ACCENTURE PAPER ON 8th MARCH, 2008 AT NEW DELHI

Hi, Frnz. Accenture conducted a campus drive in our college i.s. Maharaja agrasen Institute Of Technology on 8th March 2008(Exclusively for our college). Well 244 students sat for the examination process, it was one of the smoothest selection processes conducted by Meritrac. It consisted of 4 rounds as discuss below.

WRITTEN EXAM

The test consisted of 55 ques to be done in 60 mins.

It had three sections i.e. Verbal ability, logical reasoning, and mathematical ability.

All the questions were very easy. U just need to have gud speed to clear the xm. There was no -ve marking. So attempt all questions. The paper was very easy.

After 1 hour got completed, we were given a topic on which we had write an essay of approx 100-150 words in !0 mins. The topic of essay was "IMPACT OF IT ON INDIA". Beware this essay may be evaluated in ur HR interview. Try to write it in good handwriting.

After 1 hour or so result was announced. 122 students out of 244 got selected and immediately after that we were divided in groups and sent for gd.

GROUP DISCUSSION

Well I must tell u tht I didn't had I had a kind of extempore instead. All of us were given a topic on which we had to speak for 1 min. Then after all hv completed speakin we were told to contradict others or to give a conclusion. Our topic was "Impact of Cell phones- Good or Bad"

Other topics were "Microsoft taking over google" ; "Products ,Services and Outsourcing companies".

7 students out of 13 got selected in our group.

A total of 80 students out of 122 cleared the gd.

HR Cum TECH ROUND

After waiting for around 1.5 hours I got the chance to appear for interview. In this round I was asked technical as well as hr . The person awas really a nice and cool dude . I was asked to talk abt myself for a min. and after that he asked ques on my ans. Some very

Submit your resume to cvs@123eng.com

For More Placement Papers visit www.123eng.com

basic questions were asked regarding C++. They also asked about how much I knew about the company etc.. They just checked our confidence level. Just after the interview I was told that I got through with the tech round.

HR ROUND

This was the last round and I had to wait for around 4.5 hours to appear in it. It was quite easy as the interviewer was the same person who was there in our group. He was very cool and calm. As it was around 9.00 p.m. so he asked about how I was feeling. He asked how would I inform my parents if I got selected...and why should the company hire me...about my family background...about my relocation...about signing the bond...then he asked if I had any questions...then he told me a lot about Accenture's work and its environment for about 20 mins.. As I had my interview among the last interviews after 30 mins or so the results were announced

And with the god's grace I got selected among the 47 students that got selected from our college.

Bye,
LOKESH

ACCENTURE PAPER ON 8th MARCH 2008

hello FRIENDS!! accenture is a global management company and enjoys a very good profile and it is recognized worldwide.....as such if u get a chance to get into this company do put in your best .. it was an on campus recruitment process..... 244 students had appeared..... accenture has a very tough selection process of 4 stage and it is very competitive.....the test was conducted by MERITRAC.....

APTITUDE TEST

the whole test is of 1 hr in total this is as usual the first round after the ppt.....the aptitude paper consists of three sections.....total 55 q

1>verbal ability:-in this there will be fill in the blanks with the correct words , synonyms,(articles and prepositions),,,,word meanings(very simple ones), and two passages which will have 5 to 6 questions from it.....it is better that before reading the passage you go through the questions as this will save time.

2>mathematical questions:-very easy only sums from R S Agarwal (quantitative) come

3>logical reasoning:- do all syllogism,statement -inference ,logical connectives (these were the changes from previous year papers)

AFTER THE 1 HR ARE OVER u will be given additional 10 minutes to write an essay on any topic for atleast 100 words..... i was given IT IMPACT ON INDIA Around 122 people cleared the apti from 244 odd ppl

GROUP DISCUSSION

this is also an imp elimination round.....in this i ll advice that you dont get tensed.....water b the topic atleast say 2 to 3 points which make sense..n yes always

For More Placement Papers visit www.123eng.com

listen to what others want to say also.....most impthru the entire gd never look at the person who is conducting the gd...just look at the people who r in your group..... aftr the gd around 70 ppl were left

HR ++ TECH

in this round you may be asked anything from technical or hr or maybe both.....dnt worry they r very nice ppl and they ll make u feel comfortable....very basic questions were asked regarding me,my hobbies and my future plans,my dream.....

IF THEY DO NOT LIKE YOU IN THIS ROUND THEY WILL STRAIGHT AWAY ASK YOU TO LEAVE..... SPOKEN ENGLISH IS OF GREAT IMPORTANCE IN ACCENTURE.....SO TRY TO BE VERY CLEAR AND FLUENT.....

HR++++TECH

this is the final round and this is also same as previous round.....in this also tech may be askd or hr or maybe both.....so they have a two stage process.....i was askd bout my favourite movie and y i likd it n y m i shifting frm my stream i.e electronics to IT industry....just prepare good answers for these ques and i m sure u ll b thru..... after this we waited for an hour nd thn our results were declared

47 PEOPLE MADE IT AND I WAS ONE OF THEM.....just be confident and try to deliver your best.....for the aptitude the questions are very easy so every one can do it.....the only thing is dat u have to be very fast....no -ve marking is there so attempt all the questions.....

ACCENTURE PAPER ON 12th MARCH 2008

hi friends....first of all a big thanks to freshers world bcoz of which i was aware of the test paper pattern in advance.it really helped me a lot. first i would like to tell all droppers that though most companies dont try to take droppers but if there is a genuine reason, ur case can be considered equally. but u need to have a good cgpa at btech level and u should be aware of whats happening in outside world. i am a dropper of more than 2 years and got selected.

Accenture visited our campus on 12th march. all students who were already placed were also allowed to sit in accenture.so around 500 students participated in the process out of them only 196 were able to clear the written. among these 196, about 110 got selected in gd. she asked us to decide a topic on our own and we decided capital punishment.....justified or not... u can see the paper pattern (which is conducted by meritrac) from some other contributors, i will tell u abt my interview.

first it was a HR round for me.since i was having many gaps....it was like.....

HR: good afternoon vipin.

ME: good afternoon mam.

HR: ok vipin tell me something about you.

me-told

For More Placement Papers visit www.123eng.com

HR: why r u having these many gaps?

me- answered by which she was impressed(they dont like persons who have the gap bcoj they were preparing to get into iits).

HR: ok what do u know abt accenture?

me- mam i know many things abt accenture like who is the ceo, in how many countries the company is located,how many clients th company has and all those statistics kind of stuff.....always surf net to fin out new things.....

HR: so whats new.....all these thingswere told to u during presentation and each one who is standing outside knows these things.

me- mam but during the initial phase of the presentation...when sir displayed all the figures on the slide and he asked does anybody know what do these figures represents, i gave 3 answers.....(she was highly impressed)

HR: ok why as a mechanical engg. do u want to join accenture?

me- gave the answer with the eg of designing of lift.....each stream has its own part in the succesful completion of a job and mech engg have good analytical power and they find there place everywhere.....(impressed and satisfied)

HR: ok. vipin dre u comfortable to relocate?

me- yes mam.....since it is my hobby to travel and explore new places.....i have no problem in relocation(by this one of the hobby which was mentioned in the cv was substantiated)

HR: ok vipin.....do u have any questions to ask.....

me- mam since i know many things abt accenture, i will not ask u abt it.....but please tell me whether u liked any thing in my cv or in me which was not there in others.....

HR: but i didn't told u till now whether u r selected or not.....(impressed with que)

me- than mam if i am selected what was my good point and if i am not ,where i was lacking.....

HR: one thing i liked abt u is that u r not faking urself.....u r present as u are in real.....any more ques?

me- no mam.

HR: ok vipin it was nice meeting u.

me- thank u mam.....

and i was selected and in TI round i answered all the ques except one which was not in our course and finally i got selected.....only 76 students were able to make through it and i was the one.....a luck factor also played an imp role.....

thank you.....best of luck.....will meet u at accenture.....

Test Paper :6

Paper Type : Whole Testpaper
Test Date : 23 February 2008
Test Location : TICT (Rajarhat) , Kolkata

ACCENTURE PAPER ON 23rd FEBRUARY AT KOLKATA

Hi friends.....I am Misbahuddin Shamim,pursuing my B-tech from Techno India College Of Technology....and my stream is Information Technology.....I was not having internet connection at my home...then a friend of mine made me realised how important it is for the campussing...u must be wondering why have i started with this??/ coz i know friends that most of you are reading this paper from a cyber cafe...so my very 1st request to you all is that if its possible for you to afford internet connection..then get it done as soon as possible , as it really helped me a lot and it will help u too...it was only due to freshersworld dat i was able to understand the pattern,the important chapters as well as the questions which i have to attempt initially in the aptitude test...it is really v.v.v.v.v.helpful....I m really very much thankful to FRESHERS WORLD..

Naw let me tell you important things to be prepared for accenture:

It has 4 rounds:

- 1) APTITUDE TEST ALONG WITH THAT ESSAY WRITING.
- 2) GROUP DISCUSSION.
- 3) TECHNICAL / HR INTERVIEW.
- 4) HR / TECHNICAL INTERVIEW.

1) APTITUDE TEST:

Questions = 55 ; time limit = 60 minutes...along with that an essay to write in the same sheet in another 10 minutes...

No sectional cut off , no negative marking..

questions were easy..all u need to do is planning which questions to attempt first and which one to attempt at last...and yeah 1 more thing ..you have to be very fast and u can achieve dat only through regular practice..all u have to do is to solve few chapters from R.S.AGGARWAL (verbal & Non-verbal as well as quantitaive)..i will suggest you some chapters ...you jus do those chapters properly and it will be more than sufficient for you...

The Aptitude test paper is divided into 3 sections:

1st section :consist of 20 questions which is completely based on english...

Questions 1 - 10 : These are very easy..its completly based on prepositions and fill in the blanks with correct articles...if u have a gud command in english then do it in the begining else do it some time later on after solving some easier questions which will mention later on...

Questions 11 - 20 :

questions 11 - 15 contains one comprehension followed by another comprehension from ques 16 - 20... I will suggest you all to do the comprehensions at last.. and attempt the first comprehension before than the second one...coz according to my experience first comprehensions are always easier than the second one...

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

TIPS : DO THE COMPREHENSIONS AT LAST AND ALWAYS READ THE QUESTIONS FIRST AND THEN LOOK FOR THE ANSWERS IN THE PASSAGE...NEVER WASTE YOUR TIME IN READING THE WHOLE PASSAGE..

2nd section : consists of 20 questions which is based on quantitative as well as verbal and non-verbal...

It contains questions from data sufficiency, venn diagram, time and work, percentage, time and distance, directions, blood relations, and the most important topic LOGIC (syllogism) which is the first chapter of the second part of R.S.AGGARWAL (verbal & non-verbal)...prepare these chapters very nicely...

3rd section : consists of 15 questions which is v.v.v.easy, only a difficult portion can be of puzzle types..

questions are like :

Q.41- Q.45 Mark the answers according to the following:

A- If all the three options match

B- If FIRST and SECOND options match

C- If FIRST and THIRD options match

D- If none of the three match

Example:

KKTUJNGDFTSR KKTUJHGDFTSR KKTUJNGDFTSR

Ans: C

Another example:

1896.5738491023 1896.5783491023 1896.5738461023

Ans: D

Q.46-Q.49 were based on the Puzzle-type question. It said:

Following was the criteria decided by the selection committee of Indian Cricket Board:

- 1) Player's age should be 18-28 years
- 2) He must be the captain of any cricket team for at least 2 years
- 3) He must be a Ranji Player for at least 2 years
- 4) He must have taken at least 20 wickets or made 1000 runs in a calendar year in Ranji

If 1st condition is not fulfilled .. referred to chairman

If 2nd condition is not fulfilled .. he must be an all rounder with at least 500 runs and 15 wickets

If 4th condition is not fulfilled .. referred to VP

Questions were like following example:

Rahul was born on Dec.10,1979 and is a captain of Ranji team since Feb 2005. He won man of the tournament last year for taking 24 wickets last year. He is:

- a) Selected b) Rejected c) Referred to Chairman d) Data Insufficient

Ans: a

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

(These questions are also easy if you draw a table with names of the aspirant in rows and criteria in the columns, and then checking whether he/she fulfils it or not)

Q.50- Q.55 were also a bit easy and were of two types:

Example of type 1:

If * means +, + means -, - means / and / means *, then what is the value of-
 $8+4-9*7/12+3$

Example of type 2:

If * means /, / means -, - means + and + means *, then which of the following is true:

a) $7+43*2/13-7+8 = 22.6$ b) $4-9*7/4*2/3-7+2 = 25$

(The type 1 are easier and less time consuming and type 2 are more time consuming but still can be solved. 3 of the questions were of type1 and other 3 of type two)..

NOTE: Friends i will suggest you all to start with this section...first do the question 41 - 45 and then do the questions from 50 - 52...and then do whatever u like....coz these questions are v.v.v.v.easy..and so u will gain lots of confidence after solving these 8 questions..if u can then solve the ques 53 - 55 also else leave it for later on as it is very much time consuming...

IMPORTANT CHAPTERS TO BE DONE FOR THE APTITUDE TEST:

FOR ACCENTURE EMPHASIZE MORE ON VERBAL & NON-VERBAL RATHER THAN QUANTITATIVE...

VERBAL AND NON-VERBAL :

- 1) LOGIC (syllogism).
- 2) DATA SUFFICIENCY.
- 3) LOGIC AND VENN DIAGRAM.
- 4) DIRECTION SENSE TEST.
- 5) BLOOD RELATIONS.
- 6) PUZZLE TEST.

QUANTITATIVE :

- 1) TIME AND WORK.
- 2) TIME AND DISTANCE.
- 3) RATIO AND PROPORTION.
- 4) PERCENTAGE.
- 5) PROBLEMS ON TRAINS.
- 6) BOATS AND STREAMS.
- 7) PIPES AND CISTERNS.
- 8) PROFIT AND LOSS.

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Do only these chapters which i have mentionedits more than sufficient...and yaeh once again emphasize more on verbal and non-verbal rather than quantitative...coz 70% are from verb&non-verb and 30% are from quanti....in comparision to these two...

After the completion of 60 minutes we were asked to write an essay in 10 minutes time and word limit was atleast 100 words and the topic was "US recession and its impact in the IT industry"dont bother about the essay much, just make it sure that u have to fill that page with correct grammatical statements...it does not play an role in clearing ur aptitude...it is checked by the HR usually during ur HR interview and it may happen that no one bother to check it also...

2) GROUP DISCUSSION :

The topic which was given to us was "liberalisation"... time limit was 10 minutes...12 students were there in a group, a topic was thrown and you all have to share your views regarding that given topic...they selected only 5 students from each group of 12...so you can see that you have to give ur best effort and you wont get much chance to speak also coz it so happens sometimes that they make the GD go by person to person clockwise..

TIPS : Initially they may ask you to introduce urself...and u have to hit in this very moment only ..ur introduction shud be very strong...then u will 2 - 3 chances to speak on the topic.....friends u have to be louder and clear during your GD...with full of passions...

3) HR INTERVIEW :

Questions were like: Tell me sumthing about yourself which is not there in the CV...then what do u do in your leisure time...then how can you prove that you have managerial skills...and then few questions were asked which was related to my answers...i m not writng all those things coz answers vary from person to person...all i wanna say is dat u need to be very much confident during your interview,there should be smile on your face,eyes contact with the HR is a must...

4) TECHNICAL INTERVIEW :

First of all HR asked me to introduce myself...then he asked me what do u do in your leisure time..then he asked me what are your favourite subjects...then he gave me a program and asked me 2 answer hm whether this program will run or not...then he told me dat i m giving u 16 seconds..u have to sell urself...then he gav me some situation reaction test which i answered wonderfully...

In situation reaction test they just want to see how good you are as a leader as well as a team member and how hard working , determined and confident you are...

FINALLY, I WANT TO TELL U THE STATISTICS....899 STUDENTS APPEARED.....266 CLEARED THE APTITUDE...115 CLEARED THE GD....AND AT LAST ONLY 41 WERE SHORTLISTED AFTER THE TECHNICAL AND HR INTERVIEW....AND I M REALLY GLAD TO SAY THAT I AM AMONG ONE OF THEM.....FRIENDS!!!! ONE THING I WOULD LIKE TO SAY REGARDING THE PLACEMENT OF ACCENTURE..... THAT " YOU HAVE TO BE

my favourite movie and y i likd it n y m i shifting frm my stream i.e electronics to IT industry....just prepare good answers for these ques and i m sure u ll b thru.....

after this we waited for an hour nd thn our results were declared

ONLY 16 PEOPLE MADE IT AND I WAS ONE OF THEM.....just be confident and try to deliver your best.....for the aptitude the questions are very easy so every one can do it.....the only thing is dat u have to be very fast....no -ve marking is there so attempt all the questions.....

ACCENTURE PAPER ON 26th FEBRUARY 2008

In our college accenture was the 4th company which came for the placements.

Total 1400 students appeared.Out of which

i) 425 were shortlisted after Apti

ii) 259 after the GD round

iii) total 114 were selected after Tech n HR inteviews.

First round was the Apti round. It was very easy, nd was conducted by people 4m MERIT TRAC. Max Qns were of Profit n Loss. Some were of type if /stands for *, + stands for - and so on.

English part was extremely easy.In all there were 55 Qns that were 2 b done in 60 min. also there was an essay which has to be written in 10 min and the topic was given after completion of the apti. My topic was "Education sysytem in India". Apti's result was out on the same day n rest of the rounds took place on 5th .

On 5th first round was the GD round. Students were divided in the groups of 12 each. It was a tough round. Topics were easy but the elimination was of about 40%. They were mainly concerned about the communication skills. Some of the topics were Budget-2008, should Cricket be made National Game of India, Red, Economy of India, Will India b superpower by 2020,...

Results of GD round were out on d same day n then the Tech n HR interviews statred simultaneously. On 5th these rounds were quite easy . My interviews took place around 11 in night. firstly I gone through the HR round. My HR was very gud. There were very easy questions like ,Tell me about urself which is nt dere in CV, who is ur ideal n why?, Which book u read resently n what did u learn, ny problem in relocation. thanfully I was selected n then appeared 4 Tech. It was a bit tough round but was very easy in my case. As that person was bit impressed vd my academics.He asked me 2-3 simple Questions of sorting, Pointers, n rDBMS. Interviews continued on the 6th also.

Finally the results were out on 6th at 10 in the night. Luckily I was dere in the 114 selected students. Friends believe me its easy just be confident, n prepare well 4 the GD n Tech rounds.

ALL D VERY BEST 2 u all.

Bye,
Kritika Goyal

ACCENTURE PAPER ON 2nd JULY, 2007 AT MUMBAI

hey...got thru accenture today...so dowish to giv back a lot tht i gaind frm here...

PART 1-GNRL APTI-90MIN PART 2-Gd PART 3-TECH INTW PART 4 HR INTW

APTI: a test for about 90 minutes...concentrate on questions related to set theory...like 10 hav tea 20 coffee 65 students ..so qs based on tht...

*practice a lot of comprehensions ..the best thing to do wud be borrow some mba class ka books...study their basic problem slving sections...logical reasoning and data sufficiency sections well..

*the grammar stuff is pretty simple...fil in the apprp word form...or replace highlighted sentence n stuff...read well..

*the data interpratation stuff too imp...lik mrk a if only opt 1 enuf...b if 2 opt enuf n o on... if u preparin for cat thn u don need much effort..

practice general apti ques too frm this site lik 10pr day for 5 dyas..more thn enuff

*THERE IS NO -VE MARKIN SO CHOOSE ONE OPTION SAY 'C' AND MARK ALL YOUR ANSWRS C...DON LEAVE ANY QUESTION UNANSWERED

FOR GD:15 ppl in a group around 15mins for the whole grp...so make sure u say atlst two points gte urslf head..thts imp...start the gd if possible or conclude it.. >

For tech:know your projectsvery well thy grill you on tht,,find which person is gng to interview n ask the prev ppl wat they wer askd..they generally repeat the ques...

For Hr:be cheery lively highlit ur strenghts well..go thru the comp site be eager to get to know thm ...

All the best!!!
Sona

ACCENTURE PAPER ON 2nd MAY 2007

Hi., Its great to tell you that i got selected in my dream company ACCENTURE. That was the first time i was facing an interview. With my experience the most important thing i want to share with u people is to please get rid of TENSION first. There is nothing to get tensed. If you perform well definitely u will get selected.

The interview pattern is as follows:

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

- 1.WRITTEN TEST.
- 2.GROUP DISCUSSION.
- 3.TECHNICAL ROUND.
- 4.HR.

The written test is very easy to be get selected.It is of 3 sections and duration is 1hr.

- 1.VERBAL
- 2.APTITUDE
- 3.ANALYTICAL REASONING

VERBAL is of 20 questions. It is of meanings, articles, prepositions and 2 unseen passages.Be carefull with those passages,they are easy but time killing. Confidetyly answer the verbal part.Its the scoring section.

APTITUDE is also of 20 quetions.

It is of venn diagrams,blood reletions,ages,permutations and combinations

The other questions were like if \$ is 1 and * is 0 then which of the following represents 5012? (just convert 5012 into binary any replace 1 with \$ and 0 with *)

this is very easy.Just practice for acquiring speed.

The next section is for testing your ANALYTICAL .

- Given directions :
- A: all the three are alike
 - B: first and second are alike
 - C:first and third are alike
 - D All the three are different

question: 157.2344352345 157.2343245345 157.2344352345 answer : C
question : aabbcddeff aabbcddeff aabbcddeff answer: D

Then few conditions were given based on which we have to solve 5 problems.understand the constraints properly.

And questions like if + stands for -, * stands for /, - stands for +, ./ stands for * then solve $5*6/5-20*20$. Around 5 questions were given on this.Very easy but time taking.

2.GROUP DISCUSSION:

We had 15 as a batch and 4-6 got selected in each batch.He left the topic to us itself.Topics are like "Democracy in India" and "Terrorism in India". Its the main elimination round.Be sure to,"xpress ur views but dont argue".

3.TECHNICAL

As i am from mechanical background he asked to relate MECHANICAL TO SOFTWARE and compare Q.C.A TO SOFTWARE and some questions regarding my subject.

Some regarding C language.He asked me tell about the ppt.Know much abt the company it will help u a lot.

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

4.HR

The questions are
Tell me about yourself.
why ACCENTURE?
Where are you from?
Where do you stay?
Why should I hire you?
How good are you in programming?
Who is your role model?

The strange which I had to face is, "WHAT WILL YOU DO IF YOU ARE NOT SELECTED FOR ACCENTURE NOW?" He will ask you to describe the situations where you acted as a team leader.

Effective communication skills and your confidence levels would fetch you more points..
Prepare well. Perform well. Hope to meet you there.
SO WHAT ARE YOU WAITING FOR? PREPARE WELL. THE FUTURE IS IN YOUR HANDS.

ALL THE VERY BEST!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

ACCENTURE PAPER ON 4th AUGUST , 2007

Hi pals, Accenture came to our campus on 4th Aug, 2007. (to N.I.T. Rourkela) . During the PPT itself they made it quite clear that they were going to take a good number of students this time as well. PPT was quite good and also they conducted a small quiz based on that PPT.

Then the written round... Questions were very simple. Merit Trac guys conducted it.

Soon after the written test, they asked us to stay back in the classes and wait for results. Room by room they collected the papers and went for checking... Then after 10 min or so..they came out with the results for the 1st room students... Thereafter they took us for G.D.

About 16 students from my room were there for GD.they divided us into two and asked us to suggest some topics. Then, they finally chose Global Terrorism. They gave everybody some time to speak out their points.

It went for about 15 minutes... Side by side...results of other students were getting out and were going for GD. Since ours was the 1st ones... we got our GD results within 5-10 minutes. They took about 8-9 of us from a total of 16.

Then they handed us a form of Accenture to fill up and asked us to come for interview within half an hour.

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

We came back all dressed up for the interview. Ours was firstly Technical Interview. He asked me to justify my other technical skills. Then questions based on C/c++ , difference between them, some syntaxes here and there. Then what is OOP.

Then after about 2 hours. i was send for my HR round interview.

The lady asked me usual questions like.. What do u know about Accenture, why software... tell me something about urself..... n what initiatives u hv taken in last few months.... then she asked me questions from a form like...wud u mind if we relocate u in any city of india n so on...

Finally, the results were out by 8.00 p.m. A total of 96 students got placed...We were handed over our offer letters and a T-Shirt.... This was all folks.....

All the best !!!

Devesh Srivastava

ACCENTURE PAPER ON 4th AUGUST 2007

hii guys

i gott placed in accenture which visited cec collge landran on 4th of august 2007....the apptitude test was very easy as per the patten given in other profiles on freshers world.com under accenture papers....

vell i cleared the test with 38 marks out of 55 and i think the cut off was 35 or 30...825 people cleared the test out of 7000 from 73 colleges....

on 17th of aug v had our GD ...huuhh GD vass bitt difficult task...the panelist was verry harsh and straight forward....first he divide our group of 12 people into two halves i.e.6 6 denn he asked us to choose the topic vther sex education shudd b dere in schools in collges or not...v all said datt bcozz v had allready decided ealier he rejected the topic and vent for difficult one and siad us to GD on microprocessors...v said its difficult...denn he asked us to GD on "modren farming techniques" i startedthe Gd and i think he noted that and itt favoured me...i vass bitt high in pitch so datt others can b quit ...denn he pointed us to argue each other and said otherwise everyone vill b out....denn there vass a fish market....first he said first 6 to speak against and other six to speak for teh topic and he denn said to flip after some time ..my mind gott stuck....i vass not able to speak for a vwhile...denn i raised just one ponit and he said to end the GD and ventt out...hey gguyys i vass only one who cleared the GD in my group....

so next vass the interview day...on 18 th...we were said taht v had two rounds one technical and one HR...butt as i got my turn verry late in the evening at 5 so slowly itt gott to HR both just a formality....my both rounds vent verry gudd the only things deyy vere lookin for confidence and gudd communication skills...deyy justt asked tell me about urself??..y accenture??? n y shudd v hire u???? n all datt...vell i cleared both and vass finally selected....

just i voont to say is donnt loose hope itt vass my 15th company i vent for till now i vass not able to clear even one test..butt finally i gott so donot loose hope and gett going

vell guys best off lukk c u all in accenture :-the accent of future
Ishat Preet

ACCENTURE PAPER ON 4th JULY AT MUMBAI 2007

Hey guys accenture had come to our coll on 4th of july, hers wat happnd.....

1. Aptitude

The test was pretty simple but lengthy.Ques askd were

Section A: Verbal- pretty simple english questions.

Section B: basically maths there were questions on venn diagrams

and if -1 and $*$ - 0 thn wat is value of $*\$ \$ \$ \$**$.

and others given here on this site

Ques were lengthy.

Section C: easiest section dont miss it

2.PPT for about 40 mins.

3.GD

Our topic was "The education system in India"

4.HR

mine lasted just 10 mins.

she asked me why i did IT ??

5.Final interview

was askd my fav subjects -i said c,c++

so he askd qs on them...

also askd on data structures...

just be cool guys n confident.Revise all ur basic concepts

By,

Rohan

ACCENTURE PAPER ON 5th JUNE AT INDORE, 2007

Hello friends!

I got selected in accenture on 5th june 2007, we went through four rounds, written test, GD, technical interview and HR interview. First two were elimination rounds. Written test was neither tough nor easy. There was sectional cut off. Verbal, quanta and LR were main parts.

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Around 135 students out of 350 made it to GD. Topic of GDs were very common and easy. But never try to make Fish market. I gave only one entry but my point was listened by all, try to give 1-2 good points. You can easily get selected in GD.

In technical interview they asked about my favourite subject. I said Computer networks, they asked about all layers, their protocols and functions. In DBMS they asked about indexing and its drawbacks. It was easy for me, but some tough que. that they asked from my other candidates:

1. Make linked list program in Java.
 2. Make sorting program in Assembly language(microprocessor 8086).etc etc.
- Be confident while answering, and try to answer as per your knowledge. Dont dare to bluff...

In HR they asked basic questions:

1. Tell me about yourself.
2. What is team work.
3. Three points from PPT.
4. What is work culture.
5. Reason of gap in education.
6. One achievement of college life.
7. What would u do as a team leader if team members have disputes.

Be calm n relaxed in HR interview and most important be confident. Finally 47 students got selected and i was one of them! They gave offer letter(and a beautiful pen :-)) at the time of declaration of results.

All the best!!

By,
Shikha

ACCENTURE PAPER ON 5th MAY, 2007 AT TAMILNADU

Hi friends

Accenture conducted its placement program at Noorul Islam College of Engineering, Kumaracoil, Tamilnadu , on the 5th of May 2007. It was on campus program. I got selected out of about 250 students(25 students got recruited)-thanks to the Almighty God. Also thanks to freshersworld.

Selection procedure:

Totally 4 rounds

1. Written test
2. GD
3. HR interview
4. Final Interview

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

1. Written test:

conducted by Meritrac - only one question booklet was given -there were 55 questions to be answered within 60 mins. there were 3 sections:

- a. verbal
 - b. analytical
 - c. attention to detail
- a. verbal (20 qns):-

Questions :-

Fill up with suitable prepositions (5 Qns)

Fill up with suitable articles (5 Qns)

Comprehension: 2 passages Viz., 1. Process, 2. Computer Networks (5 Questions each)

b .analytical (20 qns):-

Prepare from R.S .Agarwal Quantitative aptitude book. Important topics: Venn diagram based pblms, data sufficiency pblms

c. attention to detail(15 qns):-

pblms like

find which of the three are alike:

34456789,34456779,344567 80,34456789..

if \$ is 1 and * is 0 then $3^{**}4^{**}5$ is.....

if - is *, + is /, * is +, and / is - then $2+8*6/4-1$ is?

this section is more time consuming so I made a lot of guess here.....

it was only by God's grace i got thru the aps...around 90 got selected in aps ...and a topic was given for essay writing(5 mins)-topic was "My college life"

2.GD:-

The topic given to us was "shud mobile phones be banned within college campus"

Initiation , participation(with relevant strong points) , listening to others were important.

3.HR Interview:

Some of d qns were..

Tell abt urself !

What u expect in a good job?

4. Final Interview:-

Some of d qns were.. (again)Tell abt urself.....

Wat is OOPS?features.....

Wat is polymorphism? Types &

Let me tell u one thing..... I was rejected by TCS in 1st round & CTS in the final round wen 131 were selected in our collegei was very very very discouraged.....I prayed to Lord Jesus fervently...finally by His bountiful grace He gave me job in accenture.....Prepare with prayers & hope diligently and leave the rest to God - He will giv u d best...

Best of luck!!!!

By,

Ida Janet Serene.

ACCENTURE PAPER ON 7th AUGUST , 2007

Hii friends.....Im ashutosh recently I placed in ACCENTURE through joint campus placement held at CEC landran..Accenture is one of the world's no 1 IT company.

To b e placed in Accenture u shud have to go through from 4 rounds

1st Round :- Aptitude (v.v.easy) 55 QUESTIONS TIME 60 MINS

2nd Round :- Group Discussion (Difficult)

3rd Round :- Techical or HR Interview (depends upon ur day...but u need to prepare)

4th Round ;:- HR or Technical Interview (need tp prepare).

Keep on thing in mind ...These Are All Eliminary RoundsYou Just Need To Focus Every Time N U'll B Through Out Definately ... 825/5000 Were shortlisted for GD and 450/825 for inmterviews and finally 214/450 are selected.So means their selection rate is quite fair.

1 APTITUDE TEST:-

Very easy test . U just need to brush up ur skills and go through RS Aggrwal (Verbal & Non- Verbal) and U will be through

QUESTIONS WERE THESE TYPES

Q.1 to Q.3 Prepositions

One of the questions was-

___ his vacation, Ram went ___ the forest and also walked ___ the river.

Ans: During, to, along (other options may confuse you, like you would think it can be 'across the river', but choose the one in which all three are fitting)

There was 1 question that had only 1 blank as well.

Q.4 to Q.6- Choose the closest meaning to the words in Italics:

One of the questions was-

Due to his versatile qualities, Mohan was able to do all types of jobs quite easily.

Ans: Flexible

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

(Other options can confuse you like 'Multi-talented' was an option, but choose the word that exactly fits in the sentence and carries the correct meaning)

Q.7- Q.10 Articles:

Fill in the articles in the following sentences:

One of the questions was-

___ essay, which was later chosen as ___ best, was written by ___ student who used to be quiet in the class.

Ans: The, the, the

(These type of questions were quite easy and there were 1-2 questions that had only 1 blank as well)

Q.11- Q.15 were based on a passage that was related to operating system (OS 2 and its newer versions. It was compared to other operating systems and its advantages and disadvantages were discussed)

The answers of the 3 questions were within the passage and answers of 2 questions had to be given by interpreting the passage. So I would suggest, since the passage was long and time consuming, better have a glance on the questions before starting the reading.

Q.16- Q.20 were based on another passage on PLM (Process Life cycle Management)
This passage was very long so I left it for the end.

Apply the same trick for answering the questions of the very long passage!!!

SECTION II- Q.21 to Q.40

Q.21- Q.26 These were the questions based on Venn diagram.

Example:

If in a class 80 people speak English, 42 speak French, 65 speak Hindi, 12 speak both English and Hindi, 17 speak both French and Hindi, 13 speak both English and French and 6 speak all three languages, how many people are there in all?

Q.27- Q.30 A variety of questions were there:

Example:

1 question on Blood relation-

Example:

Pointing to a man Carl said, "He is the son of brother of my mother's husband." How are Carl and the man related?

Ans: Paternal Cousin

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

1 question on Directions-

A man walked 2 km east, then he turned NE and walked 5 km. Then he walked 2 km west. How much and in which direction should he move to reach the initial point?

Ans: 5 km South-West

31-35 were of following type:

Two sentences are given below. Mark the answer according to the following:

A- If only FIRST sentence is required to verify the sentence

B- If only SECOND sentence is required to verify the sentence

C- If both FIRST and SECOND sentence are required to verify the sentence

D- Cannot be verified even if both sentences are considered

Example:

Two trains are traveling towards each other. When will the two trains meet? If -

1. Train A is coming at a speed of 20km/hr

2. Train B is coming at a speed of 30km/hr

Ans: D

36-40 were based on:

If 1 is written as \$, and 0 is written as *. Then answer the following:

(e.g. 4 is written as \$** and 3 is written as \$\$)

Example:

$3*5-12+10-9/3$

The solution of the above expression can be represented as?

Ans: \$*\$* (1010 in binary i.e. ten in decimal)

SECTION III- Q.41 to Q.55

Q.41- Q.45 Mark the answers according to the following:

A- If all the three options match

B- If FIRST and SECOND options match

C- If FIRST and THIRD options match

D- If none of the three match

Example:

KKTUJNGDFTSR KKTUJHGDFTSR KKTUJNGDFTSR

Ans: C

Another example:

1896.5738491023 1896.5783491023 1896.5738461023

Ans: D

Q.46-Q.49 were based on the Puzzle-type question. It said:

Following was the criteria decided by the selection committee of Indian Cricket Board:

1) Player's age should be 18-28 years

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

- 2) He must be the captain of any cricket team for at least 2 years
- 3) He must be a Ranji Player for at least 2 years
- 4) He must have taken at least 20 wickets or made 1000 runs in a calendar year in Ranji

If 1st condition is not fulfilled .. referred to chairman

If 2nd condition is not fulfilled .. he must be an all rounder with at least 500 runs and 15 wickets

If 4th condition is not fulfilled .. referred to VP

Questions were like following example:

Rahul was born on Dec.10,1979 and is a captain of Ranji team since Feb 2005. He won man of the tournament last year for taking 24 wickets last year. He is:

- a) Selected b) Rejected c) Referred to Chairman d) Data Insufficient

Ans: a

(These questions are also easy if you draw a table with names of the aspirant in rows and criteria in the columns, and then checking whether he/she fulfils it or not)

Q.50- Q.55 were also a bit easy and were of two types:

Example of type 1:

If * means +, + means -, - means / and / means *, then what is the value of-
 $8+4-9*7/12+3$

Example of type 2:

If * means /, / means -, - means + and + means *, then which of the following is true:

- a) $7+43*2/13-7+8 = 22.6$ b) $4-9*7/4*2/3-7+2 = 25$

(The type 1 are easier and less time consuming and type 2 are more time consuming but still can be solved. 3 of the questions were of type1 and other 3 of type two)

Note: The Examples that I have given are almost the same questions that were asked to us. Few examples are given by me to just make you understand the type pf question since I don't exactly remember the question.

2ND Round:- GD (very difficult) keep in mind they r going to recruit those people who have good communication skills

TECHNICAL Interview:-

Q 1. Describe ur self

Q2. WHAT LANGUAGES U KNOW?

This was my technical interview (lucky day)... but some times they ask questions as well

q1. Describe ur self

q2. Explain ur project

q3. Diff between static variables and dynamic variables

q4. Call by value or call by refrence

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

For More Placement Papers visit www.123eng.com

q5 Pointers

q6 Write a prog. to swap 2 variables without using 3rd one

q7 write a prog to find length of string without using strlen() function

so u need to go through some basic concepts

HR Interview

q1. How r u?

Me:- Fine sir

q2. Tell me some thing abt ur self

Me. Ans

q3. What r ur strengths?

Me. Ans (but be carefull u shud have to ans with example)

q4. Ne age gap?

Me. NO (they donot recruit people who have age gap and variations in marks)

q5. Why ACCENTURE??(most important)

Me. Answered

q6. What u expect from IT industry?

Me. Ans

q7. Sell this table fan

Me. Ans

q8. Which color socks u r wearing nw?

Me. Ans

q9. Ne thing u would like to ask?

Me. What kind of project shud i have t deal with so that they will become helpful for me in future?

Mine Technical and HR Interview were not more than 5 mins bczo might be I was my day n finally I selected.... hope c u soon there BEST OF LUCK.

ACCENTURE PAPER ON 7th SEPTEMBER 2007

Hi "T"anmay I am frm Indore IPS coll... Accenture had a written exam in Inodre in my coll on 7th Sept and around 2000 ppl appeared.. it was a off campus stuff so very few got selected.. hardly 200.. I was one of them... then we had our interview, GD and process in Bhopal. There was a written exam. a GD and 2 interviews.. techincal and HR.

The written had 3 section and they were the same as previoius papers so do go through as many papers u can.. and wat i did was i went thru this site that was all and i got all wat i needed.. so check everything here.

Then there was a GD first and the topic i had was "Should religion be brought in Education"... some other topics were "Cricket or hockey which shud be national game"... "E-Learning Vs. Conventional Learning".. The GD was a round where they notice u alot so be confident.. be alert and active... all u need is a bit of fluent English and confidence... talk the right thing and jus do enough so that u come in notice that shud do it. jus be

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

confident and fluent.. thats wat i found the key point... we were 12 ppl put of which only 3 got thru including ME!!!

After the GD some ppl had HR some techincal... I had my techincal firsrt and since I am from Computers branch .. he aked me alot frm my subjects... like... Data communication (OSI)... Software Engg(SDLC)... techincal was for real and it was good... he made a Binary unsorted tree on paper and asked me to sort it with the whole procedure... then after that he wrote a matrix 3x3 ka contaning 123456789 and asked me to write the transpose of it.. i was happy at the simple Ques. but jus as i wrote it he said.. now write a C code to do the same...but fortunately i was able to do it... so have some practicle and clear approach.. thats wat they notice.. ur approach to a problem... he also asked abt OOPs concepts and its main points... then abt project and also if u have like a bit less % in ur 10th or 12th .. then be prepared to make up for it.. i had 69% in 12th and 60% in 10th so he siad "why so less in 10 12" ... i said "Sir i was young and not focused... but with time i realised the importance of education and responsibilities and so started improving myself... and so on...

After taht i had my HR which was hardly 5mins.. he asked abt me.. my background.. if i am ok with any terms and services.... and he asked me abt any year gap.. well ppl i have a Year back in my career after 2nd yr.. so i told him yes i do and gave a valid reason for it too... and it did it all.. before i was worried that a year gap mite lessen my chances.. but Accenture still took me means.. its ur personality and knowledge that matters and not marks.. provided u staisfy them.. and yes after the back my marks always went higher and i have a 70.4% degree in hand now!!... anyways don worry abt gaps and be confided!!!

Well after 5000 ppl apearing .. hardly 80 go selected and I am one of them.. :))!!

To sum up i wud like to say.. be prepared for all kind of written exams with time management skills... be very confident alert and active in GD... have knwoledge of ur subjects... and remmber when u go to the interview... keep in mind.. its they who want a employee and not u who want a job... So be confident and show that grace in ur face,, with a smile to make them feel pleasant... so best of luck to all hope this was help and see u all there take care!!!

ACCENTURE TEST Papeer 7 September 2007

hi frnds....This is Asha (Electrical & Electronics Engg.)...I faced accenture recruitment on 7th sept @ Oriental Instt. of Science and Technology,Bhopal.

WRITTEN (conducted by merittrack consultancy)

Thanx 2 freshersworld.com..the pattern ws the same...only thing that matters is the time management..55 Qs to be done in 1hr..

I started wid the english section first since I'm strong in that...bt felt short of time in the logical-section.

d 2 comprehension passages in the english section wr tough... wr based on s/w bt wr slightly tough...directly go 2 Qs n then find the ans.rather than reading the given passage.also thr wr QS for antonyms & synonyms...easy maths section ws moderate....practice RS AGRAWAL....all Qs wr frm it... specially work,time&distance...

didn't attempt all Qs...went on 2 the nxt

Logical section is the most easy one..vry simple...

as thr is no negative marking attempt all Qs...

jst focus n try 2 finish in time..

Afr that they will give u a topic for essay-writing...mine ws "Impact of IT industry in India"... mostly the essay topics r the same frm previous pprs...i hadn't prepared 4 the essay bt hd sm points in mind...

after d written d result ws announced @ 10 pm,ws given a form 2b filled n brought d nxt day...reporting time 7:30 am

GD(on 8th sept)

accenture ppl came late so GD strtd @ 9am.thr wr 140 who cleared writtn among d 2000 students.

my group had 12 ppl...our topic "Crime is Rewarding".tkcr not 2 speak too much widout givng othrs a chance coz a guy & a girl in our group did that n wr nt selected... wt u speak n hw u speak matters... wn the discussion strtd becoming a fish-mrkt i urged evry1 2 cntinue it peacefully...i guess that wrkd 4 me....b confident wn u speak..ur english matters.

TECH.INTERVIEW

He : Hi asha...nice 2 meet u

I : Thanku sir... (shaked hands)..may i take d seat sir?

He : Ya..sure

I : Thanku sir

He : So asha tell me abt urslf..

I : (said all in my resume) Anything more u wnt 2 knw abt me sir?

He : Y ur 12th % ws low?

I : Coz i ws into sports etc... (hd prepared 4 this Q)

He : So u appeared 4 ny othr cmpny?

I : yes..TCS & TechMahindra bt cudnt clear them..

He : hv u learned ny programming language?

I : Yes sir...C bt dat ws self-study... n currently i'm learning java

He : Wt r the basic features of OOPs?

I : (told all the 5 of them - abstraction,polymorphism...)

He : Wt is polymorphism?

I : (explained)

He : Anything u want 2 ask?

I : Since i'm frm Electrical&Electronics, will my training b different frm CS ppl?

He : No,everybody does d same thing...

I : Thanku sir...

My name ws there wn the result ws announced....
Thankgod....its surely coz of my faith in God,the support frm my parents n ofcourse my best frnds...
all d best 2 all u ppl...hv faith in God n wrk hard...

ACCENTURE PAPER ON 10th JUNE, 2007 AT TAMILNADU

Hai Friends, Iam Shenbagavalli & Iam doing my final year ECE in National Engg College Kovilpatti (Tuticorin dist, Tamilnadu). I attended a on campus recruitment & I got plkaced in Accenture.

The procedure is:

- 1.Written test (Conducted by Merit Trac) & Essay (Should water be a natural resource)
- 2.Tech interview
- 3.HR interview

Due to the delay in the arrival of flight they select only 30 persons from written test & so there is no need to conduct GD. HR interview is not an elmination round (but it depend on the no of persons clearing the written test) but tech interview is an elimination round. The cutoff for Written test is very high.so please cocentrate on the written test.

Written Test:

It is very easy but the important thing is time management. So please do easy problems first & atlast do the comprehension inorder to save time.

ENGLISH PART:

It consists of :

- 1.Articles(3)
- 2.Prepositions(4)
- 3.Synonyms(3)
- 4.comprehention(Two passages - 10Q)

QUANS PART:

- 1.Time & Distance
- 2.Age related problems

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

3. Time & work

4. cricket - logical reasoning 1) 1st statement alone is true 2) 2nd alone 3) both 4) none of the statements

5. Blood relation

III PART:

1. *---/, /--* ,+_____ - , -_____+ like this they asked 7 problems

2. pick out the statements 1) all three are similar 2) 1st & 2nd 3) 1st & 3rd 4) 2nd & 3rd 5) none

a) 934.523562 b) 934.532562 c) 934.5235662 (Like this)

3. Venn diagram (5 to 6 pbms)

Once if you crack aptitude & if you are having fluency in English it is easy to be placed in Accenture. There is high cutoff for written test & so you please concentrate on the written test.

ALL THE BEST. SEE YOU IN ACCENTURE. BYE BYE.

ACCENTURE PAPER ON 12th AUGUST, 2007 AT nagpur

Hello Friends, I am selected for the company. The selection procedure includes 4 steps .

1. WRITTEN+ESSAY WRITING
2. GD
3. HR INTERVIEW
4. TECHNICAL INTERVIEW

1. WRITTEN-(1 hour)

Easy to clear, It has 3 sections

a) ENGLISH-

Total 20 questions. 10 Fill in the blanks of prepositions, synonyms & antonyms, 2 passages related to computers.

b) APTITUDE-

Refer R.S. Agarwal.

Topics on which questions were asked are:

- Blood Relations
- Directions
- Time & Distance
- Questions like if 100 people like to watch cricket, 200 like to watch football & so on.....

c) VERBAL & NON-VERBAL-

Refer R.S. Agarwal

Topics on which questions were asked are:

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

- Mathematical Operations
- Data Sufficiency
- Logic
- Puzzle Test

d) ESSAY WRITING-

10 mins, 100-150 words "IMPACT OF INFORMATION TECHNOLOGY IN INDIA".
450 people cleared the written test out of 3000 people.

ON 25th August we had our GD & Interview. We reached our centre at 10:00AM. Firstly we had a 40-45mins PPT (Pre-Placement Talk). Listen carefully as it will help you in HR interview also.

2) GD-

Firstly the coordinator asked us to suggest some topics but he gave us the following topic:
"IMPACT OF INFORMATION TECHNOLOGY IN INDIA AFTER 10YEARS. "

In GD you must put your points confidently & speak something. If you put your points confidently they will select you. In our group 6 people were selected from 12. In GD 150 students were selected from 450.

3) HR-

- Tell me about yourself?
- Why your 12th % was low?
- Do you know C?
- What is linked list?
- What is stack pointer? (I didn't know the answer & I simply said "I don't know.")

Remember if you don't know the answer tell them. It will be beneficial.)

- What is a register?
- What is the difference between LAN & WAN? (As I have asked her to ask from Computer Networks.)
- What is the difference between Routers & Switches?
- What is OSI?
- Name all the 7 layers of OSI.

Then the interviewer asked me if I was having any questions. I asked her that I want to pursue my MBA, how will Accenture help me out?

The HR interview carried out for about 10-15 mins. After my interview the interviewer told me to wait outside. I was told that I had cleared my HR & be ready for my Technical interview. After 10mins I was called for my technical interview.

4) TECHNICAL-

It was carried out for about 15-20mins.

- Tell me about yourself?
- Which sport do u like?
- Why Accenture?

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

For More Placement Papers visit www.123eng.com

- Why should I hire you?
- Why your 12th% was low?
- Some concepts of addressing.
- Which subjects have you studied?
- What was your GD topic & questions related with GD topic?
- Why were u selected in GD?

The interviewer told me to wait for the results.

At around 9:30PM our results were announced. My name was also there. 34 students were selected on that day & some of the students were having there interviews the next day as it was very late.

We were given the offer letter. The package is Rs.3,10,003.

Shashank Saxena

ACCENTURE PAPER ON 12th AUGUST ,2007

Hello friends,,.....

I finally got placd in accenture after getting rejected from 7 companies: infy,syntel,iflex,satyam,LnT,convergys and hcl so pllllz dont loose hope i knw its tough to face rejection but always have faith in urself and remember something better is made 4 us we jst need to grab the opportunity.

Wel accenture procedure consists of 4 rounds: WRITTEN, GROUP DISCUSSION, TECHNICAL INTERVIEW AND FINALLY HR.. The main problem is that there in take of students is very less dey need perfectionists and ppl who are confident and have good control over english. around 4000 students appeared in pool campus and only 80 gt finally selected... so u ve to b at ur best....

WRITTEN: 1st section English : 1) prepositions- for dis u need to know d basic concepts 2) synonyms- no need to study dis words are very basic 4 options are given and u have to choose d rite option 3) articles- again go through the basic concepts from wren n martin 4) 2 passages very very easy dont worry at all.

2nd section and 3rd section: IN dis scetion dere were questions from rs agarwal verbal and non verbal do practice following things: venn diagram based questions, syllogism,data sufficiency, decision making, blood realtions and mathematical operations all dese chapters r given in rs agarwal..... no need to practice quants as dey r nt asked directly bt can b askd in data sufficiency questions..... Our result was declared on website and after 1 and a half week we had our remainig rounds

On 25th in d morning we had our ppt first its very imp do attend it properly wil help u in hr round... den we went 4 GD in batches of 12 students dere were around 27 batches. My topic was MEDIA IS UNNECESSARILY HYPING INDIAN CRICKET.. u ve to be LOUD, CLEAR, NOT SO BAD ENGLISH AND PUT UP SENSIBLE POINTS... some

Submit your resume to cvs@123eng.com

For More Placement Papers visit www.123eng.com

maam took our gd she was very strict i spoke in d beginning and she marked me and den i dint open my mouth except at last. she even gt angry wid us and warned us to be careful else she wil dismiss d whole group.. bt finally 3 gt selected 4om 12..... Other topics wich i remember were EDUCATION Vs EXPERIENCE and MBA ABROAD OR IN INDIA donno abt rest of d topics.

Then at 6 I went for my interview dere were 6 panels. my TECH INTERVIEW was taken by a very cool lady....

Questions: TEL ME SUMTHING ABOUT URSELF

SHE ASKED EVERYTHING FROM MY CV HER NXT QUES WAS ABOUT MY HOBBY WICH IS DANCING

EXPLAIN YOUR PROJECT I EXPLAINED HER DONT STP OR GIVE HER TIME TO ASK ANE QUESTIONS

WHAT IS NORMALIZATION WITH ALL ITS TYPES

SHE ASKED ME THAT WHY I HAVE CHOSEN BANGALORE AS MY FIRST PRIORITY HOW WIL I MANAGE MYSELF

FINALLY SHE ASKED ME TO DESGN A DATABASE FOR A PROJECT HOTEL MANAGEMENT DONT PANIC JST DO UR BEST

FINALLY SHE ASKED IF I HAVE ANY QUERY I CAN ASK HER

in next 1 min my result was out and i was selected in tech and now my hr was on next day....

Now my HR was taken by a sir:

GUDMORNIN ISHA SO U HAD UR BREAKFAST...?

OK SO WHAT UR FATHER DO?

TEL ME ABOUT ACCENTURE..... I TOLD HIM DEN HE SAID " OK ACC TO U ACCENTURE IS A MNC AND ETC ETC BUT WHAT WE ACTUALLY DO???? I TOLD HIM THAT THEY HAVE TECHNOLOGIES BPO'S AND CONSULTANCY.....

HE ASKED ME TO EXPLAIN ALL THREE...

HIS NXT QUES WAS Y I SHOULD HIRE U???? I SAID ACCENTURE IS LOOKIN 4 PPL WHO ARE CONFIDENT AND HARD WORKIN AND I BELIEVE DAT SKY IS D LIMIT 4 EACH ONE OF US WE JST NEED TO PUT IN OUR HARD WORK

Chat with other engineers at www.123eng.com/forum

For More Placement Papers visit www.123eng.com

COMBINED WID SMATRNESS AND WE CAN ACHIEVE ANYTHING IN LIFE...
HE SEEMED QUIET IMPRESSED....

DEN HE ASKED HOW MANY COMANIES I HAVE FACED EARLIER AND DO I
HAVE ANY OTHER OFFER LETTER???

HOW MANY STUDENTS 4OM MY COLLEGE HAVE BEEN SLECTED IN
ACCENTURE AND DO DEY HAVE NAY OTHER OFFER LETTERS????

DEN HE ASKED ME WHETHER M READY TO WORK ON TECHNOLOGIES AND
READY TO SIGN D BOND? I obviously said yes...

finally after 3 hours our result was declared i finally gt slected.... signed d offer letter....
only 3 students gt selected 4om my campus and i really feel lucky 2b part of such a gud
comapny.....

dat's all i remember hope my experience wil help u ciao at accenture..
gud luck frnds
Isha Bhargava

ACCENTURE PAPER ON 12th JULY ,2007

hi my name is aniruddha...i am frm VIIT college,Pune...got placed in accenture on 12th
july 07. well.....v had apti....den GD.....den HR.....den Technical interview
total students appeared-around 250
selected for GD=157
Selected for interviews = 97
no of students selected finally = 46!!!!

well d ptitude test was easy 2 crack.....v had 3 sections
1>english-15 marks
2>quant-20 marks
3>reasoning....not sure what d name was....but damn easy....was a cake-walk....15 marks

so total of 55 ques in 1hr.....also der was an essay 2 write 4 which dey gave us 5 min....d
topic was given on spot.....our topic was.....f i was chief minister f maharashtra.....what
would i do 2 make pune global IT hub!!!! well my score was 15-17-12!!!!
der was no -ve markin.....but der was a sectional cutoff.....i don kno of how mch.....u
can guess frm my marks!!!!

GD-
topic was "Black".....

Technical interview-

Anirudh

ACCENTURE PAPER ON 12th JULY,2007 AT HYDERABAD

Hiiiiii friends,

I got placed in accenture on 12th july . we had a on campus interview at our college GNITS hyderabad.i want to share my experience with all the accenture aspirants.....Here how the procedure went on...They were correctly on time eactly 8:30 and we had a preplacement talk.....reallygood one it was very interactive and at last we had quiz on the pptpeople who answered the questions got a beautiful pen.....Then we were alloted rooms for the exam and the meritrac people conducted the exam.....

There were four rounds...

- 1.Aptitude
- 2.GD
- 3.Technical and Hr round

1.APTITUDE:

The aptitude test was quit easy but time management is very important.....not typical quant questins but simple ones...

English was easy with jus articles, prepositions

Venn diagrams,*--0and \$--1 then wat does 48 represent....questins like this

Then if /is *,*is -,+is – then evaluate some expressions.....

Time was 1 hour we had 55 questions.....we do not know the cut off probably 30-35.

Within 1 hour we had an essay also..our topic was “EXPECTATIONS FROM UR FIRST JOB”.

Then after 1 hr the results were out.....i got selected

2.GD:

then we were immediatly taken to for group discussion round....each group had 14 people....our moderator asked us to suggest the topic...we told “DRESS CODE

For More Placement Papers visit www.123eng.com

SHOULD BE THERE OR NOT IN CORPORATE LIFE".other topics for my friends were "INTERNET", "IMPACT OF VIOLENCE IN MOVIES ON YOUTH" we discussed for abt 20 minutes.....out of 14 people 12 got selected....jus put ur views for abt 2 to 3 times

3:Technical and HR interview:

about 76 students were selected for these rounds.....We can have tech or hr interview first and I had my HR interview first. It went like this..

HR:intoduced himself and asked "tell me about urself"

Me:told abt family,education,hobbies.....

HR:who is ur roll model and why....

Me:told abt mother teresa..(suddenl I didn't know wat to say)

HR:do u read newspapers..say me something tat u read these days

Me:told abt 7 wonders

HR:can u solve a puzzle

Me:yes

HR:gave me a puzzle of weights

Me:I solved it

HR:do it in other way

Me:tried but couldn't do

HR:tell me abt school life

Me:I said it was very exiting life and memorable....

HR:do u have any gaps in education

Me: noo

HR:abt relocation

Me:answered

He was so friendly and said ok u have one more round of tech and then I wil lwt u know the result.....I was happy that it went on fine...Then after 1hr about at 5:00 I had my tech interview....he was the senior manager as he told us in the ppt morning....i was tensed but attended it coolyyyy

Here no general ques like tell me abt urself but started off likeSo u r from final year ..say wat is software engineering.....I answered

He then asked wat r the phases and sdlc.i answered well.then I told abt my mini project I h ave done and he asked abt the project,the database used....some queries on sql....types of joinss .i couldn't answer inner join

He then asked abt compiler used in java..and abt certifications I know for java....

He then shifted to software engineering and asked abt testing

I answered and explained everything clearly....that's it

I am done with my interview.....i shook hand with him and came out....hoping to win it

Then after abt 2 hr at abt 7:30 they assembled again and were ready with the offer letters and beautiful pen.....finally abt 54 students were selected.i was one of them

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

They called out the names and handed over the offer letters.....

I was veryyyyyyyyyyyy happyyyyyyyy to hear my name and I was very delighted, Then there was some formality of signing and explained some rules and suggested some

Info abt accenture

That's it I am into accentureee

Believe in god and ALL THE BEST.....

Meet u all at accenture

Regards,
Swathi.

ACCENTURE PAPER ON 12th JULY ,2007

Now my experiences of Interview. Interview conducted at Jadavpur University on 12th July 2007

3 HR Person & 3 Tech person were in the grp...

The Consultancy Firm MERITTRACK was also involved in the process..

Generally ACCENTURE follows the Four Round Rule in the following sequence....

1 Apti

2 GD

3HR

4Tech

But in our case GD was not there due to shortage of time as the Team came late.....Followed by the Apti Round was the PPT session....

It started off with Apti Round.....There were 55 questions 2 b answered within stipulated 60 mins...Question was relatively easy.....In all there were 3 sections....

Please go through

1) Quantitative Apti.... R.S Aggarwal

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

2) Verbal & Non Verbal Reasoning...R.S Aggarwal...

I answered around 45 questions correctly...Others I made a wild guess...After 1.5 hrs, apti results were declared....My name was there....

Out of around 200 candidates, 58 qualified in apti round.....

Then there was a PPT session for 1 hr....Here I answered almost all the teasers and I got the maximum goodies 4 that...My first impression became the last impression...

Then after 30 mins break.....We moved to the HR Round..... My interview took around 15 mins..... All the general HR questions were asked....I answered all the questions firmly & confidently.... Here your Confidence & Communication Skills is checked.... My perception is that if everything goes fine in this round..... 80% chances r there 2 get into IT Sector....

Then only 20 students were selected 4 the final Tech Round.....My one was just for 5 mins or so.... Asked about my Project, subject of interest.... I answered Software Engg. & Multimedia.... Multimedia since I am doing MTech in IT (specialization in Web Tech & MM).... I knew I am in....

The results were declared & I got through In total, they took 14 candidates.... 4 Mtech guys, 8 BTechs & 2 MCAs...We were given ACCENTURE T_shirt & Offer Letter....I m very happy...Hope this will help u 4 Accenture....& Hope 2 c u In Accenture.....

Good Luck

Sanjoy Das

ACCENTURE PAPER ON 12th MAY ,2007

hey frenzzzz.....

let me tell u about the whole procedure & hurdles u gotto overcome to get thru all the rounds & get recruited in ACCENTURE.....!!!

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Although i didnt go thru any of the previous papers but later as i saw they were just true copy.....so i suggest jst take an overview of what the pattern is even though it was very easy!!

SO, beginning with the recruitment drive of ACCENTURE.....first was:

I. WRITTEN APTITUDE TEST: This had been divided into 3 sections:

i. Verbal Ability- comprising of fill up blanks with appropriate words, prepositions, conjunctions.....

-2 passages: non-technical & technical .

ii. Quantitative & LR:- ques based on Venn diagram

BLOOD RELATIONS

Data Sufficiency

iii. Accuracy check : There was hardly anything u had to put brain into.....just has 2 b donewith concentration n carefully!!

This test was followed by an essay writting in 5 minutes on topic- "MY LAST 3 YEARS OF COLLEGE LIFE". Just keep ur fingers crossed as they wont take more than 15-20 minutes 2 declare the results. Though it was an easy round but elimination for many.....only 156 cleared out of more than 1500-1800 students.

It was on next day that we were suppose to report at 11;30 a.m & the drive had to continue with PPT (Pre Placement Talk) but didnt kickstart as per the schedule!!!

II. GROUP DISCUSSION: We were divided into 13 groups of 12 students each. It was a very properly & well-conducted round-table G.D.

Topic: " STING OPERATIONS- FOR\AGAINST" other topics given to group were: "India as a superpower". "Booming IT sector in India."

People at once tried speaking up all together making it a fish market.....but we were stopped n ever1 was given chance 2 speak.....its better not 2 speak until ur not clear & comfortable with the topic n better listen 4 a while n then start speaking.....n if very comfortable just give it a bashful start & cling 2 students already done away with!!!!

I spoke just 3-4 lines explaining what it is????do not just start abruptly being in favour & against.....

RESULTS being declared as we came out of the room.

III. HR ROUND: Interviewer read my essay n cleared her queries wth explanation. Asked lot about company.....

when established in india?- 1987 mumbai

where ol over india r its offices? delhi ,mumbai, b'lore, chennai, pune, hyderabad.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

company turnover? US\$16.65 billion
no.of employees world? 1,49,000
in how many countries it is spread?? 49
worked as team leader/player?
2 qualities of a good team player?
wot r diodes????(donno was it hr or tech??)
y do we use it?y not something else?
wots the direction of current?
y is it so small in size?
After this much of the students were eliminated.

IV. TECHNICAL INTERVIEW: He was a real kool, polite n a graceful person.

Tell about urself?
wot ol languages u knw?..... asked frm C++
wot is inheritance?
how is it similar to copy function?(answered but not satisfactory.....so.....)
wot r linked lists??
he asked if i didnt know much how wud i manage with s/w company.....i told
them giving my full endeavour durin training & wotever is not taught 2 b done on my
own,
However we had 2 wait 4 quite sometime 4 d final results!! Holding our breath we had to
listen to PPT OF 15-20 minutes n also enjoyed the rapid fire questioning round at last!!
finally 30-35 names were annoned nhuh.....i made it!!!!!!!

Signed up the OFFER LETTERS n thanked GOD!!
WISH U OL THE BEST!!

PRATIGYA MATHUR

ACCENTURE PAPER ON 18th AUGUST, 2007 AT GHAZIABAD

Hello friends,

This is Akanksha Sharma, B.tech (CS), final year student of CET-IILM-AHL, and I wud
like to share my experience with all of u.....

There were mainly 4 rounds in accenture's off campus recruitment procedure.

Written aptitude test
Group discussion
Technical Interview
HR Interview

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

On 18th august there was a written exam at KIET Gaziabad, there were approx 8500 students from various collages who gave the written test. Students were divided in 2 slots and written test was held 4 two days.

In this aptitude test there were questions from

English comprehension (2 paragraphs related to IT)

simple word meanings (2 or 3)

Fill in the blank with articles and other grammatical stuff..... (5)

Simple mathematical questions like age, time, and binary conversions.

Puzzle questions (1 problem and 5 to 6 questions on that puzzle)

Sets (Venn diagrams) questions. (1 problem and 5 to 6 questions on that)

Essay writing (Topic: IT impact in India)

It was a 1 hr paper, after 3 or 4 days, result of written test was declared on site:

alltestresult.com

Out of so many students they selected only about 1600 students.....

Again these students were divided into 2 slots and we were given Date for rest of the rounds as 1st September.

On 1st sep, 1st round was GD round in which students were divided into batches. And every batch had 12 students.....

Topics for my GD was IMPACT OF MOVIES ON YOUTH

It was a warm discussion!!!!!!!!!!

Form my group those who spoke well got selected. There were 6 students who cleared GD round from my group including me.

Few other topics that were given to other groups were.....

Nuclear deal

IT impact in India

Is China 's economy is affecting India

Sex education in institutes (should it be there or not?)

They usually give current affairs topic.

GD was over at 11. am at 1'o clock I was called for tech interview

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

There were 17 panels and mine was panel no 1

He was really friendly and asked me very simple questions as.....

Tell me about yourself?

Why did ur % fell from 82 % (10th) and 83% (12th) to 69% (B.tech)?

Do u know anything about JAVA?

What about C?

What is Inheritance?

What are pointers?

And other simple basic questions.

What do u think, hw well u have performed in this interview?

Do u think we shud select u?

Do u have any problem in relocation? (He asked 4 Madras)

Any questions that u wud like to ask me?

It was fun!!!!!! It was more of HR then tech.

The interviewer then asked me to wait outside the cabin and just after 3 to 4 min a volunteer came and told me that I have been selected 4 the HR round.....

At around 3:30 my turn for HR round came.....He was also tooooooo friendly.....

Questions that he asked

Tell me about yourself?

Tell me about ur family?

Why do u want to join accenture and why not other IT firms?

Which are the companies that u would love to join other than accenture?

What do u known about those companies?

“we know what it takes to be a tiger ” in this punch line of accenture what is the link between “tiger” and “High performance delivered”?

What is Best?

What do u mean by Success?

Who is ur role model and why?

Why should we hire u?

Why communication skills are needed when u r joining a firm?

and may be few more questions.....

again I was asked to wait outside for 5 min, and then a volunteer announced the biggest achievement of my life!!!!!!!!!!!!!!!!!!!!!!I was the happiest person on this earth when he said u r SELECTED!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Finally at the end after such long procedure 400 (approx) students got selected.

From my collage 13 got selected and 4 of which were from my branch including me....

The very next day we were called for accenture's presentation and to get our offer letters...

Thank you!!!!
BEST OF LUCK!!!!!!!!!!

By
Akanksha Sharma

ACCENTURE PAPER ON 18th AUGUST, 2007 AT CHANDIGARH

Hello Friends,.....

I got placed in accenture on 18th aug,2007..in Chandigarh Engg College,Chandigarh.If u r well focussed in each n every round u can get through..Around 5000 appeared 4 the test...828 cleared it...422 appeared 4 the interview nd 214 were finally selected.

I strongly believe that confidence marked by good communication skills is what accenture people are looking for.

Accenture placement process consists of 4 rounds.

- 1).Written Test(with an essay)
- 2).Group Discussion
- 3).PPT 4 gd cleared.
- 4). i) HR/Technical interview
ii) HR/Technical interview

1)WRITTEN TEST.

It comprised of 55 questions each of 1 mark.....The paper ,designed by Merittrac, was categorised into 3 sections .Although,there is no sectional cut-off.The cut -off during our time was 34.I managed 2 get 45 correct .

The three sections were:

1.General English

It included simple questions on articles,prepositions etc...nd 2 comprehensions (2 technical passages here)

2.Quantitative+Reasoning questions

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

It consisted of basic probability, blood relations, position (standing 4th from left ...) etc. type questions.

3. Concentration questions

Questions like match the mathematical figures given, * is replaced by / like questions. 5 questions were based upon finding out whether a person will be selected for this job depending upon certain prerequisites.

So, if plan ur time nd concentrate well, u can clear the written. After our written test, they told us to write an essay on "career in accenture". I just explained what are the core values of this company nd why a fresher like me should prefer joining accenture.

2) GROUP DISCUSSION

We were divided into groups of 12. In my group, all 12 were girls out of 4 (including me) were selected. The moderator said he will select on the basis of comm skills, thought process, nd audibility of voice. In the beginning he told us to jot down points in favour nd against for the topic "How much India has changed since u hv taken birth". After a minute or two, he said that there is a surprise for u. The topic is changed to "Should women be given employment in IT sector". He divided us into 2 groups: FOR ND AGAINST.

After few minutes, the 2 gps had to present reverse views.

I gave 2 points in the middle. In the end, he gave a chance to those who had spoken less. I was also called for so. I gave Kiran Majumdar's example nd got selected. The results were declared by the moderator himself at the end of the group discussion.

Other topics were basic regarding IT sector nd general topics. The Meritrac team announced that there will be two interviews both can be hr /technical or combi of both.

4) (i) HR/TECHNICAL INTERVIEW

My first interview happened to be a Technical one. I was asked 2 questions regarding C (since I am from ECE)...the questions were relating to pointers nd files. Abt files I didn't know. I plainly admitted that I don't know abt that.

He then gave me a puzzle regarding distance -time. I solved that correctly. That ended my technical interview. The Coordinator gave me the result outside saying I did best for the next interview.

(ii) HR/TECHNICAL INTERVIEW

This interview was purely HR taken by a lady HR.

QUESTIONS WERE:

1. Introduce yourself.
2. Family background.
3. Top 3 IT companies in India
4. Why accenture?
5. Your hobbies

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

It lasted for 4/5 minutes. The Coordinator was handed the result and he gave me the good news that I hv been selected. The Offer Letter was given to 214 students finally and I feel myself privileged to get selected in an MNC like ACCENTURE.

Best of Luck.....

Gagan JayJee

ACCENTURE PAPER ON 18th AUGUST , 2007

Hi Guyz!!

All those who r going to appear for accenture test, first of all, all the best to all of them, dont worry at all. Before explaining the test format, i want to tel u guyz..that for cracking accenture test...just concentrate well on your english, communication skills and confidence. These are the far most important things for accenture. Test for accenture is being conducted by some intermediary company named meritec

Written Test

1. Most of the questions were based on English: comprihension, noun/verb/adjectives/articles etc.
2. Venn diagrams
3. Match the digits given
4. \$!!\$### kind of questions

im not giving the exact questions coz they will not be repeated bt pattern will be same. Accenture's paper pattern is different from other companies. no need to go through R.S aggarwal. Not that kind of questions.

Essay writing

After completing multiple choice paper they will say u to right one page essay on the back of answer sheet. Topic will be very easy. they basically checks ur grammar, mental level n english n not content.

No negative marking was there, but sectional cut off was there. Test is easy, just u need to work well on ur english n general i.q. u wil be through. In out recruitment drive around 7000 sat for test and 825 cleared the written test.

G. D

In G.D they made groups of 12 ppl in one group. Guys go through this linke-
sparc.com/categories/GD-Topics-With-Answers for all kind of G.D topics and remeber H.R will say u to suggest some G.D topic so be ready with around 8-10 gd topics as he sometimes takes time to choose from. Better u all in team decide that which wil u tel H.R a ur topic of discussion before the hand.

Its not that tough round. all wat u hv to do is speak, dont be so aggressive or silent too. H.R wil give chance to everyone to speak. Even if u hv made one solid point n speak out

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

just once through the session that will be satisfactory enough to choose u. if u will start the discussion that will help u 4 sure in cracking this round. They eliminate very less ppl in this round. some times they take 11 out of 12 . On an average they take 8-9 ppl. Just be confident n dont ever repeat the point which someone else has discussed.

Technical Interview

This round is too kind of H.R round. They ask from ur resume mostly. Be well prepared with ur projects details which u hv mentioned in ur resume, ur role in those projects and tools used. Prepare C, C++, Data structures and ur degree subjects well. Elimination rate is very high in this round. So try to give ur best shot. Be confident n keep smile on ur face. Sometimes they ask about H.R questions too in this round. They asked me about projects, my city and why its famous (Ludhiana) and about area of interest.

H.R Interview

If u reach till this round then u r almost selected. Be confident n give ur best shot here.

They ask general questions like, wat they asked me:

1. Tell about urself?
2. What are ur expectations from this interview?
3. Tell about ur family?
4. Tell about ur qualification?
5. what u know about Accenture? (Except wat was mentioned in ppt) Guyz go through accenture website pretty well n explore each n every link before the hand, this will help u
6. Why i hire u?
7. R u ready for relocation?
8. Do u know about service bond of accenture?
9. Do u hv any backlog or gap in ur studies?
10. Which are the 3 top indian I.T brands?
11. Whats special in u?
12. give me ur one strength and 1 weakness?
13. Explain ur self in 1 word?

And at the end of the day i got offer letter of Accenture!!! the whole process lasted for 3 days.

Good luck guyz, U will crack the test, just believe in ur self n hv faith in God n give ur ever best shot..

By,
Sandeep

ACCENTURE PAPER ON 18th AUGUST, 2007

hii friends,

first of all let me convey my sincere gratitude to freshersworld. i attended the accenture placement drive on 18 th august. The selection process is as follows

1. Written test + Essay

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

- 2.GD
- 3.HR interview
- 4.Tech interview

1.Written Test + Essay

About 900+ students appeared for the test and about 290 cleared the test.the written test was very easy.for the pattern just go thru all the accenture papers available in this site.it is very very useful.v had to answer 55 Q in 55 minutes.there is no negative marking.after that v were told to write an essay for 5 minutes,The topic was MY COLLEGE LIFE.prepare some common topics for essay becaz there is mark for the essay.

2.GD

On 25th v had the GD.first v were given the ppt and it takes more than an hour.listen their ppt carefully becaz when v go to HR they wil ask abt accenture.for the GD they divided the students into groups of 15 each.my topic for the GD was Coeducation.the other topics given were India for the past 60 years,Does the introduction of IT industry is a hinderence to research, End justifies means and Mean justifies end.these 4 topics were repeated for the whole group of students.try to start the Gd.if u start it is half done.after starting just make 2 more entries.thats more than enough.if u are not able to start then say some points.when u speak be confident and speak loudly.if u didnt get chance to speak more just giv a nice conclusion if u are told to conclude.from a group of 15 they selected 6or 7.after the GD they wil giv u a form to fill.they eliminated half of the students in the GD.

3.HR

v had our Hr on 26th.my HR was a cool and friendly person .i entered the room with permission

me:-Gud morning sir

HR:-Hai....gud morning wat u had for breakfast

me:-said

HR:-Tell me abt urself

me:-Said

HR:-What u know abt accenture

me:-Sy their revenue,no of employees,ceo,rank among the companies and all u know abt accenture

HR:-Top 3 IT companies in India

me:-TCS,INFOSYS,WIPRO\SATHYAM

HR:-What is team work?

me:-All the members working together with co-ordination and co-operation to achieve a single goal.

HR:-Do u hav any offers?

me:-No sir

HR:-Why?

me:-I was not prepared

For More Placement Papers visit www.123eng.com

HR:-Do u hav any gaps in ur studies?

me:-No sir

HR:-Are u sure?

me:-Yes sir

HR:-Ok....r u ready to relocate?

me:-Yes

HR:-R u ready to work in nightshifts?

me:-Yes

HR:-Wat would u do if ur parents didnt allow u to work outside?

me:-I m free to decide my career

HR:-Wats ur father?

me:-Said

HR:-Wats ur mother?

me:-Said

HR:-Any siblings

me:-Said(if ur sis/bro is also a soft pro they wil ask y u dont want to work with their company so prepared with that)

HR:-ur GPA?

me:- Said

HR:-Hav u done any seminars

me:-I hav done one seminar wen i was in first semester(always say u hav did one ,even u havn't.just prepare a topic)

HR:-Wat was it?

me:-As i did in first semester...i dont remember it sir

HR:-But u should

me:-Then i said wat i remember

HR:-Any project or mini project

me:-Said(just prepare ur pro/mini pro well)

HR:-Wat u do in ur leisure time

me:-Sid(they wil ask abt it in detail)

HR:- Hav u ever organised any event in college?

me:-Said(say u hav organised even if u havn't ..just prepare an event for that)

HR:-Thank u..u can go

me:-Thanku sir....hav a nice day

HR:-U too

4.Tech interview

Me:-Gud morning sir

Tech:-Gud morning..take ur seat

Me:-Thanku sir

Tech:-Tell me abt ur academics

Me:-Told

Tech:-Any project or miniproject

Me:-Told in detail

Tech:-Y u hav less marks in engg compared to 12th and 10th

Me:-Prepare a solid reason for this if u hav less marks in engg

Tech:-Wats ur branch?

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Me:-cs
Tech:-Is this ur first interview?
Me:-I wrote the tests of TCS and INFOSYS..but i was not able to clear the tests
Tech:-Wats Boyce Codd normal form
Me:-Told the definition
Tech:-I didnt understand ur formulas...show with a table
Me:-Did(he wil argue with u but make him convinced by saying that u r right)
Tech:-Wats 4th nomal form
Me:-Told
Tech:-Does the above table satisfies 4 th NF?
Me:-Told
Tech:-Wats super key?
Me:-Told
Tech:-Which is the primary key in the above table
Me:-Told
Tech:-How wil u avoid data redundancy in the above table
Me:-Told by showing values in the table...told my point until he is convinced
Tech:-Now convinced and smiled...any Q's?
Me:-No sir...i had a lot of Q's in my mind...but all got cleared in the ppt itself
Tech:-Ok thanku
Me:-Thanku sirhav a nice day
Tech:-Ok

Many people r eliminated in the tech and there is a 10% elilimation in the HR. those who r not placed in ur first attempts just dont give hope.....just do ur part and God wil do the rest....just believe in urself and work hard.....wat these accenture people looking in u is ur confidence.....if u r average or above in ur communcation skill then b confident.....

All the best
Maya

ACCENTURE PAPER ON 18th JUNE , 2007

Well very recently accenture visited our campus,,...as b4 the tests i did lot of search work to get an idea for exam,,i hope mi experience will b useful for many,,nd i belong to electronics and comm branch....

here is the selection procedure

- | | | |
|------|--------------|---------------------|
| I. | Written Test | 1 Hrs |
| II. | GD | 15 Mins. |
| III. | Technical | 20-30 Mins /depends |
| IV. | HR | 10-15 Mins /depends |

Total students appear for Written =round bout 250
test clrd by =70
GD clrd = 52

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

For More Placement Papers visit www.123eng.com

technical = dn remember
hr = 40 approx
final selected = 34
this was the whole format of exam...

(I) WRITTEN TEST

Written Test Consist of 55 question to be answer in 1 Hrs. & a short ESSAY on a given topic. students were selected on the merit basis. my rank in test was 9th....out of 250 approx students..i ll say the test was veryyyyyy easy...if u have gone through R.S aggarwal buks,both verbal,nonverbal and quantitave,,then its really very easy to crack the test...

Written Test consist of Three Section:

- 1) Verbal 20 Questions
- 2) Aptitude 20 Questions
- 3) Analytical 15 Question

1. VERBAL

this section consisted of simple english ques...just read with concentration and u will get the answer soon though the options smtimes confuse but dn wry...

some of the ques i remember are

1. _____ his vacation,he trekked _____ the hills and walked _____ the river.

a. during,over,along

b. in,in,across.

and some similar options..well i chose the first one....next 4 ques were same filling in the blanks type.. then next 3 included synonyms..for e.g

2. he has to endure the pain of his fathers death.

a. bear (ans)

b. face

c. tolerate

others word ws enjoined...it was in sentence form...i ll say these are also easy ones not the tough ones.thos type included round bout 4 questions..

Due to his versatile qualities, Mohan was able to do all types of jobs quite easily.

Ans: Flexible

___ essay, which was later chosen as ___ best, was written by ___ student who used to be quiet in the class.

Ans: The, the, the

(These type of questions were quite easy and there were 1-2 questions that had only 1 blank as well)

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

then there were two passages given.ist one was very easy.direct answers were given in passage.u need not to read the whole passage.just read the ques first and then answer it.

second one was quite tuf..but never mind each one felt the same..there were 5 ques frm each passage..

APTITUDE

Prepare from R.S .Agarwal Quantitative aptitude book. Important topics: Venn diagram based pblms, data sufficiency pblms,directions,relations etc...quite easy section simple ques based on venn diagrams like

1. there are 200 students in a class. 100 speak hindi.150 speak english.how many speak both hindi and english.

Ans..there is a particulr way of solvng such ques...u can do it using venn diagrams very easily.here adding 100 and 150 and then subtracting 200,,ve will get the common stuents.. i.e $100+150- 200 =50$ is teh ans

2.there are 250 people.100 read newspaper.50 read both newspaper and magazine..find no. of people reading only magazine..

Ans. c here it depends wat are v askd for..is it ONLY magazine or magazine.calculations vary drastically based on the sentence given.so do carefully.

there were many questions of this type and very very easy to do.. then other type of ques included

3. 600 people are there...10 benches fell short so on each bench 2 extra members were made to sit.find the no. of benches.

4. based on blood relations...

5. based on direction sensing.

Two sentences are given below. Mark the answer according to the following:

A- If only FIRST sentence is required to verify the sentence

B- If only SECOND sentence is required to verify the sentence

C- If both FIRST and SECOND sentence are required to verify the sentence

D- Cannot be verified even if both sentences are considered

Example:

Two trains are traveling towards each other. When will the two trains meet? If -

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

1. Train A is coming at a speed of 20km/hr
2. Train B is coming at a speed of 30km/hr

Ans: D

If 1 is written as \$, and 0 is written as *. Then answer the following:
(e.g. 4 is written as \$** and 3 is written as \$\$)

Example:

$$3*5-12+10-9/3$$

The solution of the above expression can be represented as?

Ans: \$**\$* (1010 in binary i.e. ten in decimal)

there were almost 6 ques of such type and i ll say they were really easy..u can very easily solve them...

ANALYTICAL

Mark the answers according to the following:

- A- If all the three options match
- B- If FIRST and SECOND options match
- C- If FIRST and THIRD options match
- D- If none of the three match

KKTUJNGDFTSR

KKTUJHGDFTSR

KKTUJNGDFTSR

Ans: C

Another example:

1896.5738491023

1896.5783491023

1896.5738461023

Ans: D

these ques are also easy..they consume very less time and need no pen work..
Following was the criteria decided by the selection committee of Indian Cricket Board:

- 1) Player's age should be 18-28 years
- 2) He must be the captain of any cricket team for at least 2 years
- 3) He must be a Ranji Player for at least 2 years

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

4) He must have taken at least 20 wickets or made 1000 runs in a calendar year in Ranji

If 1st condition is not fulfilled ... referred to chairman

If 2nd condition is not fulfilled ... he must be an all rounder with at least 500 runs and 15 wickets

If 4th condition is not fulfilled ... referred to VP

Questions were like following example:

Rahul was born on dec.10,1979 and is a captain of Ranji team since Feb 2005. He won man of the tournament last year for taking 24 wickets last year. He is:

a) Selected b) Rejected c) Referred to Chairman d) Data Insufficient

Ans: a

(These questions are also easy if you draw a table with names of the aspirant in rows and criteria in the columns, and then checking whether he/she fulfils it or not)

50- Q.55 were also a bit easy and were of two types:

Example of type 1:

If * means +, + means -, - means / and / means *, then what is the value of-

$$8+4-9*7/12+3$$

Example of type 2:

If * means /, / means -, - means + and + means *, then which of the following is true:

a) $7+43*2/13-7+8 = 22.6$ b) $4-9*7/4*2/3-7+2 = 25 \dots \dots$

Important things to be remembered:

Most of the questions were easy; all you need is time management and accuracy. Try to attempt the paper in two passes. In the first pass, solve the questions you are able to and leave

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

others for the last mins. Then start the paper again to do the remaining questions. Doing this you may find that you have attempted 35-38 questions in half the time (in 30-33 mins). So don't feel low because paper is very easy!...and paper get repeated...so search well for papers b4hand..u will get an idea bout it..

after the test was over they gave us an essay topic which was "CARRIER IN ACCENTURE" after this procedure results were announced after almost 30 mins...i clrd the test...cutt off was very low and it was just 34..

GROUP DISCUSSION

70 students clrd the test and were divided into 6 batches for GD.each batch had 12 students in it...mine was the first batch..as i heard that the GD is the main elimination round in ACCENTURE so i was quite scared.but later i discovered it was not so.as the students who clrd the test wre less so GD elimintaions were not much.in mi batch 6 or 7 were selcted and rejected were those who didnt say nything in the discussion.

mainly current affairs were discussed like
next president of INDIA
or coach of india etec etc

but our topic was different and it was 'SHOUD IT BE MADE MANDATORY FOR POLITICIANS TO HAVE A GRADUATE DEGREE B4 SITTING FOR THE POST OF MINISTER"

well i began the GD and this pt will contribute most to ur selection.don remain dumb.just say smthng evn if u thnk u r wrong.but do SPEAK.DONT REMAIN SILENT THERE... after GDS were over 52 were selected for the technical interview round

TECHNICAL INTERVIEW.

well mi technical interview was of HR kind..i wasnt asked even a single tech ques.while others were askd bout C/C++, microprocessors, networking, digital, etc...depending upon the stream...c/c++ was common to all.

mi interview was as under...she was sweet lady named VANDANA. firstly i went in and wished her and seated myself.

she : describe urself

i : told bout my current qualification.mi education bckground..then family bckground and thats it.

she : wat are the qualities of a team leader

I : confident,good manager, co operative, etc etc....

she : wat are ur hobbies?

i : mi hobbies keep on changing and i donot stick to one thing...

she(with a smile) : which is ur currebt hobby then"

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

For More Placement Papers visit www.123eng.com

I ; surfing on net.

she: wat do surf ther?

i : as today v are busy with palcemnts.so i search lot bout company profile.placemnt papers and other stuff related to it.

she: wat was the most challenging thing that u had faced in ur life

I; well till nw theres nothing that was much challenging.it all had went well till nw.

she: so ur life was very smooth till nw?

I: yeah but by the time placemnts has started, rejecr\tions are smthing hard to face...

she: ok.wat is ur goal for life.

I : i don bilieve in goals.i believe in oppotunies.like today u have recruited us so i got an opportunity to b a part of ur company.so mi goal nw is to grab this opportunity,..

she: ok..tell em bout carrier at accenture.

i: well carrier at acdenture means alot...it will give me very good beginning..not just the post but also other things like stability and security...blah blah

she: u have mebtioned in ur resume that u like solving aptitude ques...can i ask u a ques?

i : yes mam.

she gave me a puzzle then.it was if x and y are two single digit no. an d $xy=cd$ where cd is a two digt no. find the no. x and y such that $c+d= x$ or y ...

ans is any multiple of 9.like $2*9=18$ ans $1+8 =9$...

she : do u have any ques to ask us?

i : mam i had but there all clr in the PPT itself...

she: ok then u may go;

i: thanku mam..have a nice day.

and in next 2 mins i was told that mi tech round was clr..and then aftr smwat time hr rounds began

HR INTERVIEW

this round is very easy to clr coz there are very few eliminations in this round.really very few..in our case only 1 was rejected aftr this round. questions wer same as b4 but this time interviwer was really very very very very cool and a nice lady... i eneterd the room wid a smile and she too smiled back and then introduced herself and shook hand with me...the ques were same like.

1. describe urself
2. wat is team player and qualities of team leader.

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

3. on a level of 1 to 10, where do u keep urself on technical grounds.1 being the highest no.
4. what are 3 topmost companies u want to work with?
5. hane u appeared for any inetrviev b4...wat happend/..y u got rejected?
6. y accenture?
7. can u work in shifts and in any part of the india? are ur parents comfortable with it?

then she told me bout certain terms and conditions... and last of all i asked her hw was mi interview she said that i am smart and i am sharp but only felt certain decrease in energy level.thats it...she was very friendly with al nad was a young lady...

that was all bout the rounds.....later at bout 11 o' clock they announced the results and mine name was called at 5th no...u wont beleive hw much happy was i at that time...coz i was very much discouraged with earlier companies i had sat for...but hearing mi name was like feeling of the ultimate joy of life....

they gave us offer letters and classic pens with which v signed the letters and handed it over to them i ll say GOD and LUCK i sthe only thing that plays role in placemnts.so do pray very truely b4 GOD and get the blessings of every1 closer to u...this is wat i did and i went through the procedure very easily...

certainly u people will also get through...believ in urself..

BEST OF LUCK!!

Venny

ACCENTURE PAPER ON 19th AUGUST, 2007 AT GHAZIABAD

I (NITIN DWIVEDI,,CS,,,,, GHAZIABAD) got placed in "Accenture" my dream company.....!!!!!!!

KIET was d HOST colg.Written held on 19Aug,,,Result on 23Aug,,,GD & interview on 25 nd 26.....!!!!

but u know it...dis success i got after rejecting 5 companies.....

namely----->

- 1) US Tech
- 2)Infosys
- 3)L&T Infotech

4)NIIT Technology

5)Syntel

My Saga of success began when i qualified written Xam(first time,,keep it secret plzzzz)
of ACCENTURE ... den i was unstoppable..... GD,,,,, HR,,,,,Technical

all rounds cleared smoothly(so000 talented).....!!!!

i cant forget dat day....wen results got declared,,,,,26 August 07.

Now like others i ll give u some tips,,,,,but in a comprehensive manner...!!!!

Written requires speed....which can only be achieved thru more n more
practise.....Questions asked were....55 Ques in 60 min. nd after

dat 1 essay(10 min) on topic like Impact of IT industry in India.

1)English

Passages(2),,,Synonyms,,grammer...articles n prepositions....!!!

2)Reasoning----->RS agarwal,,CA material of TIME,IMS,Carrier Launcher.

ur presence of mind really help a lot....

3)u must go thru quantitative aptitude selected topics like percentage,,average,,,,simple
interest,,relative motion(trains n boats problems)set theory(venn diagrams),,,probability
simple concepts...!!!!

GD round----->my topic was SHOULD EDUCATION BE MANDATORY

FOR POLITICIANS....(1 min to think nd 10 min to discuss)

speak in a impressive manner.....initiate or not but be invoved in conversation.6 out of
15 made it. i was d FAV speaker of HR person!!!! I dominated d GD....!!!!

HR-----> OOH La LA....she was a lady...rest u can understand...!!!!

She took my precious 25 mins. Asked abt MY family,,,Strength,,,weakness,,,role model,,,,,wid eg to prove...Hobbies...she asked me to sing a song..(i m damn good at it!!)

den started asking general ques like y ACCENTURE...??

any problem in relocation..???

any priority..??

year gap...nd back log..???

LAST but not d least TECH ROUND.....(elimination round,, be careful)----->

dey may ask any subject,,,for CS (OS,CN,S/W ENG,DBMS,OOPS,DAta Structure).

basic knowledge of C.C++ or JAVA.

For my EC frends---> C,C++ .MICROPROCESSOR,SWITCHING THEORY.b cool nd confident if u dont know d ans,,,den also.

ACCENTURE PAPER ON 19th AUGUST, 2007 AT GHAZIABAD

Hi Dear Friends !!

I got recently placed in Accenture through an campus recruitment drive at Krishna Institute of Engg. And Technology and the campus recruitment was a massive event as around 8000 students as it was told to us , appeared at the campus on !9th Aug, and then let me tell u something about the selection procedure ,which you all might be knowing by now through various other papers available so it comprises of all in all 4 rounds,

1. Written Test round(Aptitude + Logical reasoning + English(verbal) + focus on the shorter ones to clear first and then the composition) that is plan n give the paper

As for us it was composed of 54 questions most of them were really easy and the remaining few were also easy but a bit time consuming focus on topics like(Venn Diagram, Coding and Decoding and English section)

Some questions which I remember are like:

- a) \$ represents 1 and * represents 0 in some code and using that if we want to write 3 we can write it as \$\$ and for 4 we can use \$** and so all nearly five questions from the same pattern!!
- b) Few questions from the Venn diagram (5 questions)
- c) Sitting arrangement
- d) Simple English and comprehension (comprehensions on computer science topics like IBM OS and second one on process and multi processing(nt exactly remember the second one but it was related to multiprocessing).

Once the written exam was finished it was all panic situation although I was confident about clearing the round but finally the result was declared and I was shortlisted along with 1600 other students and it was a great no. of rejections keeping in mind the total no. of 8000 students) from our college their were 119 students shortlisted so it was a great number of students from a single college,

2) GROUP DISCUSSION

This is the main round(Rejection The Maximum) in which all students are short listed to the pick best ones.

For the GD We were divided into groups of 15.In my group, and all of them looked confident when I looked at them as we were there in the room .The moderator said he will select on the basis of communications skills, flow of the thought ,and audibility of voice and the most important of all Grammar. Topics given to other students along with our groups were spontaneous like "Women Hockey", "Black And White", "Is China a Threat to India in IT".After our topic was told to us he told us to think for a minute as he told the topic I was really confident so I decided to become the moderator and so I started speaking for the topics but after speaking some key points it was like panic and every one latched on the topic and it became a horrible situations so then we were slowly and gradually asked to put our views individually ,

After that the result came there were four students shortlisted from our group of students two of them were my classmates and one student of my college engg branch I exactly don't remember which one,

So the key point u need to keep in mind when u are in the GD is that don't u look at the HR just look at urs subordinates while u speak , be attentive and try to be initiator or concluder if u think u can speak all relevant points and that's work done ,

After this round nearly 350 students(approx) were left from the first slot of 1000 students and then it was the turn of the Technical and the hr round!!

4) (i) HR INTERVIEW

This Interview was purely HR taken by a lady HR. and it Is better to take a chill pill and remain calm n it is really cool round so don't worry and it would be cleared if u spoke to her confidently

QUESTIONS WERE:

- 1.Introduce urself.
- 2.Top 3 IT companies in India
- 3.Why accenture?
- 4.Ur hobbie
- 5>About the Gap which I had in my academics

(II) TECHNICAL INTERVIEW

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

This Interview is a bit of works just need to have a good knowledge of basics of programming , databases(SQL), OS(unix) only few questions put and asked to make programs like(sorting a Tree, use of recursion ,Data Structures, maintaining the bill of the departmental store, and string handling and few others) just brush up ur programming they would ask u to make a single program(for CS and MCA) and once u have written that its job done

Finally we were asked to gather in the conference room of the college and the students gathered there and slowly they started calling the names of the placed students along with their date of birth , when I heard my name it was like the sweetest dream we can dream of in our student life coming true and I got the job,

So buddies just chill don't panic and be prepared with ur basics and I wish u all best of luck meet u there at Accenture ,
Shashi

ACCENTURE PAPER ON 19th AUGUST, 2007 AT Mumbai

Hello friends,

I am Sushant Varma of AKGEC, Ghaziabad, and got selected in accenture.

It was an open pool campus, in which around 32 - 35 colleges participated. My written was on 19th august in KIET Ghaziabad. it's result was declared on 23rd aug on internet, then after I had my GD and interviews...

All the rounds were eliminatory, so go prepared for that.

The major elimination was done in GD (they look mainly for the comm skill, your voice audibility, so just be loud and clear in GD, no use of making too many entries, even if u are not able to speak in between, the moderator will give you the chance in the end)

Then the Tech. Interview, and then fianlly the HR.

After the GD, it was not sure, that u'll have the TECH. first or the HR first anything could happen... so be prepared for both after the GD.

Both the interview round were rigrous I had both of them of around 20 minutes each.

They ask much deep in the Tech. but I was not asked much deep in my Tech, rather I was geared up in the HR, he asked me about C++, Java, DBMS.... (as I had a project on Java Client - Server Application) and many more things..... they ask about your favourite subjects also, I told him Control Systems, as I was fron Electrical.... But he did'nt ask anything from it..

Most of the persons were eliminated in Tech. but in HR most of them were selected, but ther were persons also who were rejected in HR too.

people appeared in written approx. 11000

no. who cleared the written approx. 7000

no. who cleared GD approx. 1000 to 1100

no. who cleared 1st round interview 350 to 400

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

no. who were finally selected after the 2nd round = 263

So don't get afraid just believe in yourself and you'll get your part of success. It was my 8th company in which I got selected. In the earlier companies I was not able to clear the written also..... so it very much depends upon your Luck, that day.

CHEERS.

So meet you all in accenture.

Sushant Varma

ACCENTURE PAPER ON 19th AUGUST , 2007

First of all I would like to thank freshersworld for helping me in being the part of accenture family.....

The Selection Procedure of accenture is like this:-

We had the written exam on 19th aug 2007, it was an offcampus recruitment, around 8000+ students appeared for the test...

out of which 1800 were shortlisted for further rounds...

The written consists of three sections :- 1) English

2) Aptitude

3) Analytical

In the English section there were questions like, fill in the correct preposition ex:- He kept quite as he was afraid of being laughed _____ a. on b. at c. upon d. into The correct option is b.

Then there were questions like fill in the correct articles...ex:- I kept _____ glass of juice on the table a.) the b.) a c.) an d.) no article required

Other questions were to find the synonym of the given word here also 4 options were given (very easy) then there were 2 passages.. first one is always easy you can find the answer directly in the passage without reading it fully.... the second passage is based on understanding answers are not direct but it's also easy....

In the Aptitude section there are 5 questions on Venn diagram, some on set theory, ages, blood relation, data sufficiency, ranking, questions on probability, and if * means 0 and \$ means 1 then what's the value for $256 * 7 + 8$ there were 5 such questions easy but time taking..... just go through R.S agarwal then this section will be a child's play.

In the Analytical section there were questions like some conditions were given and based on that 4-5 questions were there...

then if * represents +, + means -, - means /, then what's the value of the following expression.... there were 4-5 such questions

These questions are time taking I solved 2 of them in rest 3 I made wild guess.....

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Its very easy to crack the test just the important thing is proper time management as u have to do 55 ques in 60 mins...first solve those ques which u can do fast and perfectly and then attempt rest doing this u will find dat u've attempted 33-35 question in just half of time..(i did the same)

Chapters to be done-blood relation,data sufficiency,ratio prop.,percentage,ranking,sitting arrangement,boats and streams,trains,time and distance, time and work,venn diagram from R.Sagarwal.....try analytical reasonin based question 4m any MBA book.....remember friends written is "verrrryyyy easy....."

Then there is a gd round they asked us to decide the topic but since they wernt satisfied with the topics we gave.... they gave us "is the economic or financial position effecting the judicial decision Today?"

then he gave us 1 min to think over it....he told us he was looking for communication skill, thought process, how u deal with ur group

U always get bonus point for starting the discussion...dont panic if u dont start u just hav to be confident and fluent in english...even if u dont know topic too well dont remain dumb speak wrong but confidently and fluently.....these people are very particular abt fluency in english

After that there was hr round..they ask abt company and general ques like why accenture???so go prepared we were not given any ppt so better gather the info abt accenture urself from sites and go prepared...i was asked top 3 IT companies.

Then I had Technical round

Sir:- Hello , had a long day 2day??

ME:- (with a smile)Yes sir...

Sir- Tell about urself

ME:- I told abt my education journey till now

Sir:- So u're a CS student.....write a program 2 chk if a no. is prime or nt

ME: Did it

Sir:- Make it more efficient

ME:- Did it

Sir:- Write program on polymorphism

ME:- On java???

Sir:- Any language....u know java??(he was impressed)

ME:- I showed him overloading....

Sir:- Wat are the layers of tcp/ip protocol

ME:- Told

Sir:- (with a smile)ok u can leave

ME:- Thank you sir, have a nice day(with a smile)

For More Placement Papers visit www.123eng.com

Some friends of mine were asked questions on s/w engineering....testing,sdlc...etc....so go prepared

VERY IMP NOTE** its NOTHING that droppers are not selected...this is a huge misconception people have about accenture....many of my friends didn't even appear 4 test 'coz of it.....I am also a dropper and is selected in accenture

SO ALL THE DROPPERS RELAX U HAVE 100% CHANCE OF GETTING SELECTED...

ACCENTURE PAPER ON 20th JULY , 2007AT BHUBANESWAR

Hi accenture idc visited bbsr as off campus on 20th july these r the questions as per my memory

Written was held in ITER and rest of the process GD, HR ,TECH was in my college kiit-university

1.Fill in the blanks

it was quite easy using preposition and article.

i saw hi m __the airport

__man u see ih mu father

__university if its status. does not required any advtisement

2.synonyms:- geeta passed her exam and supassed her parents dream. meaning of surpassed:fulfill,meet,exceed(3 synonyms were given)

some easy but confusing

3.two passage: 1 from threading & 2nd from clustering and non clustering
5 questions from each passage.

Reasoning:::.....

1.if $*=0$ & $\$=1$

a> then $564=$

b>find the result of factor of(12,36,64)-2=

2.if $*=-,/=+,+=/ \& *=-$ then find $7+6/5-4*2=(4problems on it)$

two to find out the value and 2 to test which is true

3.2 vein digram of 3 variables

80 students know french 70 know english, 40 know hindi 20 both hindi & english,10 both english & french. how many of them know 3 languages.(similar other problem).

4.which of the following is true:

a> $7*6+3/2-4=22.5$ b>.....

5.using which statement problm can be solved using i only ,using ii only ,using both ii & i, none find the price of 1 kg of tomato?

similar 3 problems.

6. which of the following are same:

a> 1204.686895 b>1204.686896 c>1204.686895

Essay on my college engineering days

Maths ::

>problems on profit & loss

>problems on simple interest

>problems like selection procedure

60% marks is required in english, 50% in maths, 40% in hindi

3 more conditions were given accordingly you have to solve 3 questions.

>problems on time & distance.

a train is coming at 200km, other 300km

distance is 450 when they will meet

cut off was more than 40 as questions were easy

By,

Devidutta Panda

ACCENTURE PAPER ON 20th MAY , 2007 AT AHMEDABAD

I'm now part of the accenture team.. won't say that it was my dream company as I got to know that such a company exists only on 17th.. i.e. barely 3 days before it came down for recruitment. But after knowing the company profile.. no one would be dying to work in.. its got everything I became my dream company....

Our recruitment drive was on 20th may 2007.. at vjec clg Ahmedabad.. It was thru kunj n ardent consultancy.. paper from merit track.. Damn easy paper... but effective time management VERY VERY essential.. otherwise stop dreaming about ACCENTURE

Paper was of same pattern.. 55 questions 60 mins essay on "expectations from ur organization"

stick with 1 option of guess either a b c or d

I started with last section it was damn easy.. then proceed to sec 1 n last sec 2 first completed all the "read n tick" kinda ones..

5 question on select d appropriate article.. a an the kinda.. and synonyms ones, chose d closely related kinda..

1 on blood relation.. amit says karan is son of my fathers brother.. ans cousin

2 readin comprehensions..

1st on LAN and WAN

2nd on PROCESSOR

both were easy but needed much concentration.. I did it last n suggest u d same...

next were replace *with + , / with - , + with / n - with +

2 questions asked to evaluae it n 4 were on chose d correct equations from 4 given equations.. I solved 2 of these rest 2 were wild guess.. solve only if u got ample of time..

than comes their fav one.. replace 1 with \$ n 0 with *.. I find these kinda damn boring.. to time consuming.. solved sum other wild guesses...

few questions on probability.. go thro solved example no 10 on page 462 reasoning by aggrawal.. I got d ans usin dat method

so it was quite tricky next came results within 30 mints...

around 200 cleared out Of 800... I got pretty much sure of getting d job d moment d declared d apti results...

next was g d round.. DARE U pple take it lightly.. start behaving professionally right after u clear round 1.. be on time for gd.. 2 of my group members were eliminated cause they entered gd room after we al were settled.. which implies they were late..

ours wa a lady moderator.. pretty easy goin yet clear with wat she was looking for.. our topic was SHOULS THERE BE DRESS CODE.. she asked for our opinon n dan finalized. D above topic..

piece of golden advice to u al.. start mappin caliber of ur group members d moment name of group members are bein announced.. wil help u al a lot.. I striked converstion wit

4 of them n mapped them.. tho of them 3 got selectd but 2 were out later in interview.. also try n identify weak member of group n encourage him for ur advantage.. earn s many points in gd s u can.. wil help in later stages of selection.. they go on addin al d points..

dey announced results immediately after d gd.. dan came ppt.. s its mentioned in previous posts its more of quizin rather dan presentation.. it was fun n managed to get our al eyes n ears set on them.. these pple r dynamic.. tho I dint get a chocolate.. accenture was formerly known as ANDERSON CONSULTING.. name change was on 01.01.01

By,
Bhumika

ACCENTURE PAPER ON 21st JULY , 2007

Hello friends..Accenture recruitment team had come to our college on 21st July.

We had 4 rounds in accenture:

1. Written test
2. Group Discussion
3. Technical Interview
4. HR interview

The written test was for 60 min.

Verbal section: this is easy. Anyone with good English can do well in this section.

Aptitude section: here we had questions based on Venn diagrams, probability etc.

analytical section: simple questions based on bodmas rule and other questions like eg - 1234.5678 1234.5678 1234567.445 u need to tell all three are similar, none are similar, 2 r similar...

After 60 min you are given 5 min extra for essay writing.

After the test we had ppt. the names of short listed students were announced and next was GD. There were approx. of 12-15 members in each group & particularly they check the communication skills. So speak out whatever you know about the topic.

The technical interview was an easy one. They just check how well you know the subjects. If u are a non IT student they won't ask you much about C.

ACCENTURE PAPER ON 24th JULY , 2007

hi friends!! this is sukruth..doing my ece engg in VVIET mysore.. i got selected in pool campus selection process to ACCENTURE on 24th july 2007.

let me explain the whole process of the recruitment for u.. totally 343 students from two coll VVIET(around 90) and PESCE(around 250) were assembled in the test hall for written test.

the process was smooth and consisted of 4 rounds initially...

written test

GD(later cancelled)

Tech interview

hr interview.

written test was conducted by merit track. it consisted of three parts: verbal, analytical and attention to detail..there is no neg marking so dont leave any questions answer all the ques. since cut off will be very high...

important topics to be known are-data sufficiency,syllogism, problems on venn diagrams, directions,blood relations,decision making, mathematical operations(all these topics available in R.S aggrawal). in english- prepositions, articles, meanings, passage(refer wren and martin).

out of 343 around 55 got short listed out of which 8 were from our coll.since only few got short listed there was no GD.

HR and TECH interview were held parallely i was made to attend hr first. HR was a lady and she was cool. she just wanted to know how confident am i and how good is my english and how eager am i to join accenture.some of the quest were as follows.

tell me about ur education.

may i know briefly abt ur family.?

being ece student y software?

why accenture?

do u have any role model. tell his achievements.

thank u, then i got selected then i was into tech interview. He was stil more cool than the HR. some of the quest were as follows.

which are ur curriculum subjects of 6th sem.?

any software language in ur curriculum?
which sub are u good at and y do u feel so?
he gave a situation- like if u are into a problem suddenly and how wil u come out of it
wat are the variuous steps u take to slve it.?(then just check the analitical skill and
approach towards the problem)
wat rae ur stregths and weakness?
differance between 8086and 8085.
which is better language acc to u 8086,8085 or c? and y?
again y accenture y software.?
thanku. i was the first to attend the interview. so i finished interview at 2 and waited til
6:30 even though i was confident that i have done everything rite.

finally at 6:30 results were announced and my name was in he list. totally 34 were given
the offer letter and a pen out of whioch 6 ere from our coll.i was very happy that day.....!!!!

so GOOD LUCK FRIENDS BELIVE IN GOD AND URSELF U WILL SUCCEED
AUTOMATICALLY.

friends if the day was urs no one can stop u from achieveing the target.. never loose
hopes..
ALL THE BEST...

ACCENTURE PAPER ON 25h AUGUST, 2007 AT SRMCEM Lucknow

Hello Friends,.....

I got placed in Accenture on 25th aug,2007 at Shri Ram Swaroop Memorial
College of Engineering & Management Lucknow. Around 4600 students appeared 4 the
written test which was on 12th August at same college. 412 cleared it...Then there was a
GD after which 130 students were selected followed by two rounds of
interview(combination of both Tech & HR).Finally 35 were selected out of 80 Students
whose interview happened yesterday and remaing have their interviews on 26th August.
I strongly believe that confidence marked by good communication skills is what
accenture people are looking for.

Accenture placement process consists of 4 rounds.

- 1). Written Test(with an essay)
- 2). Group Discussion
- 3). PPT 4 gd cleared.
- 4) . i) HR/Technical interview
ii) HR/Technical interview

1)WRITTEN TEST.

It comprised of 55 questions each of 1 mark.....The paper ,designed by Merittrac, was
categorised into 3 sections .Although,there is no sectional cut-off.The cut -off went about
34 marks.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

The three sections were:

1.General English

It included simple questions on articles,prepositions etc...nd 2 comprehensions (2 Technical passages here)

2.Quantitative+Reasoning questions

It consisted of basic probability,blood relations,position(standing 4th from left ...)etc..type questions.

3.Concentration questions

Questions like match the the mathematical figures given,* is replaced by / like questions..5 questions were based upon finding out whether a person will be selected 4 this job depending upon certain prerequisites.

So, if plan ur time nd concentrate well, u can clear the written.After our written test,they told us to write an essay on "career in accenture".I just explained what are the core values of this company nd why a fresher like me should prefer joining accenture.

2) GROUP DISCUSSION

We were divided into groups of 12.In my group, 11were boys and one girl. .The moderator said he will select on the basis of comm skills, thought process,nd audibility of voice.In the beginning he told us to jot down points in favour nd against for the topic..It was tough and topic which we got was IT industry in 2016..in our group 6 were selected of which 5 got into accenture.

4) (i)HR/TECHNICAL INTERVIEW

My first interview happened 2 be a Technical one. I was asked 2 questions regarding C(since I m frm ECE)...He asked me to explain C++ and then went on to ask about my prefinal year project.He was impressed with my pre final year project and then asked about my family background,and...My Interview almost got to be an HR.The result was declare by the coordinator who wished me all the best and asked me to wait for second interview.

(ii) HR/TECHNICAL INTERVIEW

The interview started as an HR but as the HR lady was of EC background she asked me about Stack Pointers, Diode, opamp Stack and Queues. I almost answeed them correctly. She was impressed with my answers but asked me why my marks have decreased since class 10th. I gave her my answer confidently that since 10th i have been concentrating on subjects other than my subject as well..Then she asked me to wait for the Results.

Come Qusetions Asked in both interviews Were:

- 1.Introduce urself.
- 2.Family background.

3. Why i hire U.

4. Why accenture?

5. Ur hobbies

6. Why u prefer Hyderabad.

Interviews lasted for 15 minutes each. The Final result was declared at about 10.00 Pm and we were handed our offer letters. i was shocked to be placed.... God Was always with me and my faith in GOD bestowed upon me.

Best of Luck.....

Prateek Tandon

Lucknow

ACCENTURE PAPER ON 25th JUNE , 2007

hi i m a student of k.j.somaiya mumbai university....the placement by accenture was held on 25th june 07 in our campus.....

first of all v have a aptitude test.....it consist of three section....first is "verbal ability"....this section is very easy.....it has fill in the blanks...complete the sentence and 2 comprehensions which are really easy.....then v have maths section...i suggest u 2 do RS agrawal and only main chapters like....percentage...profit/loss...problems on trains and boats.....then there are problems on codes...eg. if * means -, + means /, - means + and + means / then what is the ans of $12+9-85/7$maths section is very easy...then u have to write an essay...time duration for essay is 10min.....the topic for us was "what do u expect from organisation"

once u get cleared in apti then they give their seminar...pls pls pls concentrate on what all they say in seminar...note it down...they ask in HR interview for sure.....

after apti u have GD...GD is for 10 min.....the topic for us was "how can protect ur environment"...luckily the batch in which i was there was too co-operative...they were allowin everyone to speak...thats y out of 15 only 3 were rejected....else in other batch the rejection rate was more.....i cleared the GD.....

after clearing GD i immediately went for technical interview....in accenture HR and technical interview goes simultaneously....u can be called for next interview first....if u pass one of the interview then u are made to sit for the next interview....

the question asked in technical interview:-

what all projects u did??

explain ur project??

explain real time application of ur project??

what is ERP??

what is waterfall model??

Submit your resume to cvs@123eng.com

For More Placement Papers visit www.123eng.com

y u want to join software since u r not frm IT field??

i answered all the question except the 4th and the 5th question.....

after clearin tech int i was called for HR int questions asked in HR int:-

y did u do diploma in elec& telecom and not in comps or IT?....(i m dip student thts y this ques was asked to me)

tell me abt ur family?

wht r ur strengths and weaknesses??

y accenture??

y u wanna join software company??...

who is ur role model??

what if i reject u at this very moment...wht ull do??....

if ur frnd is havin prblm in completing a project...how ull help him??...

r u willin to work in night shifts??

r u willin to wrk newhere in the world??....

wht is plus point tht u liked abt accenture??...

wht if parents say tht "dont go outisde mumbai to work?wht is ur suggestion.....

the HR interview was for abt 20min.....

there was suppose to b one more interview which is the "final interiveiw"....for tht the results of first thirty student who cleared both the tests were delared....i was one of them...but due to time limit and more number of students to b interviewed ...the accenture panel cancelled the final interview...and v got selected.....

out of 700 student frm 3 diff college...only 140 clrd apti....out of them only 117 clrd GD.....and finally out of 117 students ^\$ were selected.....

all they check is ur confidence and honesty...i was lucky tht i didnt get c or c++ realted questions.....but u must b thorough with atlst c and c++...if u r an non IT student then they ask question on basics of ur core subjects or may b they ask question on ur favourite sub...so b prepared...i would like to thnk fresherworld.com ...for helpin freshers like me to crack apti and get clrd through interview....all the best.....do ur best and GOD will do the rest....

ACCENTURE PAPER ON 26th JULY, 2007 AT BANGALORE

hi guys , we had accenture recruitment team in my campus(bmsce) . some 400 wrote test, 238 were selected for gd, 80 for tech interview, 60 for hr and finally 47.

1)first of all we had ppt which went on for a hour .

2)next we were sent to class room blocks to take up tests.. pls note that paper pattern was same as posted by many ppl. test duration was 65 mins and 58 questions. no techincal part in test. we had to write essay at the end . my topic was" your last 3 years at college".

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

3) then they asked us to wait for 1 hour , and finally shortlisted 238 for gd, PLS ..PLS.... note that GD is the main elimination round. for GD i had "infrastructure of bangalore" as topic. they see our approach, not our fluency nor how much u talk. be prepared in general topics guys!!!! in my gd group out of 15 ppl they selected 3 (including me..)

4) next was technical for some ..n hr for other... once u have cleared GD.. then u r almost through... u should be confident enough . some times in technical u can expect hr questions .. for me following questions were asked

what is voip?

what is 3g?

what is use of modem?

hdlc?

and many common sense questions in tech ...

That same asked me some hr questions

introduce yourself.

why accenture?

what u knw abt accenture?

what will u do if i put u in testing?

(here be careful for this question... tell them that u want to stick to particular field and have a goal of long term in accenture)

why 61% in engg.?? (had prepared well for this question)

then he asked any questions for him.... i asked him since rupee value increasing..will it effect software engineers in india?

he was amazed with my question and gave a long answer .. i was quite satisfied.. and thanked him.. n left

5) once if you are thro in tech round they will call u for final round... which is just a formality ..some 3 questions were asked i answered...

they asked me to wait till 7.30 .. and by god's grace i got thro accenture.

Before accenture i wrote 4 companies and dint get thro .. but i dint lose faith in myself.. guys one more thing ...

never ever lose hope... if i had lost hope.. i would have never been in accenture..

All d best.. c u at accenture

Vinay M Shet

ACCENTURE PAPER ON 27th JULY, 2007 AT BANGALORE

Hi everyone, this is krishna from pesit bangalore. I got placed into Accenture in campus recruitment.

The best thing abt accen as a company is that they work in all domains of technologies unlike other sw companies which concentrate mainly on BIFR(banking,insurance,finance and retail). A tronic,telcom person can work in their domain like telecom sector,embedded etc.A mech student can work in automotives etc.

Since ours was on campus placement, the written test was really easy but u have to remember it was a huge elimination round. So u have to be really good in that round.

The written round had three sections verbal, analytical and attention to detail. Totally 55 questions were there and the time given was 60mins. After that 5 minutes was given for essay writing (min 200 words with proper essay structure and grammar). So u have to save up some time from aptitude and attn to detail and utilize it for essay. Otherwise 5 mins is too short for a proper essay to be written. The topic given to us was 'your expectations from first job'.

Three sections from written round were really easy. u just have to be thorough with R.S. Aggarwal aptitude, logical reasoning, verbal and non-verbal.

Do not miss the PPT. it's going to help u a lot in HR as well as Tech rounds. They may ask u abt accen and the technologies that it working on. So guys best of luck. Haaa if u r selected, they will give u a coollll T-shirt.

ACCENTURE PAPER ON 29th JUNE, 2007 AT PUNE

First of all a BIG THANKS to freshersworld.com for being a great platform for all reviews and papers for placement....

Guys this was my 4th cmpy after TCS, INFY, CONGNI.... for you guys who havent got placement for first few cmpys.... I strongly advice u to BE POSITIVE.... just give your fight for watever cmpy u r applyin.... I know how it feels lookin at peers whoz got placed.... but tell u itz just tht u just DONT GET DEPRESSED... GIVE FIGHT and very very imp HAVE A POSITIVE ATTITUDE..... it helps.... think MAY BE u r DESTINED for a much better cmpy.... i can say it from my exp.. i m feelin really better to be placed in ACCENTURE, a truly MNC compared to TCS....

now let me tell u the total procedure.....

ACCENTURE believes in havin a good English.. so better improve yr English speakin skills... many ppl were thrown in HR just because they werent able to speak eng properly or may be they had done many grammatical mistakes in ESSAY writing....

they had...

1. APTITUDE TEST (55q in 1hr)
ESSAY WRITING
2. GD
3. TI
4. PI

1. APTITUDE TEST:

Submit your resume to cvs@123eng.com

For More Placement Papers visit www.123eng.com

just dont worry.....do chk as many papers from net....n read more n more questions....so tht u get aa proper idea abt howz paper and further prepare yrself for the same....i did the same....day before test i used to browse thru those papers, reviews n NO RS or any stuff like tht...though many of my frnds did refer to RS....may help...but not necessary....

APT includes da same ie verbal, quant, logic..

within verbal 2 passages (go for it atleast), further choose the correct sentence or wring one from those 4 sentences mentioned.....

then bit of fill in blanks for fillin appropriate words...(bit vocabs req here)

over n above if u have good grasp over english i dont thk u really need to put in much efforts...

as far as quant is concerned....there are some 5-6 venn diag related qs

further some of data sufficiencies...

logic is easiestgo for it at firstu r supposed to identify same options for eg: which of these are same

1 > 123.8989 2 > 123.8998 3 > 123.8998

mark 1. if 1st and 2nd are same

2. for 2nd and third same

3. 1,2,3 are same

4. none are same

so here ans 2.

der r some other qs as well in logic...but most of them r gettable.....dont worry!!!!

Now how to crack.....

see 55qs in 1 hr

2 big passages (1 gen techy other non techy)

normally cutoff 35 out off 55

so now solve all qs in paper whichever reqs less time....

but do try to solve from each section....i dont know but ya they may consider sectional cutoff.....so better be cautious

Once APTs got over...u are supposed to write ESSAY for just 5min

I know u might gettin panicky.....but dont worry...

topics are very simple ..i got IT INDUSTRY IN INDIA...

generally topics are WHY ACCENTURE...IT GROWTH...normally reltd to IT

what they chk in essays is whether u have good english, how many grammatical, spellin mistakes u have made....this may cost u yr job even if reached till yr HR....so better work over your spellings and grammatical mistakes.....sum of my classmates shown gates for the same.....

generally ACCENTURE takes apt first then give PPT while chkg of papers take place.....after ppt selected candidates are informed and groups for gd are formed ...gen 10 ppl in 1 grp

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

u better go prepared wit a topic of yr interest...may be u r lucky....and u might be asked as to wat topic u want to discuss...

We chose....IMPACT OF MOVIES ON YOUTH

IN GD they normally select all the candidates who speak....SO just speak and make a pt....then u r through....but still remember if u initiate the discussion and summarize atleast and just make relevant points in between then theres just no chance of u gettin dropped in GD.....i did it just tht way....

after GD we had our TI or PI(like sum ppl were asked to go for TI first while others HR)

NOW my TI Exp.....

1.put all prjts and PPs n seminars in yr resume.....n ofcourse know enough of it so tht u can convince the person concerned.

I had written to 2 prjts -one on C++, other in VB.....i had also mentioned of winning prize in robotics n prize in seminar

interviewer started wit normal ""tell abt yrself" then he asked me regardin seminar....i told...but(not quite convincinly)....then he then went over my robotics prjt....abt wat prgm,wat lang,wat microcontroller used.....i was screwed.. i had done this in 1st sem of 2nd yr....n actually didnt knew much abt it....i told sir i did this long back...he told arent u supposed to remember wat u learnt for 4 years....i asked him,sir u might knowin abt engg schedule being engg...he said i have phd in phy....i was feeelin i will be totally screwed... but just then i turned up the page of my resume n told him abt my prjt in VB...i had prepared properly for this one.. he asked me wat part of prgm was difficult to code...fyurther abt tables used.... etc... then other C++ prjt.....but still he wasnt quite convinced abt me.....

i told him of 1 idea abt a project i had like to make....gave him a total detailed prespective abt it....dis went around for long(abt 10-12min)....

then i told sir i feel its goin to be a bit difficult but i ll try my best abt it....

he then gave some directions as to how to go abt it.....after tht he told me to go to HR.....i thought tht was it...n thought tht idea made the game and tht HR wont be tht difficult. HENCE I SUGGEST ALL U GUYS WHO AREN'T GOOD AT TECHNICAL....GO FOR SOME SOME GOOD PRJTS....N SPECIALLY THINK ABT A NEW INNOVATIVE IDEA WHICH U COULD TELL N IMPRESS INTERVIEWER...DIS WAY U CAN ACTUALLY GIVE THE DIRECTION TO INTERVIEW...N ULTIMATELY INTERVIEWER DONT GET INTO TECHY PRGMS N CONCEPTS MUCH....SO U IMPRESS HIM AS WELL AS PAVE A WAY TO AVOID THOSE TECHY QS

HR (just the icing on cake)

after sometime i was called for HR....a lady was there...asked me abt my mini prjt...told her abt the prjt...then asked me a few qs abt hackin...as i had attended as i had attended a seminar on hacking...asked whether u do hackin....i told straightly i dont but told tht im interested....

futher she asked abt my family....told her all smiled in between....was very comfortable.....atlast she offered me a biscuit....n tht was it....i knew i was selected.....

Submit your resume to cvs@123eng.com

For More Placement Papers visit www.123eng.com

but ya some of frnds who werent tht confident were really put to stress test in hr.....one of frnds whoz really good at c...was told how did he come to computers..u know nothin....i ll kick u off if i get a better candidate....so u better be calm and cool ..they check whether u can handle such stressful situations....so dont worry just be confident in watever u speak...n be cool and dont get panicky.....sum were asked whether he would like to marry shilpa shetty...give a logical ans for such qs...

this was it after gettin screwed in TI in TCS,HR in CONGNI, i was ultimately thru.....felt relly good to be part of ACCENTURE,\$16 bn cmpy much bigger then tcs n infy or cogni....

" BEST OF LUCK " N DONT FEEL DISHEARTENED IF ARENT SELECTED
REMEMBER SOMETHGS GOOD DEFINATELY LEFT FOR U.....

ANKUR

ACCENTURE PAPER ON 29th JUNE , 2007

hi friends, Iam placed in accenture .It was an off campus recruitment at chaitanya and i would like to tell u about the procedure

Written test:. English(20 marks): Includes prepositions ,articles,2 rc's.Appititude(20marks):venndiagrams,ratios,datasufficiency. Critical resoning(10 marks),essay writing(5)and the time was 1hr followed by gd,hr&tech.

The written test was easy and the cut off was something around(35).some of the questions which i remember r , $\$$ represents 1,* rep 0 and the substitutions + sub *, - sub / sort of questions.

Some of the essay writing(only for last 5 min) topics are "mycollege life","career in IT".Time management is really an important factor.It would be better to answer the questions in two parts first the easy ones & then the difficult ones.

gd was cool.we were ask to choose the topic and our topic was"should orkut be banned or not".some other topics are Azim premji vs Amitabh,"should cell phones be banned in the college"

my hr round lasted only about 2 mins.The ques are
what r ur positive &negative points?
what r ur hobbies?
would u like to be relocated?
top 3 IT companies in India?
why accenture?
he asked me to explain about my project?

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

My tech was difficult. He went through all my sem subjects and asked me questions. some of my ques r

what is the probability that i get 3 heads when i toss a coin thrice?

what is a turing machine?

os def? how was the working when there was no os?

difference b/w object oriented & structure oriented?

marshalls algo working?

what is a stack and its real time application?

he asked me about my project in depth? (prepare well)

wap to generate all the primes within a given range?

what r the various visibility modes?

what is a friend function?

what is the difference b/w a balance sheet and a profit & loss account?

tell me abt ur self?

It lasted nearly for half an hour. Electrical people were asked to draw various circuits. Try to revise all ur sem subjects. Prepare well & all the best.

By,
Lavanya

ACCENTURE PAPER ON 29th JUNE , 2007 AT VISAKHAPATNAM

Hi friends, my name is Avinash from chaitanya engg college. I attended the pool campus conducted by Accenture at chaitanya engg college. The selection process lasted for three days. Around 1500 students attended the selection process and i thank GOD because im one of them. The selection process consists of FOUR rounds.

The rounds are:-

Written test

Group Discussion

H.R and

Tech interview

Written test:-

The written is for 60 min.

Verbal Section(1-20)

Aptitude(21-40)

Analytical Section(41-55) and

Essay

Verbal Section:-

The verbal section is very very easy. It consists of 20 questions. The first 10 ques consists of articles, prepositions, meaning of the underlined word in the given sentence and two passages of 5 ques each. These passages medium in size. U can do these passages if u manage ur time in other sections. Answer these passages at the last. keep in mind, the

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

cutoff is very high. So to sustain u have attempt for passages otherwise u should be perfect in other sections. U should be perfect in atleast 40 of ur attempted ques.

Aptitude:-

It consists of 20 ques. This section is also easy. We have given problems on venn diagrams(around 6 ques), blood relations(1 ques), series completion(2 ques), Data sufficiency(5 ques) and 5 ques on the problems like " 1 is represented as '\$' and 0 is represented as '*' then 222 is represented as?"(just represent 222 in binary form and replace 1 as '\$' and 0 as '*', this is easy but a little time consuming, u can do 3 out of 5 within 1.3 minutes, so do it as fast as possible) .

Analytical Section:-

This is the most easiest part of the whole test paper. it consists of 3 sections. The 1st section consists of 5 ques like

Given directions : A: all the three are alike

B: first and second are alike

C: first and third are alike

D All the three are different

question: 157.2344352345

157.2343245345

157.2344352345

answer : C

question : aabbcddeff

aabbcddeff

aabbcddeff answer: D

The next 5 ques consists of problems like

And questions like if + stands for -, * stands for /, - stands for +, / stands for * then solve $5*6/5-20*20$. Around 5 questions were given on this. Very easy but time taking. U can easily answer 3 ques easily but the remaining 2 ques are a little bit time consuming. Just apply the bodmas rule for these type of problems.

The next 5 ques consists of decision making. Just prepare decision making problems from R.S.Agarwal(verbal nonverbal and reasoning). its easy. we have given 55 min to solve the above and another 5 min to write an essay. The topic is "Career Growth in IT Industry".

Remember that the test consists of 2 sets. The test was conducted for two batches. In the 1st batch around 113 are selected out of 800 candidates and in the 2nd batch around 225 are selected out of 700 candidates. Im in the 2nd batch.

Group Discussion:-

It is the main elimination round. In our batch around 14 people resided and only 4 members were selected. In other batch around 11 were selected out of 13 people. If u perform well u will definitely be selected. just perform well and raise good points while u r speaking. Don't make unnecessary arguments in G.D, it will lead to rejection. My topic is "Effect of advertaisments on INDIANS".

H.R

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

It is very easy round , almost everybody who has good communication skills will be selected. It lasted around 15 min for me. Some of my H.R ques are

Tell me abt urself.

Why Accenture .

Wht do u know abt Accenture.

Tell me the top 3 IT companies in INDIA.

Who is ur role model.

Do u have any offers in ur hand.

How many companies have u attended.

Tell me something which u haven't mentioned in ur resume.

Why should we hire u.

Give eg. of ur strengths.

Why have u choosen E.C.E instead of C.S.E

Which is the best branch in ur opinion

He is just looking for the confidence in u.

Tech Round

This is very tough round. It lasted around 45 min for me. many of them were rejected in this round. U should be perfect in ur technical to qualify in this round. If the h.r u r facing is not related to ur branch then he is asking just asking the general h.r ques. It all depends on ur luck.

But i got my h.r from my related branch i.e; E.C.E. and i was asked very tough ques. My tech int is a combination of both h.r and technical. Some of my ques are:-

Tell me abt ur self.

Draw the block diagram of usart(8251).

Interface a memory to 8086.

Explain F.M and A.M.

Wht r the data transmission techniques.

Explain nyquest rate, interval, sampling.

why r we using pointers. and many other ques. so, prepare well for ur technical int, it is the toughest. prepare almost all of ur tech subjects.

Effective communication skills and your confidence levels wud fetch u more points..

Prepare well.Perform well.Hope to meet u there.

Around 50 odd people r selected in Accenture and im one of them. they have given offer letter and a pen after our selection.

So, my friends prepare well, keep confidence in urself, u will definitely be selected. Try hard and place urself in an excellent growing outsourcing company in the world. So, wht r u waiting my friends just go and grab ur future in Accenture.

ALL THE BEST FOR UR FUTURE

ACCENTURE PAPER ON 29th JUNE , 2007

Hi friends, I attended the campus selections conducted by ACCENTURE where only few were selected out of thousands of people. Thank God!! i was one of them.

The selection process went on for three days .There were four rounds and each was an elimination round. Every individual is tested in different areas..

The rounds were :

- 1) WRITTEN TEST
- 2) GROUP DISCUSSION
- 3) HR
- 4) FINAL ROUND

WRITTEN TEST :-

The written test had four sections:

- 1) VERBAL (ques 1 - 15)
- 2) APTITUDE (ques 16 - 30)
- 3) ANALYTICAL (ques 31 - 55)
- 4) ESSAY

The exam is for one hour. VERBAL section was very easy, in fact all the sections are very easy. But the only thing we need to care about is the TIME factor. Time Management is very very important because all the questions were very simple and if u can manage time then u can solve all the 55 questions. No negative marking so answer all the questions. The first three questions were to fill in the blanks with suitable prepositions like along.....with.....across .Next were fill in the blanks with articles and options were like (a,an,the)...(an,an,the)...we can easily make out the correct one. Then select the best suitable word for the phrase or italicized word in the question.

There were two passages given . One was on Process and programs. The other was on LANs WANs and MANs. Both were easy just read them thoroughly and dont waste time here.

In APTITUDE Section the questions were on VennDiagrams, ages , blood relations , data sufficiency , permutations and combinations.

In a class 45 students played game 1, 67 played game 2 , 35 played game 3. 30 played game 1 and 2, 25 played game 2 and 3, 27 played game 1 and 3. Then

- 1) how many played game 1 but NOT game 2 and 3?
- 2) how many played game 2 but NOT game 1 and 3?
- 3) how many played game 3 but NOT game 1 and 2?

concentrate more on data sufficiency.

The other questions were like if \$ is 1 and * is 0 then which of the following represents 276? (just convert 276 into binary any replace 1 with \$ and 0 with *)

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Few more questions of that type.

The next section is for testing your MENTAL ABILITY.

given directions : A: all the three are alike

B: first and second are alike

C: first and third are alike

D All the three are different

question: 157.2344352345 157.2343245345 157.2344352345

answer : C

question : aabbcddeff aabbcddeff aabbcddeff

answer: D

Then few conditions were given based on which we have to solve 5 problems. understand the constraints properly.

And questions like if + stands for -, * stands for /, - stands for +, / stands for * then solve $2*5/3-20*20$. Around 5 questions were given on this. Very easy but time taking.

The Last section was to write an essay within 5 minutes. The topic was "My College Life" for first batch and "Career in IT" for the second batch. Actually there were too many students so they conducted test batches wise...

GROUP DISCUSSION :

Every batch had 13 ppl. The topics were like "amitabh verses azim premji", "PINK "(not about color it must be a derived word like p for..., I for..) those who spoke abt color were eliminated.. "should mobile phones be banned in college", "cricket issues". "impact of movies" ..

Speak few strong points very fluently and confidently not necessary to take the initiation.

HR Questions:

Tell me about yourself.

why ACCENTURE?

Where are you from?

Where do u stay?

Why should i hire you?

Who is your role model?

he asked me many questions on my paper presentations. I answered them all correctly and confidently.....

we had pre placement talk after the HR round so be prepared.. know as much as u can abt accenture before attending the HR.

FINAL ROUND :

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

It was a HR + Technical round. Questions were:
Which language do you like the most and why?
asked me to write few programs in C .
how good are u in programming?
how much do u rate ur self in C?
what is the difference between DBMS and RDBMS?
what is primary key?
what is secondary key? can we use it for referencing tables?
what are the differences between c and java?
what are embedded systems?
U are given 16 secs then how wud u sell urself?
why accenture?
what is a project? how do u explain it?what are the requirements?
he gave few situations and asked how wud u deal that if u are a team leader?
if given a job in tcs,wipro,infosys,accenture then which one do u opt and why?
the last ques : Any questions?

Though there is a tough competition , its quite easy to get thru.Be confident, try to answer as many questions as u can .Few interviewers see the marklist and ask ques from subj in which u scored the highest and few ask from the subj in which u scored the least.So touch all the subjects u have in ur curriculum.In addition to being technically sound ,Effective communication skills and ur confidence levels wud fetch u points.. prepare well.

Hope the above helped you ..Be an Accenchrurian .Its THE BEST company. u r very lucky if u get thru..see you there.....

ALL THE BEST!!!!
Sneha

ACCENTURE PAPER ON 30th JULY , 2007

HELLO FREINDS, I AM SELECTED FOR THE COMPANY. THE SELECTION PROCEDURE INCLUDES FOUR STEPS.

- 1.WRITTEN+ESSAY WRITING
- 2.GD
- 3.HR INTERVIEW
- 4.TECHNICAL INTERVIEW

1.WRITTEN- EASY TO CLEAR ,TIME 1 HOUR,
IT HAS 3 SECTIONS

a) VERBAL-TOTAL 20 QUESTIONS, 20 MIN,10 INCLUDES FILLING THE BLANKS OF PREPOSITIONS, 1 SYNONYM, 1ANTONYM, 2 PASSAGES ON THE TOPIC RELATED TO COMPUTER LIKE LAN WAN, PROCESS

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

b) APTITUDE- REFER R.S.AGRAWAL ,TOPICS ON WHICH QUE. WERE ASKED BLOOD RELATION, VENN DIA, RATIO & PROPORTION. 5 FROM CODING & DECODING. SEE THE OLD PAPERS ALSO IT WILL BE VERY MUCH HELPFUL FOR U.

TOTAL 20 QUE., 25MIN.

c)TOTAL 15 QUE. 15 MIN. EASY

QUE TYPES IF* STANDS+.....THEN FIND WHICH SATISFY THE CONDITION

Q. A)234.6786689 B) 234.6786688 C)234.6789654

IN ONE QUE. SOME CONDITIONS WERE GIVEN AND UNDER THESE 5 QUE. WERE THERE.

ESSAY WRITING- 10 MIN, 100 WORDS "SYSTEM OF EDUCATION IN INDIA" 1HOUR PPT LISTEN CAREFULLY,ANS THE QUE ALSO FOR GETTING PRIZE. AT LAST RESULTS WERE ANNOUNCED FROM 180 STUDENTS, 90 STUDENTS CLEAR THE WRITTEN

2) GD-" SHOULD THERE BE DRESS CODE IN COLLEGE"
IN GD U MUST PUT UR POINTS CONFIDENTLY & SPEAK SOMETHING DONT FEAR. IF U PUT UR POINT CONFIDENTLY THEY WILL SELECT U DEFINATELY. IN OUR GROUP 7 SELECTED FROM 10.

IN OUR GD SOME QUE ABOUT ACCENTURE WERE ALSO ASKED LIKE ABOUT LOGO OF ACCENTURE, WHY accenture IS WRITTEN LIKE THIS NOT IN BOLD LETTERS.

55 STUDENTS SELECTED FROM 90.

3) HR

-TELL ME ABOUT UR SELF?

-WHY U WANT TO JOIN IT COMPANY?

-WHAT TECHNICAL SKILLS U R HAVING?

-WHAT IS C?

-WHAT IS DATA STRUCTURES?

-DIFFERENCE BETWEEN C & C++?

IT TAKES ONLY 5 MIN FOR INTERVIEW. I HAVE ANSWERED ALL THING WHAT I KNOW CONFIDENTLY.

4) TECHNICAL- IT WAS ALSO OF 5 MIN ONLY

- TELL ME ABOUT URSELF?

-WHAT QUALITIES DIFFERENTIATE U FROM OTHERS?

-PROVE UR LEADERSHIP QUALITIY?

-TELL ME ABOUT UR WEAKNESSES?

-WHERE U WANT TO DO UR JOB?
-IF U HAVE ANY QUE U CAN ASK?
I HAD ASKED 1 QUE, THAT I AM IN FINAL YEAR SO WHAT TYPE OF PROJECT SHOULD I DO THAT WILL HELP ME WHEN I JOIN UR ORGANISATION?

PACKAGE IS 3,00,003 RS
AFTER 1 HOUR RESULTS WERE DECLARED 22 STUDENTS SELECTED INCLUDING ME.

ALL THE BEST DO UR PREPARATIONS AND BE CONFIDENT.
BEST OF LUCK,

SEE U IN ACCENTURE.
Ipsita Verma

ACCENTURE PAPER ON 1st SEPTEMBER , 2007

APTITUDE

easy questions, 1hr.,total 55 quest. , sectionwise cut off, one section was of eng questions as prepositions, antonyms,synonyms etc
another section included quest. on venn diag as studied in class 12th ,other quest like coding,data interpretation,probability,blood relationship etc
essay of 10 mts. followed with written our topic was IT INDUSTRY IN INDIA

GD

The next round was GD the topic given to us was DRESS CODE IN COLLEGE, other topics included INDO US NUCLEAR DEAL,RAGGING,RETAIL HOUSES,SAAS BAHU SERIALS,EFFECT OF CELEBRITY STATUS ON JUDICIAL SYS etc in my grp, 6 of 12 were selected
remember to look at ur friends and not at the person taking GD speak fluently give chance to others also be grammatically correct

TECHNICAL

HR:Why 1 year gap?
ME:prepering eor JEE and AIEEE
HR:What happened?
ME:couldn't clear cut off in chem and in AIEEE got MECH in BV Pune but I wanted EC or CS
HR:Why software even when u r EC student?
ME:coz IT is booming and its growth is very rapid and I want to be an integral part of it
HR:will it continue for the next 50 years
ME:yes
HR:What if it flunks next year?
ME:it won't happen
HR Why

For More Placement Papers visit www.123eng.com

ME:coz of many factors like increasing human resource in this field, increase in FDI due to it, etc

HR:What else u know about IT

ME:was a sub in second sem

HR:What u study in that?

ME:entropy, information, sdlc, phases of sdlc...

HR:What are the phases of sdlc

ME:told

HR:testing

ME:told

HR:coding

ME:sir it was in 2nd sem so don't remember that much

HR:ever done coding in C

ME:we just had DS in 4th sem so just know that much

HR:tell me everything u know about DS

ME:told

HR:application of DS apart from C

ME: linked list used to represent polynomials

HR:how

ME:told

HR:summer training

ME:told

HR:any quest for me

ME:asked about project assign in accenture

HR

It was simple with normal HR quest like why accenture, what if not selected, how do u rate ur chances here, bout u, ur family,relocation,co curricular activities,three indian IT companies so 8000 gave written and 151 got finally selected iwas also one of them thanks to ALLAH also, my family was always there for me and prayed for me

NOTE:ALWAYS BE PUNCTUAL IN NAMAZ, ALLAH WILL DEFINITELY HELP U
see u at accenture ALL THE BEST
Mohd Aamir Siddiqui

ACCENTURE PAPER ON 1st SEPTEMBER, 2007 AT DELHI

Hello friends....

Accenture came to Delhi Institute of advanced studies,Rohini,Delhi on 1st september for campus placements 2008..

It has conducted written test 1 month ago and selected 173 students out of 900(approx)..wriiten consists of quant,english,passge..qstions were repeated so dn't 4get to do the previous papers and gave essay to write...so it gave us enuf time

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

To prepare for the interview..we have to reprt at 7.30 .dere were 3 guys came from Banglore for process..firstly ppt took place and dey told everything about the company..even they held a small quiz and gave choclates to candidates who gave the right answers..after the ppt..1at round was GD round..dey form batches of 12 students each..the topic for my gd was "can india become superpower in 2020" ...5 out of 12 students were selcted frm my batch and luckily i was among dem.. other batches topics were "shoud rahul dravid b d captain of indian team" and "should sachin deserve to be be in the team" ..remeber just dn't sit blank dere and make eye contact wid everyone and listen to others also..dn't make a fish market and its better if u initiate.. dat will highlight you..else say some strong points in between...

After gd was over technical round took place....

some of the Tech qstions are :---

- 1)What is virtual reality
- 2)What is polymorphism
- 3)Define normalisation.1st,2 and 3 normal form
- 4)Primary key,foreign key
- 5)What is redundancy
- 6)What are 4 generation languages
- 7)What are cursors
- 8)What is white box and black box testing
- 9)What is alpha and beta testing
- 10)What is scheduling

I ansered all yhe qstions except 1st...and after 5 mint my name was dere in list of cleared candidates den hr round took place...

firstly I was told to introduce myself

den what i do in pass time...

Why i dropped 1 year(shoul have solid reason)

gave a situation dat if i have a conflict between my teammate what will i do..

what are long term plans

asked about parents

and lastly dey asked whether i can sign bong and dn't have any problem in relocation....

after 3 hrs d result announced and 54 / 900 students were shortlisted and god's grace my name was there in the list....i hope this exp will help u guys who will appear in the accenture paper in future...

wish u good luck to all of u and hope to see u overe dere..

Thanks

Amit

Accenture Question Paper

There are three sections.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Section 1-ENGLISH

1a> In this section 2 passages were there on basis of that u have to answer 10 questions (5 question each) First passage was based on ball tempering by Indian team with mix of lagan story .In this answer of first question was (Ball tempering) the second passage was based on Gadar movie.(same story).

Synonyms:

- 1)Candid:ans frank
- 2)Specifaction :ans documentation
- 3) Extradite =deport
- 4) Cursory= scold
- 5) -----= very high

fill up the blanks with proper word(5 questions)
pick the sentence which has grammatical mistake.(5 questios).

Section 3-Verbal (20 questions)

Here few questions are from logical reasoning (eg.)(6 questions)

Sentences: (type of question) (logical deductions)

i>some cats are dog

ii> no dog is lion

conclusion :

i> some dogs are lion

ii> some dog are cats

options:

a> only <i> follows

b> either I or ii follows

c> none follows

2 questions on +means *, %mean -, etc..
answers of those questions are 4 and -20/3..

letter series example aabb-abda—bbaa this type one question

a question of this type

find the next term in AM ,BA ,JM like this

Aptitude questions:

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

- 1) it has 20 mixture contains milk and water in the ratio 3:5, replace 4 litres of mixture with 4 litres of water what is the final ratio of milk and water.
- 2) + means * and * means / and / means % what is the value of these question $2+3*5/7$ it was two question of these type.
- 3) The equivalent compound ratio of 5:6::7:10::6:5 (question of this type this is not exact question).
- 3) work can be done by 8 men and 10 women in 25 days, the same work can be done by 10 children and 5 women . in how many days 2 children and 3 men (similar to this)
- 4) one man or two women or three boys can do a work in 44 days then one man, one woman and one boy together can finish the same work in ---- days
- 5) $(998-1)(998-2)(998-3)\dots\dots\dots(998-n)=\text{-----}$ when $n>1000$ ans is zero
- 6) in how many ways can a lock be opened if that lock has three digit number lock if
 - i) the last digit is 9
 - ii) and sum of the first two digits is less than or equal to the last digit.
numbers are from 0-9
- 7) if a man reduces the selling price of a fan from 400 to 380 his loss increases by 20% .cost price of fan is.
- 8) there are 76 persons. 53 can read hindu, 46 can read times, 39 can read deccan and 15 can read all. if 22 can read hindu and deccan and 23 can read deccan and times then what is the number of persons who read only times and hindu.....ans 18
- 9) in pure milk if 20% replaced by water and in this again 20% is replaced by water and again 20% is replaced by water then what is the proportion of milk in that mixture
- 10) after 10 years A will be twice the age of B before 10 years. and now if the difference is 9 years between them then what is the age of B after 10 years ans 49
- 11) races and games ---- 2 questions from this chapter like (A beats B by 10 meters and B beats C by 15 metres the A beats C by)
- 12) in the year 1990 there are 5000 men 3000 women 2000 boys .in 1994 men are increased by 20% women are increased by ratio of boys and women (this type of question but some what difficult I mean it takes too much time to solve)

better to go through the following chapters in both Objective arithmetic and Quantitative Aptitude by RS Aggarwal

- ratio and proportion (4 questions)
- ages (3 ques)
- races and games
- time and distance
- time and work
- percentages

Note: if u don't get answers please tick "C", u will be shortlisted
See there will be mentioned that negative marking is there but I am sure that there is no

Submit your resume to cvs@123eng.com

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

negative marking

Do not be afraid of attempting all questions

Attempt all

In the last part you will get option E as answer but there is no option E to tick in the answer sheet please be careful

For GD

Per team 8 members and they tell us to choose a topic of our own interest

The topics we faced are

Advantages and disadvantages of Internet

Betting in cricket should be legalized or not

Education system in India

A discussion on Iraq and America war

After finishing the GD you will be given a form

Please fill the form very very very carefully because based on that they pose the questions in the interview

Remember those who have year gap in academic career will have less chances (happened to our batch), Those who do not have consistent percentages in their academics also .

Interview

Two interviews

First HR then Technical

HR questions are based on the form mentioned above it is very cool and do very very carefully be aware of the things whatever you say

Technical interview comprises basic questions in every subject and the projects done in your curriculum

ACCENTURE-04

Accenture has five selection rounds, all are elimination rounds

Round I

This is an aptitude round, there are 3 sections,

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Section I: English (Vocab, Comprehension etc)

Section II: Aptitude (R.S. Agarwal should be sufficient)

Section III: Reasoning, pickup any GRE book , it should be sufficient

The aptitude round is pretty much simple

Round II

This is a GD round, this is also elimination, SO don't forget to make a point, they don't normally see how relevant you speak, its just that you should speak something and make yourself heard.

Round III

This is an HR round, this is also an elimination round, it will be a casual talk, for god sake don't say any thing controversial and don't contradict yourself.

Round IV

This is a technical round, they will normally ask you questions pertaining your field of interest and will focus on the projects that you have done, you should be able to talk about your projects with confidence.

Round V

This is a combination of hr and technical , again the same stuff is repeated,you need to just hold on , coz you are almost there.

The bottom line is that you should be a good communicator and show confidence,

ACCENTURE

This is the selection procedure :

1)Test :normal agarwal aptitude,English synonyms,RC's.....(cat pattern basically)

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

2) GD: ANY general topic picked (make sure u make one valid pt and make ur voice heard int eh crowd of 10 ppl)

3)Hr round: normal Hr Ques(goals long& short ,background,strengths, weaknesses)

4)Technical rnd:Questions abt the projects u have done(B very well prepared with it)

5)Final rnd:Questions abt ur fav topic(i picked c/c++) .

If u go thru with these rnds u have made thru.

If i learn of any vacancies i will definetly keep inputting the info onto the grp..

The questions asked were from the following

sections:

1)numerical :

profit & loss, percentages, mixtures,
time and distance, time and work.

2)analytical :

venn diagrams (if in a class of 40
students, 10 speak only telegu, 20 speak both telegu
and tamil...), probability, drawing conclusions...

3) verbal : was basically easy -- just synonyms,
choose the correct one.., passage.

the test was easy. there were
60 questions(60 mins). Can anyone of you tell me what
are we expected to study for the interview.

The pattern: (for the JAVA people. There was separate process for .Net and Mainframe people).

The process consisted of:

1. Written Test
2. GD
3. HR Interview
4. Tech Interview
5. Final Interview
6. Offer

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

1. The written was pure technical (as it was for exp people). Consisted of 30 ques. in 30 min. Ques. from EJB (5-6 ques), JSP/servlets (3-4 ques), UML (2 ques), sql/database(2-3ques) and rest core java. Be prepared as the test is tough. Prepare the basics well.....

2. GD was cool. They from groups of 12 people. Topics are common like shud internet chatting in IT companies be allowed, Shud ragging be banned etc... No need o shout, just make sure that your point gets noticed by the group.

3. This one is real hard. You gotta have ur basics of JAVA and J2EE crystal clear. The person was though cool and gave u ample time to answer. Asked tricky questions related to basics of EJB, servlets etc.

4. The HR interview is a breeze. They just ask usual questions like your career objectives, why u want to change, why Accenture, weakness, strengths etc... Speak well and with confidence.

5. The final interview is with a manager. Have no idea about it as i'm still waiting for it to be held. Though the process was supposed to be completed on Sunday itself, too many people turned up.... and the process got delayed. All those who cleared the first 4 rounds were told to go back..... said that they will take telephonic interviews.....still aiting for it.....

Also, you have to fill Employee App. Form if u clear the GD... Make sure u have atleast 2 referencs handy....

Accenture Pattern :

(consists of 4 rounds- all are elimination rounds)

1) Written Test:-(3 sections)-60 ques, 60 mins.

section 1:

(20 questions)--Verbal (Refer barron's GRE)- 5 ques on reading comprehensions

(i.e passage reading),5 ques on sentence completion,5 synonoms, 5 antynoms.

section 2:

(20 questions)--Aptitude (refer R.S. Aggarwal)- just refer these chapters (profit & loss,percentage,time &work,time & distance, allegation&mixtures, ratio & proportion,average,simplification(q. no-76 to 95). that's enough!!!!

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

section 3:

(20 questions)--Logical reasoning(10ques) and analytical reasoning questions(10ques)-(for analytical refer barron's GRE).

(Note: hi guys/gals!!! for all the above ques(i.e. verbal, aptitude and reasoning), u can

refer newly arrived monthly magazine(s.chands COMPETITION WORLD(Rs.30/-) --available in majestic(opp.to Saagar Theatre)

2)GD(Group Discussion):-

Any general topic picked(topic that i got-- do you prefer chatting in office or not!!!)-speak confidently for 2-3 minutes and make urself heard in a grp of 10 people. Then u can easily get thru!

3)HR interview:-

(formal questions such as tell me abt ur self, family background, strengths and weaknesses, about accenture, why should we hire u?, where do you want to see urself in next 5 yrs, do u prefer team work or individuality etc.)

4)TECH interview:-

(about ur final sem project and field of interest/favourite subject-- i picked up C.)Be thorough with ur final sem project. they may go deep into ur project also, be ready to explain it very clearly and confidently, they just need clearcut description of ur project. For me luckily no technical ques, only asked to explain final sem project which i explained it for 20 mins & got selected, but anyhow some of the technical ques in C that u can expect are:

- 1)pointer to a function.
- 2)pointer to structure.
- 3)static variable and difference b/w(const char *p, char const *p, const char* const p).
- 4)pass by value & reference.
- 5)string library functions(syntax).
- 6)Write a program to compare two strings without using the strcmp() function.
- 7)Write a program to concatenate two strings.
- 8)Write a program to interchange 2 variables without using the third one.
- 9)Write programs for String Reversal & Palindrome check .
- 10)Write a program to find the Factorial of a number.
- 11)Write a program to generate the Fibonacci Series.
- 12)searching and sorting algorithms with complexities.

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

ROUND I

the test was for 1 hr duration with three sections
60 questions in all--- no negative marking

- 1) Quant: Rs Agarwal
- 2) English: reading passage, synonyms etc.
- 3) Logical Reasoning

The paper was easy and the cut off was very less ... i heard it was 25 questions from 60 (not confirmed)

ROUND II

This was the GD round

group of 12 people--topic: Indo-Pak relations, Is america bullying other countries etc

To clear this round u just have to speak.. that's it... make urself heard in the group..what u speak is not important....

they said the Round III will be an HR round which will be conducted over a telephone and the
ROUND IV is the Tech round which will be conducted through video conferencing...

Pattern of test

Written (non tech + tech).

HR interview.

Final interview. (tech + hr)

Manager----- --emp managed by ans:one of many recursive relationship

If a member initialiser is not provided for a member object of a class .The object

- is called

- a) static fn
- b) non static fn
- c) default constructor
- d) none

```
class constest
{
private:
const int i;
public:
constest():i(10)
}
```

Inheritance

- b) abstract base class
- c) specifies a way to to define a const member data
- d) none

Implement polymorphism when by object belonging to different class can respond to the same message in diff ways.

- a) late binding
- b)dynamic binding
- c) dynamically created object
- d) virtual fun

Member function----- and ----- set and reset the format state of flags.

- a) set,reset
- b) set,get
- c) set, unset
- d) set ,unsetf

```
#include<iostream.h>
struct abc
{
int i;
```

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

```
abc(int j)
{ i=j;}
public:
void display()
{ cout<<i;}
}
```

```
void main()
{
abc ob(10);
ob.disp();
}
```

- a)10
- b) error : constructor is not accessible
- c) abc: i not accessible
- d)none

```
# include<iostream.h>
class sample
{
public :
sample(int **pp)
{
p=pp;}
int **p;
int **sample:: *ptr=&sample ::p;
```

In a file A...Z characters are written.if we open the file using fopen and
lseek(fp,-10,2);
c=getc(fp);
printf("%c",c);

what will be the output.?

Ans . Y.(please verify Here last parameter is the integer value to seek_end

Same question with

```
lseek(fp,10,0);
c=getc(fp);
printf("%c",c);
```

ans. 11th character will be printed "K" verify.

Theory question about far pointers.

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Hint: Far pointers are 4 bytes in size and local pointers are 2 bytes in size. important: i saw in a previous question paper of accenture which is in the chetana database, some lady wrote that size of an integer in C is 2 bytes and for C++ it is 4 bytes. This is absurd. The size of types is entirely dependent on the compiler used. for DOS Turbo C sizeof int is 2 and float is 4 bytes for windows borland C, C++ size of int is 4 bytes for linux gcc, size of int is 2 bytes. All these depends on the Operating system. Please keep this in mind.

Now some questions about extern variables.

```
#include<stdio.h>
main()
{
char str[]={"hell"};
int i;
for(i=0;i<5;i++)
printf("%c%c%c%c%c\n",str[i],i[str],*(str+i),*(i+str));
getch();
}
```

ans.

hhhh

eeee

llll

llll

note that str[i] and i[str] are the same. in the question paper, the original word is "hello".

Which of the following is not defined in string.h strtod, memchr, strspn, strchr
ans . strtod. (defined in STDLIB.H) it is used to convert a string to double.

Questions on macros with arguments .same pattern given in TEST UR C SKILLS

eg. #define SQUARE(x) x*x

```
main()
{
.....
y=SQUARE(2+3);
printf("%d",y);
}
```

ans. when the macro expands we get $2+3*2+3 = 2+6+3 = 11$. 11 is the correct answer not 25.

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Remember an inline function does type checking and so it is better than a macro
a question on this.

Some memory is allocated using memalloc and then realloc is called. and now to
write the size of the variable.better learn memalloc and realloc. what it does and
syntax.

HR Interview.

First they will ask u to intro urself.

Ur strength and weakness.Be clear abt this

Ur acheivements

hey are very particular abt the GAPS in our studies.

Ur Hobbies

Why u choose accenture and tell abt it

Willing to relocate.(Say Yes &.ready to work anywhere for accenture)

Technical Interview

Abt Ur project.(u will be grilled by them)

Be confidence.(They will check ur temper by asking some questions)

Abt software development life cycle

II Synonyms:

1. Candid:ans frank
2. Specifaction :ans documentation
3. Extradite =deport
4. Cursory= scold
5. -----= very high

III .fill up the blanks with proper word(5 questions) pick the sentence which has grammatical mistake (5 questios).

Section IV-Verbal (20 questions)

Here few questions are from logical reasoning (eg.)(6 questions) Sentences: (type of question) (logical deductions)

i some cats are dog

ii no dog is lion

conclusion :

i some dogs are lion

ii some dog are cats

options:

a only i follows

b either I or ii follows

c none follows

2 Questions on +means *, % mean -, etc.. answers of those questions are 4 and -20/3..

3 Letter series example aabb-abda—bbaa this type one question a question of this type

4. find the next term in AM ,BA ,JM like this

APTITUDE

1. It has 20 mixutre conatins mil and water in the ratio 3:5,replace 4 litres of mixture with 4 litres of water what is the final ratio of milk and water.

2. + means * and * means / and / means % what is the value of these questio $2+3*5/7$ it was two question of these type.

3. The equivalent compound ratio of 5:6::7:10::6:5 (question of this type this is not exact question).

4. Work can be done by 8 men and 10 women in 25 days, the same work can be done by 10 children and 5 women . in how many days 2 children and 3 men (similar to this)

Accenture Interview

This interview was conducted for 1 year or more exp. guys in C++.

1) Firstly he asked me about the project and I was thoroughly grilled.

2) Then he asked to list the various types of storage classes and asked me to explain the scope & lifetime of each one.. (Auto,Static,Register,Extern,and also mutable(only used for classes))

3) Right shift/Left shift + 1's complement concepts then asked me to give the output of this:-

```
i = 10;  
int j = i >> 10;  
cout << j;
```

4) Then, difference b/w

```
char *str = "Hello";  
char arr[] = "Hello";  
he started asking whether following statements get compiled or not;  
arr++; // ERROR..its like a pointer constant  
*(arr + 1) = 's';  
cout << arr; // o/p: Hslllo  
and other questions which I don't remember
```

5) struct Date

```
{  
int yr;  
int day;  
int month;  
} date1,date2;
```

```
date1.yr = 2004;
```

```
date1.day = 4;
```

```
date1.month = 12;
```

now how will you initialize date2 (without member by member assignment)

What happens when you run a programme.. he meant what all the basic steps that O/S would take??

Virtual functions/ Abstract classes/ Pointer functions

Asked me to write a recursive factorial prog.

Then he gave me a prob. of inheritance. Asked me how u would invoke a base class member function using derived class pointer(that func is not a virtual func. && no virtual Base class inheritance)

Accenture Placement Papers 2006

ACCENTURE TEST PATTERN

SELECTION PROCEDURE(2006) FOR ACCENTURE SERVICES

Hello friends!

Its really excited to work with accenture??

Eligibility-

60% agg in 5sems

backlog in 5th sem not allowed.

all branches are invited.

(people with gap year in academic career be rejected since accenture doesnt allow year gap)

Let me tell u al d selection procedure.

the selection procedure is a 4tier process:

step1: (i)apitute test (quant+verbal+reasoning)

time limit-1hr 10mins,no sectional cutoffs, no negative marking, difficulty level-easy, overall cutoff-high, sets of papers distributed-two.

important topics covered- venn diagrams, symbol based problems, direction problems, word meanings/opposites, prepositions, articles, comprehensions.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

(ii)essay

time limit-15mins, word limit-none, topic- current affairs.

step 2: group discussions.

time limit- 15mins max. , importance level- very high, topics- current affairs.

step 3: hr interview

type- easy but tricky. be careful. memorise every small detail about d company said in ppt.

step 4: technical interview

type- easy, a little bit tricky, try to answer smartly, topic-anything under the sun, not jst c and c++.

Tips:--1. carry a xerox copy of 5th sem/7th sem (as applicable) mark cardt/provisional marks sheet with u. its a must.

2. b very thorough regarding company history, profits, revenue etc.

3. dress smartly, they want smart engineers.be confident.

4. improve upon ur english, fluency in english is a must in accenture interview.

5. b positive, b urself, do not bluff, do not lie, they want want honest engineers,if u r caught lying u ll b shown d door instantly.

I got selected on 31st may 2006, around 300 students sat 4 the aptitude test, 98 were shortlisted 4 gd, after gd, around 45 were shortlisted 4 hr interview, 25 were selected from hr int and were allowed to proceed 4 tech interviw, ultimately 18 were selected finally.

And remember the ad-line of Accenture-- "High Performance. Delivered" , hence try to deliver high performance in their test, god willing, u ll definitely b able join d esteemed organisation.bst of luck!!!

Rahul

ACCENTURE PATTERN - 27 JUN 2006 - MUMBAI

I got placed in Accenture from the campus held at vidyavihar on 27th June.

There were around 500 students appeared for the aptitude test and 200 got shortlisted.

Here's the pattern

1. APTITUDE TEST

There were 3 sections 1.verbal ability 2.apptitude(maths) 3.analytical ability(puzzles).

The test was quiet easy. don't do just quantitative apt. also brush up on verbal and analytical

also if u get some CAT books then it's good.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

2. GD

GD was ok. They see u speak something and speak confidently. Our topic was 'Money in turn will give u academics and academics in turn will give you a bright career.'

3. HR

In HR they ask the usual questions but many were eliminated in this round. so the key is to be confident and gather as much information as possible about Accenture. To some people some technical questions were also asked in HR and many got nervous. I think they just wanted to see how u react. so don't be nervous if they start asking you technical questions in HR.

4. Technical

It was also an elimination round. Some got eliminated in this round but it depended on the interviewer also. to some students very tricky questions were asked. they asked mostly about your project and if u start well then after that they ask u very simple questions. they also ask about C, C++, Software engg(Testing).

Note: Try to score high in Aptitude test. If your score is high and if you have cleared the GD then by Technical Interview is just a formality. so All The Best to all of u! may all of you get good placements.

(Paper Submitted By : Pradnya)

ACCENTURE PATTERN - 27 APR 2006

Hi friends

I got placed in Accenture on the 27th Apr 2006 through campus.

There were 263 of us who attended the aptitude test @ 13.00 on 27th Apr of which 25 were selected.

Aptitude was very simple. It consisted of 4 parts: Quantitative Aptitude, Verbal, Logical Reasoning and finally Essay writing.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

QA consisted of mostly questions involving venn diagrams like:

- 20 people speak french, 25 speak english, total no of people-60,5 spoke neither french nor english...how many spoke both?...similar ones...

- if \$ represents * , * represents +, + represents - , find $6\$5*6+12...$

Not the same questions..only the pattern is important...

Verbal and logical reasoning were straight forward...consisted of simple synonyms and fill in the passage with articles...very easy ones..

Essay writing...Topic given was: Govt's stand on Reservation Policies in educational institutions...

Next round was GD: Topic: Salman Khan's Arrest was it justified...

They mainly see ur communication skills...Make sure u talk something clearly and confidently..

Next round was HR: Questions like Y Accenture..and similar ones were asked...A no. of technical questions from C and C++ were also asked in HR.

Final round was Technical: I was asked to explain about the filestructures project which we had in 5th sem.. Many questions from C ,C++ and Software engg were also asked.(Though we have SE only this sem).. The questions were not screwing..They were direct...They mainly see if ur basics are strong..

www.coolinterview.com

After the technical round, we were addressed by the HR team of Accenture who announced the final results.

All the best 2 all of u.. May all of u get the best placements.

(Paper Submitted By : Tara Moorthy)

ACCENTURE PATTERN - 01 APR 2006 - CHENNAI

I got placed in Accenture through the walk-in held in Jepiyar College, Chennai on April 1st and 2nd.

I am a 2005 pass-out with an aggregate of just 71 %. Nearly 5000 people had attended.

First, only students of the 20 Colleges which had already registered were allowed to go inside;

Without any hopes of writing test, we simply waited there from morning 7.30 to noon 12. At 12, they called us inside.

First round was Aptitude Test; It was easy. It consisted of three sections : verbal, analytical and mental ability.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Second round was GD. Many were eliminated in this round. After GD, they asked me to come on next day i.e April 2nd

Third round was HR interview.. They asked about one of my projects; They didn't go deep into it.

Then general HR questions like introduction about myself, about my family, how do I see myself after 5 years,

My Accenture, willingness to relocate, my positive qualities etc..

HR round was cool..But, still many were eliminated. They observed so many other factors like the format and meaning of our mail IDs, dress code, way of communication etc...

Final round was the Technical Interview. The interviewer asked me one or two basic questions in O.S., RDBMS, pointers and about my project. He then asked me to write a program and told me to explain its working in detail.

Technical Interview was easy. Only those candidates who couldn't write the program were eliminated.

Just 5 minutes, after the Technical Interview they informed me that I have been selected.

They asked me to wait for sometime and gave us the offer letter immediately. Joining on 17th April.

I am very much thankful to this wonderful group. I wish everyone all the best and I conclude saying one thing

- NEVER NEVER NEVER GIVE UP

"Man needs his difficulties because they are necessary to enjoy success" - Abdul Kalam

(Paper Submitted By : sonu)

ACCENTURE EXPERIENCE - 01 APR 2006 - CHENNAI

Hai Friends,

I am very glad to be placed in a prestigious company like Accenture that too as a fresher(2005).

I went to the off-campus held at Jeppiar Engg. college, Chennai on Apr 1st and 2nd. I took the written test in the first batch and then after that GD. then I waited till evening but they at last asked us to come the next day(tomorrow-Apr 2nd) by 8:45 a.m.

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

For More Placement Papers visit www.123eng.com

The co-ordinators came by 9:00 and took the attendance and shuffled the profiles. Unfortunately my resume was called in the last panel by 3:00p.m even though I was supposed to be selected at the first batch itself. During afternoon they allowed the other college (not in the list thro' the request made by their college placement officer and some I (astly) directly. So better try to walk in directly. but see to that if u r coming from out-of stations. Then I felt something good will happen in my case as everyone coming out of the panel nodded their face saying that they all will be selected. I gained more hopes even though I was put in the last panel. Then finally I received the Offer letter on the same day itself wherein I was asked to go to B'lore for training (3-4 months) then I will be put to chennai itself.

So friend I feel that They all look at ur Confidence level and communication and way of speech. I lost in more than 20 companies in different level (writtten itself, some in tech and some in HR round). but they were all experiences for me as how to ans and how not to ans/ behave. I use to come here and there and give my resumes to whatever companies I see on my way and regularly/daily I use to check my mails and post my resumes and prepare for the invites made by the companies. But this one I was very cool that I haven't read a single word (except the company profile) as I thought "Whats going to happen anyway they won't ask the same ques we hae read /practiced from the books and materials v have) But still they all gave me confidence. So Friends Don't worry.

Surely "Every dog as its day" Keep on walking and searching. Don't lose hope is the moral of everyone's story. I feel great that I can share somethink with u friends. All the best for everything that comes on ur way.

(Paper Submitted By : Rakesh)

ACCENTURE PATTERN - JAN 2006

Hi Friends

This is regarding accenture test pattern... They had changed the pattern of the test. Now they had tied up with meritrac for conducting tests...so its diffent from previous pattns

There is no technical questions for the written test. The test consists of 3 sections

1) Aptitude (maths) mainly of ven diagrams, then ques like a man walks east for 1 km then turns left ..etc like that and ques like A man facing towards west turns 45 degree clockwise then again 180 degree clockwise then turns 270 degree anti clock wise now at wat direction does he faces to.. like that..

2) Mental ability : ques like *stand for -, /stands for + etc.. a hand ful of such ques nd

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

ques in which three 8 digit numbers are given and to find out they are same or not .etcc..And Questions like .A company want to select people for job... the criteria for selection is given and based on that 4 questions were given we have to choose whether he must be selected or not like that..

3) Verbal reasoning: fill up the blanks with missing words, replacing the word in a sentence with appropriate words of same meaning from given list and 2 passages with questions based on this

After written tests those who are selected will have GD(before, accenture didnt had GD), Then HR and Technical

The test will be simple... just brush up and go prepare well for other Rounds also especially HR.. please get as much as company info you get and be cool.. its only way to pass that round. And for technical be prepare for a Nice set of Questions especially from basics in C, C++,Datastructures, DBMS etccc as usuall in all tech interviews

so prepare well and go..

(Paper Submitted By : Kishor)

Accenture Placement Papers 2007

ACCENTURE PAPER ON 12th MAY

hey frenzzzz.....

let me tell u about the whole procedure & hurdles u gotto overcome to get thru all the rounds & get recruited in ACCENTURE.....!!!

Although i didnt go thru any of the previous papers but later as i saw they were just true copy.....so i suggest jst take an overview of what the pattern is even though it was very easy!!

SO, beginning with the recruitment drive of ACCENTURE.....first was:

I. WRITTEN APTITUDE TEST: This had been divided into 3 sections:

i.Verbal Ability- comprising of fill up blanks with appropriate words, prepositions, conjunctions.....

-2 passages: non-technical & technical .

ii.Quantitative & LR:- ques based on Venn diagram

BLOOD RELATIONS

Data Sufficiency

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

iii. Accuracy check : There was hardly anything u had to put brain into.....just has 2 b donewith concentration n carefully!!

This test was followed by an essay writting in 5 minutes on topic- "MY LAST 3 YEARS OF COLLEGE LIFE". Just keep ur fingers crossed as they wont take more than 15-20 minutes 2 declare the results. Though it was an easy round but elimination for many.....only 156 cleared out of more than 1500-1800 students.

It was on next day that we were suppose to report at 11;30 a.m & the drive had to continue with PPT (Pre Placement Talk) but didnot kickstart as per the schedule!!!

II.GROUP DISCUSSION: We were divided into 13 groups of 12 students each.It was a very properly & well-conducted round-table G.D.

Topic: " STING OPERATIONS- FOR\AGAINST" other topics given to group were: "India as a superpower". "Booming IT sector in India."

People at once tried speaking up all together making it a fish market.....but we were stopped n ever1 was given chance 2 speak.....its better not 2 speak until ur not clear & comfortable with the topic n better listen 4 a while n then start speaking.....n if very comfortable just give it a bashful start & clinge 2 students olready done away with!!!!

I spoke just 3-4 lines explaining what it is????do not just start abruptly being in favour & against.....

RESULTS being declared as we came out of the room.

III.HR ROUND: Interviewer read my essay n cleared her queries wth explanation.

Asked lot about company.....

- when established in india?- 1987 mumbai
- where ol over india r its offices? delhi ,mumbai, b'lore, chennai, pune, hyderabad.
- company turnover? US\$16.65 billion
- no.of employees world? 1,49,000
- in how many countries it is spread?? 49
- worked as team leader/player?
- 2 qualities of a good team player?
- wot r diodes???(donno was it hr or tech??)
- y do we use it?y not somthing else?
- wots the direction of current?
- y is it so small in size?

After this much of the students were eliminated.

IV.TECHNICAL INTERVIEW: He was a real kool,polite n a graceful person.

- Tell about urself?
- wot ol languages u knw?..... asked frm C++
- wot is inheritance?
- how is it similar to copy function?(answered but not satisfactory.....so.....)
- wot r linked lists??
- he asked if i didnt know much how wud i manage with s/w company.....i told them giving my full endeavour durin training & wotever is not taught 2 b done on my own,

However we had 2 wait 4 quite sometime 4 d final results!! Holding our breath we had to listen to PPT OF 15-20 minutes n also enjoyed the rapid fire questioning round at last!! finally 30-35 names were annoned nhuh.....i made it!!!!!!!

Signed up the OFFER LETTERS n thanked GOD!!

ACCENTURE PAPER ON 5th MAY AT TAMILNADU

Hi friends

Accenture conducted its placement program at Noorul Islam College of Engineering, Kumaracoil, Tamilnadu , on the 5th of May 2007. It was on campus program. I got selected out of about 250 students(25 students got recruited)-thanks to the Almighty God. Also thanks to freshersworld.

Selection procedure:

Totally 4 rounds

- 1. Written test**
- 2. GD**
- 3. HR interview**
- 4. Final Interview**

1. Written test:

conducted by Meritrac - only one question booklet was given -there were 55 questions to be answered within 60 mins. there were 3 sections:

- verbal
 - analytical
 - attention to detail
- a. verbal (20 qns):-

Questions :--

Fill up with suitable prepositions (5 Qns)

Fill up with suitable articles (5 Qns)

Comprehension: 2 passages Viz.,1.Process, 2. Computer Networks (5 Questions each)

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

b .analytical (20 qns):-

Prepare from R.S .Agarwal Quantitative aptitude book. Important topics: Venn diagram based pblms, data sufficiency pblms

c. attention to detail(15 qns):-

pblms like

find which of the three are alike:

34456789,34456779,344567 80,34456789..

if \$ is 1 and * is 0 then \$***\$^\$\$ is.....

if - is *,+ is /,* is +,and / is - then $2+8*6/4-1$ is?

this section is more time consuming so I made a lot of guess here.....

it was only by God's grace i got thru the aps...around 90 got selected in aps ...and a topic was given for essay writing(5 mins)-topic was "My college life"

2.GD:-

The topic given to us was "shud mobile phones be banned within college campus"

Initiation , participation(with relevant strong points) , listening to others were important.

3.HR Interview:

Some of d qns were..

Tell abt urself !

What u expect in a good job?

4. Final Interview:-

Some of d qns were.. (again)Tell abt urself.....

Wat is OOPS?features.....

Wat is polymorphism? Types &

Let me tell u one thing..... I was rejected by TCS in 1st round & CTS in the final round wen 131 were selected in our collegei was very very very discouraged.....I prayed to Lord Jesus fervently...finally by His bountiful grace He gave me job in accenture.....Prepare with prayers & hope diligently and leave the rest to God - He will giv u d best...

ACCENTURE PAPER ON 28th APRIL AT INDORE

Hello Friends,

I'm Rajat Dixit, now a part of accenture family. I got selected on April 28, 2008 . The campus was held at my college, Medicaps Institute of Technology and Management, Indore (M.P.). There were five colleges in all, 2 from Ujjain 3 from Indore . A total of

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

900 people were there out of which 55 were selected finally. I was one of them. It was my first try for the placement and I was placed!!!

There were four rounds:

1. **Written Test**
2. **Group Discussion**
3. **Technical Interview**
4. **HR Interview**

MY XP-RIENCE:

1. WRITTEN TEST

First the written test was scheduled to take place on Apr. 27, 2008 in the evening, at 4pm . Well it was quite a wonderful experience to give a written test in the evening. We were studying for the paper in our college library since 8.30 am and reporting time was 2.45pm . We were seated in the classrooms at 3.30pm and the paper was started at 4.30 pm . There were about 18-20 rooms for 900 students for the written test. The paper was of 1 hour and 10 minutes. The topic for essay for our classroom was: “Challenges for IT industry in India ”. Paper was easy (I’ll tell you about the paper later). Then we were told to wait for the result. They were about to declare result at 7.30 pm but it was finally declared at 8:45 pm. The students’ names were declared according to their sitting arrangement and variable numbers of students (somewhere 3 and somewhere 18) were selected from each class room. Our college has a beautiful campus, so it was looking more beautiful in the evening... While we were waiting for the result, there was also power cut twice. We really enjoyed waiting for the result of the Test Paper.

THE FIGURES: Around 150 were short-listed out of 900 people

2. GROUP DISCUSSION

Next morning, on April 28, 2007 , we (150 students) were called at 8.00 a.m. for the presentation. I was right on the time. But the presentation started at about 10.15 am because of flight delay and late arrival of the delegates. Since it was my college, while waiting for the delegates, we accessed the website on the internet on the laptop that was connected to the projector for the students sitting in the auditorium. After sometime few delegates arrived in the auditorium, but were waiting for others to arrive. Meanwhile, delegates interacted with the students sitting in the auditorium. When the waiting became too long, they started the presentation. The presentation was good and full of important information. (Watch the presentation attentively it is important to collect the information about the company). The presentation ended at 12 pm . At the end of the presentation there was a small quiz of 5 questions. I was lucky I won a cool water jar for answering a question quickly!

There were 8 GD rooms and 15 teams of 9, 10 or 11 in 1 team. Teams were declared in the auditorium (according to the list of students which was made during the selection in the written test, so luckily 5 people out of 10 in our team were classmates and

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

3 were MCA students of our college only). Our team was 12th or 13th, so we were seated in the waiting room for 10-15 minutes and then were called for the GD. First we were asked to give a topic. We gave the topic “Downfall of India in Cricket WC 2007”. But the delegate refused to discuss upon that. Then he gave us a topic, “Are Indians losing their culture with the growing economy?” I was not giving too many points, but still I made 4-5 important entries. More importantly, I was listening quite nicely. During the GD, when two people were saying simultaneously, I asked the less loud person to listen to the louder person first, once. I was also confident through out the GD. Two out of the group of 10 were asked to summarize the topic. 5 out of the group of 10 were selected. I was one of them. Remember, in GD, personality and confidence matter a lot. 5 of us were told to wait in the room and others were asked to leave. From there we were taken to another room where we were seated and asked to fill up a form. After that there was a lunch break (1.30 pm to 2.00 pm).

THE FIGURES: 71 were selected out of 150 for the interviews

3. TECHNICAL INTERVIEW

We were asked to return to the same room after lunch and we did. It was now 2:45 pm and we were then asked to give the forms that we had filled. When they started calling the names of the people from whom they want the form, I found I was the first one of them! I didn't understand why they were asking for the form but then I came to know 10 of us were taken near the interview rooms, and asked to wait outside, I, being at the top of the list of 10! I then thought I cannot prepare for the interview now and then I didn't. After 5-10 minutes, we came to know 2 people were sent for the technical interview and 2 for the HR simultaneously. So, I and one of my classmate were sent for technical interview, and our another classmate and one more person was sent for the HR.

Since I was the first person, as soon as I entered:
He said- Hi (he was sounding cool, and he aged about 35-40)
I paused for 3-4 seconds and said (with a cool smile that I came to a nice person) - Good Afternoon Sir!
He- Had your lunch?
I- Yes sir! May I have a seat?
He said (with a smile)- Oh yes, you are supposed to!
I- Thank you Sir!
He- Tell me something about you
I- I did...
He asked (interrupting after about 20 seconds) - Have you done any project?
I- Yes sir, I have recently completed my minor project in ASP.net, shall I tell something about it?
He- Yes please go ahead!
I- I have build up a portal website, so I explained everything along with the problems we faced and key learning. We were three members in a team and I explained the role of each and every one. I told him we are using Visual Studio 2005 with MS Access. I was the main designer in my team and others were handling the database entries. (He was impressed)

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

He then asked- How did you connected with the database?

I- I explained about the GridView control and AccessDataSource control and their properties that are needed to be altered for the connection (He was impressed again)

He- Have you worked in Java?

I- No Sir, but I have a very good command on C, C++ (He gave a satisfactory smile)

He- Ok still can you explain the meaning of ASP

I- I explained the meaning, use and importance of ASP and Visual Studio 2005 (He was impressed again)

He- Why didn't you use Java? Do you know about it?

I- Yes sir, I know, like active server pages (ASP) we can also build JSP ... and I compared both of them telling the advantages of ASP (He was satisfied!)

He asked- Ok do you know about polymorphism?

I- I told him with an example of add() function having many forms

He- Ok, what is Inheritance?

I- I explained the whole concept with an example.

He asked (in between) - Then what is parent class?

I- I explained with the support of the same example, and elaborated my answer.

He asked- Then, do you know what do we call a class that cannot be instantiated?

I- "Abstract class" I also explained why? (He was completely impressed)

He then did some markings like he was doing throughout the interview, and happily asked me to go.

I said "Thank You sir. Have a nice day sir".

I was convinced I am selected for HR, but I was asked to wait for 5 minutes. After 5 mins I called for the HR interview.

4. HR INTERVIEW

As soon as I entered the room I found that it was the same lady who handed me the gift in the auditorium. Approaching her, I gave her a pleasant smile and I got the acknowledgment that she remember me, as soon as she also smiled.

I- Good afternoon Ma'm

She- Good afternoon

I- May I have a seat?

She- Sure, please (smiling)

I- Thank you ma'm

She said- So, Rajat. Tell me something about yourself

I did, but after 2-3 lines of introduction, I was thinking back of the mind that how should I continue (though there was a lot of things left to be told in my introduction). So I asked her- And mam, please you tell what would you like to know more about me?

She- Tell me about your hobbies (With a smile)

I- I told her I play music and I have done a course in meditation and had learned about therapy as well.

She- Can you please tell me about the therapy course (With a question mark on her face)

I- I did...

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

She said- Ok! So, have you done any project?

(She was evaluating all the time so rapidly as if she don't need to interview me. And I think, since the evaluation paper was same that was in TI, she read about my performance in the TI. That is why she was evaluating me fast and asked this question)

I- I explained mentioning the technology, key learning and importance (but in 2 sentences, non-technically).

She- Why do you want to join accenture?

I- I want to work with leaders...

She- There are leaders in every fields, so why accenture then?

I- Since I deliver my highest performance every time, I want to be a part of the company that demands High Performance (She was impressed)

She- So are you ready to work on any technology?

I- Yes I can...

She- Are you ready to sign the agreement with accenture?

I- Yes I am...

She- Ok Rajat, you can go

I- Thank you mam. Have a nice day mam.

I was convinced I am selected but they sent me in a control room and asked me to wait till the END. Since I was the 1st person to be interviewed, I waited alone in that room for 10 mins and then others started to join me. From there we were sent to another room where we waited upto about 7.00 pm and then result was declared in that classroom only.

THE FIGURES- 55 were selected finally out of 71 who were interviewed (36 were from our college)

About the Company & why accenture-

Today accenture has become no.1 in the world among all other consulting companies. Everyone would like to work with such a great leader. The company has 6 offices in India- Bangalore, Hyderabad , Mumbai, Pune, Chennai and New Delhi . It has 1,52,000+ employees all over the world, out of which 26,500+ are in India (Till 28 Apr. 2007).

The word 'accenture' means "accent on the future" and the '>' sign over letter 't', is the accent that signifies to go ahead in future. The word 'accent' means an emphasis given to a syllable or word. CEO- Mr. William Green. Brand Ambassador- Tiger Woods. Other important information regarding accenture can be found on www.accenture.com. The website is superb and provides great information. Better visit the accenture world website first, and then go for accenture India .

THE SELECTION PROCEDURE, THE TEST PAPER, QUESTIONS & TIPS:

Eligibility-

60% through out in all 5 semesters of current degree (BE/B. Tech)

Backlog in 5th semester not allowed

All branches are invited

For More Placement Papers visit www.123eng.com

Students with year gap were allowed in this campus drive, so those who have year gap may be considered (all my friends who had year gap were allowed)

Percentage of class 10th and 12th were not in criteria

1. WRITTEN TEST

Time: 1 hour 10 minutes

Number of questions: 55 + 1 essay

Rules:

No negative marking

55 questions had to be done in 60 mins

Essay should be written in 10 mins (Topic is told at the end only)

Answer sheet was four paged, with-

1st page having bubbles to be filled

2nd page with name and other information to be filled by us

3rd page was rough page

And 4th page was left for writing essay

Cutoff- not told (it was later found that cutoff was about 34 or 37)

No Sectional Cutoff

Level of paper- Easy

SECTION I- Q.1 to Q.20 (VERBAL)

Q.1 to Q.3 Prepositions

One of the questions was-

___ his vacation, Ram went ___ the forest and also walked ___ the river.

Ans: During, to, along (other options may confuse you, like you would think it can be 'across the river', but choose the one in which all three are fitting)

There was 1 question that had only 1 blank as well.

Q.4 to Q.6- Choose the closest meaning to the words in Italics:

One of the questions was-

Due to his versatile qualities, Mohan was able to do all types of jobs quite easily.

Ans: Flexible

(Other options can confuse you like 'Multi-talented' was an option, but choose the word that exactly fits in the sentence and carries the correct meaning)

Q.7- Q.10 Articles:

Fill in the articles in the following sentences:

One of the questions was-

___ essay, which was later chosen as ___ best, was written by ___ student who used to be quiet in the class.

Ans: The, the, the

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

(These type of questions were quite easy and there were 1-2 questions that had only 1 blank as well)

Q.11- Q.15 were based on a passage that was related to operating system (OS 2 and its newer versions. It was compared to other operating systems and its advantages and disadvantages were discussed)

The answers of the 3 questions were within the passage and answers of 2 questions had to be given by interpreting the passage. So I would suggest, since the passage was long and time consuming, better have a glance on the questions before starting the reading.

Q.16- Q.20 were based on another passage on PLM (Process Life cycle Management)
This passage was very long so I left it for the end.

Apply the same trick for answering the questions of the very long passage!!!

SECTION II- Q.21 to Q.40

Q.21- Q.26 These were the questions based on Venn diagram.

Example:

If in a class 80 people speak English, 42 speak French, 65 speak Hindi, 12 speak both English and Hindi, 17 speak both French and Hindi, 13 speak both English and French and 6 speak all three languages, how many people are there in all?

Q.27- Q.30 A variety of questions were there:

Example:

1 question on Blood relation-

Example:

Pointing to a man Carl said, "He is the son of brother of my mother's husband." How are Carl and the man related?

Ans: Paternal Cousin

1 question on Directions-

A man walked 2 km east, then he turned NE and walked 5 km. Then he walked 2 km west. How much and in which direction should he move to reach the initial point?

Ans: 5 km South-West

31-35 were of following type:

Two sentences are given below. Mark the answer according to the following:

A- If only FIRST sentence is required to verify the sentence

B- If only SECOND sentence is required to verify the sentence

C- If both FIRST and SECOND sentence are required to verify the sentence

D- Cannot be verified even if both sentences are considered

Example:

Two trains are traveling towards each other. When will the two trains meet? If -

1. Train A is coming at a speed of 20km/hr

2. Train B is coming at a speed of 30km/hr

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Ans: D

36-40 were based on:

If 1 is written as \$, and 0 is written as *. Then answer the following:
(e.g. 4 is written as \$** and 3 is written as \$\$)

Example:

$3*5-12+10-9/3$

The solution of the above expression can be represented as?

Ans: \$**\$ (1010 in binary i.e. ten in decimal)

SECTION III- Q.41 to Q.55

Q.41- Q.45 Mark the answers according to the following:

- A- If all the three options match
- B- If FIRST and SECOND options match
- C- If FIRST and THIRD options match
- D- If none of the three match

Example:

KKTUJNGDFTSR

KKTUJHGDFTSR

KKTUJNGDFTSR

Ans: C

Another example:

1896.5738491023

1896.5783491023

1896.5738461023

Ans: D

Q.46-Q.49 were based on the Puzzle-type question. It said:

Following was the criteria decided by the selection committee of Indian Cricket Board:

- 1) Player's age should be 18-28 years
- 2) He must be the captain of any cricket team for at least 2 years
- 3) He must be a Ranji Player for at least 2 years
- 4) He must have taken at least 20 wickets or made 1000 runs in a calendar year in Ranji

If 1st condition is not fulfilled ... referred to chairman

If 2nd condition is not fulfilled ... he must be an all rounder with at least 500 runs and 15 wickets

If 4th condition is not fulfilled ... referred to VP

Questions were like following example:

Rahul was born on dec.10,1979 and is a captain of Ranji team since Feb 2005. He won man of the tournament last year for taking 24 wickets last year. He is:

- a) Selected
- b) Rejected
- c) Referred to Chairman
- d) Data Insufficient

Ans: a

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

(These questions are also easy if you draw a table with names of the aspirant in rows and criteria in the columns, and then checking whether he/she fulfils it or not)

Q.50- Q.55 were also a bit easy and were of two types:

Example of type 1:

If * means +, + means -, - means / and / means *, then what is the value of-
 $8+4-9*7/12+3$

Example of type 2:

If * means /, / means -, - means + and + means *, then which of the following is true:

a) $7+43*2/13-7+8 = 22.6$ b) $4-9*7/4*2/3-7+2 = 25$

(The type 1 are easier and less time consuming and type 2 are more time consuming but still can be solved. 3 of the questions were of type1 and other 3 of type two)

Note: The Examples that I have given are almost the same questions that were asked to us. Few examples are given by me to just make you understand the type pf question since I don't exactly remember the question.

Important things to be remembered:

Most of the questions were easy; all you need is time management and accuracy. Try to attempt the paper in two passes. In the first pass, do all the less time consuming questions and leave the others. Then start the paper again to do the remaining questions. Doing this you may find that you have attempted 35-38 questions in half the time (in 30-33 mins). So don't feel low because paper is very easy!

ESSAY-

Write the essay properly because was asked in the interview by some of my friends. Some important topics that were asked in accenture are:

Challenges for IT industries in India

If I would be PM of India

My dream company accenture

First day in accenture

First day I accenture

If I would be CEO of accenture

IMPORTANT TOPICS THAT SHOULD BE PRACTICED FOR WRITTEN TEST:

Venn diagrams

Direction problems

Age

Blood Relations

Time and Distance

Work

Percentage

Ratio & proportion

Data sufficiency

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Trains
Pipes and cicerones
Calendar based
Race Problems
Profit and loss
Symbol based problems: * means +
Synonyms Antonyms
Prepositions
Articles
Comprehensions
Fill in the appropriate word
Pattern matching
Puzzle type
Probability
Series completion (aa__bbb__aaaa__abab)

IMPORTANT GD TOPICS:

Who is the better actor rajnikant or Kamal hasan.
Celebrity should be brand ambesder or not.
Who is the better anchor for KBC shahrukh or amithabh.
Can India be a world power
Black or white
Shahrukh vs amitabh
Kbc
Some viad ones like mother or father
IT industry
BPO is affecting youth
Men's day or women's day
World cup- India or Australia
Hardworking or Smartworking or Both/Support
Should india host the olympics.
State of women
Should there be dress codes in college
Indian economy.
Should Alcohol be banned or not?
IT is enabler (BOON) or not ? (my topic)
Is Salman Khan's Bail is Justifiable?
Communism & Economy Reform.
CPM's Role in Privatization.
Foreign TV channels should be banned in INDIA or not?
India out of world cup

AND CURRENT AFFAIRS.....

IMPORTANT POINTS THAT I NOTICED TO GET SELECTED in interviews:

Knowledge, of course is important. You can start your TI with confidence; try to drive the interview towards a topic that you have prepared. Say NO if you don't know answer

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

but ensure him that you can easily learn that thing or you would be aware of it if you study about it.

CONFIDENCE is checked through out the process!!!

FLUENCY- English must be fluent. If you face TI first, you should be fluent there as well because results are forwarded to HR and you get the advantage.

SMART and GOOD LOOKING people They want you to be smart in your answers. And as per my experience, they prefer to choose good looking boy/girl.

ALL THE BEST to all the accenture aspirants. Hope to meet you in accenture.

ACCENTURE PAPER ON 27th APRIL AT INDORE

hey people

accenture conducted its placement session at " MITM- INDORE " on d 27th of april 2007. i m frm MITM,itself nd here to give u my entire experience. i ws selected out of d 900 ppl who gave it nd 54 wr recruited overall.

round 1:non technical written(55 ques 60 mins) thr is no point tellin u d questions bcz it ws conducted by Merittrac private placement consultancy bt basically dis is hw it ws..

a) Aptitude: damn easy .. hd abt 20 ques .. very easy is d word .. keep d speed .. leave d ques d moment u feel u wnt b able to do it .. jst attempt wt u knw nd b confident

b) English: Again very simple .. 2 passages .. 1 ws on DLM .. dis ws a bit tough to comprehend,since u've to think thoroughly over it.. d 2nd one ws on Indian Heritage & History, ques over Articles, prepositions & sentence correction .. very easy.

c) reasoning: simple ques of + replaced wid /, - wid * then compute d value of say $2+3-7=2/3*7$.. bt remember dt thr were these 3 ques whr u were suppose to find d correct option out of 4 $2+5*6$ etc .. dnt attempt it .. it will b a waste of time .. jst choose 1 option nd tick it blankly .

Logical passages of "Selection in a team" based questions. Very Easy, provided u read it completely, & comprehend each clause. Dont Panic, maintain ur calm.....make sure u hv speed+accuracy .. d cutoff ws abt 40 correct attempts .. dnt go haywire ticking d same option in a line .. it wnt help

After d test, v've 2 write an Essay On "Challenges faced by IT industries in India", allotted time ws 5 min. & v've gotta write atleast 100 words, so go prepared.

I am very thankfull to this portal and all those students who have contributed the papers. It helped me immensely.....

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

round 2:GD

my topic ws "Who will win the Cricket World Cup- 2007" .. thr were 10 ppl nd d topic was easy 4 every1, even girls were enthusiastic over it. V had a relatively gud GD,with every1 contributing in his/her own way. "Its not abt wat u speak, its abt How u speak" . So plz try n speak valid points, with some conviction. maintain a smart posture & GD will b a piece of Cake. 7 out of 10 were selected, a gud performance by group bcoz v've planned it 2 not 2 make it a fishmarket, some groups were rejected completely(all 10) bcoz of their fishmarket, i guess.....

IMP - Try 2 b friendly with ur group, even b4 ur GD, it'll help immensely.

round 3:Tech. interview

dis ws d elimination round so i will tell u my ques.

since, my stream is "Electrical & Electronics", i was asked abt Power System, generation & distribution of electricity, Machines & their working....i answered them not completely, but with certain conviction & confidence..... then i ws asked abt microprocessors.....this ws a bit easy one, i answered all d ques.....then ws asked abt C & C++,like major differences, encapsulation, polymorphism, inheritance etc.....some how i managed 2 answer some of them.....but i remain confident while answering.

round 4: HR interview

this ws absolutely unconventional, like no ques. abt Describe urself, weakness,strenghts etc...No such Crap.....there were only situational ques. & ques. abt my Past experiences of school & collge life, abt group assignments i've done & major conflicts aroused in them....How u solved them, asked abt my family,my Industrial Training, my values & principles in Life, my girlfriend, my views over future & growth of our country....How will u contribute in development of country & other stuffs like dat..... i've answered most of them....though he(interviewer) tried 2 put me in alot of pressure, but i remained Cool, Calm & Composed. In between he offered me Soft Drinks & some snacks..... dont know whether 2 check my eating habbits or wat.....

But overall it was gud, in d end he told me whether i've any questions 4 him.....i asked couple of questions, related 2 my interview,which impressed him.....so plz ask some valid ques.its ur last turn 2 hit d ball out of Park, so dont miss it

Around 7pm , 28th april , d results were announced & my name ws there..... trust me,it ws an awesome moment. After a tiring & exhausting recruitment procedure of 2 days, it ws like icing on d cake. finally i've delievered, High Performance.....

ACCENTURE PAPER ON 18th APRIL AT BANGALORE

hi everybody, if your preparing for accenture u must be thorough about the company. read up and do ur research well. this will help you in your HR and technical interview. associate al that u know about the company with your branch of engineering. dont miss the ppt of the company coz it'l help u in the above

for my batch there were 4 rounds

1. written test or ULKAT score(for karnataka)
2. group discussion
3. HR interview
4. Technical interview

Submit your resume to cvs@123eng.com

For More Placement Papers visit www.123eng.com

the written test is easy. the group discussion was good for us coz are team was well in unison. dont argue. dont be loud. speak up only relevant points. in my batch 1 group was arguing and so they got dismissed. be confident and calm. GD wil be for 15mins and 15 ppl in a batch. this is a huge elimination round and u should keep in mind to talk ur share befor time runs out. for our batch the HR proffessional asked us to decide on a topic ourselves in 15 secs or else he would give us a tough one. so soon as ur group is formed discuss this.some other topics are capital punishment etc.

Next, is the HR interview for about 10mins. here they wil ask you to introduce urself and also ask you why you want to join accenture? if u answer this question satisfactorily, your interview wil end there, further general questions will follow. this round is basically to test ur communicative skills and personality.

Next is the technical interview.this is what u hv to watch out for.this round goes on for about 20 to 30mins and here everything you know is put to test. it is basically a HR + tech interview. here talk more about ur strong subjects.

be confident, calm read up wel about accenture and all the best!

ACCENTURE PAPER ON 14th APRIL AT MUMBAI

Hi friends.. I am Nikhil Singhal from Vidyalkar IoT and I was selected in Accenture in Mumbai, held at Don Bosco IoT. The instructions about cutoff, no negative marking, sections etc. can be seen from other's review.

Aptitude test was very much of the same pattern which I downloaded from this portal, and I am very thankfull to portal and all those students who have contributed the papers.

As you will see, the apti is quiet easy. There were similar questions on \$,* as I studied in the downloaded paper. These questions initially look very odd, but only thing we need to do is to obtain the binary code of the given decimal number and replace 1 by \$ and 0 by *. I think these questions helped me to increase the score above cutoff.

GD was a piece of cake. Simply make sure that you speak what is logical. In 15-20 minutes time I contributed 2 excellent points and was selected. Some of those who keep murmuring and just agreeing with others were rejected. The moderator checks your knowledge and team work.

Technical Interview was for namesake only. IT and COMPS people were questiond on C C++, and other non-IT were hardly asked anything. Don't take any kind of tension for technical interview. They were keen to know that weather I was ready for relocating or not.

HR interview was actually DANGEROUS. It was actually 'STRESS INTERVIEW'. They were testing whether a person can handle stress properly. Out of 15 students from my class who were selected for HR, only 4 made through HR interview. So you can understand the seriousness. The key to success is your positive attitude, your confidence and your ability to handle stress. And the questions they ask vary person to person. There is no way to prepare for it. The best solution is to be relaxed and rest while waiting for interview. I was able to get a 10-15 minutes nap sitting in a corner!!

ACCENTURE PAPER ON 14th APRIL AT MUMBAI

General details about the company can be found at www.accenture.com

Let me give the specific info, the one that'll appeal to you

1) Package being offered right now is 2.7 pa (which is being reviewed and will most probably end up between 2.8 pa :-: 3.0 pa)

2) The company offers 2 MIT Certifications.

3) The company has tie-ups with IIM-B, XLRI & NMIMS for MBA.

But the certifications & MBA come at a cost i.e. additional bond. By the way the bond is of 1 year.

Aptitude:

Aptitude is very simple.

Go through previous papers.

Most of the people cleared the apti.

GD:

GD is the round where most of the people get rejected.

The person moderating our GD told us that he'd be judging us on 3 points....

Knowledge, Communication Skills & Interaction with the Group.

By the way starting the GD gives you a clear lead.

I started the GD and rarely spoke after that, but my start was solid.

So cleared the GD.

HR Interview:

Order of HR interview & Technical Interview keeps on changing.

Listen to the PPT carefully (which will be given after the Apti results are out) and you'll be able to handle the HR interview.

I was asked the following questions:

1) Favorite subject -> C

2) What are pointers?

3) Difference between C & C++

Sounds like a tech. interview Here are the remaining questions....

4) Why Accenture? -> answered

Some cross questioning on that. -> got stuck

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

Thts it ...my HR interview was barely for 3-4 minutes.

Some ppl's HR interview was upto 30 minutes.

Technical Interview:

I had mentioned in my CV tht I had organised & participated in Rink-Football & Box-Cricket in my college.

Here are the questions:

1) Wht is Rink-Football? -> explained

2) Wht is Box-Cricket? ->explained

Sounds like a HR interview

After tht the real Technical Interview started...

3) So ur favorite subject is C? ->yes

4) Wht are pointers? -> explained

5) WHY would u use them? wrote 2 programs, one without pointers & the other with pointers.

6) WHERE would u use pointers? -> explained

7) Name the sorting techniques u know? -> named

8) Explain Merge Sort -> explained with the help of example.

9) Where would u use Merge Sort? -> answered

10) If u r given an array of 10 nos , which sorting technique would u use? -> Quick Sort

11) If u r given only 2 nos then..? -> none, simply use if condition

Thts it done...barely 5 minutes..

And I was finally selected at Accenture.....after failing to get thru L&T, Infosys & Tech Mahindra.

My faith in the Almighty saw me thru...

Wishing u'll luck.....

Hoping to see u'll at Accenture.

ACCENTURE PAPER ON 7th APRIL AT NOIDA

hey people

accenture conducted its placement session at IIIT noida on d 7th of april 2007.im frm jnit nd here to give u my entire experience.i ws selected out of d 600 ppl who gave it nd 137 wr recruited overall

round 1:non technical written(55 ques 60 mins) thr is no point tellin u d questions bcz it ws conducted by sm private placement consultancy bt basically dis is hw it ws..

a)Aptitude:damn easy .. hd abt 20 ques .. very easy is d word .. keep d speed .. leave d ques d moment u feel u wnt b able to do it .. jst attempt wt u knw nd b confident

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

b)English:Again very simple .. 2 passages .. 1 ws on US shrimp imports .. dis ws a bit tough to comprehend .. d 2nd one ws on ATM's .. very easy

c)reasoning:simple ques of + replaced wid /, - wid * then compute d value of say $2+3-7=2/3*7$.. bt remember dt thr were these 3 ques whr u were suppose to find d correct option out of 4 $2+5*6$ etc .. dnt attempt it .. it will b a waste of tym .. jst choose 1 option nd tick it blankly

d)4 probability ques .. easy ones as i ws told .. i cdnt solve thm

make sure u hv speed+accuracy .. d cutoff ws abt 45 correct attempts .. dnt go haywire ticking d same option in a line .. it wnt help

round 2:GD

my topic ws "is foreign education necessary fr success" .. thr were 10 ppl nd i ws d only 1 agaisnt d topic .. if u do so mk sure u hv d capability to defend urself .. 3 out of 10 wr selected bcz thr ws too mch of pandemonium .. in 1 grp all 10 were selected bcz dey all spoke 1 by one

round 3:HR interview

well .. 1 .. plz do d talkin nd do it properly .. a lady interviewd me .. b at ur comfort .. i ws askd abt myself .. i did nt answer lyk d uasul dt these r my strenghts nd weaknesses etc .. she ws impressed .. again go unconventional only if u hv a power to defend it.it lasted abt 15 mins.almost 80% of d ppl who appeared wr thru wid d HR

round 4:technical interview

dis ws d elimination round so i will tell u my ques nd answer as well.my intervies started at 2 in d night nd continued fr 30 mins approx.thr were 2 interviewers (int = interviewer & me =me obviously)

int:so r u exhausted

me:absoultely sir .. any hu8man wd be at 2 in d morning wn u hv been all awake since 8 in d morning .. im suire same goes fr u(plz dn lie dt ur all fresh wn its 2 in d morning .. dn lie actually .. dey will c thru u if u do)

int:oh yes evn im exhausted .. bt evn if its 2 in d morning i expect reasonable answers frm u

me:i will give it my best shot sir

int:so wts ur favourite subject?

me:sir tho i lyk microprocessors bt these days im all gaga ovr artificial intelligence(dis ws a gamble bcz nobody says AI .. ppl say c/c++/microprocessor .. bt d gamble worked bcz he ws impressed ..nd plz say only d subject ur very thorough wid .. lyk im very comfi wd AI/micro/c/c++)

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

int:so wts AI all abt

me:i explained all abt reasoning nd knowledge representation .. hard nd soft AI ..
dempster sheffer theory nd bayes theorm

int:so cn we shift to c nd c++

me:sure sir

int:wt r global nd local variables

me:local variables r only valid within d delimiters within which they r deleared.global
variables r accessbile to all function below which the above which d global variable hs
been deleared

int:wts a macro

me:i explained

int:wts a router

me:i explained

int:hw does a router select d shortest path of communication

me:its an intelligent device nd hs a router algorithm in it which selectes d shortest path

int:wts d difference b/w circuit switching nd packet switching

me:i cdnt recollect so i told him dt i cdnt .. he moved on wid a smile

int:askd me to write a program in assembly langauge to find d factorial of a number

me:dts tough .. bt i did it never the less ...he ws impressed.

int:write a program in c to accept names nd roll numbers of students as long as d user
wnts

me:d catch here is "as long as d user wnts" .. initially i did it fr 50 loops ... thn he askd me
d mistake nd i told him its nt indefinite .. thn he askd me to correct it .. i did it using
malloc ..

int:is thr anything else u wnt to ask us

me:is thr anything i need to do since im frm ece so dt im at par wid cs guys

int:im impressed.nice ques.u stdy dbms/rdbms/java nd gt acquainted wid oracle 10g

me:thanks sir gdnyt

the result ws deleared d nxt day nd i gt thru ... wow all d bst to everybdy .. its easy .. u
wll gt thru

ACCENTURE PAPER ON 2nd APRIL AT BANGALORE

Halo guys,

My name is punitha and i got placed in accenture on the 2nd of april 2007.thaks to freshersworld. Well if you are one among the people who is preparing to face an interview for accenture then all you have to remember is be confident and have a good communication skill.

The placement process in our college kickstarted with the aptitude.The aptitude papers of accenture is given by the merit track people. You can visit their website as well(www.merittrack.com) .To be very frank the aptitude was easy.It consisted of 55 questions. A few verbal questions like fill in the blank with correct prepositions, to give the synonymns of the underlined words and things like that. Then attention to detail and logical reasoning which were also quite simple. There was no negative marking and no sectional cut off either. So make sure that you attend as many questions as possible. But the cut off will be a bit high, which they will not reveal, and the paper could also be a bit lengthy for 40 min.Just be smart enough to answer the questions which will not consume more time in the beginning and see to it that you have got majority of the answers right. If you are guessing a few answers here is a tip. Let the choice for all the questions for which you are guessing the answers be the same. For eg. c or d for all the answers going to be guessed.

Then there will be the ppt (the pre placement talk). You ought to have a good knowledge about the company. All company people will love that and Accenturites are in no way an exception

The filtered students will be called for the HR round. This round should not be a difficult one for those who can answer confidently with good presence of mind and communication skill. The common questions are "introduce yourself"," what do you do in your leisure time"," why did you choose engineering"," who is your role model" etc..Dont worry just be confident as i have been mentioning and be smart, not over smart though. You can shake hands after entering the room by introducing yourself and thank the person for sharing his time before leaving .

Finally there will be the technical round which will more or less be like a second HR round. If you are a CS student then you must brush up a few details about your project and if you are an EC student then get the concepts of microprocessor right. You ought to know the names of the subjects you are studying as this could be a definite question and please for god sake dont say you dont know the subjects. The other possible questions are "why should we hire you"," what are your areas of improvement" etc.Make it a point to have a smile on your face throughout. That will matter. And in the end if the person asks you if you have any questions for him please feel free to do so. you may ask questions like "how has been your experience in the company"," how have you shaped your career" etc.

Just dont forget that the person who is interviewing you is also a human being. There is no need to be scared of him. An interview is just going to be a mere exchange of words.

ACCENTURE PAPER ON 2nd APRIL AT BANGALORE

Hello friends, I am Preethi. Recently I got placed in “Accenture”!

The selection process included of 4 rounds:

The **First round was a written test** which included both aptitude and technical sections!

The paper was similar to ULKAT exam and was simple. Read R.S.Agarwal’s aptitude book and that’s more than enough.

Then we were supposed to write an essay for about 5min on the topic, “IT industry in India after 5 years”!!

Though it was a simple topic, I think many of them got eliminated here.

REMEMBER: Use simple language and be clear in your expression of ideas— introduction, main body, conclusion, if possible some example!

The **Second round was Group Discussion**. The topic given to us was, “The next Economical Super power-INDIA or CHINA ”! The discussion went on for about 20 min and then each of us were given a minute to conclude. Amongst the 12 in my group, 9 were selected.

REMEMBER: Speak fluently and stick to one vision. Body language counts. Never boss over. Be involved in the discussion.

The **Third round was an HR interview** and many of them were actually eliminated in this round. The interviewer was quite friendly and the questions were as follows:

->Tell me abt urself, Why Accenture?, Which other s/w company do u know?, How can you prove that you are a team player?,

->Give me an example where you have proposed an idea to your team and they have accepted it (I told him directly that I couldn’t remember anything specific, but I told him the main thing that I wuld always stress to my team members –time management).

->Why should I hire u? (Very important question and answer appropriately. Tell about your strengths),

->What is your motto in life? (he seemed to be impressed by my answer),

->Who is your role model in life? (I had to tell a public figure).

->About Hobbies (ur respective hobbies, know completely about it).

REMEMBER: Be yourself. Never try to exaggerate anything. Again body language counts and your communication skill is tested here.

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

The **Fourth round was a Technical interview** and was a simple one.
->He gave me a small C program to write—to accept a number and print it in the reverse order.
->Differences between 8086 and 8085 mupi.
->Family of microprocessors.
->He asked me whether I can write a program in Assembly lang. I said that I would try but he didn't give.(probably, confidence testing).
That's it.

Finally, at around 8:30 p.m, I got to know that I was selected. Thanks to GOD, my parents and my lecturers for standing by me in every step.
NEVER LOSE HOPE! TRUST GOD! He always has the best in store for u. After all U are his child.

ACCENTURE PAPER ON 24th MARCH AT PONDICHERY

Hi friends, I am vivek doing MCA 4thsem from Pondicherry University, Pondicherry, belongs to PATNA , Bihar. First I would like to thank this site and all those who share their experiences...

In my university Accenture came at 24 march total 700 student (university + affiliated college) appeared, total 107 cleared written then 47 cleared from GD then 21 cleared from HR interview and finally after technical interview 18 are selected.

I got selected in Accenture . So main round is GD so practice well for GD.

In Written test there is 4 section :

First section: English:--

Preposition 4 questions

Article 3 questions

Synonyms 3 questions

2 comprehensions 5 question each ,both are related to computer one comprehension related to database and another related to embedded system. Each comprehension 5 question. it is easy.

Total time 20 min and total number of questions are 20. Easy u can do it do practice in Grammar Article, preposition, tense...

Second Section: ---

In this section 15 questions and the time is 15 mins...

5 question for van diagram like (5 person plays cricket,4 plays football total person is 15

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

then how many plays only cricket like that better u solve the arithmetic reasoning chapter no. 14 R.S Agrawal in this chapter only u solve the van diagram problem.)

5 question for binary coded (refer the M.K.Panday analytical book and solve the coded binary numbers.)

5 questions for Data sufficiency (Maximum problem maths based so better u magup the all masuration formulas and u also clear basic concepts of geometry.) this one is little bit tricky.

3rd section: ---

In this section 20 questions and the time is 20 mins...

1 question for blood relation very easy refers the R.S.agrwal.

1 question for date problem (like 13 dec 1999 was Sunday then what's the day of 3rd of jan 2000) refer R.S.Agrawal book. Calendar chapter

One puzzle basis of this puzzle 5 questions r there. Better solve the R.S.Agrwal puzzle chapter.

3 questions they gave the 3 numbers and ask 2 numbers r similar or all 3 r similar or all 3 r different (4567832 4568290 4567832 like that they gave 3 numbers and ask here 1 and 3 are similar)

3 questions for arithmetic (Like Time and work, Percentage, Time and Distance etc ...)

4th section: ---

In this section they gave one essay and gave the 10 min 4 this. My topic is "Should water be the natural resource ". All r very easy question but cutoff was high in my college cutoff was 30 out of 55.Better u concentrate on time management.

GD topics: ---

- Who is the better actor rajnikant or Kamal hasan.
- Celebrity should be brand ambesder or not.
- Who is the better anchor for KBC shahrukh or amithabh.

This is the main rejection round so be serious in this round according to my view in this round only they judge your communication skill.

Then HR interview :-

- Introduce your self.
- If year gap then the ask the reason for gap year.(Prepare well defiantly they ask).
- Tell some thing about accenture. (Prepare well about accenture very very important)

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

- What is your strength, weakness with example.
- why I hire u.
- why u want to join accenture.
- Ask me to tell some thing about IT industry. So prepare.
- They ask about the cricket world cup. So prepare well.
- They give the stress but be confidence that time...
- Prepare about your university. And for your native place..
- any question u want to ask me..

Mainly they are checking Communication Skill so be confident, cool and reply every question calmly and truly as I have 3-4 year gap they keep on asking why ? so u should be able to handle these question.

Technical interview:

This round is little bit easy. They ask for your area of interest.
Like (What is polymorphism, Virtual function write code for virtual function. Write nested query. What is DML, DDL, DCL etc..., how u can add one column in a table, write a loop for infinite,)

Only basic idea of ur Area of Interest they will ask u in which chapter u r comfortable so do well ur resume.

All the best.

ACCENTURE PAPER ON 24th MARCH AT JAIPUR

Hello to all of them who are trying for accenture.....this was an awesome experience for me as this was my third time to face an interview after MBT and Infy. Accenture paper consists of the following 4 rounds:-

1. **Aptitude test (3 sections)**
2. **GD**
3. **HR**
4. **Technical Interview**

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

Aptitude consists of three sections:-

1. English
2. mathematics
3. logical reasoning

English part was the easiest one. It started with 5 questions on articles, 5 on fill in the appropriate word, two passages (one on SQL and the other on DBMS), a bit confusing and time consuming..(one of them is already in previous papers) Synonyms.

Mathematics was quite easier for me(as I was preparing since MBT)...Make sure that u do all the questions from venn diagrams, symbol questions like-if *=+, - symbolizes /... and so on.. one question on direction sense.

Verbal- it included the following:- which of the following are similar- 345678,345678,346875etc. passage questions(puzzle type).

Remember that the test was easy, what matters is time management and amount of right answers as the cut-off is very high everytime.

In **GD** they were asking the following topics:-

Can India be a world power

Black or white

shahrukh vs amitabh

kbc

some viad ones like mother or father

It industry

just be in touch with the news n try to keep ur sense of creativity with u.they also check ur presence of mind.

My GD was very good. Two of my friends were in a same group n that too just in front of the panel.. at the end she said that we were excellent and superb..this made us even more confident.

In **HR** I was asked general questions... for the first time I was very comfortable. The most interesting thing was when the panel asked me to tell him the thing for which I am recognized, I could recollect only that I can make sounds of different things like dog's bark, vendor's way of selling etc etc.... He asked me to show something, I said that I would be very loud, he said its fine... so I actually barked there(he was just checking confidence). Then he started filling my entries and said that I am writing here that u "can bark" in ur qualities. After some more questions , my Hr was over. When I went outside, I noticed that "final rounding" was written on it.

One more thing, Do get all the details about the Company

I headed to Technical interview which was good again , I was asked about my branch related questions as I am a non-cp/it candidate...

Next morning I was delighted to hear that I am in Accenture.

One imp message frm my side is that do not lose hope, be confident and u will be at the right place.

ACCENTURE PAPER ON 20th MARCH AT DELHI

THERE WERE 4 ROUNDS

1) WRITTEN PAPER

2) G.D

3) H.R INTERVIEW

4) TECHNICAL INTERVIEW

WRITTEN TEST

Paper consist of three parts—

1.analytical ability

2.apititude & LR

3.verbal ability

section 1 consist of 20 question ----those were quite easy

simple percentage question

venn diagram question are a lot but easy

age and blood relation

time ,distance,work

section 2 consist of 15 question

puzzle on arrangement on 1 ref,2 tv,3 ac,4microprocessor

a)2 tv together

b)ac at 1st and 10th place

c)no tv next to micro

d)no ref and ac next to each other

simple matching questions---5 question

aaabbccc,aaabbccc,aaabbbcc --which are same

5 data sufficiency question

section 3 ---verbal was easy consist of 20 question

5 fill up wid articles a,an,the

2 passages

a) 1 on sql

b) other on dbms

both were easy

3 word meanings

blurt,compliant,exemption

total 55 questions ...time given 60 minutes

5 min extra 4 essay on why accenture is my dream company???

cut off was around 37-40
out of 207----130 were shortlisted for G.D

NEXT WAS G.D ROUND ---MAIN ELIMINATION WAS DONE IN THIS ROUND

G.D TOPICS

1) Bpo's affecting youth
2) men's day or women's day
3) world cup—india or Australia
out of 130 only 60 were selected ---4 out of each group of 12

H.R ROUND—rest elimination is done here only

Will ask u general question???
about urself??
why accenture?
why should I hire u???
who is ur role model???
where u see urself after 5 yrs???
n strength n weakness

Be confident n cool –u will be selected But out of 60 only 45 were selected(approx)

Next was **TECHNICAL round**

study dbms,sql
c++ concepts
ur project
only 39 were at last selected after final interview...

ACCENTURE PAPER ON 15th MARCH AT MUMBAI

Hi friends!!!

I got selected on 15th march for accenture thanks to freshersworld and the almighty!!!
there was joint campus. there were around 800 ppl from 10 different colleges. they had called us at 8.30am. and they were on time. so better be on or b4 time for accenture placements. i was a bit late and so i missed the power point presentation. but friends never dare to do so coz u need info abt the company in HR interview. so starting with i would like to give some useful tips .

there are 4 rounds through which u have to go through

1. APTITUDE

2.G.D

3.HR INTERVIEW

4.TECHNICAL INTERVIEW

1> APTITUDE.

the paper for aptitude which we had was typically similar to the whole test paper posted by sridhar at MJCET college. pls see that paper. our paper was similar to that. do solve the papers given on freshersworld. they help u a lot. basically there were 3 sections

1. analytical ability. under this section we had 5-6 problems based on venn diagram, then 1 question based on relationship, then 1 q based on " there are 50 ppl. if i stand 17th from front. then what will be my number from back". a little difficult type on it. also we had some problems on data sufficiency in this type. some problems were based on directions.

2.verbal

quite easy section .we had to fill in the blanks using articles. then 2 passages and all. was quite easy and scoring

3. i dont remember the section name. but the problems were like if $\$=1$ and $*=0$ then what will be the representation of following. see paper posted by shridhar same pattern of questions. find which of the three quantities are alike. eg 122256664,122256644, 122256664. so quite easy. the other questions were based on * stands for +,/ stands for -, = stands for *, - stands for /..then find the value of foll exp $5/6*2+2-4$.. these questions were most diff part for me. as they were time consuming and u need little practice for them. so practice such prob.also there was an essay to be written. my topic was " MY FIRST DAY AT COLLEGE". TIME LIMIT WAS 5 MIN AND ESSAY SHOULD BE OF 100 WORDS.

out of 62 students from each classroom 15 were selected. and i was happy to find that i was 1 among them. then immediately we had gd. now comes the GD. my topic for gd was "AMITABH IN KBC V/S SHAHRUKH IN KBC"

it is important that for gd u speak some valid points. and convey them properly to ur colleagues. be confident and speak well. my gd was like a fish market. during gd session of 10 min i hardly spoke 2 points. but atleast that mam gave 2 min each for conclusion. my conclusion was good so i got selected. out of 15 ppl she selected 10 ppl

HR interview

tips. read abt the companys profile nicely. it is very important. she asked me questions like 1. tell me about urself and ur family background. 2.what do u do in free time. 3. other than music what do u do? do u read any technical magazines.4. what did u decide to come into software field. who inspired u? who is ur role model. 5 ur marriage plans.6.how imp is teamwork for u?. 7 have u ever managed any event in college. 8. who is important for u supervisor or counciler. 9. what do u think how will be ur first day in accenture. 10. are u ready to relocate.11. have u helped anyone grow.

Technical interview

only 1 question was asked. write a program for sequential linked list and insert a node

into a already sorted linked list. the prog was really difficult for me as i had not prepared. but then i wrote some part of program and as i knew the complete logic of program i explained him the logic.

then he told me "u can go home" and "by the way u are selected". i was so happy . that atleast after so many rejections i got a job into accenture..

let me tell u 1 thing...ALWAYS BELIEVE IN ALMIGHTY...WHATEVER HE DOES IS FOR UR BEST. NEVER LOSE HOPE. I WAS DOWN AND OUT WHEN I WAS REJECTED BY LNT AND INFOSYS. BUT NEVER EVER GIVE UP..SOMETHING BETTER IS WAITING FOR U!!!!

BEST OF LUCK AND HOPE TO MEET U ALL SOON IN ACCENTURE.

ACCENTURE PAPER ON 15th MARCH

Hi GUYS,

Myself Chetan K from JONDHALE college. Just yesterday i got Placed in Accenture after their tough & lengthy selection procedure.

GENERAL idea about accenture selection process-->
(4 rounds)

Round 1

APTITUDE TEST

In my case for aptitude test nearly 700-800 students were present From 25 colleges. Around 300 students cleared aptitude test.

Round 2

GROUP DISCUSSION

Batch of 15 students was formed, from each batch 'minimum' 5 students were eliminated.

Round 3

HR INTERVIEW (One to One interview)

From GD about 200 were selected for HR and roughly 150 students cleared it.

Round 4

TECHNICAL INTERVIEW

I would like to call it as the 'toughest' round. From 150 say nearly 40-50 students were selected who finally made it to Accenture.

I was the lucky one of them.

Detailed idea about the 4 rounds--->

APTITUDE TEST

Cracking aptitude test of accenture is quite easy. But remember nearly 3/4 th of students of the total appearing fail to crack this round? Preparation for aptitude test is always needed.

Guidelines- Refer to previous accenture papers. Pattern of questions remains more or less same only.

Some type of questions-->> Venn diagram,

Fill correct word,

>> similar word for the word in italics,

if 1 stands for \$, and 0 stands for * then what answer would suit the equation.

>> Questions on 2 passages

>> Date & day problems

>> Data sufficiency type problems

Race problem

References for above--> Quantitative aptitude(R S AGRAWAL) SHAKUNTALA DEVI.

(GROUP DISCUSSION)

Guys who r not comfortable in speaking ENGLISH clearly, possibly dont clear this round?

>> Topic given to my group was Sharukh v/s Amitabh in KBC.

>> Try to speak clearly and to the point.

>> Try to be the leader.

>> Give examples to support what u speak that creates the best impression.

>> If you dont speak then or if your voice tone is not loud and clear and if you are seen nervous then you are gone.

>> The best way to clear this round is to take initiative if possible and try to conclude on behalf of you group members.

(HR ROUND)

INTERVIEW Questions asked to me were-->

>> Describe yourself?

>> What r ur strengths?

>> What do you know about accenture?

>> Why accenture?

>> What projects does accenture works on?

>> Which are the top 3 IT firms in INDIA?

>> Tell me about the projects done by u?

>> Besides projects have u done any assignments what role u played there?

>> What are your future plans?

>> R u ready to relocate?

>> Which place u would prefer if choosen?

>> R u married?

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects
For More Placement Papers visit www.123eng.com

- >> Possibly at what age will u marry?
- >> What does ur parents do?
- >> Do you have any education gap?
- >> R u sure that the information u provided us is true?
- >> Any questions?

(TECHNICAL ROUND)

'Toughest round' and a 'thick elimination round' If u are a COMPUTER or IT guy then be prepared for some tough questions and be ready to write any algorithm or program which they ask u.

- >> I was possibly the 10th guy for appearing the technical interview and all the previous guys were eliminated but i was prepared for tech round so confidently i cleared it.
- >> They assured me that since i was a COMPUTER guy the tech would be tough as they Expected more from a COMPUTER guy.
- >> I was asked to write sorting algorithm. Confidently i wrote it taking a example and explaining it. I constructed the algorithm step by step telling him the logic as to why i was doing each step and why did i not planned another solution.
- > Questions generally began from interviewer's side and he began to go deep as he was to explore all what i had studied. Since my basics were clear i didnt faced much problem.
- >> It took some 15 minutes for this round and since he had put me all the possible questions on sorting no more questions were asked. >> But for those who were not comfortable in answering the first question were put many questions then and he saw upto what level ur concepts were clear and how much knowledge u have.
- >> B prepared for this round as ratio of selection to rejection for this round can be guessed by me possibly as 1:10.

REMEMBER---->

- >> Confidence is tested at all the levels.
- > If u dont have the confidence then ur chances of selection are slim.
- >> Refer to all accenture papers.
- >> B prepared for aptitude first then only think of facing the other rounds.
- >> B prepared for technical since ur place in accenture depends on this final round.
- >> Pray to GOD then everything will work smoothly.

So GUYS i hope u all find this useful enough to be aware of what accenture pattern is.
So GUYS be prepared-- " LETS MEET IN ACCENTURE " so " SEE U IN ACCENTURE ".

ACCENTURE PAPER ON 9th MARCH

hey frns !! wanna go 4 accenture..... !! of course... who else won't like to .. nyways, herez d format..

1. aptitude test
2. GD

Submit your resume to cvs@123eng.com
www.123eng.com Engineering the Engineers

Chat with other engineers at www.123eng.com/forum
Visit www.123eng.com for Engineering projects

3. HR interview

4. Final interview

Aptitude test is easy.. comprises of general english.. including prepositions, articles, venn diagrams, 2 comprehension passages (1 is a bit tough n other one is easy) and essay writing. our topic 4 essay was " IF I WERE THE PRIME MINISTER OF INDIA" we were given just 5 minutes to write the essay so u hav to be very fast.. word length is minimum 100 words for essay.

about 1000 students appeared 4 d aptitude test out of which about 400 cleared..

next was group discussion.. we had a gp of 15 students.. out of which 4 got selected. it is basically an elimination round.. out of 15 students.. accenture hardly choose 2-4 students .. make sure that u r audible n clear on your point. my topic was" WHICH IS BETTER COCA COLA OR PEPSI ?" other topics were "SHOULD COLD DRINKS BE BANNED" " SHOULD CAPITAL PUNISHMENT BE DERE OR NOT "

my personal suggestions :- if u hav a solid point in ur mind..... just without thinkin initiate the GD.. after dat even if u don't say anything thru out d gd.. still u'll get selected.. coz this shows ur leadership skills.. or.. if u couldn't initiate.. then in between give a valid point related 2 d topic.. n make sure ur point is considered, u r audible n clear.. coz it's tough to b audible in gp of 15 .. so better be loud n confident..

id GD is becoming a fish market .. try to calm every one.. bt also make sure u r giving a valid point after dat.. just speaking any thing won't work.. u must give a point dats valid

next were interviews..... both d interviews weer conducted side by side.. sum got d chance 2 appear 4HR and some 4 final interview .. which is basically technical ... bt actually u cannot say nything.....coz my both d interviews were mixture of both technical n HR !!

HR interview i was asked questions like :

tell us sumthin abt ur self ?

y do u wanna join accenture ?

wat cn u give to accenture ?

any problem if we relocate u ?

f we locate u to chennai ? ny problem ?

u frm CSE ? i said yes.....

den dey asked me what is inheritance ?

give example ?

write program of inheritance ?

dey just check ur confidence n speaking skills..... even if u don't know program... just b confident n write wat ever u know..... i wrote a correct program.. bt it was too simple!!

Chat with other engineers at www.123eng.com/forum

Visit www.123eng.com for Engineering projects

For More Placement Papers visit www.123eng.com

sum students were asked questions like...ur favorite subject.. n den dey ask u questions related to dat no matter u re mechanical engineer, chemical engineer , electronics engineer... dey hav questions 4 every one :)

ur fav subject in 12th ? some questions like describe faraday's laws, newtons laws were asked..

draw diagram of microprocessor?

one frnd f mine said her fav subject in 12th was chemistry

she ws asked $\text{Ca} + \text{H}_2\text{SO}_4 = ?$

next was final interview.....

dey asked me my introduction..

would u hav ny problem if we relocate u ?

what are data structures ?

what is a variable ?

hat is linked list ?

den i had done oracle 9i , so dey asked me questions related to dat..

what is index ?

what is inner join ?

i was asked to write 2 queries .. one simple select , other of joins !!

were do u see urself after 5 years ?

well , dat ws my experiance.....bt i must say.. accentuire really filters the students.. n appoint just selected ones.. only 50 finally got selected..out of 1000 who appeared..

finally i made into accenture..... will b joining soon.... I'm really thnkful to freshersworld.com the placement papers were very very helpful n u frns, don't worry.. it's not too tough.. all u need is confidence , gud comm.skills n knowledge abt ur subjects.. n u r in !! nywyas, all d best to all ..just work hard.. n hav faith in GOD ..

i was rejected in TECH MAHINDRA..... i couldn't clear final HR round.., n ws vry vry discouraged.. bt it's an old sayin bt very true "WAT EVER HAPPENS, IT HAPPENS 4 GUD " n finally i ws in ACCENTURE ,,,,,,,,so, frndsdon't loose hope!! GOD BLESS U ALL !!

ACCENTURE PAPER ON 9th MARCH AT CHANDIGARH

Yipii.....i got selected in Accenture my dreams come True!!!! Still cant believe after after being rejected in interview of (US Tech,TECH mahindra) at last i Got selected d thing is it has 2 b Your Day..... i m from GNE collg ludhiana...Accenture came at Ciet chandigarh (JOINT CAMPUS) ok now enough abt me i'll giv u sum tips which helpd me our aptti n GD was Dated on 9th and interviews(ie.Tehinical &Hr) was on 10th..ok nw lets start wid my exp.

1st hurdle is Aptti..... Hey Guys Dnt worry abt aptti its simple ya simple 4 all but i can assure u if u r average than also u can through it..1000+ appeared for it n 374(app) selected cutt of was around 40 out of 55 que time was 60 min n yaup 5 min extra for eassy writing (just a formality).the test patter is also ready posted on fresher world do GO through it n plz BELIEVE IN YOU...

2nd Hurdle is GDDANGEROUS one!!!!!! out of 374 only 80(app) get through

Gd was most disappointing moment 4 me as my 2 best buddy was not selected but dnt b BLUE as 1n is allready placd in TECH mahindra ok leave it so coming on GD its d highest eliminating round we were put in a batch of 15 student each n their were 31 Batches n they nly select 3or 4 frm each.

THE imp thing -> Try to Dominate d GD and as its going 2 b fish market try 2 calm thm down by saying we r here 4 gd nt for one on one interaction n BLA BLA.....

after this they gave us PPT(pre placment talk) its very boring n last for 2 full hrs they tell u each n every thing abt Accenture wright frm d Scratch and at d end their was a quis round but leav it n focus on interview

Nw NEXT DAY !0 th march

Hurrddle 3rd.....Interview bith HR and TECH interview will b going simultanously n its their choice which 1n you get i Got Hr

Before going 2 HR cram ur Resume as its going 2 b HR- cum-Tech interview.B prepaired for vollies like

- 1) y Accenture?
- 2) what you knw abt accenture?
- 3) 5 top indian IT company

They just check ur confidence n skills and they tell you result after 5 min

nw 4th n Final Hurrddle.....Tech interview

Please please prepare 1 Subject they nly ask ur 1n favirout subject and sum que on it n dnt say C or C++ coz unless ur full prepaired they want new technology

i told Java core n few simple que lik wht is exception handling? wht is JSP

C if u hav cleared one interview i Assure u tht 80% u r selected... after 2 hactic rounds result was out n around 50students Got placed in Accenture and thnax GOD i m one of
