PATNI PAPER ON 6th OCTOBER 2007

Hi All! First of all I want to thank to Freshersworld.com for help me about process of PCS. I am Pankaj Singhal from JNIT, Jaipur. This year (2007) PCS (Patni Computer Systems) held the campus recruitment jointly for All Private Colleges of rajasthan at GIT, Jaipur on 06.10.2007.

The selection procedure consists of 3 stages:

1. Pre Placement Talk.
2. Aptitude
  - i. 15 questions Verbal
  - ii. 15 questions Analytical Reasoning.
  - iii. 30 questions Quantitative Aptitude.
2. G.D.
3. Technical + HR

PACKAGE:

B.TECH ----3LACS  
M.TECH-----3.25LACS  
ON 6th OCT.2007

Eligibility:-

60% throughout 10th ,12th and Graduation.

>>>>Aptitude Test.

Time 1hr 10min

Total questions =60

THERE IS NEGATIVE MARKING & SECTIONAL CUT-OFF

Verbal:-

1. PASSAGE.....5MARKS.
2. Fill In The Blanks...Very Easy..10 MARKS

Verbal round was damn easy. A word from a sentence will be italicized and the closest-matching synonym has to be selected.

2. LOGICAL REASONING:-

It Consisted of 15 Questions. Some questions related to binary form where if  $\$=1$  and  $\ast=0$  then wat can  $(\ast\ast\ast)+\ast$  be expressed as????? some questions on groups of ppl....and some related to like which statement is sufficient to give the answer....all of these can b easily managed by solving some practise exercises frm ne logic/reasoning book...

3. Quantitative Aptitude:-

Very easy section. Always start with this section. Question like if  $a:b=1:2$ ,  $b:c=3:2$ ,  $c:d=4:5$  then  $a:b:c:d=?????$  question related to Profit and loss...CI and SI...Share and dividend...Percentage Question like sugar price is decreased how much he can buy more????????related to population of City.....??

1500 student participated for this comp. and after the Aptitude test they declared the result and ..147 shortlisted for G.D.

G.D.:-

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)  
Visit [www.123eng.com](http://www.123eng.com) for Engineering projects  
For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

My Topic Was:- “ Should there be a retirement age of Politician.”

After G.D. process they shortlisted 67 students for Interview.....

Interview (Tech+Hr.):-

Int.:- Have a seat..

Int:- tell me about yourself?

Int:- Name of Subject which u have studied?

Int:- About Ur strength and improvement areas also ur interests?

Int:- Question Related to C lang.

Int:- A new language does not any library function and header file...how we can check whether a number is perfect square or not? .....String Palindrome.....Reverse Number.....

Int : Do u have any Questions ?

My interview was of around 20-25 minutes..... I gave all the answers.....After Interview they selected 30 students....i was one of them.... Before being selected in PCS, I have appeared in Infy, Tech Mahindra., Zensar., Satyam.,I-Flex..I-gate.,.....In all this i have been rejected.....Finally i got selected at PCS.....Work Hard .....Success will touch ur feet.. After getting clearing these 3 round they gave 3 cds and 3 weeks time. Asked us to submit assignment on the subject on the cd. the Cd consist of tutorial and lab exercise.

After submitting the assignment there is pre-assesment test and based on performance of assignement and test they will send for training(patni preparatory program ppp)..

The training will be 6 to 8 weeks and the stipend for the training will be paid along with our first month salary.We have to sign a two year agreement and also pay 75k refundable deposit. This deposit is refundable after 2 years.

Hi guys this is venkatesh

I have attended the test of patni on November 10 2007 which was conducted in st joseph engg college(OFF CAMPUS) . I do know the exact head count but it might be 450+ .The recruitment process is so simple and transparent

The selection procedure consists of 3 stages:

First corporate presentation

Followed by

1. Aptitude

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)  
Visit [www.123eng.com](http://www.123eng.com) for Engineering projects  
For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

2. GD
3. Tech+HR

- 1)15 questions Verbal
- 2)15 questions Analytical Reasoning.
- 3) 30 questions Quantitative Aptitude.

Time 1hr 10min

Total questions =60

**THERE IS NEGATIVE MARKING & SECTIONAL CUT-OFF PACKAGE:**

B.E / B.TECH ----3LACS (2007 batch) as per slide presentation

Verbal:

It is damn easy guys if u are fluent in English then no preparation needed .Else see this article prepositions etc .Then Reading comprehension this is the very time consuming part.you read the whole paragraph when u try to ans the q's I am sure ans is not in the passage but it is a general one.so don't waste time there

Analaytical reasoning:

Please work out

puzzles  
blood relations  
seating arrangement etc  
please read RS agarwal verbal and non verbal reasoning

Quantitative Aptitude.

The majority is from

Profit and loss  
Percentages  
Alligation mixtures  
Ratio and proportion

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

If you learn this surely u can crack the test

Hopefully there is some sectional cut off I think so attempt in all areas

Do not concentrate on one part alone

Have eye on ur watch time will run like anything

Rounds

They conducted first round around 11 o clock and gave one hour ten minutes

After that they asked to finish lunch and come

Man never miss St joseph food especially Non veg had a great lunch

Forgetting the campus tension and around 2 30 the results were announced

From first round they shortlisted 210

Group1

7 batches 10 per batch

Similarly two more groups were there

Gd topics

Orkut should be banned or not

China a threat to India

India in 2020

My topic was India on 2020

In my topic all were shouting but our HR mam was so nice she gave opportunity for all

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)

Visit [www.123eng.com](http://www.123eng.com) for Engineering projects

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

My first point itself was wrong I was deviating away from the topic

The mam said frankly and ask to talk abt the topic so I never left my confidence and spoke and finally they asked to summarize the topic each of us and finally asked everyone to write abt patni luckily a day before I have prepared the company profile

Else no problem listen to the slide what they shw its more than enough

Finally from our team 5 got shortlisted and I am one of them

But there was also a case in which 9 people got selected out of 10 .so don't think they will filter do ur job rest will happen automatically

We waited for one and half hour they gave one application form and asked to fill details

I was very happy as though I got the job but any way waiting for the HR round finally HR called .also my HR is so nice he is very quite and asked

Tell abt urself

Ur project

Then asked to say a fav subject

I choosed oops

He then asked

Virtual function

Polymorphism

Inheritance

Constructor destructor

Software engg also he asked (waterfall life cycle model)

Then DBMS wat is normalization did not answered

Then finally asked what is current trend going in IT industry (I do know but I blabbered he found that I do know so he stopped)

And said the results will be published at the end of the day so wait he said

After 2 hours at 8 30 the results were published and I am one among them

I am patni ite . I got many new friends there we shared many fruitful issues even if didn't get selected don't get vexed u will get good friends new prespective of ideas .

Visit [www.123eng.com](http://www.123eng.com) for Engineering projects

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

Guys also be prepared for technical also I thought they will conduct only one round but patni is fast they conducted every round within a single day and announced the result within same day. So prepare for all rounds

Guys this is my 58 th interview and finaaly I have won the battle. I have consequently failed for 57 times but never let my hope.so always prepare urself for the next interview never let ur confidence my best wishes to meet u in patni

Keep this in mind

Success should not go to ur head

Failure should not go to your heart

PATNI PAPER ON 13th JULY AT COIMBATORE

Hi all!

I am Karthik B.S. from GCT, Coimbatore. This year (2007) PCS (Patni Computer Systems) held the campus recruitment jointly for CIT and GCT at the formers campus on 13.07.2007.

The selection procedure consists of 3 stages:

Aptitude

15 questions Verbal (minimum cut-off is 8)

15 questions Critical Reasoning (minimum cut-off is 8)

30 questions Analytical Reasoning (minimum cut-off is 16)

G.D.

Technical + HR

Verbal round was damn easy. A word from a sentence will be italicized and the closest-matching synonym has to be selected. The minimum cut-off here is 8 out of 15.

Critical Reasoning consisted of 15 questions. A paragraph was given about a family consisting of several members. Their professions were given. And you have to find who's who. A little bit of concentration will do.

Regarding Aptitude they asked ALMOSE ENTIRE QUESTIONS from Percentage, Profit and Loss and Ratio & Proportion. If you are strong enough in those topics, you can easily sail through in this round. R.S. Aggarwal and going through old PATNI question papers is enough.

In G.D., there were totally 9 batches. Each batch consisted of 9 candidates. The topic given to our batch was "Why are we not able to excel in other industries as we are in Software Industry?" The candidates in my batch were dominating to say the least. At one point of time some 2 or 3 guys were simultaneously "shouting" for nearly 30 seconds.

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)

Visit [www.123eng.com](http://www.123eng.com) for Engineering projects

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

And no wonder both were not short-listed. So the key-point here is don't try to dominate others in G.D. Utilize the opportunity when you get one. Finally, 5 from each batch were short-listed for the final Technical-cum-HR round. So totally 45 candidates were short-listed and I was one among them. :-)

The HR round was pretty easy. It lasted some 30 minutes. My panel consisted of single HR person only (which is both an advantage and a disadvantage). He asked some basic questions from DBMS, OOPS, my U.G. Project, SDLC, Networking etc.

Finally the results were announced at 7 p.m the same day. My name was read aloud even as my heart kept pounding out of anxiety. Woah! I am a PATNI-ite now! :-) Meet you at PATNI.

PATNI PAPER ON 18th OCTOBER 2007

Hi. this is tripurari chaudhary frm Yamuna nagar, haryana.i m very happy 2 be placed at Patni Computer services.i had been 2 Baddi(HP) 4 a joint campus on 18th oct 2007. On first day there was only written exam. total candidates appeared =8000, 70 colleges the procedure 4 PCS is

#### 1. Written

60 ques=15 eng,15 verbal,30 apti

cut-off-11 eng,11 verbal,26 apti with negative marks of 0.5 very difficult 2 clear out this round but joint efforts of 2 or more candidates can clear out this test out of 8000, 360 cleared out this test

#### 2. GD

12 students in a group pannel of 2 members are there they were selecting 2 mem in a grp. total of 160 cleared this round

#### 3. Tech /HR

out of 160, 39 cleared this round

guys i was very happy 2 be selected because my name was there in lesser no of candidates

don't lose hopes.

all the very best

meet u in Mumbai

PATNI PAPER ON 21st JUNE AT MUMBAI

ok,guys n gals honestly speaking i never thought i wud ever b getting into a s/w company bcoz of my average marks in engg n poor technical skills..but,here i am writing my experience after selection which was thru a marathon process leaving us all exhausted...

The Process:

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)

Visit [www.123eng.com](http://www.123eng.com) for Engineering projects

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

getting 2 the selection process(as,i already mentioned a marathon 1),it was divided in 2 3 parts:

#### Aptitude Test:

basically consists of 3 sections which include quantitative ability, analytical ability & english section...all that u ppl hav 2 do is b quick at quant(simple) where stuff like ratio proportion, %age, profit/loss, simple geometry, time & work & the like topics r asked...referring 2 r.s agarwal shud get u thru quant...as far as logic goes it was a bit tricky, but its manageable..stuff like binary form where if  $\$=1$  and  $*=0$  then wat can  $(\$***)+\$*$  be expressed as????some questions on groups of ppl....all of these can b easily managed by solving some practise exercises frm ne logic/reasoning book...now, as far as the english part is concerned u don hav b a rocket scientist 2 clear it...it is one of the most simplest n silliest questionnaires tat i hav ever seen...some vocabulary tests(silly) followed by article insertion(super dumb) n a passage wid some questions(super super dumb)...this section is not even worth mentioning so guys just chill as far as english is concerned n try n attempt it 1st...

the apti consisted of 60 questions which ver 2 b answered in 70 mins...the subdivisions were as follows:

- a) English(15 qs)
- b) Analytical ability(15qs)
- c) Quantitative ability(30qs)

#### Group Discussion (GD):

they made us wait a heck of a lot 4 this particular part...i cleared this part wid out ne stress at all...the topic given 2 us was "marriage:a social trap?" pls comment...the gd honestly was a cakewalk wherein if u speak up a little bit u wud b selected..jus b forthright n clear wid in ur views n don digress frm the topic...they give u fair chance 2 speak nehov...btw

v ver divided in 2 groups of 10 ppl n there ver abt 12 grps...don worry 2 much abt the gd..jus speak up in a concise way n b communicative...

#### Personal Interview (PI):

this, basically was conducted in variations 4 different ppl wherein some like me ver subjected thru both technical n hr interviews seperately while the others jus had a single interview...i will describe my experience thru both the interviews(hr & technical):

#### HR:

k, ther was this expressionless man sitting in ther who as i entered asked me 2 take a seat n straightaway asked me the time...it was around 9.30 in the night n then he asked me as 2 ven i had come 2 college...i told him at abt 9 in the morning...he asked r u not tired after staying 4 so long??i tried 2 evade his question but eventually replied tat though i was a bit stressed i was very happy wid the way the selection process was conducted & it was a very fair process..he then asked usual stuff like tell me abt urself, where i tol him abt myself n y i wanted 2 b in the s/w industry...he asked me stuff like wat i thought was

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)

Visit [www.123eng.com](http://www.123eng.com) for Engineering projects

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

challenging abt the s/w industry..2 which i replied i liked erp-sap systems n the challenges faced by the industry 2 implement it in various sectors....actually,ppl 2 b honest wid i think they chk ur confidence n communication skills,the latter being the only 1 i was counting upon....after some more grilling,he said i wud hav 2 go 4 a technical interview 4 abt 5-10 mins...this was the only scary part 4 me....

Technical:

a smart looking man with a mprominent moustache who was very polite took my technical interview..he again asked me the same things like tell me abt urself n stuff...i gave the same damn answers which i had given during the time of my hr interview..he asked me abt bubble sort algorithm which i wrote n then went in2 some confusing details abt for loops n stuff..i gave some ans 2 which he wasnt convinced...he then said 4get programming n asked me a puzzle which i attempted but cudnt solve ultimately..he tol me tat he dint expect me 2 give the answer 2 tat puzzle n many others had failed in doing so...he then wished me luck n tat was the end of my interview...

Result Declaration:

then they declared the results at abt 11.30 in the night ven everybody was dizzy n hungry n almost asleep..but neways the joy of getting selected overpowered all of tat...i must admit their selection process is very fair,n u get a fair chance...but at times more than the actual inerviews or the gds,the waiting period makes u feel like jus walking out...but as they say"good things don come easy"...os,guys if u r like me wid average %age,lack of interest in engg but gud communicational skills n other interests i suggest u still try n pick up placements bcoz every1 out ther is jus like us even though they may hav gr8 marks..n also all companies look 4 nowadays r adequate communication skills n reasonable analytical skills.....so y give up an opportunity,ven its comin walking up2 u,isnt it????

PATNI PAPER ON 22nd SEPTEMBER AT BHOPAL 2007

I am participated in open campus of patni computer at Bhopal on 22-23sep2007

There are three round in the selection process

1->ROUND:{written}

it consist of three section

i->verbal

2->quanta

3->analytical reasoning

question paper is simple,one day preparation is enough to brake the test.

2->GD.mainly gd topics are following

i->orkut should be banned or not

ii->gambling should be legalized or not

iii->china threats India

iv->the role of media in India

3->hr cum technical round

TOTAL STUDENT PARTICIPATED=AROUND 1000

CLEARED WRITTEN=220

CLEARED GD=48

FINALLY=16 AND LUCKILY I AM ONE OF THEM AFTER THE REJECTED BY

1->TCS

2->INFOSYS

3->PERSISTENT

4->MASTEK

5->ZENSAR IN FINAL HR ROUND

SO FRIENDS DON'T LOSSE HOPES UNTILL YOU WIN. TRY & TRY & TRY

UNTILL REACH ON THE WAY OF SUCCESS

BEST OF LUCK,MEET AT PATNI COMPUTERS

PCS (PATNI) PAPER ON 28th DECEMBER 2007

Hi all this is Maruthi Rao an Engineering Graduate in Electrical & Electronics Engineering (EEE) I attaned PCS (Patni computer Systems Ltd) on 28th Dec. On 24th Dec I got a mail from 1 of the PCS HR that they want people for Software Testing, stating that she saw my resume in Naukri.com she asked my response on that.As soon as I saw the mail I mailed my resume with my willingness.

On 26th Dec(I saw it on 27th afternoon)

I got the mail from the same HR, that on 28th Dec I need to attend for Aptitude test->Group discussion.

Time of Reporting: 10.00am

My Venue was Patni Knowledge Pank, Airoli, Navi Mumbai.

They asked me to come with the Resume, photo and Printout of the mail.

Next day I reached on time took ID card from Security

By 10.00 all occupied there respective places.

10.15 Our Xam Started.

Now coming to the Pattern of the exam: It was a 1hr 10min (70 min) test with 60 questions.(Objective type)

The paper was divided in 3 parts.

- a) English (15 ques)
- b) Analytical ability (15ques)
- c) Quantitative ability (30ques)

There was a sectional Cut off with negative (they told while distributing papers)

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

English, it was the simplest n silliest Que paper tat I have ever seen.....simple questions like fill in the blanks (a, an, the).few other were .....sentence was given n 1 word in the sentence marked we need to find out the synonyms/antonyms.

These all were of about 8 marks, after that i had a passage for remaining marks.

The passage was on open source related (to software) n was quite easy 1 to do.

For Analytical n quantitative part I suggest u to go through R.S Aggarwal Quantitative, Verbal and Non verbal books.

The topics on which they focused were....

Ratio n proportion,

Percentages,

Profit & Loss,

Direction problem,

SI, CI, Chain Rule,

Blood Relation,

Data Sufficiency,

U need to b fast & correct if u want to clear the cutoff

At 11.25am they took the papers n asked us to wait for the result.

After ½ hr they announced the result. 22 were short listed for next session i.e. GD

They had arranged snacks for us, they asked us (4 all) to have it n asked the selected students to come back for GD.

Coming to GD,

We 22 members were divided into group of 2...11 members in each group.

My name was in 1st group.

They provided a paper for rough work (to note down the pts...etc...)

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)  
Visit [www.123eng.com](http://www.123eng.com) for Engineering projects  
For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

My GD topic was Advertisements r more about glitters not reality.

They provided 2 min for rough work (to think on that topic...)

After that GD started we had a nice discussion (Me contributed some healthy points)...After that HR (two ladies) asked each 1 of us to give conclusion.

If unfortunately u r not able to speak in GD, I advise make use of these kind of golden opportunities and try to put a healthy conclusion (don't wait for it u may not get a chance for conclusion so try to speak in GD itself...many time the persons who conclude in good manner gets selected)

After GD was over, HR asked us to write our conclusion in that paper, with some pts about PCS & left the room after 5 min they came with the names...

Out of 11 members she announced 7 names including mine....

After that she gave us a form n asked us to bring it on day of Interview (said it will b on 3rd Jan)

On 2nd Jan evening I got a call for Interview,

Venue, reporting time was the same, I reached by 9.15am

Interview started at 9.40am....there were about 5-6 panels.....

At around 10.20 I was called for interview.....

Interview:

My Interview was taken by a Lady HR, she was very cool.....

As I knocked the door n asked for permission...

HR: with a smile get in Maruthi..right Take Ur place.

Me:s....thanked with a smile.

HR: How r u? U can call me abcabc..... (Had an introduction).

Me: I m fine.abcabc & Thanked (with a smile)

HR: how did u come here ?

ME: by Patni Bus (they have arranged for us)

HR: can we start with small introduction of u, Ur 's family, Ur education background, and one project that u have motioned in ur resume.

ME: sure (with a smile) Started in a full flow...after some time when i was explaining my project I was not able to make out the correct sense of my project (as it can't be explained without any Sketch work) so, I asked her a paper for it...she gave me a paper n I again stated in a full flow....after some time she was satisfied with my explanation

HR: why did u go for this project?

ME: blablabla.....

Then some questions related to my project (I was prepared for it becoz in of campus they mainly concentrate on Project)

Then she started asking me questions from my resume(covered almost every pt that I motioned about me in my resume)..... She asked me about my long term goals n my efforts for it asked to explain with an example

Then she asked me about subject....

After some time I found her satisfied with my answers.....as she started telling me about the company the work I need to do (as I already said they called us for testing field) was telling me how a person should b in testing field... (This was the time I found myself in safe place n was sure to find my name in the final list).

HR: ok u wait out side the Other HR person will let u know the result.

ME:ok madam.

HR: Thanq Maruthi. (With a big smile)

ME: Thanq madam (With a big smile)

Walked out happily.

After few min 1 HR person came to me. Saying u r Maruthi Right.....

ME:Ya

HE said Congrats u r now in patni computers...me thanked him with a smile...

Then he told me they will send offer letter in a week.....

So I advice....always be with projects/Paper Presentations that u have....be ready for any type of question from ur resume....so plz take care while preparing ur resume.

Hoping it will help u to get an idea of Selection procedure ...

### **Patni Placement Paper**

1.what is the angle between two hands of a clock when time is 8-30

ans:75(appro

2.a student is ranked 13th from right and 8th from left.how many are

This is the latest patni paper(campus recriment)

Basically there is a

- 1.apti(general+tech)
- 2.gd
- 3.pschyometric test
- 4.interview(tech+personal)

the apti consist of 20 questions time 50 min

1.a school has 4 maths 3 physics and 3 chemistry teachers each teacher can teach 2 subjects max what is he minimum number of teachers required

2.there is a weight question comparing peoples weight

ans., meera(choice d)

3.one simple maths sum

ans.  $3/2$

4.a man walks at 8km/hr train crosses him at some speed.....

ans.44

5.there is a circle of radius 5.what is the area of the biggest rectangle that can be cut out of this circle

6.in a chess board 2 squares are cut out leaving 61 squares if we place blocks each of length=lengthof 2 squares and width=width of 1 square how many blocks will be necessary

7.how many minimum number of weigh are required to weigh 1-40kg using a weighing pan

8.CPU execution order(arrange the given steps in order ie steps involved in the execution of a statement by cpu

9.radius =3 of a sphere it is melted to form a cube.what is the ratio of the cube of the volume of the sphere to the cube of the volume of the cube

10.venn diagram

ans . none of the above

11 there are four consonants 3 vowels how many 6 letter strings can u form with atleast one vowels in each

12. binary rep of .6875

c apti

13.scanf(...)...... not sure

ans :all the above

14.if( $I < j, j > k, k = 2$ ).....

ans 2

16 "-this is a line" .....

Ans 11

17.palindrome...checking

18.while loop

ans 011122

19 if(

i=2

```
return  
else i=5  
....return(i)  
...  
...  
ans 5  
20 array [5][10]  
*(*(array+2)+3) represents what?  
Ans represents content of [2][3]
```

### Patni Placement papers 2007

#### PATNI PAPER ON 4th MAY

there were 3 sections in Aptitude:

- 1) **Verbal** (all like fill in the Blanks with article and preposition)
- 2) **Analytical** (critical reasoning and some Mathematical funda)
- 3) **Quantitative** (mostly from R. S aggrawal based on Profit & loss, Percentage, Ratio & Proportion, Ages, Time & Work )

Questions Like:

#### Verbal.

- 1) Share Apples \_\_\_\_\_ susan & lata.  
a) among b) with c) for d) none of these.

some synonyms from the sentences.

- 1) repugnance

And 1 comprehension is also provided and 5 question are based on that..

#### Analytical

- 1)  $1826+2480-4300$  can be written as:\_\_\_

a) \$ b) \$\$\*

rule  $*=0$  and  $\$=1$

one passage was given and we have to answer according to the information provide in that passage (very Easy part of the Aptitude..)

Beware of Time!!!!

#### Quantitative

- 1) if A profits 50% more then B then how many % B lost form A??

2)20% of 30% of 50% of 100 is??

3)20% of 50% of number is 130. then 20% is ??

and many question is based on Problem of Ages and Ratio and Proportion it was very easy...

After Aptitude, got selected for GT (Group Task)

Group Task it was a Case Study...

There were a space shuttle with 6 lives in it. and only 2 parachute so u can save only 2 lives so the question is whom u save and y??? and world also come to end...

6 lives are

- 1) Economist
- 2) Priest
- 3) Astronaut
- 4) Pregnant Lady
- 5) Engineering Student
- 6) Dog

then HR/Tech Interview. which I enjoyed..  
and then Finally Selected in PCS...

### **PATNI PAPER ON 13th APRIL AT ORISSA**

Hello Friends..... I m Lingaraj from Orissa..... Branch: CSE

I have appeared the campus recruitment process of PCS( Patni Computer Systems ) on 13th and 14th april of 2007.....

Eligibility criteria: 60% career.....

Process

**Written Test [ 60 questions in 70 minutes ]**

**GD**

**Interview ( Tech+HR )**

Total 750 appeared.....235 qualified for the GD..... 120 qualified for the Interview..... Finally 70 selected.....I was one of them.....I appeared this in my 6th semester..... The written test was damn easy.....

There were 3 sections..... Sectional cut-off was there.....No -ve marking.....

**Section-I English section of 15 questions.....**

- 1) Sporadic : ( Synonym ) ?
- 2) Apathetic : ( Synonym ) ?
- 3) Charisma : ( Synonym ) ?
- 4) A passage had been given.....5 questions on that.....( Very Easy,,,,,Just read the passage and u will get all the answers )
- 5) Some fill in the blank questions on simple English grammar.....

**Section-II 30 Analytical questions.....**

Very Very easy.....Questions on Profit-loss, Percentage, SI & CI, Numbers....5 reasoning questions.....

**Section-III 15 questions**

Some verbal Questions like fill in the blanks on prepositions.....

Some apti on probability and permutation-combination.....

The cut-off for each section.....

Sec-I : 11 out of 15

Sec-II : 24 out of 30

Sec-III : 12 out of 15

**Group discussion:** Some of the topics given :

- 1) Do or Die
- 2) Education vs Success
- 3) Failure of Indian cricket in WC-2007
- 4) We don't learn from history, We repeat it ( My group topic )

**Interview:**

Int : Good Evening lingaraj, Take a seat .

Int : Tell me about yourself .

Int : What are ur strengths

Int : What are ur views on the topic u were given in the GD .

Int : Tech question on RDBMS, C++, DSTC, C

Int : Do u have any Questions ?

My interview was of around 20-25 minutes.....

Before being selected in PCS, I have appeared in TCS, Wipro, Mind Tree, Mastek, Atos Origin.....In all this i have been rejected in the Interview.....Finnaly i got it at PCS.....

### **PATNI PAPER PATTERN ON 11th MARCH**

hi guys, i got placed in patni-pune .I am fortunate,as this was their last recruitment drive for freshers from 2006 batch(This is what i heard from the HR) Total number of grads appearing-about 400 selected for GD-41 selected for interview -about 20 final selection - all 10 got selected i guess..

The selction procedure is quite simple,

**1)aptitude test (60 Qs)**

**2)GD**

**3)Tech-HR interview**

**aptitude test :** candidates.. nearly 400(or may be more) Mark my words, you wont be able to solve all of them in time, and they know this well. Thats the reason they have lower cutoffs for each section. Portion - 1)Ratios - proportions 2)percentage 3)profit and loss 4)clocks 5)direction problems...and few other topics from RS aggarwal i would suggest you guys to go through RS aggarwal. If you have given CAT exams before then it wont be much of a problem. But time mgmt is the key. Fortunately,there is no negative marking. Attempt those Qs which you are confident of getting right.

Then you know what to do.."intelligent guessing"(it worked in my case) english- its quite simple. If you are comfortable with english then i dont see any reason why you shouldnt crack this section..but they are smart enough to keep you engaged in maths section so that you dont get time for this section..so again....time mgmt is really impt.. they ask you simple grammar Qs...and comprehension..its quite lengthy.

**GD** - candidates - 41 we were divided in groups of 10. we were given a simple topic - "love marraiges Vs arranged marraiges" two of the judges were dead against my views..and kept on grilling me for 15 mins in the middle of discussion...(thats when i knew that i will be selected). they declared the result in 5 mins.

For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

**interview** - candidates about 20 They called us for the interview in a weeks time. for me it was more on JAVA,c++,project mgmt..it was quite cool..good communication skills should get you through... they finally declared the result in 4 days time.. Patni is a gud company...but i am trying for infy n IBM aswell :-D..the problem is patni has 2 years bond which i am not ready to sign..but i guess i will have to go for it..have got no choice right now.

Anyways guys n gals..goodluck for your future..i am sure you all will get placed in your "dream" company

### **PATNI PAPER PATTERN ON 18th FEBRUARY AT MUMBAI**

Hello friends, I am selected for final interview.

There are three section 1 Aptitude 2 Technical u can chose one of them like java, vb.net, Asp.net and SQL. I have selected java.

For Aptitude test:

Total time: 70 minutes

Total Questions: 60

#### **Sections**

**English(15)**

**Logical(15)**

**Maths(30)**

#### **About test**

No negative marking

Sectional Cutoffs

#### **Section 1: English**

Preposition , article and passage and synonyms etc.

#### **Section 2: Logical**

Puzzle no. of series and few analytical problem.

#### **Section 3: Maths**

Maximum Question is based on percentage and rest of them is ratio , profit and loss average simple interest and compound interest. try to solve as early as possible.

#### **For technical test. (Java).**

Total time: 50 minutes

Total Questions: 50 (2 sections)

25 core java + 25 servlet and jsp.

There are two sections 1st is core java and 2nd is servlet and jsp. in core java maximum question is based on thread, input out put stream, interface , package and string and few basic question, in servlet and jsp nearly 15 que. are from servlet and ten question are from JSP.

For **GD** ( they will give three topic and speak one of them)

GD was in 5 mins. simple one but do speak as it is also an elimination round once GD is done, result comes out n they will call u for interview later!

### **PATNI PAPER PATTERN ON 21st JANUARY AT MUMBAI**

hello friends, i had given Patni aptitude test

Total time: 70 minutes

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)  
[www.123eng.com](http://www.123eng.com) Engineering the Engineers

Chat with other engineers at [www.123eng.com/forum](http://www.123eng.com/forum)  
Visit [www.123eng.com](http://www.123eng.com) for Engineering projects  
For More Placement Papers visit [www.123eng.com](http://www.123eng.com)

Total Questions: 60

### **Sections**

English(30)

Logical(30)

Maths(30)

About test

- No negative marking

- Sectional Cutoffs

### **Section 1: English**

Level: simple

Q type: fill in the blanks (using prepositions / articles) <- simple level

Q type: Meaning of words <- simple level

Q type: Passage: no direct questions, little tough

### **Section 2: Logical**

Level: ok

Q type: caselet normal one

i had got some moveis one that 6 movies per day with timings and conditions (puzzle kind)

others were normal placement type logical

### **Section 3: Maths**

Level: little tough due to time

please study

-percentage

-profit n loss

-ratio proportion

-simple interest n compound interest

-chain rule

try to solve as early as possible

10-12 per class were selected for GD on the same day

GD was in 10 mins. simple one but do speak as it is also an elimination round  
once GD is done, result comes out n they will call u for interview later!

### **PATNI PAPER ON 14th JANUARY AT PUNE**

hello friends..

Submit your resume to [cvs@123eng.com](mailto:cvs@123eng.com)

i am short listed for final interview of patni..

**APTITUDE:**

IT HAS 3 SECTIONS

**1: ENGLISH SECTION**

IT IS VERY EASY..JUST WHERE TO USE A,AN,THE IN GAPS..ALSO PARAGRAPH

**2: REASONING**

IT IS ALSO EASY...SOME DATA SUFFICIENY,SOME PROBLEMS WHICH CAN BE SOLVED USING VENN DIAGRAMS..2 QUESTIONS ON RESONIG THAT IS 1 PARA IS GIVEN AND Q RASKED ON IT

**3:QUANTITATIVE**

TOTAL 30 PROBLEMS ..

SOME ON PRRCENTAGE,SOME ON PROFIT LOSS,SOME ON RATIO PROPORTION AND ON SIMPLE INTEREST.....

WHOLE PAPER IS EASY....JUST USE RS AGRWAL BOOKS

....THEN GD,

IN 1 GROUP TOTAL 10 CANDIDATES

THEY SHORTLIST 3 TO 4 FROM EACH GROUP..TOPIC IS RAGGING SHOUD BE ALLOW OR NOT...

BEST OF LUCK
