&work,averages,mixtures,probability,
encoding&decoding,ages problems.

2nd GD topics:

Satyam GD Probables:

1. US war on iraq-justified or not.
2. Role of UN in peacekeeping.
3. Position of Women in India compared to other nations.
4. Environment Management.
5. Is China better than India in software.
6. Should SONIA gandhi be made the PM
7. BPOs in INDIA
8. Govt contribution to IT
9. will punch lines rule the Advt
10. premarital sex

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

11. is china a threat to indian industry
12. india or west , which is the land of opportunities
13. water resources should be nationalised
- 14."BALANCE BETWEEN PROFESSIONALISM AND FAMILY"
15. Effect of cinema on Youth
16. Education in India compared to Foreign nations
17. Is it necessary to ban COCOCOLA in India.
18. What is the effect of movies on youth.(is it good or bad)
19. Are studies more benifitial in India or in Abroad.
- 20."UN's peace activities" and "America's war on Iraq".
- 21."Environment-Whose Responisibility".
- 22.Is China a threat to the indian software industry.
- 23.Role of UN in Peace keeping
- 24.War on Iraq
- 25.About Hockey being the primary game in India.
- 26.Can america occupy iraq
- 27.Cricket shud be banned or not.
- 28.IS CHINA A THREAT TO INDIA
- 29.Present state of Indian Cricket team.
- 30.Love marriage/Arranged marriage.
- 31.Advantages of Co-education.

Hot Topics:

- 1.How to deal with international terrorism.
- 2.Should we pursue our policy of dialogue with Pakistan?
- 3.Is peace and non-violence outdated concepts?

3rd interview:

technical is very simple.C C++,ORACLE,JAVA only basics & ur project.
hr wud b very easy,Q's like tell about urself, why do u want 2 join satyam,
r u ready 2 relocate.

SATYAM-Placement Paper-26 Feb 2006-Bangalore

Pattern for written Test is 15 questions in 30 Min.

Each question carries 1 MARK and for every wrong answer 0.25 MARK

There is a Negative Marking So be Careful. Don't attempt all the Questions there is upper cut off too, If U r Sure about the Answers only attempt it,

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Attempt 12 Questions out of 15, And Make Sure all are Correct, If u know only 9 attempt only 9 questions, Don't Try Luck by Flook Method, U have to Maintain Accuracy, Go in a Group and Write Exam So that All will be Selected.

All questions are Simple. And for some of the questions None of these is also a Answer, I attempted 12 and I am sure 11 are Correct.
Some of the questions

1) A Hexagon(H1) with all sides of length 'a', If Midpoints of the sides of Hexagon are Joined we can get another Hexagon(H2), What is the ratio of Areas of H2 and H1?

2) One question on Ratio Propotion Simple one

3) One question is on arrange seating on a table

4) GRE type one question

5) One Program will be given

$T=1;$

$T1=T+2;$

$T2=T1*2;$

$T3=T-2;$

Up to T7 will be given

Atlast he ask one question on that what will be the value T7 when T=6;

It is also Easy one

6) Calender Problem if 2nd January 2005 is Monday what is the day of 2nd January 1895

7) One question on Time and Work

8) ?

76 120

29 50 73

10 22 31 45

Answer is 193

Solution is $10+22=32-3=29$

$22+31=53-3=50$

That is the Logic Adding two number s in the lower row and subtract 3 from it..

I only Remember this much ..

Questions are not tough. By seeing only we can answer up to 6 or 7 then remaining some what tricky But we can do it

Hope My mail Gave Some Info on Satyam Written Test

In G.D Topics For me are

>Should Mobiles Banned in Colleges or Not

>which state is best for IT Industry

In G.D don't Argue with any One, Just Put forward Ur words Boldly.

That's Enough and Do some Managerial things Like

Giving Chance to ur Friends and Let Others to Talk..

I Havent selected for Interview, Interview also Not that much Tough. Just basic

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Concepts Even if u having Luck They Don't Ask Any Technical Questions
Only 3 to 4 Hr Questions..

Ok My Friends Do Best Up to Ur Level.
I feel SATYAM is the Easiest Recruitment Process I had ever Attended

(Submitted by:Rahul)

SATYAM-Placement Paper-25 Feb 2006-Chennai

Satyam reference for Off campus, 2005 batch on 25 Feb 2006 Chennai

Questions:

1. If speed of car travel at 45 kmph, it reaches destination by 10 minutes late. If it increases speed by 15 kmph more it reaches destination by 5 minutes late. What is the distance from home to destination?
2. If speed of typist A complete its work at 2 hours is equal to the work complete by another typist B at 3 hours. If both together work how much time they will take.
3. If x directly proportional to y^2 and inversely proportional to Z^3 then if $x=20$ when $y=10$ and $z=5$ what is the value of y when $x=10$ and $z=10$.
4. The average of 40 numbers is 369 then if two numbers 36 and 42 are not included then what is the average of remaining numbers.
5. The word ASSASSIN is letter then what is the probability that the SS are not found in the word.
6. If the public service commission is select an member from person x, y, z, u, v, w .some condition like that
Each group has at least three members.
At least two group has one same person.

Visit www.123eng.com for latest Jobs

If X is present then Y is also present.

Which is group selected by public service commission first?

7. In the below separate series addition, subtraction, multiplication, division and exponential of any one to be made then what is the value of the series if three satisfies condition above give same value (not accurate numbers but model exact)

1,5,23

14,27,48

56,...

8. Series problem (not accurate numbers but model exact)

20, 23, 60, 32, 45, 108..

9. Algorithm (not accurate numbers but model exact)

$t=2$

$t1=t+2$

$t2=t1*2$

$t3=t2+3$

$t4=t3*2$

$t5=t4+3$

$t6=t5*2$

$t7=t6/2$

If $t7 < 6$ then

Got to step t3 repeat condition

10. (not accurate but model exact)

1) The price of thing increases its price by some percentage for per coupon wagon.

2) Before the price increase the person able to buy per kg.

1 is sufficient , 2 is not sufficient (like this)

2 is sufficient , 1 is not sufficient

11. Diagram problem

what is the next diagram?

12,13,14 are paragraph question like here problem number 6 model.

com

15.I can't remember

SATYAM-Placement Paper-16 Jan 2006-Hyderabad

Here is SATYAM paper held on 16th jan 2006 at hyderabad.
I think the cutoff is 8.

1. seating arrangement. The question goes on like this.

There were 6 persons a,b,d,e,k,p standing in a row. b is between d and p. e sits between a and k. k doesnot sit after d and a doesnot sit after p and d.

The question was: who were on the extreme ends of the row.

2. It was on number series.

24, 48, 30, 60, 36, ? , 42, 84.

3. Even this was on number series:

35, 25, 49, 35, 63, 45, ? , 55

4. This was on ratio and proportion.

A tin contains alcohol and water in the ratio 7:9. first 20% of the alcohol was removed and the tin is filled with water. again another 10% of alcohol was removed and the tin is filled with water. now how much more alcohol must be removed so that the resultant mixture is the ratio of 5:3 (numbers are not same but model is this)

5. This is on numbers:

when n is divided by 2 it gives quotient of u and remainder 1. when the same number n is divided by 5 it gives quotient v and remainder 3. so which of the following is correct:

a) $3n+4=3(uv+n)$ (equations with u,v and n)

b)

c)

d)

something like this 3 more options are given. we have to find the correct relation between.

6. This was on Blood relation: i dont remember the question.

7. this was on calendar:

if jan 5th 2006 is wednesday. what day does july 4th 1807.

8. One problem on Compound interest.

9. This is on ratios:

a bag contains one rupee, 50 paise and 25 paise coins in the ration 2.5 : 3: 4., amounting to Rs. 210. find the number of coins of one rupee.

10. this was on probability:

multiples of 6 or 8 between 1 to 99. what is the probability that a number selected was a multiple.

11. one problem on areas:this is quite different.

A goat is tied to a rectagle with 12 * 8 mts long. and a goat is tied with a rope of length 10mts to one corner of the rectange. the goat cannot enter into rectangle. find out the area the goat can graze.

12. Averages:

The average 10 members is 15665. If 2 members have 20000. then what is the average of remaning?

13: ratios:

if the ratio of 3 numbers are 3: 4: 5(not exactly same). then which of the following have the same ratio as this:

a) 144:687:456

b).....

c).....

d).....

e).....

Sorry i dont remember other 2 qns.

SATYAM-Placement Paper-Jan 2006

Recently i have attended the satyam interview. the test which i wrote is common aptitude test so it doesnot belong to satyam. but the GD and interviews were conducted by satyam.

Around 250 people attended and they shorlisted 103 students.(it was both for freshers and experienced.)

first they will shortlist the students,for the GD.

in each GD 10 students were participating and the topics given were as follows:

1. mobile phones should be allowed in educational institutions or not.
2. do u support sania mirza on her dressing.

3. comment on today's political parties.
4. reservation system in India.
5. hurricane in US.

After the GD they have selected randomly from each group those who performed well. There was a technical interview.

Based on the group i.e., whether you are EEE or CSE they ask the related questions. The questions which were asked are as follows:

1. What is your favorite subject?
2. Tell me something about transformers?
3. Being an EEE, why do you want to join Satyam?
4. Do you know C more or Java more? (As I wrote Java in my profile they asked me. I said C and they asked all questions from Java).
5. What is polymorphism?
6. What are OOPS concepts?
7. What are access specifiers?
8. What are EJB contents?
9. Structure of JDBC?
10. If C is the mother language then why Java has been developed and used?
11. Explain AND and OR gates with truth tables?

Then the HR interview

1. Tell me about yourself?
2. Are you the eldest?
3. What is your life ambition?
4. If we post you in Bihar for 5 years, then do you resign?
5. Where do you see yourself after 5 years from now?
6. When will you get married?
7. What would be your preference to your job or to your family?
8. Are you ready to sign a bond for Satyam?
9. Any questions to ask?

That's it

They declared the results on the same day. I got selected

Satyam 2007 Placement papers

SATYAM PAPER ON 5th MAY AT BHUBANESWAR

HI FRIENDS,

First of all, I want to tell you that Time gives everything in its own way. I had given 4 written tests and

cleared once. I did lose heart but finally I really worked hard upon my weaknesses n thats why i m here. So, if u r also facing the same situation then work out on removing ur weaknesses n success will b urs.

It was a pulled campus where 126 ppl 4m 3 clgs were there 4m which 46 were selected 4 G.D. n 21 for P.I. the whole process was conducted by Mr. V.R. Krishna who is the H.R of east-zone. He is loyal,honest,simple n very friendly. He made us feel comfortable in d P.I. Finally 12 were selected n Im the LUCKIEST one...

SATYAM selection process hd 3 rounds.

1. Written test based on reasonig n quant aptitude.

2.Group Discussion.

3. HR Interview.

WRITTEN TEST

It had 15 problems of 1 mark each . A 0.25 negative marking was there for every wrong answer. Total time given was 30 minutes. So, time management is imp.

Lower cut-off=8;

Upper cut-off=11;

so, better it wud b if u attempt 9 or 10 correct n sure shot answers bcos u hv 2 do the risk management.

Type of questions:-

1.Number pyramid (very easy)

2. number series:- 25,30,35,42,45,?,55,66 Ans::- 54

3. algorithm input n out given. U ve 2 find out wat'll b at 3rd step...its timetakin...so plz leave it.

4. & 5. its on verbal reasoning

6. pie chart simple

7. Seven friends Amar, Madhuri, Jyoti, Sachin, Ram, Tom & Uday made two teams CAT & MICE among them selves. Condition:

i. Iff amar joins Cat, then ram must be in Mice team.

ii.If Tom joins Cat, then Sachin must be in Mice team.

iii.Madhuri & Jyoti can never be in the same team.

iv.Sachin & Tom can never be in the same team.

Q.If Ram is in Cat who will be in Mice?

8. qs 4m compound intrest from R.S. Agrawal

9. If a train of length 150m crosses a man in 12secs then wat time it will take to cross a bridge of 250m length.... Ans 32sec

10. A person always buys rice for Rs 200/- .if price get increased by 10%, then he will take 2 kg less. Then calculate the incresed price of rice ...Ans is rs.10

11.If the odds against a 45yr man living upto 60yr is 5:3 and a 36yr woman livin 61yr is 3:2 then wat is the probability that both will live 4 next 25 yrs.the figures R not correct.But the process is:::---- $(\frac{3}{5+3}) * (\frac{2}{2+3})$

12. Series of figures r there U've 2 chhose d next figure...very very easy

13. if 14th January 2004 is on Thursday then wat was the day of 14th jan. 1912

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Ans:- $2004-1912=92+(92/4)=92+23=115=115\%7=3$ i.e 3 days before i.e Monday

15] It was an interesting Qn If '\$='0' and '@='1' And if we can write $0=\$$

1=@

2=@\$

3=@@

4=@\$\$

Then find out average of @@@@ and @@@\$\$@

Ans:@\$\$@\$\$

Hints: It is like binary digit conversion and u do it. It's very easy.

GD Most Elimination Round

Some topics are:::---

Ban of petrol n diesel for d sake of pollution

Should education b free upto PG level

Men r Women who R better

N D rest is PI

plz b confident...ve a sweet smile on ur face...n b interactive...ppl 4m cs\it plz b thorough in running time of sortings...java ...os...dbms..data structure

thanx 4 sharin my views.... C U at SATYAM...All d best

By,

Bhupati Kishore Sundaray

SATYAM PAPER ON 28th APRIL AT MATHURA

Hi frnds my name is GHANESH PRASAD GAUTAM (F.E.T Agra College Agra). I was very happy when i saw my name in final list of satyam selection.

This was my third interview. first was in L&T an Second was INFOSYS. i was not selected in those company. but i didn't lost my confidence. But Finally i got placement In SATYAM.

I want to share my experience to u...

There will be three rounds in the requirietment

1) Apt(15 ques in 30 min) *negative marking .25 marks for 1 ques wrong..

2) GD (Currently Topic)

3) Interview(TI +HR)

{ there were 1400 students at the starting time 455 student are selected after apt 200 students selected after GD } *finally 81 students selected

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

if u attempt 7-8 ques which is correct then u will be in first list...(plzz don't try to guess answer) i attempted 7 ques only. my all ques was correct, i know...* u should do all previous papers of SATYAM from this site...** u will get 6-7 ques in ur test..Some QUES FROM my test is here..

- 1- first question was on calendar. (simple go RS Agarwal)
- 2- wht is the difference between SI and CI of 1000Rs where Rate =10%,time =1 yr for SI and Rate is 10.5 in CI, time=1yr.
- 3-there was a ques of average.
- 4-series ques.
- 5-a ques was $A \text{ salary} + B \text{ salary} = 10000$, if A spend 70% of his income, and B spends 80% of his income ,the diff btw there spnd money is 500, then wht is the salary of A.
- 6-if $x=0, y=1, xy=1, yx=2, yy=3$ then what will be the value of $xyxyxy$ (simple use binary concept).
- 7-A Piramid ques.
- 8-Time and Work Problem.

After First Round we go for GD they give us GD Topic.. I want to say u that u should learn these sentence which will help u in GD to Get exta Points.

- 0); Try to start GD first with ur intro.
- 1); My dear friends plz maintain the rules of GD bcoz this is not Debate ,IT is GD ...Plzz BE Cool & CALM.
- 2); My Dear friend LET me complete, u will get chance...
- 3); my dear friend would u like to say some thing.
- 4); Give conclusion.
- 5); Ur voice should be loud.

My Third Round was **Interview** my interview start at 4 am its was fine simple ques from HR and a technical ques

- 1); Abt myself
- 2); Wht i will do when i m a project leader , and my worker r not doing there job.
- 3); Fav Subject.
- 4);Write a Program in C to swap two number(USE two variable concept)
- 5); A Puzzle
- 6);they ask U hav any ques?

All the best guys. trust me handwork pays n prepare well for the interviews. As this was my 3th interview in which i got in. Never ever give up. all the best ppl.

Regards,
GHANESH GAUTAM

SATYAM PAPER ON 28th APRIL AT DEHRADUN

Hi Friends!

I am Saurabh Sundriyal, B.Tech IIIyr (E.C.E), Graphic Era Institute of Technology, Dehradun. I appeared for the Satyam Tech. Recruitment exam on 28-APR-07.

There were 3 rounds- **Apti, GD, Intrvw.**

Total students appeared were 573. Around 200 cleared apti round.

APTITUDE TEST PAPER :-

There were 15 Ques. in 30 minutes. There was also a neative marking of 25%.

So Friends, BEWARE, EFFICIENCY matters in Satyam. I attempted only 8 Questions and I am sure all were correct. People make mistakes by solving 11+ questions with 3-4 of them incorrect. Your efficiency should be good. Even if you attempt 50% of questions, Be sure about them.

Some of the questions are given below:-

1) The radius of a circle was increased in length by some value. If the increase in circumference is 44 cm, the change in radius is

a)5 b)7 c)3 d)8 e) None of these ANS= b) 7

2) If it takes 'h' hours to mow a lawn. Then what part of lawn is mowed in 1 hour?

a)1-h b)1+h c)1/h d) h/(1+h) e)None of these ANS= c) 1/h

3) If 10 oct 2004 was saturday. Then which day will be on 10 oct 1986.....

4) For a given set of numbers as 32, 45, 57, 142, 180, A machine gives following outputs after each step as shown below:

Step 1 33,47,60,146,185

step 2 33,185,60,146,47

step 3 34,185,63,146,52

step 4 52,34,63,146,185

step 5 185,146,63,34,52

If you are given a set of numbers as 7,5,3,9,13, What is the output of machine after step 5 ?

a) b) c) d) e)none of these ANS= e) None of these

5) & 6) Two of these questions were simple english questions based on a small passage individually.

7)Mark the wrong output of following program :-

10 R=2

20 R=R*2

30 E=R*R

40 K=E+2

50 PRINT K

60 IF R<16

70 GOTO 20

80 END

a)18 b)64 c)258 d) e)None of these ANS= b) 64

8) A shopkeeper allows a discount of 25% on market price of an item and sells it for Rs 600 and still gains 20%. Find Original price of the item. (Something like this....)

9) The difference between SI & CI on a certain sum of money for 2 yrs at 2 % per annum is Re. 1. The sum is-

a)625 b)670 c)640 d)650 ANS= a) 625.

10) 6 persons out of which 2 are brothers are to be seated in a circular table. How many possible arrangements would be made such that both of these brothers dont sit together?

a) 21C2 b)21C2-19C2.....(forgot options, Sorry.....)

11) A pyramid-series based question. (Sorry friends! I dont remember it!)

12) Question based on visual ability test. Four figures were there, judge the 5th figure from given options.

13) Given a Quadratic Eqn. $aX^2 + bX + C = 0$. ($a \neq 0$)

I) $b^2 = 4ac$

II) $b = c = 0$

The total no. of roots of given eqn can be found by-

a) Using the given condition only

b) Using both statements I & II

c) Using either statement but not the other

d).....

ANS= a) Using the given cond. only.

14) A,C,F,J,O,?

a)V b)U c)S d)T e)None of these. ANS= b) U.

15).....

GROUP DISCUSSION :-

Friends! SATYAM's focus is in GD Rounds. You must be fluent in English with adages and examples on tips to support your views. Some of the topics of GD are:-

1 Should Dress Code be there in Engg. colleges or not?

2 Black

3 Should Cell phones be banned inside college campus or not?

4 Is 'Kaun Banega Crorepati' a money game or a knowledge based show?

5 IT Rvolution in INDIA.

6.....

There were groups of 10 each with GD time duration of 10 minutes. Some topics were asked by students to be suggested.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

INTERVIEW :-

Before interviews, they asked to fill a form in which certain questions were asked to be answered, given as below :-

- Q) Why SATYAM should hire you? (4 lines)
- Q) Where do you see yourself after 5 years? (4 lines)
- Q) What makes you aspire for satyam? (4 lines)

Some other details were also to be mentioned there. They dont ask for CV. Only this form is important. But keep one with yourself.

In interviews they checked General awareness (Like IT..). CS and IT students were asked technical questions. For non-IT engineers, they asked that how they can help their company and few technical questions? Also they asked HR questions.

They told that they choose about 10% of total appeared students in pool campus. Finally 57 candidates were selected out of which 34 were from our college.
CHEERS to GEITians....

ALL THE BEST for SATYAM aspirants.....
"Never Ever Give Up in Life !"

SATYAM PAPER ON 27th APRIL AT KANNUR

Iam Mohammed Aslam,6th semester ece student.I got selected in SATYAM COMPUTERS on 27th april 2007. Let me share my experience of SATYAM recruitment with u people.

Students appeared:- 400approx.
Aptitude cleared:-108approx.
G.D cleared:-70approx.
Finally selected:-30approx.

Eligibility:-

- 1.10th 58%
2. 12th 58%
3. b.tech 58%(2 back logs allowed)

There were three rounds:-

- 1. general aptitude(15 question/30 minutes)**
- 2. group discussion**
- 3. interview(tech cum HR)**

APTITUDE test had negative marking of .25 for wrong answers. correct answers 1 mark

Visit www.123eng.com for latest Jobs

- Q1. Question based on venn diagram.....(they gave a ven diagram)
Q2. find the missing no. 40,50,60,48,56,64,?,53,60,44,50,56 (ans:-46)
Q3. find the missing no.
 ?
 66 66
 28 28 28
 10 10 10 10
 2 2 2 2 2 2 2 2 (ans:-146)
Q4. A thief steals a car and drives at speed 5km/hr. after 1 hr owner in other car chases thief at speed of 8 km/hr. at wat time owner will overtake thief.(not xat question)
Q5. algorithm given..find the wrong output from the options.
Q6. simple interest&compound interest problem
Q7. IF 25TH SEP 1986 IS MON, THEN WICH DAY IS 18TH OCT 1993?
Q8. profit & loss problem
Q9. question on figures like ..find the next figure??
Q10. question n series of numbers....
Q11 & Q12... General english type
(Remaining iam not able to recollect)

Group discussion was on next day. before GD company persons gave a ppt about the company. Next a group of 10 students were made and sent for GD.

GD topics were:-

- 1.kerala gods own country
 - 2.is kerala industrially backward
 - 3.mullaperyar dam
 - 4.hostellites or day scholars
- etc.....all GD topics were related to kerala.

Candidates who cleared the G.D was given a form to fill.this is very important as question from this can come for the interview

interview:-

me:- may i cumin sir
sir:- yes please be seated
sir:- why did u opt ece in b.tech.
me:- bla....bla...bla....
sir:- draw circuit diagram of this that etc.....
me:- drawn confidently(was not sure if it was correct)
sir:- would you like to ask any question to me.
me:- aked two questions
few of my friends were asked to write 8086 programs..

finally we were asked to get collected at seminar hall and name of selected candidates were announced. i was very much thrilled to hear my name in that list.. dear friends never loose hope....work hard.....luck factor also plays a major role...

all the best

hope this info wud be useful to all students aspiring to be a 'satyamite' all the best once again for a bright future.....

SATYAM PAPER ON 21st APRIL AT ANNAMALAI UNIVERSITY

Hi,

Satyam company had come to my college, Annamalai University for campus recruitment. The question paper pattern was as usual like 15 questions to be solved in 30 minutes of time. It had combination of simple aptitude, data sufficiency, small comprehension and 3 logical based question, an encoding and decoding question and an odd man out.

I was both simple and bit complexed.

The results were announced the next day. 90 of us were shortlisted from 350 students. The next round was the elimination round. The topics were really simple. You just had to talk and shout out some good points.

The final round was technical cum HR. The only technical question that was asked to me was Write a C program to display numbers in descending order. Other wise it was like a mere conversation with a senior person.

Initially we were very nervous but it was fun as we entered the last round. So, guys be sure with your aptitude for the rest of the rounds be confident with a dash of presence of mind. I'm sure with these elements cracking the Satyam process would be like a cake walk

By,
Shalmali Barki G

SATYAM PAPER ON 21st APRIL AT LUCKNOW

hai friends... I am Avinash Srivastava B.TECH(IT) from Institute Of Tech & Management, Gida, Gorakhpur. I have been placed at Satyam Computers.

The story of the Campus began on 31-march-07 the date of written test. The written test paper consisted of 15 aptitude questions (including problems of RS Agarwal) (2-ques programs output, 2 series problem, 1 timerelated problem, 5 aptitude 1 sitting problems, two paragraphs(english) etc)

question paper:-(category: written test)

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Q1) If the difference in area of the circle is 15sq cm, the original radius was 5, so find out the new radius.....

1)3 2)4 3)6 4)7 ans=7

Q2) A pyramid problem was given like

		6788	
	678		543
	?	455	233
36	64		121

solve for ? (see RS AGARWAL for pyramid type problems)

Q3) A C program AS whose output was to be calculated

R=2;

E=7;

R=R+1;

IF(R>6)

D=2+R

something like that i dont remember.....

Q4)&Q5) A passage was given u have to choose the right alternative..

Q6) A series problem was given 3,7,12,18___,33. ans=25

Q7) A leap year problem was given as u have to find out the calendar day of the particular date.

Q8) A simple problem including the CP, SP, MP, ROFIT was given.

Q9) A diagram with choose the correct figures.

rest questions i dont remember!!!

TOTAL APPEARED STUDENTS:3650

QUALIFIED WRITTEN: 622

CUTOFF MARKS:08/15

GD:

Topic which I got: CORRUPTION IN INDIA, methods to avoid it, preventions, remedies etc.....
time allotted 10 min, group size=10 selection 0--3 per group. TOTAL SELECTION :211/622

INTERVIEW:

My interview was mainly a technical interview. They didn't ask me the favorite subjects but started asking about the DBMS, OOPS, JAVA, C. questions which were asked to me were:

Q1) TELL me something about yourself?

Q2) Who are Srivastava people ... history about srivastava.....

Q3) What is DBMS?

Q4) what is NORMALIZATION?

Q5) WHAT are normal forms?

Q6) what is difference between BCNF & 3NF?

Q7) HE gave me the table and asked to write the query of reference key, count, sum.....

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

- Q8)ALTER query?
- Q9)What is main signature?
- Q10)WHAT is OOPS?
- Q11)WAHT is the difference between procedue and function?
- Q12)What is INHERITENCE?
- Q13)Given a class CAR give its aggregation and generalization?
- Q14)What are beans? explain its properties?
- Q15)WHAT are drivers?difference between type 2 and type 3 drivers.?
- Q16)Why should i pick u?
- Q17)What is the diffence between call by value and call by reference?

some more questions were there ,SO MY ADVICE IS PREPARE WELL YOUR TECHNICALS, MAINTAIN A GOOD PITCH IN THE VOICE,TRY AND SPEAK FLUENTELY,AND THE MOST IMP MAINTAIN CONFIDENCE.

So,finally the results were announced and I was selected and I will be joining satyam in April-May 2008.

FINAL SELECTIONS 036.

BEST OF LUCKSEE U AT SATYAM.....

AVINASH SRIVASTAVA

SATYAM PAPER ON 20th APRIL AT ANNAMALAI UNIVERSITY

Hi fns,

I am Krithika from Annamalai University,I have got selected in Satyam Computers on campus program.

here comes my experience ,

Aptitude:

It was an usual aptitude done by satyam always,15 questions in 30 minutes and it is quite easy. one was coding, and some was numerical problems and some were data sufficiency, U can clear aptitude very easily if u r strong in basic formulae

2:Group discussion

Topics in GD are very easy....u should not keep mum and have to speak some valid points and my topic was whether today parents are enforcing only on children's academics or they r allowing to become all rounder.... i talked abt they r allowing..... u can clear gd if u have basi communication and some valid points over the topic.

Visit www.123eng.com for latest Jobs

3:HR + Tech:

My hr round was very cool, usual questions like tell abt urself n i was asked abt my project in my college exhibition and they asked for my certificates for that.....

Frns be n stay cool u can get it.....dont get nervous..... All t best

By,
Krithika.V

SATYAM PAPER PATTERN ON 16th APRIL

Hi ppl, I'm Manjunath Krishna from sjc institute of technology. We had pool campus for satyam on 16th april 2007. These are some of the moments which were a part of myself becoming a satyamite.I'm really proud bein a satyamite n all ur experiences added for it!!!!!!!!!!!!.

Day1:- Around 2000+ people took the test n it was really difficult for them to conduct it rather. So we were scheduled to write the test in the second batch. the paper consists of 15 questions n v have got 30 mins to answer them.

1) some basic program

2)find the missing no 2,5,28,257,3126...

soln:- $1^1+1, 2^2+1, \dots, 6^6+1$

3) logical reasonin like miss dennis says engg students r lazier compared to others.(easy one)

4)if a beats b by x1 and a beats c by x3 then?

a) $x1=x3$

b) $x1>x3$

c) $x3>x1$

d)none of these

ans c

5) problem on blood relationship

6)dhruv can go to his school by bus,subway or by walk. he can either go to regular classes or early classes. before he goes to the college, he likes to have hot chocolate or orange juice. in how many ways can tis be done?

ans 12 ($2*3*2$)

7) guess the output problem

8) no pyramid

9) logical reasonin(some terrorists...)

10)some clock problem like a clock loses 25% and gains 30% on days if the time is 1:00 now wats the time after some days. the prob is in rs agarwal.

11) some square problem. the ans is $2n^2$

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

12) partnership problem

13) i bought two cameras for 8200. one of em is sold at 10% loss n the other at 15% gain.if done so the price of cameras are the same. find the cost of the cameras. ans c

14)

15)

guys plz note that u tick the right answer. dont do guessin games cos of negative marking of 0.25 for every wrong answer!!!!. u do have an upper cut off. usually the cut off is 7. Answer 8-9 questions confidently, you'll be in.

we finished the test by 1230 n had to wait for the results. The results were out by 4. hopefully my name was in the list. Around 250 students were shortlisted for GD.

Day2:- The shortlisted students were divided into 25 batches(each consisting of ten for Gd).
the topics in the gd were

- 1) Are women better managers than men.
- 2) love marriage vs arranged marriage
- 3) does sania mirza deserve that hype
- 4) mercy killing
- 5) terrorism in india
- 6) should politicians be educated.
- 7) are men better cooks than women
- 8) should sehwaq play in the team.
- 9) should dravid be the captain of our team
- 10) brand name or hard cash(it companies)
- 11) ragging
- 12) should cell phones be banned in the coll ?
- 13)can computers replace teachers. etc etc....

GD:-

the topic given to us was love marriage vs arranged. four of them were eagerly waitin to inin the gd. but it turn`d to a fish mArket. i remained silent n note down some valuable points n expressed some strong points. (guys plz dont fight or try to dominate you`ll lose points . Rather giving a chance to ur team mates will add points.). finally i took an opportunity n concluded the gd. experss ur ideas in a better way n be confident in a gd.dont interfere when some body is speakin. u`ll be marked down for it too.

well the results for gd were out n i was the only guy in my batch who was selected. the rest were turned down. plz watch out in a gd. 130 were short listed the personal interview.

TECH+ HR INTERVIEW

I was called to attend the interview at 6 in the evenin after a long wait. i'll share some experiences with u. i knocked the door and went in after 5 secs.

inter:-hi!! how was the day

me:- it was really gr8 maam.(full smiles).

int:-take ur seat

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

me:- thank u maam.

int:- tell me somethin abotu urself

me:- blah blah...

int:- that was a nice description abt ur self. tell me somethin wat u've not mentioned in ur resume

me:- i have a work exp with firstsource.(it was a bpo where i worked as a part timer).

int :- oh!! tats gr8. tell me abt ur company

me:- blah blah

int:- tell me abt ur experience in the corporate world

me:- it was really great workin wid first source t. takin calls is pretty challengin. understandin the call scenarios gave a great exp n boost my confidence levels.

int:- y do u aspire to join satyam

me:- " leaders are not found in flock, they r always alone" is an old sayin. but at satyam everyone is a leader. i wa s really empowered by the spirit of thinkin like a CEO etc.etc..

int:- wat do u know abt the company?

me:- full description n was pretty impressive.

I WAS ASKED ABT TECHNICAL STUFF which was really minimal.

some questions ask`d were write a flow chart for binary search, wat r recursive functions, virtual functions, polymorphism, software engg models(as i`m a cs guy). i was able to answer all the question s easily.

Finally, do u have any questions???

me:-dov need to sign a contract/bond as other companies ask for?

int:-s,i`ll ask the aparna(hr) to get back to u on tis issue.

me:- where`ll v be posted to?

int:- anywhere in the world except antartica!!!!!!!!!!(full smiles)

me:- thank u maam

int:- it was pleasure meetin a person like u

me:- thanks mam, have a pleasent evenin

it was 645 when i checked out my watch The results were out by 8 n my name was in the list. I was relly been proud to be recruited by one of the best employers in India. MY parents n frens were happy when i said "I`m a Satyamite!!! ".

All the best guys. trust me hardwork pays n prepare well for the interviews. As this was my 11 th interview in which i got in. Never ever give up. all the best ppl.

Regards,

Manjunath Krishna

SATYAM PAPER ON 16th MARCH AT CHANDIGARH

HI FRIENDS,

First of all , I will advise all of u if u hv a positive mindset no one can stop u . I hd given near abt 10 written tests n not cleared even once. I did lose heart but finally it was a do or die situation 4 me.I really worked hard upon my weaknesses n thats why i m here. So, if u r also facing the same situation then work out on removing ur weaknesses n success will b urs.

SATYAM selection process hd 3 rounds.

- 1. Written test based on reasonig n quant aptitude.**
- 2.Group Discussion.**
- 3. HR Interview.**

WRITTEN TEST

It had 15 problems of 1 mark each . A 0.25 negative marking was there for every wrong answer.Total time given was 30 minutes.So, time management is imp.

Lower cut-off=8;

Upper cut-off=11;

so, better it wud b if u attempt 9 or 10 correct n sure shot answers bcos u hv 2 do the risk management.

Type of questions

1. area of a circle inscribed in a square.
2. probabiltiy
- 3.coding -decoding
4. calender problem
- 5.compound interest n simple interest
- 6.pyramid(find the no. at the top of the pyramid)
- 7.a simple programming question. easy bt time consuming
- 8.a figure problem(5th one had 2 be predicted after a series of 4 figures, was very easy)
9. 3 english paragraphs, n simple questions based on each like drawing conclusions.

Rest i dont remember, only consideration is time.

GROUP DISCUSSION

MAIN ELIMINATION ROUND

We were divided into groups of ten.Our HR asked us to suggest some topics. He was just having a check on our participationin such a simple activity. We suggested many topics ranging 4m marriage to IT industry. The Hr was very cool . Finally he gave his predecided topic " Internet- its uses n misuses".He asked all of us not to argue but to discuss.

Our gd went very friendly. 2 valuable n fresh points n u r cleared. Apart 4m that alwayz ess the group . Dont even dare 2 look towards the HR in any situation. If u r caught in an aggressive group then motivate them 2 hv an amicable discussion.

In the end, HR asked us 2 conclude . Nearly all of us concluded.

INTERVIEW-HR

ME: Gud evening, sir.

INTERVIEWER: Gud evening, have a seat. (I sat). Introduce yourself. (looking at my personal information form)

ME: Sir, i m Gagan jayjee pursuing my B,tech 4m in ece. as a person, i m simple n straightforward. At professional level, m a very hard working person.

INTERVIEWER: OK, Gagan. what r ur strengths ?

ME: Sir, m a hard working person.

INTERVIEWER: How can u say that u r a hard worker.(he was lookin at my % ages at that time)

ME: Sir, i got 88% marks in class X n was a school toppper .In my class XII also, i was the school topper securing 90% marks. And throughout my academic career in college, i hv been a bright student .

INTERVIEWER :thats gud, apart 4m studies hv participated in xtra curricular activities?

ME: yes sir, i hv paricipated in declamation contests n athletic events.

INTERVIEWER: what r ur weaknesses?

ME: sir, whenever i get involved in sm work then i dont care abt my health n work my every nerve to get the things done in the right order.

INTERVIEWER: Why do u want 2 join satyam?

ME:sir, i hv hd an extensive research abt satyam on net n i hv come 2 know that the philosophy of satyam is that they hv a strong BELIEF IN THEIR EMPLOYEES" .So, tom if i hv an innovative idea , then satyam will definitely encourage 2 convert that idea into a viable market product. It encourages its employees towards entrepreneurship.So, i think its the right platform 4 a fresher like me.

INTERVIEWER: I m impressed, ok, gagan, wat do u want 4m life?wats ur aim in life?

ME: Sir , Today m at this end of the table , after my graduation i want to see myself at your end of the table.

INTERVIEWER: thats very gud, DO u want to ask sm question?

ME:sir, can u plz give me a frank assess ment abt my weaknesses so that i can improve upon that n bcome a good IT professoinal.

INTERVIEWER: well gagan, i think u dont hv any(wid a convincing smile). all d best.

ME: thank u sir, pleasure meeting u

After a week, i got 2 know through my coll TPO that m selected n it was the happiest day of my life. Around 4000 students appeared , 1386 got thru written. 415 cleared gd. interviews r still going on. but 125 hv already been selected.

ALL D BEST N SEE U IN SATYAM!!!!!!!!!!

By,
Gagan Jayjee

SATYAM PAPER ON 14th APRIL

Hi friends, I attended satyam ,as a volunteer on 14th april at B.B.S. College of Engineering and Technology,Phaphamau Post-Gaddopur, Allahabad .

Satyam made its aptitude and logical test in WRITTEN FORMAT and the following Changes were made. Total no. of questions were 15 total for 30 marks and test duration was of 30 min. Each question HAD EQUAL WEIGHTAGE OF MARKS i.e.,1

Aptitude questions were from R.S.Ararwal's aptitude book and questions were from areas,series completion ,time and work,problems on ages,compound interest,data interpretation,logical reasoning,time and distance,averages etc.....

G.D topics given as far as I remember were -

- 1) Marriages are made in heaven.
- 2) Child marriage good or bad.
- 3) Cellphone revolution- advantages , disadvantages.
- 4) Are working women bad mothers.
- 5) Brain drain

GROUP DISCUSSION

few very important points to remember

- 1 GD IS ALL ABOUT TEAM WORK, SO EVERY ONE SHOULD GET A CHANCE TO SPEAK. (THE MOST IMP. POINT)
- 2 ALWAYS TRY TO INITIATE A GD BUT ONLY IF U HAVE THE CONTENT.
- 3 AVOID ONE TO ONE DISCUSSION i.e MANTAIN A GOOD EYE CONTACT.
- 4 DONT LOOK AT THE OBSERVER (satyam person) DURING THE GD.
- 5 IF FISH MARKET IS CREATED AND NO ONE IS LISTENING TO U SPEAK LOUDER AND TELL THEM AS MENTIONED BELOW

Then the arrival of interview session and was really hectic.the interview session involved technical interview as well as H.R interview with an average duration of 7 mins.

Finally the list of selected students were called out . The package received was of 2.47 lacks per annum. & was 2 lacks per annum during training with a bond agreement for two years.

GOOD COMMUNICATION SKILLS AND CONFIDENCE IS WHAT THEY R LOOKING FOR

so be prepared u cannot be confident if u r not well prepared All the best and be confident with best wishes

SATYAM PAPER ON 8th APRIL AT BHUBANESWAR

Hi friends,

I am Manoj from Gandhi Institute for Technological Advancement, Bhubaneswar, Orissa. I attended a POOL campus at College of Engineering, Bhubaneswar on 8th April 2007.

There were 1000+ students from various colleges of Orissa.

There were 3 rounds:

A) Written

B) GD

C) Interview (technical + HR)

*The written consisted of 15 general aptitude questions, Data interpretation, a program, etc

A few questions:

- 1) Find the odd man out: EF, AD, BE, EH
- 2) There are 200 mice. They were divided into two groups of equal size. They were given an equal amount of radiation. First group was allowed to eat unlimited food whereas the second group was allowed to eat only in a limited amount. After the test it was found that of the first group 50 had a disease whereas in the second group only 3 were infected. What is the inference?
- 3) Find the angle between the hour and minute hands at 17:55?
- 4) A question on graph, another related to compound interest, one on volume of sphere, one on trains i.e. time and distance, a question to find the next figure in a series, etc.

Around 450+ were selected after written for GD.

Next was the main elimination round i.e. GD. A few topics were YOUTH CAN HELP ERADICATE CORRUPTION, LOVE MARRIAGE VS ARRANGED MARRIAGE, WOMEN EMPOWERMENT, WOMEN ARE BETTER MANAGERS, etc. BE CAREFUL HERE, AS THEY MAY SCRATCH GROUPS WHICH DON'T MAINTAIN GD ETHICS!!!

186 were selected from this round for PI on 9th April 2007.

A few questions I faced in my interview:

- 1) Tell me something about yourself
- 2) About my parents and family background
- 3) About my achievements
- 4) What all subjects you had?
- 5) Tell me about TCP/IP, CSMA/CA, OSI Model
- 6) Tell me about Bubble sort, Quick sort
- 7) About query optimization.
- 8) Why SATYAM?
- 9) Are you really going to join SATYAM?

FINALLY I GOT SELECTED. The total selection was 65.

4] It was a verbal reasoning and it depends on your decision. A paragraph was given related to a shop where the owners want to increase their facility for customers like they want to increase the no. of counters so that customers will not stand in a long queue. There were some answers given related to that paragraph and you have to choose the appropriate one.
Ans.

5] It was like Qn 4. Here something related to passengers of bus like vehicles and of aeroplanes and their increasing no. & accidents were given.

6] A pie chart was given and Qn was asked

7]

8] Qn was verbal reasoning

Seven friends Amar, Madhuri, Jyoti, Sachin, Ram, Tom & Uday made two teams CAT & MICE among themselves. Condition:

i. If Ram joins Cat, then Madhuri must be in Mice team.

ii. If Tom joins Cat, then Sachin must be in Mice team.

iii. Madhuri & Jyoti can never be in the same team.

iv. Sachin & Tom can never be in the same team.

Q. If Ram is in Cat who will be in Cat?

9] A person always buys rice for Rs 200/- .if price get increased by 10%, then he will take 2 kg less. Then calculate the original price of rice

10] What will be the next figure?

Option was given

Ans:

12] 150 m long train passes a telegraph pole for 12 secs. Then how much time it will take to cross 250 m long bridge?

A.29, B.30, C.32, D. , E. none of these

13] It was based on calendar: Given: 19th December 2004 is Sunday Question: 19th December 1912 was: _____

Ans: Wednesday

15] It was an interesting Qn. If '\$='0' and '@='1' And if we can write 0=\$

1=@

2=@\$

3=@@

4=@\$\$

Then find out average of @@@@ and @@@\$\$@

Ans: @\$@\$

Hints: It is like binary digit conversion and you do it. It's very easy.

I did 11 Qns out of which I was not sure that two of them correct or not.

GD:

I was selected for GD round. They invited us to a room where they show us the videos of different offices of Satyam all over the countries and employees working there who "THINK &

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

FEEL LIKE CEO". Then they divide the students in a no. of groups consisting of 10 students in each group from different colleges randomly. GD topics were so easy which we had not expected like "Remix and Original", "love marriage or arrange marriage", "Marriages are made in heaven" etc.

In our group we were asked for which kind of topic we'll prefer whether education, fun type or any thing else. We told fun type. As the topic was so easy that 'Remix Vs Original' everybody tried to speak and made it fish market. At last when results were announced my name was not there.

Okay Best of luck and I hope u will not face situation like me.....

Sundeep Kumar Mallick

SATYAM PAPER ON 2nd APRIL AT KOCHI

DEAR FRIEND

I AM SUBMITTING THE PATTERN OF THE TEST PAPER HELD IN KOCHI.....ON 2ND APRIL....TOTALLY THERE WERE THREE PHASE FOR SELECTION

- 1.WRITTEN TEST**
- 2.GROUP DISCUSSION**
- 3.INTERVIEW**

THE 1ST SECTION IS VERY EASY CONSISTING OF APTITUDE (80%),LOGICAL REASONING(1 OR 2),C (1).....THE QUESTIONS WERE QUITE EASY.....CUTOFF WAS 6 OR 7...NEVER ATTEMPT MORE THAN 10...THAT CAN LEAD TO NEGATIVE MARKING////////...THE QSTIONS WERE AS FOLLOWS

1.A SERIES --,55,66,67,79,89,87,96,105

2.A VERY EASY PYRAMID QUESTION

3.PROBLEM ON CALENDER...I.E.....4TH OCTOBER 2007 IS SATURDAY.WHAT WAS THE DAY ON 4TH JULY 1987...

4.PERMUTATION AND COMBINATION.....I.E....THERE IS 12 ROUTES IN GOING FROM PATNA TO CALCUTTA.A MAN GOES TO CALCUTTA AND RETURNS BY DIFFERENT ROUTES.HOW MANY ROUTES R POSSIBLE??

5.A MAN TRAVELS 10 HOURS AT A SPEED OF 80KMPH...IF HE WANT TO REACH THE DESTINATION IN 8 HRS.....BY HOW MUCH SHOULD HE INCREASE HIS SPPED??

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

THE QUESTIONS R TOO EASY,,,,,,,,,JUST DO MAX 8 QSTIONS ABD U CAN BE SURE OF CLEARING 1ST ROUND

GD ROUND IS LITTLE TOUGH.....NEVER SEE OTHERS WHAT THEY R SPEAKING.....JUST START.....AND SPEAK TILL U R SATISFIED.....THEY WILL CHECK YOUR CONFIDENCE AND A LITYLE COMMUNICATION SKILL....GIRL STUDENT WILL GET PREFERENCE.....

MY TOPIC WAS "DOES SANIA DESERVE THE HYPE"

BY,
Sukeshprasad

SATYAM PAPER ON 31rst MARCH

First of all I thank Freshersworld.com because it helped me a lot to prepare for the campus recruitments.

Hai Friends!!!

I got selected in satyam. I'm Rahul Balagopal, I'm giving you a pattern of the recruitment process conducted by satyam at Jyothi Engg College ,Trichur.I'm from the same college and my branch is Information technology.

Totally around 1300 peoples participated. And only 470 cleared the test and out of which only 150 cleared the GD and those 150 had gone to interview. Finally 76 guys were selected...

The pattern of their recruitment is:

- 1. Written Test**
- 2. Group Discussion**
- 3. Tech & HR.**

Written test: 15-questions.(30 min)

1-mark for right answer,1/4 minus for every wrong answer.

Remember negative marking will be there, don't try to guess the answers. First choose the questions which are easy and not lengthy. many question were very easy but only thing is they will try to confuse you .

Most of the questions were from "Quantitative Aptitude" by R.S AGGARWAL"

Topics from which i got questions

1. Data Interpetation
2. Compound interest
3. Simple Interest
4. Pyramids
5. Trains & speed
6. work and Time
7. Averages

8. Clocks.....Angle between hour hand and minutes hand
9. Volumes
10. Percentages
11. Problem on Ages
12. Reasoning question
13. Calendar
14. Probability
15. Alligation or Mixture

That's what I remember

My personal suggestion is attempt 9-10 questions only and make sure that all are correct and you can clear written if >6 are correct

I cleared Written

Group Discussion:

The next day was the GD round. There were 470 candidates and 10 candidates in one group.

My GD topic "Effect of movies in Indian society"

The main elimination round of the SATYAM .My group contains 10 members. For my batch HR asked us to choose one of the two fields he suggested,1.Entertainment 2.education. we choose Entertainment from which HR choose the topic and it was "Effect of movies in Indian society". We were given two minute time to note down the points. But one member started at that time only.Discussion was very nice. The discussion went on for 10 - 15 minutes.

TIPS for GD:

1. If possible try to start first, if not no problem but try to speak not keep mum.
2. Be fixed to your attitude, it is if the opposite person argues strongly don't leave your topic go towards others.
3. It's a discussion don't make it as DEBATE ,be cool. Don't jump on others. They test your patience too when you are at heavy argument. Patience doesn't mean silence but talk smoothly, try to convince your offenders. (Best way is say "yes" and say your way is best one)
4. Always have a smiling face that will carry you towards the success(IN HR ALSO).
5. Finally don't forget to conclude the discussion highlighting your strong points.
6. Do a small work to know the names of GD members(when division of GD groupsmake friends of ur group members) and call them by NAMES in discussion rather than calling friend and so(IT HELPS UA LOT)
7. Don't see the observer seating besides you.
8. Write the points which are discussed in the G.D tell all of them when Observer asks to give conclusion
9. At the starting you should wish all the members and introduce urself and explain ur points
10. Your eye contact never be diverted from your team members and especially speaking person.
- 11.My personal suggestion is speak louder
- 12.Don't point out anyone with figure.
11. Use these phrases as many as u can.....depend on the discussion
"FriendsLet's us give equal opportunity to all" "I will say one point"
Take an advantage of shy person to share his views..... saying "Friend! You can also share ur views" its adds points to both of them (if he/she speaks)

If any person is telling his views without listening to others or without giving chance to others then u can stop him simply saying ** “please give chance to other people also” As our discussion went well, as result 6 members selected in my group but in some groups who created bad atmosphere... nobody were selected.
out of 470, 150 were shorlisted for HR

“SPEAK CONFIDENTLY AND FLUENTLY THAT IS WHAT MATTERS MORE”
I'm stressing more on GD because I heard that it was one of the termination round in the recruitment..If u follow above TIPS u r sure to clear ur GD(HOPE THE BEST).

INTERVIEW:

According to placement papers of satyam, I saw that GD was the main termination round and if u cleared GD u r 85% placed..But I don't think so..b'coz on our recruitment many selected thro GD were terminated in the Interview..so give equal importance to the interview also..if u r good in communication skills and in ur core subject don't worry.....

My interview was very cool with only HR questions. Main thing they are looking for Confidence, Communication Skills. I will say my Interview exp:

Interview was on late night around 10.00 pm..i was the last one in the interview..

I am entering into the room while asking permission.

I : told good evening Mam, she too replied with same and offered seat, then I sat in the chair while saying thanks.

Int: Then she asked old question tell about yourself?

I : explained all my educational family backgrounds.

int: asked what is a trigger??

I : explained (Trigger is a set of rules used in database for executing some events like insert,update etc)

int: After that she asked Types of OS available in the market .

I : explained clearly and confidently and explained abt the latest versions of Windows and Linux.

Int: Asked..... Is this ur first Interview??

I : told her that I had attended 2 interviews.first one was HCL and I was not selected.

2nd one was a BPO and I got placed in that company.

Int: Then she asked me that if u got placed in a company then why u want to join in satyam.

I: I told her that, that company is a BPO and I want to join in a core company so that I can implement my whole ideas ,what all I studied for the last four yrs.

Int: asked abt my project.

I: Explained clearly.

Int; Then she asked me whether I had any Qns to ask??

I: asked her that what all things I have to prepare when I come to join in satyam.

Int: she told me that u need to study only the basic things wat u have studied.

Finally she told, ok Rahul have a nice day. The result was published on the same day. they selected around 76 members.I saw my name in the list.

Now I am Satyam mate.

Ok Friends All The Best.....

SATYAM PAPER ON 30th MARCH

Hi friends(This is Ganesh from ECM Department placed in SATYAM),

I always used to read all your experienes, I got placed in Satyam and most important thing, your mails helped me a lot.

Briefly: I am doing my 4th year, 1st sem, specialization ECM, in NARAYANA ENGG college, NELLORE , A.P.

March 29th, 30th, totally 2300 students from 16 Engg colleges, 700 selected for GD's ,only 203 for INTERVIEW's and finally 121 got into SATYAM.

Probability of selecting a student is only 5.2%. (Beware of this).

Same new pattern no change. 60% in all standards, Written, GD, Tech+HR interview.

Written: there will be 4 easy questions which can be answered in 5min, then try to do another 4 in 25 min, that's all. This is for those who are fully confident of getting all those 8 right, because cutoff will be 7 at max 8. Others try to answer maximum and for some question we can eliminate 3 options easily. Be careful negative marking is there. One thing written test is easy.

GD: for me it is the easiest, because we have attended a lot of GD's before and we are fully aware of GD's. It is cake walk if you have some practice before and able to speak for some time grabbing the chance. Leadership qualities are seen more. Try to give a chance for people who are sitting idle, that's all it's a part of leadership quality. One great thing is the Satyam moderator who is rating our GD, finally gave us a compliment that our GD was a very good GD, we achieved this because we planned that all of us must speak and not to make the GD a fish market. And we covered a lot of points. Our GD topic was "EFFECT OF FILMS ON YOUTH AND SOCIETY" all of us were for the topic and before the end we also covered some negative aspects regarding that and some preliminary measures for those.

one more point, rather than speaking for long time at a time , speak many times i mean interact with the group.

Tech+HR interview: hear I am going to give the whole interview experience with some suggestions embedded in that, on the day of interview.

I WILL TELL YOU THE WHOLE INTERVIEW EXPERIENCE

We were there in the our college by 8:30 AM, and we were made to fill a form by Satyam people [that was the main thing you will not be asked for the resume, every thing will be there in the form, no problem if you go with empty hands to the interviewer, they were asking nothing] there were nearly 5 panels I think, we were the first batch to be called for the interview for one panel and my friend was called he went in [mean while I was preparing mentally to go with a smile like that....]and in short time he came out, and called my name. I entered the Computer lab and I walked a lot distance in the lab to his table (only one person is there) with erect posture and head always at 90 degrees [be careful he is observing every thing]. Then I stood like that, he did not give me hand and asked me to sit [you never propose a hand to him for shake hand].

INT: how are you?

ME: (full smiles) Fine sir

SUGG: Speak loud looking into his eyes, never get tense then confidence will be revealed from your words.

INT: ok Ganesh tell about yourself

ME: [I am lucky I prepared only that] I started "I am a reliable team member and an efficient leader (of my class), I used to participate in all the events conducted by the college from my engineering first year, I got selected for endeavor club, a literary club organized by students, there we conducted many GDs, debates In second year, cultural committee member..... In third year I was team leader for informal events and awarded as best organizer... I love working in teams [in this way I boasted all my achievements regarding reliable team member and efficient leader]"

INT: ok [he is very good, listening all the way without interrupting and encouraging me to tell more]

ME: I continued "I am a native of VIZAG, my father is an employee he is hardworking, friendly.... [and I praised my father and mother and said I am thankful to them]

INT: So what about you?

ME: I am smart working rather than hardworking sir.

SUGG: It is very good if you praise and be thankful to your parents (mainly) and to college etc. It creates a positive impact on you.

ME: I continued "..... my brother is doing Engg in GITAM college."

INT: do you want to go to USA ?

ME: No sir.

ME: I will go if satyam sends me [first time I got a little bit tense as I told two contradicting statements]

INT: ok [he took it light I think, I was lucky]

ME: I continued "my hobbies are playing chess and volley ball....my achievements....my awards.....my interests.... My goals" (that's all I completed myself) I think it took 3 min.

SUGG: First enquire or search and explore about Satyam, I recognized they want dynamic people and want leaders, that's why I started myself in that way. So you to explore Satyam and find the qualities which they want and which you have and I suggest start myself showing those qualities. [I think you all know a word document known as 64 toughest interview questions, follow the first question answer (tell about yourself) it helps a lot.]

INT: very good, ok what do you know about Satyam?

ME: Sir it is ranking 2nd in outsourcing, and has a place in top 10 companies in India and it has CMM level 5.

INT: What is CMM level?

ME: CMM means capability maturity model, Our company is having level 5 which is the highest.

INT: what does it suggest?

ME: it tells how the projects are going on and it suggests how innovative the company is

INT: innovative?

ME: yes sir.

ME: and I heard that working environment is very good

INT: ok [he is patently hearing all the time]
SUGG: Always try to boost your self, if you are doing this it clearly resembles that you are enthusiastic to join in the company, and even interviewers are looking for those people.
INT: what are the subjects you are interested?
ME: I started with my first year subjects in engineering.
INT: what other subjects you are interested?
ME: C, C++
INT: Explain about C?
ME: [I did not get any idea as I did not prepare any thing for technical] I uttered it contains variables as the basic entities....., It has 32 keywords [I was uncomfortable]
INT: tell those keywords
ME: int, float, for , while.....I told nearly 20 he is noting down on the paper which I told, if I repeat he is telling me to check whether I told it before or not. [he is very good]
INT: any questions?
ME: sir you want me to learn any languages like java and is .net necessary, So that I will be productive in our company
INT: No need, we will train our in every platform
ME: Sir In which platform we generally do our projects?
SUGG: it is good if we always use the words we, our rather than I and my.
INT: no separate platform it changes.....explained a lot
I was asked to write programs on LINKED LISTS and POINTERS then some questions on Computer networks and SQL,OS.(I took Gate Coaching in ACE-HYDERABAD that helped me to cope up technically).
INT: Fine,U are good at techincal?
ME : Thank U sir.
I had seen confidence in his eyes that I will selected.
INT: Any Questions?
ME: Can I do my final year project with reference to your company?
(Be careful this questions).
INT: you will know that after the Interview.
ME: ok sir, thank you sir [he has written some thing and offered his hand for shake and said all the best for ur future.]
[I think the whole interview took 18 min]

I was very happy but after meeting my friends they were telling all their experience. My friend who went before to the same panel explained me that, he(int) gave shake hand at the starting and at the end he wished all the best and he only gave the hand, and one more person who went to the same panel told that he(int) wished him all the best and told meet in the evening. I was shell shocked

Our interview was over in the first hour only on that day(30/3/07) and I was waiting for the result, with my mind filled with confusion and I nearly analyzed my whole interview nearly 5 times. And at 3:00 clock in the afternoon, they were calling all the names who got selected in the order. My friend who went before me was selected. AND THE NEXT NUMBER WAS MINE (and My friends Shouted like any thing)You can understand. We had a photo with our friends who got

selected taken by the college authorities, and out side we had a great number of hugs with our friends.

THAT'S THE WHOLE INTERVIEW EXPERIENCE ON THAT DAY.

I feel, 80%(technical) + English + Confidence. Got me the success

Satyam is a very good company; working in these types of companies gives us a great work experience. And good thing is there is a hike of 2.7 lacks per annum.

One important thing is I am always ready to help you as I got help from you.

SATYAM PAPER ON 26th MARCH AT KANPUR

Hello!! my name is Sudhanshu Porwal. Currently I am in my 6th semester. I went through the Satyam recruitment process recently on 26th March at Maharana Pratap Engineering College, Kanpur. By God's grace, I was able to make through the final list and now I am a proud Satyamite.

This website helped me a lot to get through the process and I think, I would be glad if I can contribute a bit from my side too.

Some 1000 candidates appeared..out of which 251 were selected for the second round.

Some of the questions that I recall, though not perfectly, are...

1. What is the cost of covering the walls of a room with paper, given following information :
(a) length, width and height of the room is 50,35 and 45 mts. respectively.
(b) there is only one door of size 3x2 mts.

Which of the following options is correct to find answer to this question:

- A. Sentence 1 is sufficient but Sentence 2 alone is not sufficient.
- B. Sentence 2 is sufficient but Sentence 1 alone is not sufficient.
- C. Sentence 1 and 2 are sufficient.
- D. BOTH sentences are not sufficient.
- E. None of these.

Ans. D

2. Some arithmetic series, i don remember.
3. Some question based on Assertion n Reasoning, too lengthy so I don't remember this either.
4. a pyramid question.. something like..

?
956 956
123 111 123
20 16 16 20
3 2 1 2 3

The number at ? mark has to be found out.

5. If the compound interest on a sum for 2 years at 12.5% per annum is Rs.510, the simple interest on the same sum at the same rate for the same period of time is :

a. Rs.400 b.Rs.450 c.Rs.460 d.Rs.480

Ans: d

6. If a boat goes upstream with a speed of U km/h and downstream with a speed V km/h, what will be speed of boat in still water?

Ans. $(U+V)/2$

7. If a clock loses 27% time in first seven days and gains 31% in next seven days, what will be the correct time exactly after two weeks if clock was initially set to 12 noon .

8. If 5 litres of mixture of x water and y spirit are mixed with 10 litres of m water and n spirit, find the ratio of water and spirit in new mixture. (x,y,m,n are numerical ratios that I cant recall.)

9. If the area of a square is 147 sq m. find the radius of the in-circle of that square.

Ans. Solution is pretty simple. Area is equal to $x*x$ where x is the side of the square. Once you find x, radius of in-circle is equal to $x/2$.

10. A question figure series....was tricky.....but solvable with keen observation.

11. A can do a work with probability $1/2$, b with $3/9$ and c with $6/11$.. find probability that working together they will not do it.

Most of the other questions were comprehensive, long text type, so I can't recall them.

I was able to mark some 8 answers and I reckon, the cutoff was about 5.

Most of the questions were solvable if one has done Quantitative Aptitude by R.S.Agarwal.

Make sure, you attempt only those questions which are you damn sure of. Don make too many blind guesses. Usually, the cutoff ranges between 6 to 8 , and attempting 7-9 questions with full confidence will get you in. To

Group Dynamics round

All the 251 candidates were called for GD and PI round to Lucknow . The GD is called not as Group Discussion but Group Dynamics round in Satyam. I hope that tells us, as to what we are supposed to do in that round. The point is not only to speak good on a topic or good communication skills. They count as well as how you behave in the group, giving others a chance, encouraging others, making a space for yourself, emerging as a leader yet being a part of the group.

GD's were conducted in groups of 10, and lasted for 10 minutes on an average.

In some groups, the moderator briefed the topic and asked each candidate to speak on the topic for a few seconds and then commenced the GD, while in some he invited a candidate to commence the discussion, while in others he rocketed off the discussion straightaway.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

My topic was “Terrorism in India”. We had a pretty good discussion as we had decided to give each other a fair chance and not intercept in between unless the person has not spoken for at least 30-40 seconds. Make sure, that you have a small chit chat with your group before you go into the GD room. This is what I call Pre-GD talk. This will help you get familiar to the members and understand each one before you land directly into the GD.

The discussion was quite good, as we talked not only about the problem of terrorism but also the possible solutions to it. If you are able to speak at least 3 times and give a solid idea in reasonable and good English, you are nearly in. There were a few members who were not involved and waiting for someone to invite them. I took the lead and got them involved in the discussion which again added to my points.

Out of my group, four candidates got selected including me. Out of 251 candidates, 86 moved on to the Interview round.

Some other topics were

Are women better manager

Five traits a person should have in modern world

Globalization

Mercy Killing

Mode of Wars

In some groups, the moderator also invited candidates to suggest a topic, so be ready with a good and relevant topic with a supporting line to convey its importance.

Personal Interview Round

The Interview was conducted in two batches on two days. I had mine the very same day in the evening. The interview was Technical+HR but was being taken by a single person. Interviews were conducted in two rooms in parallel due to large group of candidates.

I was interviewed by a South-Indian Technical fellow, and I must say, he was really good and very supportive.

Let me write the talk in short.

I knocked and waited for 2 seconds, and then entered the room.

Me: May I come in Sir?

Interviewer: Yes. Come in.

Me: Good-evening Sir!

Interviewer: Good-evening.

I handed over my resume and waited beside the chair meant for me.

Interviewer: Have your seat.

Me: Thank-you Sir.

Interviewer: Okay. So you are Sudhanshu.

Me: Yes sir. Sudhanshu Porwal.

Interviewer: Is that Porwal? (he checked with the pronunciation and I repeated my surname to make it clear.

Visit www.123eng.com for latest Jobs

Interviewer: So, you were in my GD today? He was the same person who had inspected over my GD in the day time)

Me: Yes Sir.

Interviewer: So, How are you feeling?

Me: I am feeling good Sir. Thank you.

Interviewer: What do you think? Will you be able to make through?

Me: I hope to perform my best sir. Rest all depends.

Interviewer: Okay. Can you talk about yourself?

Me: Sir my name is...currently pursuing....belong to Kanpurfamily background....hobbies.....love to work...goal oriented blabla.

Interviewer: Okay. good. What do you know about Satyam?

(Make sure...you go through the website of Satyam and also....all the related material that you can find. They like it If you have taken the pains to find out about the place you are going to join.

Me: Satyam is a leading company that deals in Computer and IT Services. It covers a wide domain of expertise including Aerospace, Finance and Banking, Medical, ERP etc. Started by Mr.B.Ramalinga Raju in 1987. It also attained SEI CMM level-5....(I was interrupted here)

Interviewer: Do you know what is SEI-CMM?

Me: Yes Sir. SEI-CMM stands for Software Engineers Institute Capability Maturity Model. It is used for measuring the quality of process that run in an organization. Started by US Military initially...defined in 5 levels. Initial..Repeatable..Defined..Managed..Optimized. Satyam is level 5 that means it is at optimized level. (I guess He was impressed with the detailed answer I gave.)

Interviewer: Do you know anything about Six-Sigma?

Me: Yes Sir. I am sorry I wont be able to tell a lot....but let me share the little info I have. Six sigma is a model used to measure the quality of manufacturing process in industries. It was proposed by some Electronics Scientist in manufacturing of Chips or ICs ..and using this model he was able to bring down the defect levels to below 3.5 in a million.

(I just recalled of something I had read once...and I was not sure whether all of it was correct....but I guess he was again impressed by the detailed answer I gave)

Interviewer: Okay Sudhanshu. Thank you so much.

Me: Thank you Sir.

Surprisingly, my interview lasted for hardly 5 minutes. And I wasn't sure whether I would be in or not.

But I guess.....my last two answers got me in.

There is no standard way....a person may perform in interview. What is most important is Confidence, Courage and Belief in yourself. You need to show what you are. Don't be boasting but don be shy. Show what you are....and why you should be selected.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

This was my first ever company and I am glad I made it through...and now I am a proud Satyamite. I convey my best wishes to all the aspirants wishing to join Satyam. I hope you find my experience useful.

Hoping to see you all in Satyam soon.

By,
Sudhanshu Porwal

SATYAM PAPER ON 25th MARCH AT KOLKATA

Hi Friends,

I am Samba Chakrabarti from Techno India . I would like to share my experience with all of you which I had during Satyam Campussing on 25th March, 2007 .

Around 1900 students sat for aptitude exam. There were 15 questions and the total time was 30 minutes. There was .25 negative marking. The technique for marking the correct answers was a bit different too. We had to cross "X" the correct answer. If we want to change the option for our answers, then we had to draw 3 horizontal lines, one below the other, and then choose a new option.

Questions were mainly based on quantitative mathematics, C program output, triangle series etc. Results were declared after 2 hrs and I was happy when my name was called out.

We had around 618 students for the GD. All the students were divided into groups each having 10 students. In GD, we were told by the moderator to select a good topic. The topic that was finally selected was "Merits and Demerits of Internet." Each of us was given 20 seconds to speak both merits and demerits. While speaking, I also found that some students were writing some important points which I told. The GD was over in 5-6 minutes. Results were declared later.

From a total of 618, only 172 students were able to go to the HR round. I had my HR round on 27th morning. No technical questions were asked, only HR based questions were asked. Each one of us had around 10 minutes of HR round. After 5 hours, HR results were declared, and I was very happy when my name was called out. From that moment onwards, I am a member Satyam Family.

Tips:-

1.Friends, I would like to say that never attempt all the aptitude questions, as there is "Upper Cut-off". There is also .25 negative marking for every wrong answer.

2.Only attempt those questions which you are 100% sure. If you have a good communication skill then you can definitely cross the GD round. Never get tensed while you are GD round. Just speak

Visit www.123eng.com for latest Jobs

some valid points with proper English, and then you can easily cross the GD round. Try to speak some new point and avoid repeating the same points that were already told.

3. In HR round, you must have a good communication skill and never get tensed. HR may cross you a lot, but you must be very cool. They only check your nerve during that moment. My HR round Questions were like,

“Why Satyam should hire you?”

“Why do you want to join Satyam?”

“Where do you want to see 5 years from now?” etc.

Whatever answer I was giving, HR was crossing me. But I remained cool and gave the answers.

4. Before you go for HR, you will be given resume form, which you have to fill it up that moment. You must be prepared with what you have written there because the HR may ask you questions from there."

I would like to wish all of you “Best of Luck” for your future & hope to meet u at Satyam.

SATYAM PAPER ON 24th MARCH AT KOCHI

Hi..

We have cleared Satyam(thanks to god).Its not tough.I just want to say one thing ”be confident”...only confidence matters..they don’t ,only, require people with very good English ...they are looking for those who can learnit was on off campus test 1100 people sat there out of which 250 were selected for GD 140 for interview and 97 got finally.

Test Pattern

WRITTEN(15 ques -30 min)—(1/4 negative marking) Cut off 7-8 marks min and 11-12 max
Please don’t attempt questions ,in which you are not 100 % sure.

1. complete the series

7,14,21,9,18,?,11,22,33

Ans:- 27 (very simple)

2. Pyramid series

127

65 56

33 ? 24

15 16 10 12

Ans:- 28

3. There is a field inside that there is a rectangular grass field with dimension 12X8 meter. One horse is tied at one corner of the grass field with a rope of 10 mtr. Horse is not allowed to enter the grass field. How much area it will graze?

- a.76
- b.75
- c.100
- d.87
- e.none of these

Ans (e)

4. A man is having some money deposited in bank. In the 1st yr he gets 8% interest, 2nd yr -11%, 3rd yr- 13%. If he gets Rs 12,400 at the end of three yr. How much he deposited.

5. 12 men can complete a work in 12 days. For a work 12 men work for 6 days and then 4 more men join them. How much more time will be required?

6. A man took Rs 1000 as loan on simple interest of 5%. But he pays Rs 200 annually as interest amount. How much he will have to return after three years?

7. Find the angle b/w the hands at 14:42 hours?

- a.171 b.172 c.176 d.181

Ans :-171

8. What are the no. of words that can be formed from 'COOLER' such that both the Os are not together.

9. (this type copied. ques was similar to this) the question is like this: if 1 can be written as # and 0 can be written as % and some data was given only to scare u ----- and after that they gave some examples to explain the theory as

1 is written as #

2 is written as #%

3 is written as ##

4 is written as #%%

then what is the LCM of 20,30,36

10. A Ques on Probability??(just basic concept)

11. A Ques on Passage(6-8 lines passage)

12. and 13. Reasoning (one was easy and other was bit tough)

14. Very simple based on PIE diagram(Just know how to calculate from pie chart).

After Clearing WRITTEN..Next was **GD**

Here are some probable topics for GD...

*"women's r men's - who r better managers"

*marriages are made in heaven

*old india vs new india

*love marriages

- *bpo,s in india
- *aranged mariages vs love mariages
- *is brain drain good 4 india
- *is education necessary 4 politicians
- *marriages r made in heaven
- *role of youth in politics etc..
- *Is G.D. necessary for freshers recruitment
- *Impact of China on indian industries
- *terrorism
- * is group discussion necessary for freshers or not.
- * ragging
- * at a critical position will u attempt a suicide or be murdered
- * is defence a right carreer for women or not
- * role of youth in india to eradicate corruption
- * 75yrs vajrothsavalu-did they achieve the goals or not
- * KBC is money making or not
- * present cricket team
- * is politics there in sports
- * freshers prefer brand name or money
- * illiteracy, unemployment hand by hand
- * role of media on public

NOTE:- Marks are given for each point you speak...Speak with confidence with valuable points. Mass rejection is done in this phase only.Do co-operate with others. Check body language ,expressing style n all. Dont look at HR during discussion.

TECH + HR :-

Basic questions from C/C++, Project ,DBMS, OOP .Be prepared with general HR questions. Again Check body language ,expressing style n all. look into HR eyes as much as u can.

“All the best to u all”

By Sumit Goyal and Richanand Mishra

SATYAM PAPER ON 23rd MARCH AT KOLKATA

Hi friends...I got job in satyam on 23rd March

The entire test was divided into 3 parts-

1)Aptitude Test

2)GD

3)Personal Interview

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Aptitude test was of 15 marks and total time was 30 mins. Test was composed of mathematical & logical question like
percentage
number triangle(very easy)
logical question
probability
Time & distance
Analogy(figure)

Problems are not so easy. but you can answer it. Don't try to attempt those questions which are not sure Because Satyam has only negative marking

I got selected in aptitude test.

Then next round is **GD....**, this is the main difficult item of the entire test.
Our topic was Should Politician require minimum educational qualification????
Our team comprises of 8 people.. 2 students are selected from it..

Next round is **Personal Interview**

This is not so easy.. You people should have strong nerve.. they want to see your ability to face the questions i.e. your attitude

If Gd round is cleared there is 80% chance of getting placed Finally I am selected..

I am very thankful to satyam team..
Regards,
Dolphia Nandi

SATYAM PAPER ON 17th MARCH AT CHANDIGARH

Hi friends,

This paper came at cec, mohali on 17th march 2007

The paper of satyam was mind blowing.....the questions were a little bit typical.... 30 min were fine for 15 questions.

There was negative marking 1/4 for each wrong answer. Each question was of 1 mark so total paper was of 15 marks. The new thing in the paper was the way the answers were marked. It was different from the traditional method..... the paper was although objective but there were five choices in each question and the correct one was to be crossed on the answer sheet

a b c d e

Suppose the answer is 'a' than you have to put 'X' on the Wright one and not tick mark or circle in case you put tick or encircle the option the question will be considered as WRONG.

Visit www.123eng.com for latest Jobs

Also in case you had put a cross on wrong option than just put three parallel lines on the cross that was put earlier and than choose the other option.

Some of the questions that I remembered are...

1. The circle is inscribed in a square of area 112 sq mts. What will be the area of circle

Ans: - the answer will be 88 sq mt.

2. Some of the statements were given in which one food item was related to other.

These types of questions are given in R.S.Aggarwal.

3. The probability of three students was given for doing a certain work. Find the prob. that the work will be finished by all three.

4. There were two different paragraphs and a different question for them

One was on study of gravity; other was on birds and aero plane

5. One question was on series a triangle was given and one term was missing from it.... We were to find that missing term.

6. One question was figure analysis.... In that we were just to move the sticks in decrementing order and bubbles in incrementing order.

7. One question was that a code for a word POCKET was given as CDTDZR (not the actual question) and another word DOG was given to form its code than its code will be WJE the last letter T in pocket and the last letter R of the code ctdtZR are having difference of two the next letter has a difference of 4....and so on.

8. On question was that a program was given with certain conditions and its result was to be found

$t=10$

$t1=t1+6$

.and a condition was given.

The question was the easiest but a little time consuming.

Maximum questions were from R.S.Aggarwal Verbal and Non- Verbal & Quantitative aptitude.

So all the best....and get the written cleared.

BY,

Kannav goyal

SATYAM PAPER ON 16th MARCH

Hiiiiii Friends....

I m Sahil Garg from S.B.S.C.E.T Ferozepur, Punjab

There were a few eligibility criterias: 60% throughout career(as per university rules). There must not be any backlogs. There must not be more than one year gap in the accademicals at any stage.

There were three rounds.

1)Aptitude Test:-

In apti, there were 15 ques n time allotted was half n hour. all the questions were from R.S.Aggarwal n were very easy but a little bit lengthy also.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

If u attempt only 7-9 ques then u are cleared . i also attempted only 9 questions. Plz dont try to attempt all the questions
There was negative marking also but there was provision to change ur answer.From 4300 people, only 1300 were selected for the G.D

2)G.D:-

Second round was Group Discussion and also the main elimination round.. In one group, there were 10 students n mostly they had selected 3-4 persons from one group.

300 persons were selected from the GD.GD topics were Dating,Brain-Drain,Pollution etc.Try to give 1-2 good points in the GD with confidence.They will see only your mind not the communication skills.

3)HR interview:-

In HR,they had asked mostly the technical questions that i had mentioned in my resume. All questions were very easy. Here also they will see ur confidence. From me, they had asked questions like link list, double link list, insert a node in it, heap sort, operating system, Database etc.

From 300, they selected only 125 persons n i was one of them.

So best of luck my friends.

see u in satyam.

Bye

SATYAM PAPER ON 16th MARCH AT CHENNAI

Hi friends,

My name is shamshera....i ve got placed in satyam by attending the off campus that took place at veltech engg college[avadi], chennai

first of all i would like to thank this freshersworld for helping me to get through gd & hr....They are really doing wonderful job in asisting the freshers to crack the interviews..

There were three rounds

- 1. Aptitude** (16th march 2007)
- 2. Group discussion** (17th march 2007)
- 3. Tech & personal HR**

1.Aptitude test(online)

To clear this round it is enough to go through the quantitative aps by R.S Agarwal sorry friends i dont remember what all were asked but i can tell the topic covered by those questions. There were actually 15 questions for which u will be given 30 mins

NOTE: THERE ARE -VE MARKINGS IN SATYAM
ther were 3 divisions of questions.

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

- 1 mark questions for which 0.25 -ve marking
- 2 mark questions for which 0.5 -ve marking
- 3 mark questions for which 0.25 -ve marking

So please friends dont take risk by guessing ur answers. Attend only those questions that u r very confident.

topic covered by those questions

- 1.Train
- 2.Ages
- 3.probability
- 4.time & distance
- 5.time & work
- 6.Compound interest
- 7.profit & loss
- 8.calendar
- 9.clock

it is enough if u go through the quantitative aps by R.S Agarwal

About 3000 attended this round and 350 got selected for the 2nd round

2. Group discussion

In satyam this round is very very important n to crack this, just visit freshersworld and go through the gd etiquett . freshersworld has the collection of satyam gd topics and also guiding how to clear that round

my topic was Mobile phone in engineering college... there were 9 students in my gd group other topics were

- 1.love marriage & arranged marriage
- 2.Is USA a friend to india
- 3.Is china a threat to india
- 4.Braindrain is good or bad
- 5.Education system in india

just follow the etiquett of this round and it is very simple to clear this round.

Out of 350 students 152 were selected for the Hr round.

3.HR

ur test for communication is over in GD itself now this round is to check ur attitude...

u need to just stay cool to get through this round...For clearing this round also, u can seek the help from freshersworld,

where u will be given tips about how to face the interview.

The interview took place for about 15 min for me

the questions were

- 1.tell about ur project
i said it confidently
- 2.asked some questions in it
i explained
- 3.toughest event in ur life
i answered

Visit www.123eng.com for latest Jobs

4. Gave me a stress situation and asked me how i will react to it

finally the results were announced on 17th evening at 8.30 p.m and i was very very happy to hear that i ve got selected

Friend it is very simple to get through the interview if u r cool headed... just be confident and believe in your abilities and u will surely be successful...

i am very happy to post my experience for freshersworld who are really helping the freshers by all means to be successful...

Great going freshersworld...Thanks once again

SATYAM PAPER ON 15th MARCH

hi all

i'm placed in SATYAM! it was my 1st interview n i got through! freshersworld has helped a lot so thought of giving back something

Written test:

+1 for every right answer n -.25 for every wrong answer.15 questions-30mins.640 candidates appeared for written test

1.a certain sum of money becomes 50% of it's initial value after a certain no of years.after how many years wil it become 337.5% of it's initial value? (i didnt attempt this so i don't know the ans)

2.a is twice as efficient as b.b can complete a certain work in 30 days.in how many days will they complete the work working together?

(ans: 10 days)

3.a question from verbal n non verbal reasoning asking you to determine which shape appears next

4.a question about probability i dont remember it exactly but it was something like acc to a survey conducted in 1999 a certain no of babies were what is the probability that out of 5 babies 2 were born on the same date (again didnt attempt)

5.a question about a committee of judges in court, some people attend on 1day,others should not attend then a lengthy one cant recall entirely

6.a number tree with the top most number missing

7.a number series with two alternate series,easy one

8.a ratio n proportion problem

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

9.reasoning question,can do it easily

10.another reasoning question,can solve with ease
280 people got through

next was **Group Discussion.**

be confident n try to initiate or conclude it.but dont start quarrelling an entire group was disqualified because of that 94 candidates were short listed

Technical cum HR round:

just be cool n confident in this round.but plz be honest never try to bluff them.you'll be caught if you do that.

finally 23 candidates were placed!

hope all this will prove helpful

SATYAM PAPER ON 9th MARCH AT TAMILNADU

Hai Friends, Iam Padmakumar...

The entire Satyam process consists of 3 Rounds and for us the interview went on for 3 days...

1st Round - Aptitude

2nd Round - G.D.

3rd Round - H.R interview

1st Day - Aptitude:

For the Aptitude round R.S. Agarwal is sufficient... If u r thorough with the important headings like Time & Distance, Time & Work, Number series, % problems, Date & Calender etc... is sufficient... Also be prepared to solve the triangle problem for which u can see the papers submitted by other candidates... Also prepare comprehension type questions... If u r Thorough with Agarwal u can easily solve 5 to 6 problems and with ur common sense u can solve 3 to 4 problems... So with these u can easily clear the 1st Round...

2nd Day - G.D.:

First of all dont afraid as the round is G.D... Because genreally G.D. is an important elimination round where a person can be easily eliminated and more persons are eliminated in this round... We were split in to a group of 10... only 2 to 3 were selected from a group based on the performance... Be thorough with current affairs and some general topics... Some topics which were given for us were... 1. Love marriage and Arranged marriage... Which is best?
2. colas were banned... Is is correct or wrong?
3. Ragging is banned... Is is correct or wrong?
4. Is G.D required for an interview? etc.. etc..

Try to be initiative in the G.D which fetch u more mark... If u were unable to be initiative don loose

Visit www.123eng.com for latest Jobs

confidence because the time given is 10min and u can easily find a opportunity for u... Most of them in your group will have controversy over other's view... In that situation don quarrel with them... It will fetch u negative mark... Instead try to coordinate others and bring them in a group... Be louder and clear in ur views... Let everyone express their views... Don object with others opinion... Listen to what others speak... If possible make a hint of what others say... It will be very useful when u r asked to giv the conclusion...

3rd Day - H.R.:

This is an easy round where ur communication skill and self-confidence plays a important role... Look at the interviewer's eyes while speaking... Have a positive body language... Some important things they see in an H.R. were ur communication skill, Basic Knowledge, Body language and ur confidence... So Be prepared with some questions like,

1. Introduce urself...
2. Why u choose software industry...
3. What r the skills u posses as u want to enter software...
4. What will be ur contribution to satyam if i select u...
5. Strenghts and weakness...
6. About ur family background...
7. Why Satyam....
8. Where u see urself after 5 years...
9. Be prepared for some questions from c, c++, Java if u r from circuit branch(ece, eee, cse, IT,etc)...
10. Do u want to ask any quesions from Satyam...

In our batch nearly 4500 attended and 748 were shortlisted for G.D. and from 750 nearly 220 were shorlisted for H.R... And from 220 around 140 got selected. I'm not sure with the figures... Don loose ur confidence at any stage... Keep on practicing for all the session... If u work hard satyam is urs...

ALL THE BEST!

SATYAM PAPER ON 8th MARCH AT HYDERABAD

hlo , im aparna(CSIT)im glad 2 say tht ive been selected into satyam3000 peopl attended the interview..270 after GD and 60 finally selected

the main process consists of

Aptitude

GD

Tech&hr

Aptitude: 15 ques 30 min

1) 20 $k=k+2$;

30 $j=k*12$;

40 $j=j+40$

50 $l=k+40$;

60 if $k < 10$

70 goto 20

80 print k

output=??

2) compound interest problem

3) a person goes on a bicycle and sees the train every 5 min there is a train every 5 min leaving the station some more details were given i don't remember much find the speed of person (relative speeds problem)

4) find next in the series

4 figures were given easy

5) what is the angle between hrs hand and minutes hand when the time is 21.55

ans) 92.5

6) pyramid problem

easy one

7) a short para was given and a ques was asked on that

it is confusing (don't be in a hurry to answer think and opt the choice that has -ve marking)

8) 1 more question on leukemia in rat easy you can conclude easily from the para

9) a bar chart was given and find the years between which the increase was the highest

find the increase relative to the next bar graph \Rightarrow max difference = max increase

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

10) there are 8 cities and 2 women select 2 cities from the first 4 and men select 3 cities from the rest
find the maximum possible ways of selection that it is remembered

GD:

mine was IMPACT OF MEDIA ON YOUTH
other topics are:
arranged marriages vs love marriages
is brain drain good for India
is education necessary for politicians
marriages are made in heaven
role of youth in politics etc..

whatever be the topic have an idea of how to talk

TIPS:

be bold and loud (mandatory) make it a discussion not a debate of all the groups, ours was the only group in which 7 out of 10 were cleared the GD never fight

i initiated the GD .but then made my point clear to everybody, put a few valid points for discussion.our GD was cool.we discussed about both the advantages and disadvantages,role and responsibilities of media.neither supporting or going against the topic.v generalised our points

TECH n HR:

theme about yourself
family background
questions on my project
RDBMS(concentrated more)
DS
c program to check if a string is a palindrome without using strcmp()
OS
Microprocessors
where would you be 5 years from now??
small talk on team work

that is it..... all the best guys application mind is important everything you say support with examples in a convincing way.

in the job is yours.....

SATYAM PAPER ON 7th MARCH

Hi friends,
I attended satyam on 7th march at shri vishnu engg.college, bhimavaram

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

Satyam made its aptitude test as online and the following Changes are made. total no. of questions are 15 Total for 30 marks and test duration is 30 min. each question have marks based on weightage like 3marks,2marks,1mark.

for every wrong in 3mark question 3/4 marks will be deleted,for 2mark question 1/2mark and for 1mark it is 1/4mark. so be attentive about the negative marks.

aptitude questions are from R.S.Ararwals aptitude book and questions are from areas,series completion ,time and work,problems on ages,compound interest,data interpretation,logical reasoning,time and distance,averages etc.....

I cleared aptitude and my G.D topic is ""marriages are made in heaven"".really our gd is very cool

In my H.R interview it is purely technical and he asked me questions about my subjects in electrical engineering and questions on c. I did well the hr and finally selected in satyam.

all the best and be confident with best wishes

By,
Sarada

SATYAM PAPER ON 7th FEBRUARY AT BHUBANESWAR

HI FRNDS.....DIS IS ROSHAN, AN SATYAMITE.....A MEMBER OF THE SATYAM FAMILY.

I HAD ALWAYS HAD A DREAM OF BECOMING A PART OF IT N 2DAY MY DREAM HAS SOME TRUE DUE TO GOD'S BLESSINGS..

HERE I M GONNA SHARE MY EXPERIENCE WITH U.....

IT WAS AN OFF CAMPUS HELD N CEB , BBSR....I WAS ABT NERVOUS BT MY CONFIDENCE LEVEL WAS HIGH 2 ADJUST DAT...

I HAD MY WRITTEN EXM ON 7TH APRIL 07 N NEAR ABT 1500 STUDENTS HAD APPEARED DA TEST...

OUT OF DAT ONLY 521 QUALIFIED 4 DA GD N 4 DA PI ONLY 186 QUALLIFIED..N FINALLY 60 ODD STUDENTS WERE SELECTED....I WAS ONE OF THEM... A PROUD MEMBER OF SATYAM FAMILY...

I M GONNA TELL U DA TOTAL SELECTION PROCEDURE.. ...

IT COMPRISED OF 3 PARTS....

1 # LOGICAL CUM APTITUDE TEST.

2 # GD.

3 # PI (HR N TECHNICAL).

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs

THE WRITTEN WAS ALRIGHT N COMPRISED OF NUMBER TRIANGLE(MUST), SI, CI, TRAINS, PROFIT LOSS N DISCOUNT, NO. SERIES., .. THERE ARE 15 QUESTION N U R GIVEN 30 MINS.....

I WUD LIK 2 SUGGEST U DAT AS THERE R LOWER N UPPER CUT-OFF SO NEVER GUESS ANY ANS. N ANSWER THE QUESTION N WHICH U R DAM CONFIDENT.. EACH CORRECT ANS IS 1 MARK N WRONG ANS N -.25 MARK.... U ATTEND 7-11 QUESTIONS ONLY..IT LL B HELPFUL..... DA LOWER CUT OFF ID GENERALLY 6 N UPPER CUTOFF IS 11/10.

I CLEARED DA WRITTEN N DA NEXT ROUND WAS GD..... I WAS DA GROUP LEADER N GD AS I INNIATED DA GD.... MY TOPIC WAS " PRIVATIASTION OF PUBLIC SECTOR " .. I SPOKE N DA FAVOUR OF DA TOPIC N WTH VRY RELEVANT POINTS....EVERYBODY SUPPORTED ME SO THE HR FINALLY ASKED ME 4 DA CONCLUSION...N I GAV N A GRT WAY SO NOF THE OTHER GD TOPICS WERE..... MARRIAGES R MADE N HEAVEN.... FOREIFN OR INDIAN COACH.... SHUD MOBILES B BANNED N DA COLLEGES.... BLUE IS BLUE.....

THEN CAME THE PI ROUND. IT COMPRISED OF TECH. N HR.... THE HR WHO TOOK MY PI ASKED ME 15 TECH QUESTION N THERE WAS NO HR QUESTION..... ONE OF THE QUESTION WAS " HOW IS THE LINK BETWEEN COMPILATION N EXECUTION N OUTPUT N WAT IS DA MEMORY ALLOCATION 4 IT N HOW DA OPERATING SYSTEM RESPONDS TO IT"I REALLY HAD A TOUGH PI BT I ANSWERED ALMOST ALL QUESTION DAM CONFIDENTLY N WT SMILE.....DAT DID REALLY COUNT..... NEVER GT NERVOUS THERWISE U MAY B DISCARDED..... THEY NEVER EXPECT PERFECT ANSWERS 4M RATHER THEY C HOW CONFIDENT N EAZY U R N ANSWERING.....

FINALLY THE RESULTS WERE OUT N I WAS N DA HEAVRN 2 C M NAME N DA SHORT LISTED CANDIDATES LIST....IT WAS REALLY A PROUD N DA BIGGEST MOMENT N MY LIFE....

MY BEST REGARS 4 U N O WISH U ALL THE BEST.....

HOP 2 C U AT SATYAM....AS MY FELLOW SATYAMITE...HAV A GRT JOURNEY 2 SATYAM

ROSHAN MAHAPATRA

SATYAM PAPER ON 3rd MARCH AT BHOPAL

hello friends

i dont remember much about written but according to the usual pattern as what we know 1/2 question would come on english but dere were 4 questions on english out of 15 questions .dere were small passages of 4/5 lines and d question what do u interpret .n d optiond were really close to each other so take care

in satyam dere is upper n lower cutoff so attempt only 9/10 question which are correct

next phase was GD d most important eleimination round out of 4500 approx appeared in written only 600 got through
then dis 600 appeared in gd next day .plz friends be in formals only

a group of 10 people were made to speak for 10 min

my topic was" role of media in shaping public opinion" i initiated frndz plz try to initiate as dey hav different points of initiazation

n dont look towards d moderator he warned us in d begining only inspite of dat one of r grp member looked n he was not selected

after few minutes it became a fish market dey stopped us .try not to make fish market . den our individual point of view were asked

n dey told us to leave

r Gd was only for not more than 5 min be confident n loud n speak to the point in Gd only 181 were selected out of 600

INTERVIEW

my hr manager was really a cool man be thorough wid ur name meaning i hv a different name so he asked a lot of things related to my name

den asked my favourite subject as i m a electronics students i told him electronics den he asked wat in electronics i told him semiconductors trnsistors

he asked basic function of transistor

n den he asked me to explained transistor considering him as a 4 yr old child i explained in detailed

den asked ne other fav subject i told him data structure

den he asked fav subject in school i told maths

he asked me to give a law studied in school time in maths which we used even today in curriculam n in practicall too

i gave d answer he said"FANTASTIC" i was very happy

den he asked dat i hv ne question to ask i asked him he gave d answer in detail

then he said all d best n i left

d result was out at 11 pm we were waiting n only 90 were selected out of 181 n i was one of dem frndz hv patience n hv faith in GOD

SATYAM PAPER ON 09th FEBRUARY AT ANDHRA PRADESH

HI Friends I am raghavendra from KAKINADA INSTITUTE OF ENGG. & TECHNOLOGY KAKINADA, AP.

I am placed in SATYAM !!!!!!!

This is my 12th company and I am finally placed after a long journey of taking many companies, SO patience is necessary and try to motivate ur self when u fail. Be confident and don't loose hope think that its NOW OR NEVER while attending, believe strongly in yourself, do mirror exercise at least once in 2 days and try to make your self comfortable by coming to the spot before time.

I attended satyam off campus in my college on 9th Feb. Total 1650 attended and 650 got through written and 135 for HR and 63 were finally placed. I used to read all the experiences of others and now it's my turn to express.

Day 1: 9th Feb 07.

1650 attended for test in two groups and 650 got through Written test is very easy and cutoff is less 4.

TEST:

- 1) if a boy goes at 15kmph and returns back at 20kmph what is his avg. speed easy one just $2 \times 15 \times 20 / (20 + 15)$.
- 2) A pyramid Q just adding two down numbers with the top one
- 3) A very easy Q on clocks what is angle between the hands when time is... ans 160min
- 4) Reasoning ques which is not seen but tough
- 5) A ques on probability when a die and coin tossed what is the probability of getting a head and 6 on top.
- 6) Series ques 2, 4, 6, 5,?, 9, 8, 10, 12 ans 7.
- 7) Another ques on reasoning like farmers growing crops and govt.'s subsidies for that just we have obtain the INFERENCE of the Para easy one.
- 8) Reasoning Q similar to PUZZLE TEST OF R.S.AGGARWALS NON VERBAL REASONONG just by drawing table u can find the answer.
- 9) Pie diagram showing a states growth in different categories and Q related to a particular category.

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

- 10) Routine question if 0 replaced by 1 and vice versa then what is sum of two numbers
 $0101010 = 1010101 = 85$.
- 11) Question on reasoning related to figures to find the fourth successive figure using first three given ones easy.
- 12) Problem on multiplication a bit logical

That's all I remember of written please excuse for other Qs So after waiting for 3hrs results were out 650 cleared. They divided into 65 batches of 10 basing on the alphabetical order of their names. Luckily I had GD on next day so prepared well before day some of my friends had on first day.

Day 2: 10th Feb 07.

For remaining students they conducted GD'S and totally they took $90+45=135$.

GD: My topic is "**CAPITAL PUNISHMENT**"

I MADE THE INITIATIVE AND supported the topic and a strong opposition from another girl but not aggressive went cool Before starting my moderator gave us two minutes to make points but that is not the case in case of other HR so please be prepared. Other topics include

- 1.SOLUTION TO TERRORISM IN INDIA.
- 2.ROLE OF YOUTH IN REDUCING CORRUPTION.
- 3.ILLETERACY AND UNEMPLOYMENT GO HAND IN HAND.
- 4.EDUCATION NECESSARY TO ENTER POLITICS.
- 5.BRAIN DRAIN GOOD FOR INDIA
- 6.PRINTING MEDIA VS ELECTRONIC MEDIA.
- 7.IS US A FRIEND OR FOE TO INDIA.
- 8.ARE WOMEN BETTER EMPLOYEES.
- 9.SPORTS PERSONS ARE THEY ON AN ENDORSEMENT SPREE?
- 10.KBC MONEY MAKING OR MONEY GAINING?

That's all about GD'S and the filtration is more on second day and from my group only two were selected. There are some batches where not even one has been selected so please be sure about the points and the batch should not be AGRRESSIVE AT ANY COST. SO 135 went for HR, after filling form of satyam, I had my slot at 3:30pm. Around 8 persons were waiting before my HR panel so it took around an hour to get my chance means TEST FOR PATIENCE.

Finally my number called

INTERVIEW:

ME: MAY I COME IN SIR.

HR: PLEASE COME IN TAKE UR SEAT

ME: THANK YOU SIR.

HR: WELL RAGHAVENDRA UR FRM EEE

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

ME: YES SIR

HR: SO WHY DID U CHOOSE SOFT WARE?

ME: I GAVE A SPLENDID ANSWER AND IS RECEIVED WELL BY HIM.

HR: WHAT ABOUT UR PROJECT?

ME: I GAVE COMPLETE INFORMATION ABOUT MY PROJECT I AM THE TEAM LEADER OF MY BATCH SO I HAD A PROFOUND KNOWLEDGE OVER IT AND DID NOT STOP FOR ALMOST 5 min.

(HR IS VERY MUCH IMPRESSED BY THE WAY I ANSWERED THE QUESTION)

HR: WHAT ABOUT UR EXTRA CURRICULAR ACTIVITIES

ME: I GAVE INFORMATION ABT MY POSTER, PARTICIPATION IN SHAASTRA-06 IIT MADRAS, NSS VOLUNTEER, ALSO MY EXPERIENCE IN ORGANISING CONCOURS (AN EVENT CONDUCTED BY MY COLLEGE)

HR: WHY SHOULD I HIRE U?

ME: I SAID ALL MY STRENGHTS INCLUDING TIME BOUNDEDNESS IN COMPLETING THE TASKS AND MY LEADERSHIP QUALITIES IN ORGANISING CONCOURS

HR: DO U HAVE ANY QUESTIONS

ME: CAN I HAVE MY FEEDBACK

HR: UR ENGLISH SPEAKING FLUENTZY IS GOOD, SUGGESTED T LEARN CPP AND TO IMPROVE YOUR WRITING SKILS (SHOULD BE ABLE TO USE GRAMMATICALLY PERFECT SENTENCES AT HIGH LEVEL)

HR: PLEASE WAIT FOR THE RESULT AND CONGRATULATED ME.

After being waited for more than 3hrs I am there in 63 finalists I can say GOD is with me and so I had placed My friends of other panels faced Qs on CPP, JAVA, OS, DS Really I am very happy now because from now I am SATYAMATE. Friends please be confident and keep belief on GOD definitely u can be placed in Ur DREAM COMPANY.

I finally thank one and all who have helped me through out my carrier and especially my PARENTS who are back of me when I Have failed while attending other comp.

HOPING WE WILL MEET AT SATYAM

By,
satish valluri

SATYAM PAPER ON 11th FEBRUARY AT JODHPUR

I am selected in satyam.

Total No. of student nearly 2000, shortlisted for GD 700.
shortlisted for interview 298.
final selected 187.

Visit www.123eng.com for latest Jobs

Visit www.123eng.com for latest Jobs
For More Placement Papers visit www.123eng.com

There is three days procedure for selection.
First day:-Aptitude paper.
Second day:-Group Discussion.
Third day:-Interviews.

Aptitude test:-

There are simple questions, R.S.Agarwal is sufficient.
10 question of simple maths, 4 english language question., 1 data interpritaion .
The upper cut of is 11 and lower cut of is 6. There is 8 question are very simple easily attended,
there negative marking also so be careful.
In maths triangle, series, work, compound interest , percentage and profit loss question. In english
logical questions.

Group Discussion.

My topic is Impact of china on indian industries.
I couldn't start but i m second to start. Start with high intensity of voice so other can be silent,then
clear and loudable sound. Try to lead the group.
encourage the other.

Interview:

My interview based on my projects only I wrote four project in my resume so he said me to
explain each one. I confidently explain each one. 2 more question on my interview then asked me
why u join satyam. Be confident in interview and proper eye contact.

Wishing u all to Best Of Luck.
Try ur level Best.

Ur friend
Jitendra Singh Sankhla(JeeT)

SATYAM PAPER ON 09th FEBRUARY

hai,

i have attended for satyam recruitment process at lbrce. i have get selected.i did nt remember
aptitude paper because written exam conducted one wek before.
totally around 1500 appeared 1st batch=800 2nd batch=800
1st batch get selected:67 2nd batch:45 after final round. girls will have more chances to get
selected.

GD topic: Cell phones should banned in colleges in or not. they r givivng some topics like: why
red is red, why 7 after 6, also.

Visit www.123eng.com for latest Jobs

take initiation if not atleast try to talk among first three persons then there will be more chances to get selected

some other gd topics are:

women are good managers are not
brain drain

IN Interview

- 1) tell about ur self
- 2) weakness
- 3) i think its not a weakness(pleas try to tell ur weakness as an weakness only.give an example of ur weakness u faced in life)
- 4) about my project
- 5) about my project with an example.
- 6) why should satyam hire u
- 7) why do u want to join satyam
- 8) do u have any questions (i ask question about training period and what u will teach us in training period)

ask ques regarding training period. tha's all it went along 15 minutes.

friends this is my 22nd interview. so try it.the more experience will lead to u grab job.

friends!!! one point: speak loudly in interview than what u speak in ur daily life.

By,
Kalyan Chakravarthy

SATYAM PAPER ON 20th JANUARY, 2007 AT PUNE

Hi friends,

My Set no was 668

about test: friends there where 15 questions given Cutoff for my test was minimum 4 and maximum 8.

1. what is the day of 31st july 1957 the date is not exact I did not done this but i will give you idea to do this is in R.S Agrawal (489)*4+1 year in that see all the odd days in that
2. logical reasoning very tough question.
3. one qustion is on probabulity ie..., 3 layer, a teacher, 2 doctor , 4 Advocate making a commitee of 4 members what is the probabulity to choose a person that he is teacher.
 - a) 1/2
 - b) 3/4
 - c) 1/3
 - d) None Of These

4) A person purchase two items at same price.He sell one at 20% loss, Then how much price he have to sold the second item so for no profit no loss.

- a)22%
- b)24%
- c)28%
- d)None of these

5) Find Number?

45,50,60, ? ,66,78, 42,56,70

Ans 54

6) ?

66, 66
28 28 28
10 10 10 10
2 2 2 2 2

Ans 144

another some easy questions ar there the CUTOFF IS 7 friends don't try to attempt more than 9 atmost because it may cause negative marking

i attempted 7 correctly (exact) and get relaxed it is very easy to attempt 7 try

about GD:

friends PLZ note the names of your fellow persons before going to the G.D that will benifit you much

1. call all of them with names that will be good point
2. don't point out anyone with fingure
3. don't get excited don't try for job there try to clear G.D
4. Don't see the invigilator(H.R) seating on besides you
5. take the chance of starting the disscussions , conclusion of disscussion,write the points which are discussed in the G.D tell all of them when H.R tells ok give conclusion

By,
Shweta Bajaj
